BIDDER QUALIFICATIONS AND LICENSING REQUIREMENTS

Bidder qualifications and licensing requirements (if any) are specified below and/or in Exhibit A. Unless otherwise stated, the bidder shall meet all qualifications and licensing requirements at the time of the bid opening.

PROHIBITION ON TAX DELINQUENTS

Persons or companies identified as the largest tax delinquents by the Franchise Tax Board (FTB) or the Board of Equalization (BOE) under authority of Sections 7063 or 19195 of the Revenue and Taxation Code, shall be disqualified from the bidding process.

Pursuant to PCC §10295.4, contracts are void and unenforceable if a Contractor is included on tax delinquency lists.

(a) Notwithstanding any other law, a state agency shall not enter into any contract for the acquisition of goods or services with a contractor whose name appears on either list of the 500 largest tax delinquencies pursuant to Section 7063 or 19195 of the Revenue and Taxation Code. Any contract entered into in violation of this subdivision is void and unenforceable.

(b) This section shall apply to any contract executed on or after July 1, 2012.

BIDDER RESPONSIBILITIES & THE BID PACKAGE

Bidders are solely responsible for understanding the scope of work and all requirements, terms, conditions, evaluation criteria, etc., before submitting a bid. If the language is unclear or ambiguous, it is the bidder's responsibility to request clarification or assistance before submitting a bid. Please note that no verbal information will be binding upon the State unless the State issues such information in writing as an official addendum. If the IFB is modified prior to the final bid submission date, the State will issue an addendum to all bidders that received a bid package.

Bidder shall provide rate(s) on Rate Sheet (Exhibit B-1). Bidder shall set forth rates in clear, legible figures in the spaces provided in Exhibit B-1. Failure to provide the required rates shall be cause for rejection of your bid.

Invitation for Bid

Contract Bid Number C5613335-D, Rebid 1

NOTE:

1. Any quantities listed on Exhibit B-1 are CDCR's estimates only and are offered as a basis for the comparison of bids. The State does not expressly or by implication agree that the actual amount of work will correspond therewith and reserves the right to omit portions of the work as may be deemed necessary or advisable by the State.
2. In the case of a discrepancy between the Unit Price (e.g., Hourly Rate, Cost per Service) and Item Total (e.g., Hourly Rate x Hours Worked = Item Total), the Unit Price shall prevail. However, if the Unit Price figure is ambiguous, illegible, uncertain, or is omitted, the Item Total shall be divided by the estimated usage (e.g., Hours Worked) to determine the Unit Price. In the case of a discrepancy between the Basis of Award and the sum of the Item Totals, the sum of the Item Totals shall prevail.

All required documents listed in the Bid Submittal Checklist must be included within the bid package. No bid will be considered unless it is submitted with the CDCR Bidder Acknowledgement/Certification form (OBS 300) and Exhibit B-1 Rate Sheet and is in conformance with the submission requirements of this IFB. Additionally, a signed copy of all pages of the Contractor Certification Clause (CCC) must be submitted to CDCR with the completed bid package. The State reserves the right to request clarification of any documents included with this bid.

The bid must be for the entire activity described herein. The State does not accept alternate contract language from a prospective Contractor. A bid with such language will be considered a counter proposal and will be rejected. Additionally, bids may be rejected if the bid proposal shows any alterations of form, additions not called for, a conditioned or incomplete bid, or erasures and/or irregularities of any kind. Any bid amounts changed after the amounts are originally inserted **MUST** be initialed through DocuSign by the bidder.

Failure to submit required documentation may result in the rejection of your bid.

BID SUBMITTAL

Bids must be submitted electronically, with all necessary bid submission documents in a clear, legible Portable Document Format (PDF), the documents are fully responsive and lack any deficiency, to CDCR-CMB-Non-IT-Service-Bids@cdcr.ca.gov no later than the time and date specified in the Projected Timetable. Any bid received in any other manner will **NOT** be considered. Bid submission time will be recorded using the electronic time stamp associated with receipt of the email submission. CDCR will provide an automated email response confirming receipt of each submission received showing the date and time the submission was received. If a confirmation receipt is not received, please contact CDCR-CMB-Non-IT-Service-Bids@cdcr.ca.gov to confirm your bid was received. Confirmation receipt is not a representation by CDCR that the submitted bid is responsive and complete.

Any electronic bid received after the Submission of Bid date and time specified in the Projected Timetable will **NOT** be considered. Bidders are ultimately responsible for ensuring timely receipt of their bid. ***It is recommended that Bidders submit bids at least one (1) hour in advance of the bid submission deadline to allow for confirmation of bid submission.***

Bid submissions with attached PDF documents in excess of forty (40) Megabytes in size risk being undeliverable. The State's mail server may automatically reject excessively large emails. Bidder may submit multiple emails if file size exceeds forty (40) Megabytes. Multiple emails should be identified as follows: 1 of 3, 2 of 3, 3 of 3, etc. Links to files stored on the internet (e.g., Google Drive, Dropbox) in lieu of attachments are not acceptable, and any documents stored at such links will not be reviewed.

The subject line of the electronic bid must be titled:

Invitation for Bid

Contract Bid Number C5613335-D, Rebid 1

In submitting a bid, the bidder accepts the terms and conditions expressed herein. Costs incurred for developing bids and in anticipation of award of the Agreement are the responsibility of the bidder and shall not be charged to the State.

Only an individual who is legally authorized to bind the proposing firm contractually shall sign all documents requiring a signature, and each document must bear one of the following DocuSign, or Adobe Acrobat Sign signature, or a scanned document of an original ink signature. An unsigned bid may be rejected.

A bidder may modify a bid after its submission by withdrawing the original bid and resubmitting a new bid prior to the bid submission deadline. Bidder modifications offered in any other manner, oral or written, will not be considered. A bid may be withdrawn from consideration by submitting a written withdrawal request to CDCR via email to CDCR-CMB-Non-IT-Service-Bids@cdcr.ca.gov, signed by the bidder or an authorized agent. Bids will not be opened until the Public Bid Open date and time. Once opened by the State, the submitted bid is binding and may not be withdrawn without cause.

All documents submitted in response to this IFB will become the property of the State and will be regarded as public records under the California Public Records Act (Government Code Section 7920 et seq.) and subject to review by the public.

BIDDERS' WALK-THROUGH

Notification of Intent to Participate in Bidders' Walk-Through

Bidders and/or their representative(s) planning to attend the mandatory bidders' walk-through held on institution grounds must provide their driver's license or DMV identification card number, date of birth, and complete name to secure a Gate Clearance for admittance. Please contact Tariq Awan at tariq.awan@cdcr.ca.gov by the date indicated in the Projected Timetable of this IFB to arrange for your participation in the mandatory bidders' walk-through.

Invitation for Bid

Contract Bid Number C5613335-D, Rebid 1

Any interested bidder or bidder's representative who requires reasonable accommodation to participate in the mandatory bidders' walk-through must contact the contract analyst identified in this package two (2) weeks before the scheduled mandatory bidders' walk-through to identify what reasonable accommodation(s) is required.

At the time of attendance at the **bidders' walk-through**, bidders and/or their representatives will be required to bring their driver's license or state DMV identification card to be admitted onto institution grounds.

NOTE: Bidders and/or their representatives will not be admitted onto institution grounds unless professionally and appropriately dressed in clothing distinct from that worn by incarcerated individuals at the institution. Specifically, blue denim pants and blue chambray shirts, orange/red/yellow/white/chartreuse clothing and/or yellow rainwear shall not be worn onto institution grounds. Contractors should contact the institution regarding clothing restrictions before any planned visit(s) to the institution to ensure the Contractor and/or their representatives are in compliance.

Additionally, electronic and communication devices such as pagers, cell phones, cameras/micro-cameras, and/or sound recording devices are not permitted on institution grounds and must be left in the bidder's and/or their representative's locked vehicle.

The optional walk-through will be held at California Institute for Men (CIM) on the date and time specified in the Projected Timetable Section of this IFB. The purpose of this walk-through is to provide bidders an opportunity to examine the work site before bidding in order to have full knowledge of the area(s) and/or specific equipment affecting the work that may not be specifically described herein.

Specific questions during the walk-through should be limited to the work site. Actual questions regarding the Scope of Work and/or Terms and Conditions of the IFB should be directed to the contact person identified in the cover letter of this IFB.

LETTERS OF INQUIRY

The purpose of these letters is to provide bidders the opportunity to ask questions and/or provide feedback to CDCR on the specifics of the IFB and/or DVBE requirements. While some input may be incorporated into the IFB, remarks and explanations submitted may not necessarily change provisions of the IFB. Any modifications to the IFB as a result of these inquiries will be documented by an addendum and forwarded to all bidders.

Any inquiries related to the specifics of the IFB and/or DVBE requirements, if applicable, be submitted by email to allow CDCR time to research and prepare a response. Bidders will still, however, have the opportunity to ask questions at the mandatory bidders' walk-through. Submit your letter of inquiry via email by the date specified in the Projected Timetable Section of this IFB directly to Breanne Valdez, Contracts Management Branch at E-mail: Breanne.valdez@cdcr.ca.gov.

Inquiries received after this date will only be addressed at CDCR's discretion.

PUBLIC BID OPENING

All bids received by the due date and time will be opened and read at a virtual public bid opening. Bids will be opened publicly over conference-call utilizing the call-in number below. The time of the public bid opening will be as outlined in the Projected Timetable.

Call-In Number: 1-916-701-9994
Passcode: 340347063#

Invitation for Bid

Contract Bid Number C5613335-D, Rebid 1

At the time of the public bid opening, the dollar amount of each bid, claimed preference, and the name of each company bidding shall be read. The contract award is subject to a complete review of the entire bid proposal for compliance and adherence to the IFB requirements, verification of all calculations and claimed preferences, and compliance with DVBE Mandatory participation requirements, if applicable. Final results may change as a result of formal bid evaluation.

Bid opening will be audio only with no opportunity for questions and answers.

Bid Results can also be requested by contacting the contract analyst listed in this solicitation following the public bid opening.

EXECUTIVE ORDER N-6-22 – RUSSIAN SANCTIONS

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. “Economic Sanctions” refers to sanctions imposed by the U.S. government in response to Russia’s actions in Ukraine, as well as any sanctions imposed under state law. By submitting a bid or proposal, Contractor represents that it is not a target of Economic Sanctions. Should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for rejection of the Contractor’s bid/proposal any time prior to contract execution, or, if determined after contract execution, shall be grounds for termination by the State.

GENERATIVE ARTIFICIAL INTELLIGENCE (GenAI) DISCLOSURE

The State of California seeks to realize the potential benefits of GenAI, through the development and deployment of GenAI tools, while balancing the risks of these new technologies.

