BASE BID SCHEDULE – Repair Fire Alarm, MAF TO1

0001 Government Delays. Measurement and payment for this item shall be at the contract unit price per crew-hour for "Government Delays." Crew delays shall be measured by the crew hour and verified by the COR. The delay time will be broken down into 15-minute fractions of an hour. Crew-Hour shall include equipment time as well as personnel time. All contractor personnel simultaneously working at the MAF will be considered one crew for this item with one hourly rate to include all personnel and equipment. The bid price will cover all costs regardless of the number of employees, types of equipment, or nature of the work.
