25. Standard Conditions of Service

- A. After award and execution of the Agreement, should Contractor fail to commence work within five (5) working days after notification of the starting date, or suspend work for a period of five (5) continuous working days after work has begun, Caltrans may provide five (5) calendar days written notice, posted at the job site or mailed to Contractor, to timely prosecute and complete the work or the Agreement may be terminated and liquidated damages of \$500.00 assessed for administrative costs for re-bidding the work or awarding the work to another Contractor. In addition, Contractor shall be liable to Caltrans for the difference between Contractor's bid price and the actual cost of performing the work by the second low bidder or by another Contractor.
- B. All performance under the Agreement shall be completed on or before the termination date of the Agreement.
- C. Antitrust Provisions
- 1) Contractor offers and agrees and will require all of other subcontractors and suppliers to agree to assign to the awarding body all rights, title, and interest in and to all causes of action they may have under Section 4 of the Clayton Act (15 USC section 15) or under the Cartwright Act [Chapter 2, commencing with section 16700, of Part 2 of Division 7 of the Business and Professions Code] arising from purchases of goods, services, or materials pursuant to the public works contract or subcontract. The assignment made by contractor and all additional assignments made by subcontractors and suppliers shall be deemed to have been made and will become effective at the time the awarding body tenders final payment to Contractor without further acknowledgment or the necessity of tendering to the awarding body any written assignments.
 - 2) If an awarding body receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under Government Code Sections 4550-4554, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and may, on demand, recover from the public body any portion of the recovery, including treble damages, and attributable overcharges that were paid by the assignor but were not paid by the public body as a part of the bid price, less the expenses incurred in obtaining that portion of the recovery. On demand in writing by the assignor, the assignee shall, within one (1) year from such demand, reassign the cause of action assigned under Government Code Sections 4550-4554 if the assignor has been or may have been injured by the violation of law for which the cause of action arose and (a) the assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action.

- D. If the bidder is awarded the Agreement and refuses to sign the Agreement presented for signature within the time and manner required, the bidder will be liable to Caltrans for actual damages resulting to Caltrans therefrom or 10 percent (10%) of the amount bid, whichever is less.
- E. Loss Leader usage is prohibited in this solicitation: It is unlawful for any person engaged in business within this State to sell or use any article or product as a "loss leader" as defined in California Business and Professions Code Section 17030. "Loss Leader" means any article or product sold at less than cost: a) where the purpose is to induce, promote or encourage the purchase of other merchandise; or b) where the effect is a tendency or capacity to mislead or deceive purchasers of prospective purchasers; or c) where the effect is to divert trade from or otherwise injure competitors.
- F. No oral understanding or agreement shall be binding on either party.

D) Special Programs

The following Special Programs are applicable to this IFB.

1. Small Business (SB), Microbusiness (MB), or Small Business for the Purpose of Public Works (SB-PW) Preference

- A. Government Code Section 14835 et seq. requires that a five percent (5%) preference be given to contractors who qualify as a Certified SB or MB or SB-PW. References to a small business (SB) shall also include micro-business (MB) and SB-PW. The rules and regulations of this law, including the definition of a SB for the delivery of services, are contained in Title 2, California Code of Regulations, Section 1896 (2 CCR Section 1896) et seq.
- B. To claim the SB preference, the contractor must have its principal place of business located in California, satisfy all of the SB or MB requirements, and be certified by the California Department of General Services (DGS), Office of Small Business and Disabled Veteran Business (DVBE) Services (OSDS). The preference amount may not exceed fifty thousand dollars (\$50,000) for any bid. If prospective contractor is claiming the five percent (5%) certified SB or MB preference, complete Section 16 of the Bid/Bidder Certification Sheet and attach a copy of your certification. Additionally, the contractor may satisfy the non-SB requirements described below.
- C. Pursuant to Government Code Section 14838 and 2 CCR Section 1896, if a bidder is not a certified SB, but wishes to be eligible for the five percent (5%) non-small business (NSB) preference, the bidder must subcontract at least twenty five percent (25%) of its net bid price to one (1) or more certified SBs. If bidder is claiming the five percent (5%) non-SB (NSB) preference, complete Section 17 of the Bid/Bidder Certification Sheet as well as Bidder Declaration (GSPD-05-105). The bidder shall list the names of all certified SB firms being claimed for credit. Bidders must include quotes from each subcontractor, on the subcontractor letterhead. The quote must at minimum include the following: 1) type of services performed, or goods supplied 2) estimated hours, or quantity of goods 3) hourly rate, or unit price 4) total quote amount.
- D. Certified SB and MB bidder(s) shall have precedence over NSB bidders in the application of SB preference(s).
- E. SB preferences may not be applied to any bid deemed non-responsive with the solicitation instructions or from a non-responsible bidder.
- F. Questions regarding the certification approval process or SB program should be directed to OSDS at (800) 559-5529 or (916) 375-4940, or email: osdshelp@dgs.ca.gov.