Bidder / Offeror must notify the State in writing if it: (1) intends to provide GenAI as a deliverable to the State; or (2), intends to utilize GenAI, including GenAI from third parties, to complete all or a portion of any deliverable that materially impacts: (i) functionality of a State system, (ii) risk to the State, or (iii) Contract performance. For avoidance of doubt, the term “materially impacts” shall have the meaning set forth in State Administrative Manual (SAM) § 4986.2 Definitions for GenAI.

Failure to report GenAI to the State may result in disqualification. The State reserves its right to seek any and all relief to which it may be entitled to as a result of such non-disclosure.

Upon notification by a Bidder / Offeror of GenAI as required, the State reserves the right to incorporate GenAI Special Provisions into the final contract or reject bids/offers that present an unacceptable level of risk to the State.

Government Code 11549.64 defines “Generative Artificial Intelligence (GenAI)” as an artificial intelligence system that can generate derived synthetic content, including text, images, video, and audio that emulates the structure and characteristics of the system’s training data.

BASIS FOR AWARD

The award of an Agreement, if it is to be awarded, will be made to the lowest responsible bidder whose bid complies with all requirements prescribed herein. In the event a bidder submits more than one (1) bid for the same institution/service under this bid process, the State shall select the lowest bid and reject all other bids from this bidder.

In the event of tie bids, except as provided in Government Code §14838(f), CDCR reserves the right to determine the bidder entitled to the contract award based on the percent of discount specified in Exhibit

Invitation for Bid

Contract Bid Number C5613335-D, Rebid 1

B-1, if applicable. If not applicable or if there is a discount tie, a coin toss or lot drawing will be used to determine the bidder entitled to the contract award. The coin toss or lot drawing will be officially witnessed, and all affected bidders will be advised of the tiebreaker method and invited to attend.

The State is not required to award an Agreement and reserves the right to reject any and all bids and to waive any immaterial deviations in the bid. The State's waiver of an immaterial deviation shall in no way modify the IFB document or excuse the bidder from full compliance with all requirements if awarded the Agreement.

PROTEST AWARD

Information regarding the protest of an award may be found by going to [State Contracting Manual - Volume 1](#), under [Chapter 6: Contract Award Protests](#).

A protest to this bid must adhere to Public Contract Code (PCC) Section 10345.

The envelope or email subject line containing the written protest must clearly state:

"Protest Concerning IFB Number C5613335-D, Rebid 1 for the California Department of Corrections and Rehabilitation".

Protests **MUST** be filed with:

ORIGINAL	COPY
EMAIL OR MAIL DELIVERY Email: OLSProtests@dgs.ca.gov Department of General Services Office of Legal Services Attn: Bid Protest Coordinator 707 Third Street, 7 th Floor, Suite 7-330 West Sacramento, CA 95605	EMAIL OR MAIL DELIVERY E-mail: m_CDCR-OBS-Protest-Mailbox@cdcr.ca.gov Department of Corrections and Rehabilitation Office of Business Services Contracts Management Branch 9838 Old Placerville Road, Suite B Sacramento, CA 95827

AGREEMENT EXECUTION

The Agreement will be executed only upon the State's acceptance of the Contractor's certificates of insurance, bonds, licenses, and permits, when such items are required. Should the Contractor fail to commence work at the agreed-upon date and time, the State, upon five (5) days written notice to the Contractor, reserves the right to terminate the Agreement.

The successful bidder shall enter into an Agreement with the State, which will be prepared on a State of California Standard Agreement (STD 213 form, sample attached) and shall include from this IFB Exhibits A, A-1, A-2, A-3, B, B-1, D, and E.

This Agreement will not include a copy of the Exhibit C, General Terms and Conditions for Private Contractors, which is incorporated into the Agreement by reference only on the STD 213. Exhibit C may be downloaded from the Internet at [Standard Contract Language for Non - IT Services](#).

After award, the Standard Agreement will be forwarded to the Contractor for signature via DocuSign. Upon receipt, the Contractor must sign the Agreement and return the Agreement with any required documentation in accordance with the time frame specified in the transmittal letter. In the event the State has not received the signed Agreement and the required documentation within the specified time frame, the award may be rescinded and awarded to the next lowest responsible bidder.

Invitation for Bid

Contract Bid Number C5613335-D, Rebid 1

This Agreement is not valid unless and until approved by the Department of General Services, or, under its authority CDCR. The State has no legal obligation unless and until the Agreement is approved. Any work commenced by the Contractor prior to approval may be considered voluntary and the Contractor may have to pursue claim for payment by filing with the Department of General Services. Government Claims Program. When the Agreement is fully approved, a copy will be forwarded to you.

EXTENSION OF TERM

This Agreement may not be amended to extend the term except where necessary to complete performance of the original agreement and not to provide for additional services.

DISABLED VETERAN BUSINESS ENTERPRISE (DVBE) PROGRAM

This IFB is exempt from the DVBE requirement. However, the State is committed to achieving legislatively established goals for the participation of DVBEs in all state contracting and seeks to use certified DVBE business whenever possible. Therefore, the State requests your voluntary participation in reporting any certified DVBEs, including yourself, that will be used in the performance of this Agreement.

DISABLED VETERAN BUSINESS ENTERPRISE (DVBE) INCENTIVE

CDCR is committed to meeting and exceeding the three percent (3%) goal for Disabled Veteran Business Enterprise (DVBE) participation in State contracting activities, set forth in Military and Veterans Code 999. The DVBE Incentive Program applies to all contracting activities for services. The DVBE incentive is applied during the evaluation process and is only applied to responsive bids from responsible bidders proposing DVBE participation. This incentive is for bid computation only.

To be eligible for the DVBE incentive, the business must:

1. Complete DVBE Incentive Request and Subcontractor Acknowledgement form (OBS 554) and submit with bid proposal.
2. Have a completed DVBE application on file with DGS, OSDS by 5:00 p.m. on the date bids are due.

For certification and preference approval process information, contact the OSDS by telephone at (916) 375-4940 or access the OSDS Internet website at [Apply For or Re-apply as Small Business, Disabled Veteran Business Enterprise](#).

Award Based on Low Price

The incentive shall be equal to a bidder's DVBE participation level (rounded to the nearest two decimal places).

DVBE PARTICIPATION LEVEL	INCENTIVE APPLIED
1.0 - 1.99%	1%
2.0 UP TO 2.99%	2%
3.0 UP TO 3.99%	3%
4.0 UP TO 4.99%	4%
5.0 UP TO 5.99%	5%

1. The incentive is subject to a minimum of one percent (1%) and a maximum of five percent (5%) and will not exceed \$500,000. Bids with DVBE participation of more than five percent (5%) will be calculated with a five percent (5%) incentive.
2. Bidders with DVBE participation of less than the required percentage listed in the solicitation will be deemed non-responsive and eliminated from any further participation.

Invitation for Bid

Contract Bid Number C5613335-D, Rebid 1

3. The Small Business Preference (five percent (5%) up to \$50,000) may be combined with the DVBE incentive but will not exceed a combined total of \$500,000.
4. The DVBE incentive is computed from the lowest responsive and responsible bid price.

SMALL BUSINESS PREFERENCE PROGRAM

Current law requires state departments to support the success of small businesses, including microbusinesses, in participation in contracting opportunities. CDCR is committed to supporting Small/Micro Business participation in state contracting and seeks to contract with certified Small/Micro Businesses whenever possible.

A Small/Micro Business enterprise is defined as a business certified by the Department of General Services (DGS), Office of Small Business and Disabled Veteran Business Enterprise Certification Services (OSDS) in which:

1. The principal office is located in California;
2. The officers are domiciled in California;
3. The business is independently owned and operated;
4. The business, with any affiliates, is not dominant in its field of operation; and
 - a. For Small Business, either:
 - (1) The business, together with any affiliates, has one hundred (100) or fewer employees and averaged annual gross receipts of \$16,000,000 or less over the previous three years, or
 - (2) The business is a manufacturer with one hundred (100) or fewer employees;
 - b. For Micro Business, either:
 - (1) The business, together with any affiliates, has twenty-five (25) or fewer employees and averaged annual gross receipts of \$5,000,000 or less over the previous three years, or
 - (2) The business is a manufacturer with twenty-five (25) or fewer employees.

Section 14835, et seq., of the California Government Code requires that a five percent (5%) preference be given to bidders who certify as a Small/Micro Business enterprise. The rules and regulations of this law are contained in Title 2, California Code of Regulations, Section 1896, et seq. A copy of the regulation is available upon request.

To claim the Small/Micro Business preference, which may not exceed \$50,000 for any bid, your firm must:

1. Have a completed application (including proof of annual receipts) on file with the DGS, OSDS, by 5:00 p.m. on the date bids are due, and
2. Receipt of documents verified by such office.

Therefore, if you are a Small/Micro Business, but are not certified, it is to your advantage to become certified. For certification and preference approval process information, contact the OSDS by telephone at (916) 375-4940 or access the OSDS Internet website at [Apply For or Re-apply as Small Business, Disabled Veteran Business Enterprise](#).

NON-SMALL BUSINESS PREFERENCE REQUEST

Pursuant to Title 2, CCR Section 1896, et seq., and GC Section 14838, et seq., a bid preference of five percent (5%) is available to a responsive non-small business claiming no less than twenty-five percent (25%), Small Business/Micro Business (SB/MB) subcontractor participation with one or more SB/MB enterprises. This preference is considered only if the tentative low bidder is not a certified SB/MB.

Invitation for Bid

Contract Bid Number C5613335-D, Rebid 1

In granting the Non-Small Business Preference, no bid price will be reduced by more than \$50,000. This preference cost adjustment is for bid evaluation purposes only and does not alter the actual cost offered by the bidder.

A non-small business is defined as a responsive/responsible bidder that is not certified by the DGS OSDS as a SB/MB enterprise.

To be eligible for the non-small business preference, the business prime vendor must complete and submit the Non-Small Business Preference Request and Subcontractor Acknowledgement form (OBS 555) with their bid proposal.

NONPROFIT VETERAN SERVICE AGENCY (NVSA) SMALL BUSINESS PREFERENCE

Pursuant to Military and Veteran Code Section 999.50 et seq., Nonprofit Veteran Service Agencies (NVSAs) claiming Small/Micro Business preference and verified as such in the relevant category or business type, will be granted a preference of five percent (5%) of the lowest responsive bid, if the lowest responsive bid is submitted by a bidder not certified as a Small/Micro Business.

In granting Small/Micro Business preference to NVSAs, no bid will be reduced by more than \$50,000. The preference cost adjustment is for computation purposes only and does not alter the actual cost offered by the bidder.

To be eligible for the NVSA Small/Micro Business Preference, the business concern must:

1. request preference at the time of bid submission, and
2. must possess a valid certification prior to bid submission.

An SB/NVSA is not subject to the same standards as other certified Small/Micro businesses. SB/NVSA standards are identified in Military and Veterans Code Section 999.51(a) (3).

IDENTIFICATION OF CONTRACTORS, SUBCONTRACTORS, CONSULTANTS: SMALL/MICRO BUSINESS AND DVBS

CDCR must identify all contractors, subcontractors, and consultants who will provide labor or render services in the performance of this Agreement and further identify whether any of the listed subcontractors and consultants are a certified Small/Micro business, or a certified DVBE. Therefore, the bidder must complete a Bidder Declaration (GSPD-05-105). If any changes occur in the submitted original GSPD-05-105, the Contractor shall notify the Office of Business Services (OBS), in writing within ten (10) working days of those changes, including any changes to Small/Micro business or DVBE status.

CDCR asks that you encourage any subcontractor(s) and/or consultant(s) not currently certified as a Small/Micro business or DVBE that may meet the certification requirements specified herein to become certified through the DGS, OSDS. Please provide those subcontractor(s)/consultant(s) the OSDS contact and certification information provided above.

If you are a certified Small/Micro business enterprise and fail to complete the Prime Contractor information of the CDCR Bidder Acknowledgement/Certification form (OBS 300), your business shall be classified as a large business, which will preclude your bid from receiving the five percent (5%) Small/Micro business preference and can cause incorrect reporting of Small/Micro business and large business participation by CDCR.

Invitation for Bid

Contract Bid Number C5613335-D, Rebid 1

If you are a certified DVBE and fail to specify that information on the CDCR Bidder Acknowledgement/Certification form, (OBS 300) your business shall be classified as a large business, which will preclude your bid from receiving any range of the DVBE incentive and cause incorrect reporting of DVBE participation by CDCR.

BIDDER PROVIDING FACILITY(IES)

Bidders providing facility(ies) for their services must specify the complete address(es) of the facility(ies) where the services will be performed in the appropriate section on the Bidder Acknowledgement/Certification form (OBS 300) in the spaces provided.

The bidder hereby authorizes the State to insert the bidder's facility(ies) as listed in the CDCR Bidder Acknowledgement/Certification form (OBS 300) into the contract Exhibit A Scope of Work.

BID SUBMITTAL CHECKLIST
BRINE LINE INSPECTION, VIDEO RECORDING, AND CLEANING SERVICES
BID NUMBER C5613335-D, REBID 1

Use this checklist to ensure that the documents identified below are included in your company's bid package. Place a check mark or "X" next to each document being submitted to the State. Failure to submit these documents may be cause for rejection of your bid. This checklist should also be returned with your bid.

A complete bid will consist of the documents identified below.

NOTE TO BIDDER: The company name identified on all documents submitted to the State (e.g., licenses, permits, certifications) must be identical to the company name written on the Bidder Acknowledgement/Certification (OBS 300). Failure to comply may cause delays in the award or result in the rejection of your bid.

- _____ Bid Submittal Checklist (this document)
- _____ Bidder Acknowledgement/Certification (OBS 300)
- _____ Rate Sheet (Exhibit B-1)
- _____ Copy of valid California city or county business license (if applicable) or, if a corporation located within the State of California, incorporation documents or letter from the Secretary of State or, if not a California business, an affidavit that business is in good standing with the state, province, or country in which business is headquartered
- _____ Copy of a valid California Contractors State License (CSLB) "A" General Engineering License
- _____ Copy of Contractor Certification Clauses (CCC 04/2017)
- _____ Payee Data Record (STD 204)
- _____ Payee Data Supplement Record (STD 205)
- _____ Supplement Vendor Payee Data Record Form
- _____ Generative Artificial Intelligence (GenAI) Disclosure & Factsheet (OBS 1000)
- _____ Darfur Contracting Act (OBS 1500)
- _____ California Civil Rights Laws Certification (OBS 1510)
- _____ Bidder Declaration (GSPD-05-105)
- _____ DVBE Declarations (STD 843), *if applicable*.
- _____ DVBE Bid Incentive Request and Acknowledgement (OBS 554), *if applicable*.

_____ Non-Small Business Preference Request and Subcontractor Acknowledgement (OBS 555), *if applicable*

NOTE TO BIDDER: In addition to the above, the Contractor shall furnish the following to CDCR upon award.

- Proof of valid Commercial General Liability
- Proof of Automobile Liability
- Proof of Workers' Compensation, if applicable (If exempt, please cite the legal code that exempts you from this requirement.)
- Proof of Pollution Liability, if applicable

BRINE LINE INSPECTION, VIDEO RECORDING AND CLEANING SERVICES

1. INTRODUCTION

The Contractor shall furnish all labor, including travel and per diem, supplies, materials, equipment, tools, transportation, insurance, licenses and/or permits and all items of expense necessary to complete the inspection, video recording and cleaning of approximately two (2) miles of the brine discharge piping located at the California Department of Corrections and Rehabilitation (CDCR), California Institution for Men (CIM) located at 14901 South Central Avenue, Chino, California 91710.

2. BACKGROUND

CIM's Water Treatment Plant (WTP) uses an ion exchange process to decrease the nitrate concentration as well as to decrease the concentration of Total Dissolved Solids to produce its potable water supply.

During normal operations, the WTP produces brine containing calcium, magnesium, carbonate, sulfate, and other inorganic constituents. The brine is pumped into a brine line, and exits at a discharge point located south of the intersection of Central Avenue and Manuel Gonzalez Street. The brine is discharged under permit (D1006-3) to the Inland Empire Brine Line which is administered by the Inland Empire Utilities Agency (IEUA) and the Santa Ana Regional Interceptor (SARI). The SARI discharges to the Pacific Ocean via the Orange County Sanitation District facilities.

Inorganic constituents are present at relatively high concentrations in the brine water and have a tendency to form a precipitate which drops from suspension and collects in the brine discharge pipeline. The precipitate, or scale, is predominantly composed of calcium carbonate, calcium sulfate, and calcium and magnesium phosphate. Formation of the scale is somewhat controlled by adjusting the potential hydrogen (pH) of the brine prior to discharge, and improvements are being implemented to the WTP to allow for better control of the discharge pH to a range of 6.0 to 6.5 which will reduce the potential for scale to form in the discharge pipeline.

Ongoing operation of the WTP has, and will likely in the future to a lesser degree, result in the formation of scale deposits in the brine discharge pipeline. To reduce scale accumulation and prevent the discharge line from plugging as a result of the scale formation, the brine discharge pipeline requires periodic inspection and cleaning. Inspection and cleaning procedures are further described in the Contractor Responsibilities and Work Procedures sections of this document.

3. CONTRACTOR RESPONSIBILITIES

The work performed under Section A, B, C, and D of Section 3, Contractor Responsibilities shall be billable on an hourly rate, in accordance with the rates specified in Exhibit B-1, Rate Sheet, from the time work commences on site until the time work is complete on site.

A. BRINE WASTE TANK CLEANING

The Brine Waste Tank is located at CIM's WTP. The Contractor shall perform cleaning operations from the Brine Waste Tank access points installed in the Brine

Waste Tank. The Contractor shall clean/vacuum the accumulated waste solids from the Brine Waste Tank and the tank inlet and discharge lines. Brine Waste Tank cleaning/vacuuming access shall be coordinated with the CDCR Site Representative or designee prior to the cleaning/vacuuming of the tank. CIM Staff shall secure and prepare the Brine Waste Tank for the Contractor's access upon prior written notice by the Contractor of the intent to clean/vacuum the Brine Waste Tank of accumulated wastes.

B. BRINE HOLDING (SALT) TANK CLEANINGS

Both Brine Holding (Salt) Tanks are located at CIM's Water Treatment Plant (WTP). The Contractor shall perform cleaning operations from the Brine Holding Tank access points installed in the Brine Holding Tanks. The Contractor shall remove, clean, and reinstall the gravel for the Brine Holding Tanks. The Contractor shall clean/vacuum the accumulated waste solids from the Brine Holding Tanks and the tank inlet and discharge lines. Brine Holding Tank cleaning/vacuuming access shall be coordinated with the CDCR Site Representative or designee prior to the cleaning/vacuuming of the tank. CIM Staff shall secure and prepare the Brine Holding Tanks for the Contractor's access upon prior written notice by the Contractor of the intent to clean/vacuum the Brine Holding Tanks of accumulated wastes.

C. EMERGENCY SERVICES

The Contractor shall be on site within four (4) hours in response to emergency calls from the CDCR Site Representative or designee relating to brine line blockages, brine line pipe leaks, or brine line pipe breaks. The Contractor shall commence with immediate cleaning of the brine line to allow for normal flow of brine within the pipeline. If brine line pipe repairs are required, then the Contractor shall follow the guidelines established in Exhibit A-1, Installation Guide. Designated business hours are defined as Monday through Friday from 8:00 a.m. to 4:00 p.m.; State holidays are excluded.

The CDCR Site Representative or designee will provide the Contractor with a list of State holidays. Emergency repairs after designated business hours are defined as repairs performed any time after 4:00 p.m. through 8:00 a.m. the following business day. Weekends and State holidays are not excluded.

The work performed under Section E and F of Section 3, Contractor Responsibilities shall be billable as an event. Each event will be billable as a one-time event, in accordance with the rates specified in Exhibit B-1, Rate Sheet.

D. PHASE I – INSPECTION OF BRINE LINE

The Contractor shall perform an inspection of the brine line in its present condition with intermittent access points via manholes/vaults, clean outs, and buried pipe spools. The pipe spools, where present, shall be removed, if needed, by the Contractor to improve access to pipe sections for video recording. Upon completion of the video recording, the Contractor will re-install the removed pipe spools.

Access to the pipe spools will require the Contractor to excavate the soil to a depth of approximately six (6) to eight (8) feet. The Contractor shall provide three (3) trench

boxes for the proper excavation of the pipe spools per California Occupational Safety and Health Administration (Cal/OSHA) standards.

The Contractor shall perform an initial inspection via video recording of the brine line to assess scale formation upon execution of the contract and approval of the CDCR Site Representative or designee. Additional video recording shall take place on an as needed basis thereafter for the duration of this Agreement as notified by the CDCR Site Representative or designee.

E. PHASE II – CLEANING OF BRINE LINE

The Contractor shall perform cleaning/vacuuming of the brine line in its present condition with intermittent access points via manholes/vaults, clean outs, and buried pipe spools. The pipe spools, where present, shall be removed, if needed, by the Contractor to improve access to pipe sections for cleaning. Upon completion of the video recording, the Contractor will re-install the removed pipe spools.

Access to the pipe spools will require the Contractor to excavate the soil to a depth of approximately six (6) to eight (8) feet. The Contractor shall provide three (3) trench boxes for the proper excavation of the pipe spools per Cal/OSHA standards.