- G. SB or MB bidders or bidders using the "Non-Small Business" preference shall be granted a preference consisting of five percent (5%) of the lowest responsible bidder's total bid if the lowest bid is from a non-certified SB or MB.

A. DVBE Participation Program with Participation Requirements:

- 1) The required DVBE participation requirement for this IFB is **three percent (3%)**. The resultant Agreement is financed with State funds and subject to Public Contract Code Section 10115 et seq., Military and Veterans Code Section 999 et seq., and Title 2, California Code of Regulations, Sections 1896.60 (2 CCR Section 1896.60) et seq., that provides contracting opportunities for qualified DVBEs certified by the DGS. The DVBE Incentive Program will also apply—see DVBE Incentive Program below.
- 2) Bidder shall complete and submit the Bid/Bidder Certification Sheet; Bidder Declaration (GSPD-05-105), and the Disabled Veteran Business Enterprise Declarations (STD 843). Bidder shall complete or collect STD 843(s) when the following situations occur:

 - Bidder subcontracts with any DVBE firm. Bidder collects and submits with its bid package a completed and signed STD 843 from each of the DVBE subcontractor(s) listed on the GSPD-05-105.

Failure to provide required DVBE information will result in the bid being rejected as non-responsive. Bidders must include quotes from each DVBE subcontractor, on the subcontractor letterhead. The quote must at minimum include the following: 1) type of services performed, or goods supplied 2) estimated hours, or quantity of goods 3) hourly rate, or unit price 4) total quote amount.

B. DVBE Incentive Program

- 1) The DVBE Incentive Program applies to this solicitation. It is separate from the DVBE Participation Program and was established in Military and Veterans Code Sections 999 et seq., and Title 2, California of Regulations, Sections 1896.99 (2 CCR Section 1896.99) et seq., to encourage bidders to partner with DVBE subcontractors. A dollar cap of \$100,000 is set for all combined incentives and preferences. The incentive is used only for evaluation purposes to arrive at the successful bidder and does not alter the amounts of the actual bid. Any responsive and responsible bidder with the confirmed DVBE participation per the Tables in paragraph 3) below is eligible to receive the incentive. Bidders who are not responsive and responsible regardless of the amount of DVBE participation are not eligible to receive the incentive.
- 2) Caltrans will apply an incentive to bids proposing the utilization of DGS-certified DVBE firms identified on the Bidder Declaration (GSPD-05-105). Information provided on the GSPD-05-105 shall be verified by Caltrans prior to the award of the Agreement. The incentive amount

is equal to a percentage of the lowest responsive and responsible bid based on the amount of DVBE participation in the bid being evaluated per the Tables below.

3) Participation Table

Required 3% Participation

Verified DVBE Participation	DVBE Incentive Amount
5% or more	5%
4.5%-4.99%	4%
4.0%-4.49%	3%
3.5%-3.99%	2%

- 4) When applying the DVBE Incentive, an NSB shall not displace an award to a DGS Certified Small Business.