The clean outs and buried pipe spools will usually only allow the use of either a water jet or a vacuum hose, but usually not both. In this event, the water jet shall be placed at the upstream location and allowed to travel downstream to the collection access point.

One hundred (100) linear feet of above ground Brine Waste connector piping, within the Water Treatment Plant grounds, are to be included for cleaning.

4. WORK PROCEDURES - ALL PHASES

NOTE: All work associated with this Agreement shall be completed at the end of each work day, and resumed the next work day. The brine line and all other related equipment shall be returned to operational condition at the end of each workday.

The Contractor shall perform the work in the order as directed by the CDCR Site Representative or designee. Additionally, if requested by the CDCR Site Representative or designee, the Contractor shall perform the cleaning listed under **PHASE II** in conjunction with inspection under **PHASE I**. If a section of brine line pipe cannot be cleaned due to obstructions inside of the pipe, the Contractor shall SAR/video record the section to identify the obstruction in the section of pipe. The Contractor shall provide a video recording and report findings to the CDCR Site Representative or designee.

The Contractor shall perform a video recording and/or cleaning of the two (2) mile brine line systematically, beginning at the access point (e.g., manhole cleanout, sampling box) nearest to the WTP Brine Storage Tank and working down-stream to the sampling box at Manhole #14 (MH14), located south of the intersection of Central Avenue and Manuel Gonzalez Street and where the brine discharges to the IEUA administered collector pipeline. Refer to Section 7, VIDEO RECORDING AND/OR CLEANING SEQUENCE.

The Contractor shall use existing man holes and, if needed, use the existing buried pipe spools as directed by the CDCR Site Representative or designee. The spacing of the MHs/vaults and clean out/pipe spools allows for the video recording/cleaning of 400-foot sections of pipe. Shorter video recording/cleaning distances will not be allowed.

The Contractor shall conduct pipeline cleaning using water jetting and a vacuum truck, or similar equipment, to recover the rinse water and scale to prevent the scale from flushing downstream to the IEUA collector. Scale shall be collected using an industry standard vacuum truck and hose system. Scale will not be allowed to be flushed downstream to the IEUA/SARI collector.

Where size of the downstream access point allows both the water jet and the vacuum hose to be placed in the same locations, the Contractor shall place the water jet in brine discharge pipeline via the downstream access point. This will allow the water jet to travel upstream to the upstream access point. Next, the Contractor shall pull the water jet to the downstream access point to flush scale to the downstream access point. The Contractor shall also place the vacuum hose at the downstream access point to collect rinse water and scale. Multiple flushes may be required by the Contractor to clean the pipeline section. The Contractor shall place the vacuum hose in the downstream location to prevent rinse water and scale from being allowed to flow downstream.

If the size of the downstream access point does not allow the co-location of the water jet and the vacuum hose, the Contractor shall place the vacuum hose in the downstream access point. The Contractor shall place the water jet into the upstream location and allow it to travel downstream to "push" scale to the downstream access point. The Contractor shall operate the vacuum hose in such a manner as to allow collection of the rinse water and scale at the downstream location. Multiple flushes may be required by the Contractor in order to clean the pipeline section.

During flushing of the pipeline section being cleaned, the Contractor shall monitor the next downstream MH for the accumulation of scale as result of the cleaning operation. For example, if the section MH1 (upstream) to MH2 (downstream) is being cleaned, conditions at MH3 (next downstream) shall be monitored by the Contractor for scale accumulation as a result of cleaning the section from MH1 to MH2.

In the event that scale is not being sufficiently captured, then the Contractor shall modify the cleaning procedures to prevent any accumulated scale from flushing downstream to the IEUA collector. Modifications may include the following:

- Expanding the size of the vacuum hose nozzle to cover a larger area in the bottom of the access point and to collect more scale and rinse water.
- Placing a second vacuum hose, an appropriate sized plug, expansion balloon, or suitable blocking device, at the observation access point (or MH3 in the previous example) to collect more scale and rinse water in order to prevent spillage of brine. Please note the following:
 - A. American Water Works Association (AWWA) C909 "Standard for Molecularly Oriented Polyvinyl Chloride (PVCO) Pressure Pipe, 4 inches through 24 inches."
 - B. AWWA C900 "Standard for Polyvinyl Chloride (PVC) Pressure Pipe and Fabricated Findings, 4 inches through 12 inches, for Water Distribution"

- C. AWWA C905 "Standard for Polyvinyl Chloride (PVC) Pressure Pipe and Fabricated Findings, 14 inches through 48 inches, for Water Transmission and Distribution".
- D. AWWA C907 "Standard for Injection-Molded Polyvinyl Chloride (PVC) Pressure Findings, 4 inches through 12 inches, for Water, Wastewater, and Reclaimed Water Service."
- E. The Contractor shall video record the entire length of the brine line including MHs. The Contractor shall download the video to a Digital Video Recording (DVR) Disc and provide the CDCR Site Representative or designee with two (2) high quality copies of the recordings. The video recordings shall be of high quality and fidelity. Failure to provide the video recordings shall be considered incomplete work. The Contractor will not be compensated for incomplete work as outlined in this Scope of Work.
- F. The Contractor shall vacuum all generated waste from the jetting process.
- G. The Contractor shall provide for disposal of all waste generated from the processes as identified in section E and F above.
- H. The Contractor shall at all times provide vacuum tanker truck containment using best industry practices. Brine waste shall always be contained within the vacuum truck until time of disposal.
- I. The Contractor shall ensure the waste product being transported is transported properly in accordance with applicable Environmental Protection Agency (EPA) guidelines. The Contractor shall have on hand at all times an EPA transportation manifest required to transport brine waste. The Contractor shall maintain and provide to the State copies of the Hazardous Waste and Non-Hazardous Waste manifests.
- J. The Contractor shall ensure that all excavation is properly backfilled and properly tamped in accordance with the excavation.
- K. The Contractor shall provide the CDCR Site Representative or designee daily summary sheets listing personnel, equipment, and consumables.
- L. The Contractor shall dispose of liquid and solid waste generated from the cleaning process and ensure that it will be disposed of in accordance with industry best practices at a State approved disposal facility at no extra cost to the State.

5. REGULATORY COMPLIANCE

Cleaning of the pipeline shall comply at all times with IEUA requirements and ordinances including Ordinance 106. The cleaning shall specifically comply with requirements of Permit D1006-3. This permit is issued by IEUA and is available through them.

It is MANDATORY that the Contractor coordinate with and obtain prior written approval of the CDCR Site Representative or designee, at least seven (7) days in advance before planned work under this Agreement is to be performed. The CDCR Site Representative or designee will notify IEUA prior to the planned pipeline cleaning. IEUA requires a minimum of five (5)

days written notice from the Chief Plant Operator in advance of beginning the cleaning operation.

The Contractor shall manage and dispose of all wastes generated by the cleaning operation in accordance with all Federal, State of California, and local regulations including Federal Title 40, Section 261, and the California Code of Regulations Title 22, Section 66261 et seq.

6. LICENSES/PERMIT/CERTIFICATION REQUIREMENTS

The Contractor shall possess and maintain throughout the term of this agreement a valid "A" General Engineering Contractor license issued by the California Department of Consumer Affairs - Contractors State License Board (CSLB).

If the Contractor is located within the State of California, a business license from the city/county in which it is headquartered is necessary. However, if it is a corporation, a copy of incorporation documents/letter from the Secretary of State's office may be submitted. If the Contractor is located outside the State of California, the Contractor shall include a copy of the business license or incorporation papers from their respective State showing that the company is in good standing in the State.

8. WORK CONDUCTED IN PUBLIC DOMAIN

MH1C through MH7 are within the public domain, and have solid asphalt access. The Contractor shall adhere to all traffic control and traffic safety measures approved by the controlling agency while in the public domain during the inspection and cleaning phases of this Agreement.

9. WORK HOURS

The Contractor shall perform non-emergency work during designated business hours unless approved by the CDCR Site Representative or designee. The Contractor shall complete all work on site with the CDCR Representative or designee present at all times. The Contractor shall complete all work which has rendered the brine line non-functional and return the brine line to normal operations at the end of the workday.

The Contractor shall inspect and clean the brine line on an as-needed basis as notified by the CDCR Site Representative or designee. This inspection, video recording and cleaning is to be performed at the commencement of this Agreement approximately two (2) times per year thereafter for the inspection and video recording. Additional cleanings will be based upon the results of the inspection and video recording. The Contractor shall document and report the results of inspection and video recording to the CDCR Site Representative or designee in writing within five (5) days of completion. The report shall detail the condition of the discharge line and include any proposed plans for the removal of scale.

10. DOCUMENTATION REQUIREMENTS

Upon completion of services, the Contractor shall return the Exhibit A-3, Service Report to the Institution Contract Liaison or designee for signature. The Institution Contract Liaison or designee will return a signed copy of the Exhibit A-3, Service Report to the Contractor.

The Contractor shall include the following information in the Exhibit A-3, Service Report:

- Institution name
- Date(s) of service
- Name and title of all persons performing work
- Summary of work performed
- Additional work identified to be performed
- Location of work performed
- Name, title and signature of Contractor

PRESSURE PIPE

INTRODUCTION:

This document has been developed by the Uni-Bell PVC Pipe Association for use as a field installation guide. General information regarding the correct installation of gasketed-joint PVC pressure pipe is included. Relevant product standards are:

- American Water Works Association (AWWA) C900 “Standard for Polyvinyl Chloride (PVC) Pressure Pipe and Fabricated Fittings, 4 in. through 12 in., for Water Distribution”
- AWWA C905 “Standard for Polyvinyl Chloride (PVC) Pressure Pipe and Fabricated Fittings, 14 in. through 48 in., for Water Transmission and Distribution”
- AWWA C907 “Standard for Injection-Molded Polyvinyl Chloride (PVC) Pressure Fittings, 4 in. through 12 in., for Water, Wastewater, and Reclaimed Water Service”
- AWWA C909 “Standard for Molecularly Oriented Polyvinyl Chloride (PVCO) Pressure Pipe, 4 in. through 24 in., for Water, Wastewater, and Reclaimed Water Service”
- American Society for Testing and Materials (ASTM) D2241 “Standard Specification for Polyvinyl Chloride (PVC) Pressure-Rated Pipe (SDR Series)”
- ASTM F1483 “Standard Specification for Oriented Polyvinyl Chloride, PVCO, Pressure Pipe”

For more detailed information, consult the pipe manufacturer or refer to AWWA C605 “Standard for Underground Installation of PVC and PVCO Pressure Pipe and Fittings,” and AWWA Manual M23 “PVC Pipe – Design and Installation.” The *Handbook of PVC Pipe: Design and Construction* provides additional guidance on PVC pipe design and installation. For information on this publication, please contact Uni-Bell.