- 4) Any copy of records made available for inspection as copies and furnished upon request to the public or any public agency by Caltrans shall be marked or obliterated in such a manner as to prevent disclosure of each individual's name, address and social security number. The name and address of Contractor awarded the Agreement or performing the Agreement shall not be marked or obliterated.
- 5) Contractor shall inform Caltrans of the location of the records enumerated under **paragraph 1**, above, including the street address, city, and county, and shall, within five (5) working days, provide a notice of a change of location and address.
- 6) Contractor or Subcontractor shall have 10 days in which to comply subsequent to receipt of written notice requesting the records enumerated in **paragraph 1**, above. In the event Contractor or Subcontractor fails to comply within the 10-day period, they shall, as a penalty to Caltrans, forfeit one hundred dollars (\$100) for each calendar day, or portion thereof, for each worker, until strict compliance is effectuated. Such penalties shall be withheld by Caltrans from payments then due. A Contractor is not subject to a penalty assessment pursuant to this section due to the failure of a Subcontractor to comply with this section.
- B. The penalties specified in **paragraph 6**, above, for noncompliance with the provisions of said Section 1776 will be deducted from any monies due or which may become due to Contractor. - B. The amount of this forfeiture shall be determined by Labor Commissioner and shall be based on consideration of the mistake, inadvertence, or neglect of Contractor or Subcontractor in failing to pay the correct rate of prevailing wages, or the previous record of Contractor or Subcontractor in meeting their prevailing wage obligations, or a Contractor's willful failure to pay the correct rates of prevailing wages. A mistake, inadvertence, or neglect in failing to pay the correct rate of prevailing wages is not excusable if Contractor or Subcontractor had knowledge of the obligations under the Labor Code. Any contractor that executes and receives a copy of this Agreement is deemed to have knowledge of their obligations regarding the Labor Code's prevailing wage requirements. In addition to the penalty and pursuant to Labor Code Section 1775, the difference between the prevailing wage rates and the amount paid to each worker for each calendar day, or portion thereof, for which each worker was paid less than the prevailing wage rate shall be paid to each worker by Contractor or Subcontractor.
- C. If a worker employed by a Subcontractor on a public works project is not paid the general prevailing per diem wages by Subcontractor, Prime Contractor of the project is not liable for any penalties described above unless Prime Contractor had knowledge of that failure of Subcontractor to pay the specified prevailing rate of wages to those workers or unless Prime Contractor fails to comply with all the following requirements:
- 1) The Agreement executed between Contractor and Subcontractor for the performance of work on the public works project shall include a copy of the provisions of Labor Code Sections 1771, 1775, 1776, 1777.5, 1813, and 1815.
 - 2) Contractor shall monitor the payment of the specified general prevailing rate of per diem wages by the Subcontractor to the employees by periodic review of the certified payroll records of the Subcontractor.
 - 3) Upon becoming aware of failure of Subcontractor to pay his or her workers the specific prevailing rate of wage, Contractor shall diligently take corrective action to halt or rectify the failure, including, but not limited, to retaining sufficient funds due the Subcontractor for work performed on the public works project.
 - 4) Prior to making final payment to the Subcontractor for work performed on the public works project, Contractor shall obtain an affidavit signed under penalty of perjury for the Subcontractor that the Subcontractor has paid the specified general prevailing

- A. Any dispute concerning a question of fact arising under this Agreement that is not disposed of by agreement shall be decided by Caltrans Contract Officer, who may consider any written or verbal evidence submitted by Contractor. The decision of the Caltrans Contract Officer, issued in writing, shall be Caltrans' final decision on the dispute.

2. Termination

- A. If, after award and execution of the Agreement, Contractor's performance is unsatisfactory, the Agreement may be terminated immediately for default. In this instance, the Agreement termination shall be effective as of the date indicated on the State's notification to Contractor.

6. Reporting Disabled Veteran Business Enterprise (DVBE) Utilization

14. Force Majeure

Except for defaults of Subcontractors, neither party shall be liable to the other for any delay in, or failure of, performance, nor shall any such delay in, or failure of, performance constitute default, if such delay or failure is (directly or indirectly) caused by "Force Majeure" without the fault, intentional act, or negligence of the Contractor. As used in this section, "Force Majeure" shall include, but shall not be limited to, acts of God, fire, flood, earthquake, other natural disaster, nuclear accident, strike, lockout, riot, freight embargo, interruption in service by a regulated utility, or governmental statutes or regulations superimposed after the fact.