The Uni-Bell PVC Pipe Association, formed in 1971, funds PVC pipe research and development, provides technical service and support, develops recommended standards, and promotes proper use of PVC pipe with gasketed joints.

Uni-Bell members are manufacturers who are dedicated to producing high quality PVC pipe products for the industry.

The statements contained in this installation guide are those of the Uni-Bell PVC Pipe Association and are not warranties, nor are they intended to be warranties. Inquiries for information on specific products, their attributes and recommended uses, and the manufacturer’s warranty should be directed to member companies.

RECEIVING:

When a load of pipe arrives at the job site, it is your responsibility to check it thoroughly. If possible, inspect each piece for damage. Check quantities against the shipping list. Note that the policy of most pipe manufacturers is that once the pipe leaves the manufacturer’s plant, it becomes the property of the shipping company. Any damaged or missing items should be documented on the bill of lading. Set aside any damaged items and notify the shipper.

PRESSURE PIPE

UNLOADING AND HANDLING:

It is also your responsibility to unload the shipment. UNLOAD WITH REASONABLE CARE. Careless unloading can result in damaged product or personal injury.

Use a forklift or a front-end loader with fork attachment, if available. Make sure that the forks are long enough to support the bundles. When unloading by hand, remove one piece at a time and block the shipment to keep pipe from rolling off the truck.

Follow the following precautions:

- DO NOT drop pipe off the truck.
- DO NOT insert a forklift fork into a pipe end to transport.
- Lower the pipe into the ditch. DO NOT drop.

PRESSURE PIPE

STORAGE:

If you can unload the shipment in unit packages, the pipe will be easier to store. Stack the packages on reasonably level ground. If you unload one piece at a time, place the pipe bevel to bell. Never stack more than eight feet in height. Do not stack the pipe next to heat sources or engine exhausts. Gaskets should also be protected from heat, oil, and grease.

PRESSURE PIPE

TRENCHING:

Do not let the excavated material block sidewalks, drives, or utility outlets. Follow all safety rules and regulations. Protect workers by using sheeting and trench boxes in hazardous areas and by sloping the trench walls in dry soils. When sheeting or a trench box is moved, make sure that the pipe is not moved and that the side-support material is not disturbed.

For information on trench terminology and recommended practices, see the “Trench Construction” section.

PRESSURE PIPE

DE-WATERING:

Keep the trench as dry as possible until the pipe has been installed and enough backfill placed to prevent the pipe from floating. PVC pipe will float if not filled with water or weighted down. The height of loose backfill material required to prevent flotation of empty pipe is conservatively equal to 1½ times the pipe diameter.

FIELD CUTTING:

PVC pipe can be easily cut with a power handsaw or power-driven abrasive disc. Be sure you make a square cut. Bevel the end with a beveling tool, wood rasp, or power sander to the same angle and length as provided on the factory-finished pipe. Redraw the insertion line on the spigot using a factory-marked spigot as a guide.

PRESSURE PIPE

LOWERING PIPE INTO THE TRENCH:

Place the pipe and fittings into the trench using ropes and skids, slings on the backhoe bucket, or by hand. Do not throw the pipe or fittings into the trench or allow any part of the pipe to take an unrestrained fall onto the trench bottom. At this point, the pipe and other accessories are in a good position for final inspection. Ensure there are no damaged materials before assembly begins.

CLEANING AND INSPECTION:

Gaskets may be supplied separately or already installed in the pipe. See the pipe manufacturer's literature for more information.

When gaskets are supplied separately, make sure the gasket and the bell groove are clean before insertion of the gasket into the bell groove. Before joint assembly, the gasket, the inside of the pipe bell, and the outside of the spigot should be wiped clean.

When gaskets are already installed in the pipe, the gaskets, the inside of the pipe bell, and the outside of the pipe spigot ends should be wiped clean. Check each gasket to insure that it is inserted uniformly into the race.

DO NOT REMOVE THE GASKETS FROM THE RACE FOR CLEANING. Many gaskets are not removable and will be damaged by attempts to remove them.

PRESSURE PIPE

LUBRICATION:

Lubricant should be applied in accordance with the pipe manufacturer's instructions. Use only the lubricants supplied or recommended by the pipe manufacturer.

JOINT ASSEMBLY:

Push the lubricated spigot end past the gasket into the bell until the insertion line on the spigot is even with the edge of the bell. DO NOT OVERINSERT.

PRESSURE PIPE

If you have trouble with assembly, disassemble the joint and examine the gasket. If the gasket is removable, replace if damaged. If non-removable gaskets are damaged, cut off the bell, bevel the new edge, and use a coupling to assemble. Be sure that the gasket is properly seated and that both pipe lengths are in straight alignment. Repeat assembly steps as stated on previous page. Correct assembly is achieved when the insertion line on the spigot is lined up with the edge of the bell. If multiple insertion lines exist, insert until only one line is visible.

The bar-and-block method of joint assembly is recommended, as the installer is able to feel the amount of force being used and whether the joint goes together smoothly. Larger pipe may require mechanical assistance to apply sufficient force to assemble the joint.

When mechanical devices are used, care must be taken to ensure that the spigot is inserted to the proper depth and that previously assembled pipe joints are not disturbed. This is accomplished by inserting only to the insertion line on the spigot end. If the spigot is over-inserted, back the pipe out until the insertion line is visible. In all cases, straight alignment of the pipe is essential for proper assembly. If the pipe is misaligned, over-inserted, or assembled with excessive force, the following are possible consequences:

- rolled gasket
- split bell
- failure to pass acceptance testing (e.g., hydrostatic pressure test)
- over-insertion of previously assembled joints

Manual Bar-and-Block Method

PRESSURE PIPE

INSTALLING PIPE THROUGH CASINGS:

When the pipeline intercepts a heavily traveled, protected, or landscaped area it may be necessary to install the pipe through a casing. There are four precautions to observe while pushing the pipe through the casing:

1. Install spacers on the PVC pipe.
2. Minimize the friction force during the push.
3. Avoid over-insertion.
4. Install a water-permeable seal at the casing ends.

Casing size: The casing should be large enough to readily accommodate the maximum outside diameter at the pipe bells and the projections of the supporting spacers. The casing should not be so large as to permit excessive movement of the PVC pipe when it is pressurized.

Casing spacers: Casing spacers are available to provide proper separation between the casing and the PVC pipe to be installed. Spacers come complete with runners to provide clearance for the bell-and-spigot assemblies. The casing-spacer manufacturer should be contacted for information on the location and number of spacers required. Information is also available in Uni-Bell's Handbook of PVC Pipe: Chapter 8 (support spacing) and Chapter 13 (casings).

INSTALLATION OF FITTINGS AND VALVES:

Metallic fittings and valves should be independently supported. The insertion depths of valve and fitting joints are usually less than those of PVC pipe joints. For proper insertion depth of PVC fittings, check with the manufacturers of the fittings. For iron fittings, cut the spigot end to remove the factory bevel. Make sure the pipe spigot end is squarely cut, deburred, and the sharp edge removed. Insert the pipe spigot into the iron fitting bell until the pipe end contacts the fitting. See AWWA Standard C605 "Standard for the Underground Installation of PVC and PVCO Pressure Pipe and Fittings."

Joint Restraint Devices: Mechanical thrust-restraint devices are available which clamp to the wall of the pipe and tie back to a mating collar on the fitting or pipe bell. Integral self-restraining bell and spigot joints are also available. Contact the joint restraint manufacturer for installation recommendations.

TRACER WIRE:

Properly installed tracer wire will aid in locating PVC pipe. Typically, an insulated wire or plastic-coated metal strip is laid above the pipe after installation. The tracer wire is generally accessible at a riser, but is not electrically connected to the riser.

PRESSURE PIPE

TRENCH CONSTRUCTION:

Terms used in pipe installation are illustrated in the trench cross-section below. The use of proper embedment materials is very important to minimize trench settlement. Embedment material should not contain debris, frozen lumps, or rock of diameter greater than 1½ inches.

FOUNDATION:

A foundation is required when the trench bottom is unstable. The bottom of the trench is over-excavated and brought back up to grade with suitable material. Where over-excavation occurs, ensure that the elevation under the entire length of the pipe is brought up (rather than only at the bells). Proper placement of new foundation materials will support the pipe and prevent sagging between joints.

PRESSURE PIPE

BEDDING:

Bedding may be used to bring the trench bottom up to grade before the pipe is installed. The purpose of bedding is to provide continuous support under the pipe. Where required (such as when rock is encountered), a minimum depth of 4 to 6 inches is typical.

Holes for pipe bells should be provided at each joint to ensure uniform support for the pipe. Bell holes should be no larger than necessary for pipe assembly.

HAUNCHING:

Proper placement of material in the haunch reduces voids and increases pipe support. If granular materials are used, they may be properly placed using techniques such as shovel slicing. Place material under the haunches and at least halfway up the pipe to provide side support. Make sure material is properly compacted. **DO NOT DISTURB SIDE SUPPORT WHEN MOVING SHEETING OR TRENCH BOX.**

The pipe stiffness and anticipated loadings will dictate whether or not granular material and/or compaction of the haunch material are necessary.

PRESSURE PIPE

INITIAL BACKFILL:

The material placed over the crown of the pipe to a height of 6 to 12 inches is the initial backfill. The purpose of the initial backfill is to protect the pipe from the final backfill. Where not otherwise specified, the initial backfill may consist of the native material in the trench provided it is not frozen and is free from large stones, debris, and other organic materials.

Machine compaction of initial backfill directly over the pipe is not desirable unless adequate cover has been provided to protect the pipe. The required depth of cover will depend on the type of compaction equipment – consult the project engineer for information.

FINAL BACKFILL:

Final backfill is often specified by the project engineer based on site design. Material selection, placement, and compaction should meet the project requirements. In many cases, the material that was originally excavated can be used for final backfill.

PRESSURE PIPE

COMPACTING THE BACKFILL:

Compact the haunching, initial backfill, and final backfill in accordance with the job drawings. Observe the following precautions:

- When a “self-compacting” material is used (such as crushed stone), ensure that the material does not arch or bridge beneath the haunch of the pipe. Remove such voids by shovel slicing.
- When compacting the material underneath and at either side of the pipe, do not allow the tool or the machine to strike the pipe.

It is not necessary to compact the initial backfill directly over the top of the pipe for the sake of the pipe’s structural strength. However, it may be necessary for roadway integrity and for minimizing trench settlement.

OVERNIGHT PRECAUTIONS:

At the end of each workday, be sure that all installed pipe ends are covered to keep dirt, debris, and animals from entering the pipe. Backfill as needed to avoid flotation.

ACCEPTANCE TESTING:

General: When local conditions require that trenches be backfilled immediately after pipe has been laid, testing may be carried out after backfilling has been completed. In all cases, sufficient backfill (minimum depth 1½ times the pipe size) should be placed to confine the pipe system during testing.

The engineer should assure that the test pressure does not exceed the design pressure of any of the components of the pipe system.

Procedure: Testing should be performed only after the pipeline has been properly filled, flushed, and purged of all air. The specified test pressure should be applied by means of an approved pumping assembly connected to the pipe in a manner satisfactory to the purchaser. To prevent pipe movement, the contractor should place sufficient backfill prior to filling and testing of the pipe. The test pressure should not exceed the test pressure specified by the engineer. If necessary, the test pressure should be maintained by additional pumping for the specified time during which the system and all exposed pipe, fittings, valves, and hydrants should be carefully examined for leakage. All visible leaks should be stopped. All defective elements should be repaired or removed and replaced. The test should be repeated until the test requirements have been met.

Test Duration: The duration of the hydrostatic test should be 2 hours, unless otherwise specified.

PRESSURE PIPE

Test Pressure: A hydrostatic test pressure of 150% of the normal operating pressure is generally sufficient. In no case should the test pressure exceed the design pressure limit for any system component, including pipe, thrust restraint, valve, fitting, or other appurtenance. **NOTE: Air should not be used for pressure testing.**

Test Allowance: The testing allowance should be defined as the quantity of water that must be supplied to the pipe section being tested to maintain a pressure within 5 psi of the specified hydrostatic test pressure.

Make-up water allowances are provided in the table below:

HYDROSTATIC TEST MAKE-UP WATER ALLOWANCE (U.S. Gallons per Hour Per 1000 Feet of PVC Pipe)

Pipe Size	Average Pressure in Line (psi)

PRESSURE PIPE

When testing against closed valves, an additional allowance per closed valve may be required.

Should the make-up water volume exceed the testing allowance, it is probable that the system has a leak that must be located and repaired.

Having a make-up water volume below the testing allowance indicates a successful test. Since PVC gasketed pipe is a leak-free system, low volumes of make-up water do not indicate a leak. Instead make-up water is necessary to accommodate entrapped air, slight movement of the pipe at thrust restraints, or a small increase in interior pipe volume due to radial expansion.

SPECIAL CONSIDERATIONS:

Changes in Direction:

1. Pipe bending – Some changes in direction may be accomplished without the use of bends, sweeps, or other fittings. Controlled bending within acceptable limits can be accommodated by PVC pipe. A general rule of thumb for the minimum bending radius (R_b) calculation is $R_b = 250 \text{ OD}$. Tighter bending radii may be achieved for certain products. Consult the manufacturer for specific product information. In most cases, bending should be accomplished manually. It is not recommended to attempt bending pipes greater than 12" in diameter due to the forces required.
2. Joint deflection – Changes in direction may also be accomplished through joint deflection. Allowable joint deflection is dependent on pipe size and joint design. Joint deflection limits should be obtained from the pipe manufacturer.
3. Combined pipe bending and joint deflection – Either joint deflection or longitudinal bending may be used for changes in direction, BUT NOT BOTH on the same length of pipe.

Cold-Weather Installation: Extremely cold temperatures result in increases in pipe stiffness and tensile strength and decreases in impact strength. The decrease in impact strength requires care in handling during installation in cold temperatures.

Disinfection: For information on the procedures for disinfecting water mains, refer to AWWA C651, "Disinfecting Water Mains."

Tapping: For information on tapping of PVC pressure pipe, see the Uni-Bell website.

CHECKLIST:

- Take all precautions necessary to protect workers and materials.
- Plan ahead for fittings.
- Use trench boxes or shoring as required.
- Do not disturb installed pipe when moving trench boxes or shoring materials.
- Properly assemble pipe joints by inserting the spigot end until the insertion line is even with the bell lip.
- Keep the trench bottom as dry as possible.
- For detailed installation recommendations, see AWWA C605 "Standard for Underground Installation of PVC and PVCO Pressure Pipe and Fittings."
- Consult the pipe manufacturer for specifics regarding gaskets and lubricants.
- Check with the project engineer regarding specifications and procedures.

NOTES

1. In the past, neither the video camera buggy nor the hydro-jet nozzle were able to negotiate any bend fittings in the 6-inch pipe. This is why repair coupling/sections were added to the waste line along Eucalyptus Ave. Therefore, for both video-taping and cleaning, if no manhole is adjacent, the existing mechanical joint repair sections that have been installed in the brine line will have to be dug up for access. They are described as points 1 through 12 on the attached plan.
2. When cleaning, it is preferable to hydro-jet from the upstream access point, and vacuum at the downstream access point. Video-taping can be performed from any access point, without bends, where you can insert the 3-foot video camera and buggy. You can hydro-jet from a downstream access point, but it is slower in that you can't simultaneously vacuum and clean, so temporary provision must be made to prevent jetting wastewater from escaping downstream past the access point, then vacuuming is performed after the cleaning operation.
3. For reference, the preferred method in item 2. we shall call Method A, the alternative Method B.
4. In the past, when cleaning and video-taping from the denite plant to the lift station, access was gained through the intervening manholes on private property (except for manhole #9 just upstream from the lift station.) This would still be the case.
5. Referring to the attached plan for the brine waste line, and the attached notes, the method used to clean and video-tape the line from the lift station downstream would be as follows:
 - a) From point 1 — Method B upstream to the lift station valve vault.
 - b) Between points 1 and 2, 3 and 2, 4 and 2, Method A. If the cleaner/video contractor has sufficient hose, then one or both points 2 and 3 need not be utilized.
 - c) Between points 4 and 5, Method A. Here you would open up the repair section downstream and abutting the flanged ninety-degree bend at the south end of Eucalyptus.
 - d) Between points 5 and 6, 6 and 7, Method A.
 - e) Because access point 7 is upstream of the bends where manhole #22 was temporarily installed, Method B would be used to clean between points 8 and 7. For the same reason, Method B would be used between points 9 and 8, and points 10 and 9.
 - f) Between Manhole #23 and point 12, Method A can be used. Point 11 was installed during the first cleaning operation (before the additional manholes were installed.) It shouldn't be necessary to open up this access point.
 - g) There is technically no access between the point 12 and Manhole #24, as there are intervening 45-degree pipe bends at both ends. Previously, this was partially cleaned by jetting from the old clean-out-to-grade just downstream from point 12. Debris was jetted the short distance (about 100 feet) to Manhole #24, without pushing the nozzle past the bend at the bottom of the clean-out riser.
 - h) From manhole #24 and downstream to the IEUA sampling manhole, Method A can be used by utilizing these three manholes.

1. Invoicing and Payment

- a.** For services satisfactorily rendered, and upon receipt and approval of Contractor's invoices, the State agrees to compensate the Contractor in accordance with the rates specified herein on Exhibit B-1, Rate Sheet, and made a part of this Agreement. Exhibit B-1, Rate Sheet shall remain in force for the stated term of this Agreement and shall include every item of expense, direct and indirect, including taxes incidental to the specified rates.
- b.** Invoices shall include the Agreement number and Purchase Order number and shall be submitted not more frequently than monthly in arrears. The Contractor shall submit invoices for services rendered electronically to the email address provided below. The Contractor must use the name on the Agreement and the Agreement Number on the subject line of the email. The email must include an attached PDF file of the invoice, in accordance with the information above, and must reference the institution acronym and invoice number. Separate emails shall be sent for contracts with more than one participating institution, facility, office and/or site with the invoice information as stated above.
- c.** The Contractor also has the option to submit their invoices by mail to the address listed below. Invoices shall be itemized, separating parts and labor. Labor hours shall be clearly listed and according to actual hours in which services were performed. Approved estimates, Service Reports, parts receipts, and/or subcontractor receipts shall accompany the invoice to the State. Payment will be for actual expenses only, not estimated costs.

1) To submit invoices by mail for Institutions and Board of Parole Hearing contracts:

For electronic submission, send invoices to:

Institutionnonmedcontractinvoicess@cdcr.ca.gov

California Department of Corrections and Rehabilitation (CDCR)
ASB - Sacramento
Attention: **MSC 16** – Accounts Payable B
P.O. Box 187021
Sacramento, CA 95818-7021

The invoice email file format must meet the following criteria:

- Invoices must be sent as a PDF file format only.
- One invoice per PDF file - all supporting documents to be included in the same file.
- Invoice must be first page of PDF with supporting documents following.
 - Multiple invoices per email, as separate attachments, are allowed. For example, if there are 20 invoices, one email with 20 separate attachments can be sent.
 - No Zip files are allowed.
 - No details or messages in the body of the email, as those will not be transferred to the invoice processor.
 - Only original invoices being sent for the first time – sending statements, copies, and revised invoices will cause delays

2. Budget Contingency Clause

- a. It is mutually agreed that if the California State Budget Act for the current fiscal year and/or any subsequent fiscal years covered under this Agreement does not appropriate sufficient funds for the program, this Agreement shall be of no further force and effect. In this event, the State shall have no liability to pay any funds whatsoever to Contractor, or to furnish any other considerations under this Agreement, and Contractor shall not be obligated to perform any provisions of this Agreement.
- b. If funding for the purposes of this program is reduced or deleted for any fiscal year by the California State Budget Act, the State shall have the option to either cancel this Agreement with no liability occurring to the State, or offer an Agreement amendment to Contractor to reflect the reduced amount.

3. Prompt Payment Clause

Payment will be made in accordance with, and within the time specified in, Government Code Chapter 4.5, commencing with Section 927. Payment to small/micro businesses shall be made in accordance with and within the time specified in Chapter 4.5, Government Code 927 et seq.

4. Subcontractors

Nothing contained in this Agreement, or otherwise, shall create any contractual relation between the State and any subcontractors, and no subcontract shall relieve the Contractor of Contractor's responsibilities and obligations hereunder. The Contractor agrees to be as fully responsible to the State for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Contractor. The Contractor's obligation to pay its subcontractors is an independent obligation from the State's obligation to make payments to the Contractor. As a result, the State shall have no obligation to pay or to enforce the payment of any moneys to any subcontractor.

When a subcontractor is utilized, the subcontractor must provide a detailed, itemized receipt that adheres to the terms of this Agreement. Under no circumstances will the Contractor be allowed to mark up or manipulate the hours of the quote provided by the subcontractor in order to cover additional expenses. The quote from the subcontractor and Contractor must adhere to the rates identified in the Exhibit B-1, Rate Sheet. There will be no additional compensation for any work that is performed by a subcontractor that was not identified on the Exhibit A, Scope of Work.

5. Advanced Payment for Non-Profit Organizations

Pursuant to Government Code Section (GC) 11019, upon review and approval of CDCR, the Contractor may request an advance payment for the fiscal year(s) covered by this agreement, which shall not exceed twenty five percent (25%) of the annual budget for each fiscal year. The CDCR will review and determine the need for an advance payment using the criteria contained in the department's procedures for advance payments to Community-Based, Private, Non-Profit Organizations, CDCR shall recover one-twelfth (1/12) of the advance payment each month by the reduction of monthly invoices submitted for payment by the Contractor in accordance with the project budget

amount for each fiscal year of the agreement.

6. Bidder Acknowledgement/Certification (OBS 300)

The Contractor hereby agrees to provide all labor, materials, supplies, licenses, permits, equipment and transportation necessary to perform all services required for the foregoing titled work in accordance with the Scope of Work and all Terms and Conditions.

Any and all services performed outside the scope of this Agreement will be at the sole risk and expense of the Contractor.

BRINE LINE INSPECTION, VIDEO RECORDING, AND CLEANING SERVICES

Electronic bid packages include an Excel version of the Rate Sheet (Exhibit B-1) in addition to the PDF File, to assist bidders in computing accurate totals. Bidders should download the Excel version and complete all highlighted cells.

Note: Bidder is required to bid each item. Failure to indicate a dollar amount in any item will be grounds to reject the entire bid. A zero-dollar (\$0.00) amount listed from any and all items will be interpreted and understood by the State to mean that the bidder indicating a zero-dollar (\$0.00) amount shall perform any such services at no cost to the State. Any quantities listed on Exhibit B-1 are CDCR's estimates only and are offered as basis for the comparison of bids. The State will not pay for travel time and per diem as it should be included in any rates at the time of bidding for this job.

The State does not expressly or by implication agree that the actual amount of work will correspond therewith and reserves the right to omit portions of the work as may be deemed necessary or advisable by the State.

All prices and notations must be printed in ink or typewritten. All prices must be bid U.S. currency and shall encompass every item of expense necessary to perform the services.

BASIS OF AWARD		

Contractor may offer a discount to the amount paid on invoices received and accepted by the CDCR in order for the invoices to be paid within thirty (30) days of receipt. Discount offered on invoices must be at least one percent of the invoice and a minimum of \$50.00.

Discount offered on invoices paid within 30 days of receipt = %*

*The percent of discount (highest discount prevails) may be used in the event of tie bids. Refer to the Invitation for Bid, Basis for Award.

1. Contract Disputes (Supersedes provision number 6, Disputes, of Exhibit C)

As a condition precedent to Contractor's right to institute and pursue litigation or other legally available dispute resolution process, if any, Contractor agrees that all disputes and/or claims of Contractor arising under or related to the Agreement shall be resolved pursuant to the following processes. Contractor's failure to comply with said dispute resolution procedures shall constitute a failure to exhaust administrative remedies.

Pending the final resolution of any such disputes and/or claims, Contractor agrees to diligently proceed with the performance of the Agreement, including the delivering of goods or providing of services. Contractor's failure to diligently proceed shall constitute a material breach of the Agreement.

The Agreement shall be interpreted, administered, and enforced according to the laws of the State of California. The parties agree that any suit brought hereunder shall have venue in Sacramento, California, the parties hereby waiving any claim or defense that such venue is not convenient or proper.

a. Final Payment

The acceptance by Contractor of final payment shall release the California Department of Corrections and Rehabilitation (CDCR) from all claims, demands and liability to Contractor for everything done or furnished in connection with this work and from every act and neglect of CDCR and others relating to or arising out of this work except for any claim previously accepted and/or in process of resolution.

b. Informal Appeal

Contractor and the program or institution contract liaison, or other designated CDCR employee of the unit for which the goods are being delivered or the service is being performed, shall first attempt in good faith to resolve the dispute or claim by informal discussion(s). Contractor shall identify the issues and the relief sought. Informal discussion(s) between Contractor and contract liaison, or the designated CDCR employee, shall be written, dated, and signed by the authors.

The program or institution contract liaison shall issue an informal written statement to Contractor regarding the dispute within fifteen (15) calendar days following settlement or an impasse in the informal discussion(s) process. The written statement shall either: (1) document the dispute settlement and what, if any, conditions were reached; or, (2) document the reason(s) the dispute could not be resolved informally and provide notification to Contractor of its option to file a formal appeal within thirty (30) days of the informal statement. One (1) copy of the informal statement and the discussion(s) on which it is based shall be forwarded immediately to the Office of Business Services (OBS) for inclusion in the Agreement file.

c. Formal Appeal

If the dispute or claim is not resolved to Contractor's satisfaction by the informal appeal process, Contractor may file with the Chief, Contracts Management Branch (CMB), OBS, and a formal written appeal within thirty (30) calendar days of the date of CDCR's informal written decision. The formal written appeal shall be addressed as follows:

(SUBJECT)

Chief
Contracts Management Branch
Office of Business Services
California Department of Corrections and Rehabilitation
9838 Old Placerville Road, Suite B
Sacramento, CA 95827

Contractor shall specify in the formal written appeal the issue(s) in dispute, the particular relief or remedy sought, the factual basis for Contractor's claim or dispute, and Contractor's legal, technical and/or other authority upon which Contractor bases its claim or dispute.

The formal written appeal shall include a written certification signed by a knowledgeable company official under the penalty of perjury according to the laws of the State of California pursuant to California Code of Civil Procedure Section 2015.5 that the dispute, claim, or demand is made in good faith, and that the supporting information are accurate and complete. If an Agreement adjustment is requested, the written certification shall further state under penalty of perjury that the relief requested accurately reflects the Agreement adjustment for which the CDCR is responsible.

If Contractor is a corporation, the written certification shall be signed by an officer thereof. If Contractor is a sole proprietorship or partnership, it shall be signed by an owner or full partner. If Contractor is other than a corporation, sole proprietorship or partnership, it shall be signed by a principal of the company with authority to bind the company.

The Chief, CMB, shall issue a formal written decision on behalf of CDCR within thirty (30) calendar days of receipt of the properly addressed formal written appeal. If mutually agreed by the parties, the date for the issuance of CDCR's final written decision may be extended.

d. Further Resolution

If the dispute is not resolved by the formal appeal process to Contractor's satisfaction, or Contractor has not received a written decision from the Chief, CMB, after thirty (30) calendar days, or other mutually agreed extension, Contractor may thereafter pursue its right to institute other dispute resolution process, if any, available under the laws of the State of California.

e. Contract Disputes with Public Entities

A county, city, district or other local public body, state board or state commission, another state or federal agency, or joint-powers authority shall resolve a dispute with CDCR, if any, through a meeting of representatives from the entities affected. If the dispute cannot be resolved to the satisfaction of the parties, each entity may thereafter pursue its right to institute litigation or other dispute resolution process, if any, available under the laws of the State of California.

2. Right to Terminate (Supersedes provision number 7, Termination for Cause, of Exhibit C)

The State reserves the right to terminate this Agreement subject to thirty (30) calendar days written notice to the Contractor. Contractor may submit a written request to terminate this Agreement only if the State should substantially fail to perform its responsibilities as provided herein.

Additionally, the State reserves the right to terminate this Agreement subject to thirty (30) calendar days written notice to the Contractor should it be later identified as a service which can be consolidated into a statewide/regionalized Agreement. The State may exercise its option to cancel the remaining years of this Agreement, should it be decided that with additional institutions and/or sites, the State would receive a better rate for the same service.

However, the State can immediately terminate this Agreement for cause. The term "for cause" shall mean that the Contractor fails to meet the terms, conditions, and/or responsibilities of the Agreement. In this instance, the Agreement termination shall be effective as of the date indicated on the State's notification to the Contractor.

This Agreement may be suspended or cancelled without notice, at the option of the Contractor, if the Contractor or State's premises or equipment are destroyed by fire or other catastrophe, or so substantially damaged that it is impractical to continue service, or in the event the Contractor is unable to render service as a result of any action by any governmental authority.

3. Contract Suspension

Notwithstanding any other provisions of this Agreement, pursuant to a Governor's Executive Order or equivalent directive, such as a court order or an order from a federal or state regulatory agency, mandating the suspension of state contracts, the State may issue a Suspension of Work Notice. The Notice shall identify the specific Executive Order or directive and the Agreement number(s) subject to suspension. Unless specifically stated otherwise, all performance under the Agreement(s) must stop immediately upon receipt of the Notice. During the period of contract suspension, Contractor is not entitled to any payment for the suspended work. Once the order suspending state contracts has been lifted, a formal letter from the Department will be issued to the Contractor to resume work.

4. Responsibility Hearing

If this Agreement is terminated for cause, CDCR reserves the right to conduct a responsibility hearing to determine if the Contractor is a responsible bidder before an award of future Agreements can be made.

5. Confidentiality of Data

All financial, statistical, personal, technical and other data and information relating to State's operation, which are designated confidential by the State and made available to carry out this Agreement, or which become available to the Contractor in order to carry out this Agreement, shall be protected by the Contractor from unauthorized use and disclosure.

If the methods and procedures employed by the Contractor for the protection of the Contractor's data and information are deemed by the State to be adequate for the protection of the State's confidential information, such methods and procedures may be used with the written consent of the State. The Contractor shall not be required under the provisions of this paragraph to keep confidential any data already rightfully in the Contractor's possession that is independently developed by the Contractor outside the scope of the Agreement or is rightfully obtained from third parties.

No reports, information, inventions, improvements, discoveries, or data obtained, repaired, assembled, or developed by the Contractor pursuant to this Agreement shall be released, published, or made available to any person (except to the State) in violation of any state or federal law.

Contractor by acceptance of this Agreement is subject to all of the requirements of California Government Code (GC) Section 11019.9 and California Civil Code Sections 1798, et seq., regarding the collection, maintenance, and disclosure of personal and confidential information about individuals.

6. Compliance with Legal Requirements

The Contractor shall be aware of and comply with all Federal and State statutes, rules, regulations, and CDCR policies and directives ("CDCR Policies") applicable to the Contract. CDCR policies shall include, but are not limited to the Department Operations Manual (DOM), California Code of Regulations Title 15, any policy memoranda issued by the CDCR Secretary or jointly with the Receiver, California Correctional Health Care Services (CCHCS), and any similar department-wide guidance that may be issued by proper authority, of which the Contractor has been informed by CDCR or has been published on the CDCR public internet web site, CDCR.ca.gov.

7. Executive Order N-6-22 – Russia Sanctions

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic Sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law. The EO directs state agencies to terminate contracts with, and to refrain from entering any new contracts with, individuals or entities that are determined to be a target of Economic Sanctions. Accordingly, should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for termination of this agreement. The State shall provide Contractor advance written notice of such termination, allowing Contractor at least 30 calendar days to provide a written response. Termination shall be at the sole discretion of the State.

8. Liability for Loss and Damages

Any damages by the Contractor to the State's facility including equipment, furniture, materials or other State property, will be repaired or replaced by the Contractor to the satisfaction of the State at no cost to the State. The State may, at its option, repair any such damage and deduct the cost thereof from any sum due Contractor under this Agreement.

9. Computer Software Management Memo

Contractor certifies that it has appropriate systems and controls in place to ensure that state funds will not be used in the performance of this Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.

10. Accounting Principles

The Contractor will adhere to generally accepted accounting principles as outlined by the American Institute of Certified Public Accountants. Dual compensation is not allowed; a Contractor cannot receive simultaneous compensation from two or more funding sources for the same services performed even though both funding sources could benefit.

11. Liability for Nonconforming Work

All work provided by the Contractor shall conform to the latest requirement of federal, state, city and county regulations. Contractor is responsible for compliance with all applicable laws, codes, rules and regulations in connection with work performed under this Agreement.

The Contractor will be fully responsible for ensuring that the completed work conforms to the agreed upon terms. If nonconformity is discovered prior to the Contractor's deadline, the Contractor will be given a reasonable opportunity to cure the nonconformity. If the nonconformity is discovered after the deadline for the completion of the project, CDCR, in its sole discretion, may use any reasonable means to cure the nonconformity. The Contractor shall be responsible for reimbursing CDCR for any additional expenses incurred to cure such defects.

12. Subcontractor/Consultant Information

Contractor is required to identify all subcontractors and consultants who will perform labor or render services in the performance of this Agreement. Additionally, the Contractor shall notify CDCR, OBS in writing within ten (10) working days of any changes to the subcontractor and/or consultant information.

13. Contract Violations

The Contractor acknowledges that any violation of Chapter 2 or any other chaptered provision of the Public Contract Code (PCC) is subject to the remedies and penalties contained in PCC Sections 10420 through 10425.

14. Temporary Nonperformance

If, because of mechanical failure or for any other reason, the Contractor shall be temporarily unable to perform the work as required, the State, during the period of the Contractor's inability to perform, reserves the right to accomplish the work by other means and shall be reimbursed by the Contractor for any additional costs above the Agreement price.

15. Extension of Term

This Agreement may not be amended to extend the term except where necessary to complete performance of the original agreement and not to provide for additional services.

16. Employment of Ex-Offenders

Contractor cannot and will not either directly, or on a subcontract basis, employ in connection with this Agreement:

- a. Ex-Offenders on active parole or probation, who have been on active parole or probation during the last three years preceding their employment;
- b. Ex-offenders convicted of drug trafficking in a prison/jail; escape or aiding/abetting escape; battery on a Peace Officer or Public Official; arson offenses; or, any violations of Penal Code Sections 4570-4574 (Unauthorized Communications with Prisons and Prisoners Offenses);
- c. Ex-Offenders required to register as a sex offender pursuant to Penal Code Section 290 or if such ex-offender has an offense history involving a "violent felony" as defined in subparagraph (c) of Penal Code Section 667.5; or
- d. Any ex-offender in a position which provides direct supervision of parolees, except in the following instances:
 1. Contractor shall only employ ex-offenders who can provide written evidence of having satisfactorily completed parole or probation, and who have remained off parole or probation, and have had no arrests or convictions within the past three years.

An ex-offender whose assigned duties involve administrative or policy decision-making, accounting, procurement, cashiering, auditing, or any other business-related administrative function shall be fully bonded to cover any potential loss to the State or Contractor. Evidence of such bond shall be supplied to CDCR prior to employment of the ex-offender.

17. Electronic Waste Recycling

The Contractor certifies that it complies with the requirements of the Electronic Waste Recycling Act of 2003, Chapter 8.5, Part 3 of Division 30, commencing with Section 42460 of the Public Resources Code, relating to hazardous and solid waste. Contractor shall maintain documentation and provide reasonable access to its records and documents that evidence compliance.

18. Tax

The State of California and Contractor will each bear their own respective federal, state and local tax liabilities arising from this Agreement. It is expressly understood that neither the State nor the Contractor will assign, shift, pass on or otherwise assume the tax liabilities of the other party.

19. Licenses and Permits

The Contractor shall be an individual or firm licensed to do business in California and shall obtain at Contractor's expense all license(s) and permit(s) required by law for accomplishing any work required in connection with this Agreement.

In the event any license(s) and/or permit(s) expire at any time during the term of this Agreement, Contractor agrees to provide CDCR with a copy of the renewed license(s) and/or permit(s) within thirty (30) days following the expiration date. In the event the Contractor fails to keep in effect at all times all required license(s) and permit(s), the State may, in addition to any other remedies it may have, terminate this Agreement upon occurrence of such event.

20. Permits and Certifications from State Board of Equalization

This solicitation and any resulting Agreement shall be subject to all requirements as set forth in Sections 6487, 7101 and Sections 6452.1, 6487.3, 18510 of the Revenue and Taxation Code, and Section 10295.1 of the Public Contract Code requiring suppliers to provide a copy of their reseller's permit or certification of registration and, if applicable, the permit or certification of all participating affiliates, issued by California's State Board of Equalization. Failure of the supplier to comply by supplying the required permit or certification will cause the supplier's bid response to be considered non-responsive and their bid rejected. Unless otherwise specified in this solicitation, a copy of the reseller's permit or certification of registration must be supplied within five (5) State business days of the request made by the State.

21. Darfur Contracting Act

Effective January 1, 2009, CDCR generally cannot contract with "scrutinized" companies that do business in the African nation of Sudan, as described in Public Contract Code Sections 10475-10478. A company that currently has (or within the previous three years has had) business activities or other operations outside of the United States must certify that it is not a "scrutinized" company when it submits a bid or proposal to CDCR. A scrutinized company may still submit a bid or proposal for a contract with CDCR if the company first obtains permission from the Department of General Services (DGS).

All bidders must submit a completed OBS 1500 verifying status, with their bid proposal.

22. Conflict of Interest

The Contractor and their employees shall abide by the provisions of GC Sections 1090, 81000 et seq., 82000 et seq., 87100 et seq., and 87300 et seq., Public Contract Code (PCC) Sections 10335 et seq. and 10410 et seq., California Code of Regulations (CCR), Title 2, Section 18700 et seq. and Title 15, Section 3409, and the Department Operations Manual (DOM) Section 31100 et seq. regarding conflicts of interest.

a. Contractors and Their Employees

Consultant Contractors shall file a Statement of Economic Interests, Fair Political Practices Commission (FPPC) Form 700 prior to commencing services under the Agreement, annually during the life of the Agreement, and within thirty (30) days after

the expiration of the Agreement. Other service Contractors and/or certain of their employees may be required to file a Form 700 if so requested by CDCR or whenever it appears that a conflict of interest may be at issue. Generally, service Contractors (other than consultant Contractors required to file as above) and their employees shall be required to file an FPPC Form 700 if one of the following exists:

1. The Agreement service has been identified by CDCR as one where there is a greater likelihood that a conflict of interest may occur;
2. The Contractor and/or Contractor's employee(s), pursuant to the Agreement, makes or influences a governmental decision; or
3. The Contractor and/or Contractor's employee(s) serves in a staff capacity with CDCR and in that capacity participates in making a governmental decision or performs the same or substantially all the same duties for CDCR that would otherwise be performed by an individual holding a position specified in CDCR's Conflict of Interest Code.

b. Current State Employees

1. No officer or employee shall engage in any employment, activity or enterprise from which the officer or employee receives compensation or has a financial interest and which is sponsored or funded by any state agency, unless the employment, activity or enterprise is required as a condition of regular state employment.
2. No officer or employee shall contract on his or her own behalf as an independent Contractor with any state agency to provide goods or services.
3. In addition to the above, CDCR officials and employees shall also avoid actions resulting in or creating an appearance of:
 - a. Using an official position for private gain;
 - b. Giving preferential treatment to any particular person;
 - c. Losing independence or impartiality;
 - d. Making a decision outside of official channels; and
 - e. Affecting adversely the confidence of the public or local officials in the integrity of the program.
4. Officers and employees of the Department must not solicit, accept or receive, directly or indirectly, any fee, commission, gratuity or gift from any person or business organization doing or seeking to do business with the State.

c. Former State Employees

1. For the two year (2-year) period from the date he or she left state employment, no former state officer or employee may enter into an Agreement in which he or she engaged in any of the negotiations, transactions, planning, arrangements or any part of the decision-making process relevant to the Agreement while employed in any capacity by any state agency.

2. For the twelve-month (12-month) period from the date he or she left state employment, no former state officer or employee may enter into an Agreement with any state agency if he or she was employed by that state agency in a policy-making position in the same general subject area as the proposed Agreement within the 12-month period prior to his or her leaving state service.

In addition to the above, the Contractor shall avoid any conflict of interest whatsoever with respect to any financial dealings, employment services, or opportunities offered to incarcerated individuals or parolees. The Contractor shall not itself employ or offer to employ incarcerated individuals or parolees either directly or indirectly through an affiliated company, person or business unless specifically authorized in writing by the CDCR. In addition, the Contractor shall not (either directly, or indirectly through an affiliated company, person or business) engage in financial dealings with incarcerated individuals or parolees, except to the extent that such financial dealings create no actual or potential conflict of interest, are available on the same terms to the general public, and have been approved in advance in writing by CDCR. For the purposes of this paragraph, "affiliated company, person or business" means any company, business, corporation, nonprofit corporation, partnership, limited partnership, sole proprietorship, or other person or business entity of any kind which has any ownership or control interest whatsoever in the Contractor, or which is wholly or partially owned (more than 5% ownership) or controlled (any percentage) by the Contractor or by the Contractor's owners, officers, principals, directors and/or shareholders, either directly or indirectly. "Affiliated companies, persons or businesses" include, but are not limited to, subsidiary, parent, or sister companies or corporations, and any company, corporation, nonprofit corporation, partnership, limited partnership, sole proprietorship, or other person or business entity of any kind that is wholly or partially owned or controlled, either directly or indirectly, by the Contractor or by the Contractor's owners, officers, principals, directors and/or shareholders.

The Contractor shall have a continuing duty to disclose to the State, in writing, all interests and activities that create an actual or potential conflict of interest in performance of the Agreement.

The Contractor shall have a continuing duty to keep the State timely and fully apprised in writing of any material changes in the Contractor's business structure and/or status. This includes any changes in business form, such as a change from sole proprietorship or partnership into a corporation or vice-versa; any changes in company ownership; any dissolution of the business; any change of the name of the business; any filing in bankruptcy; any revocation of corporate status by the Secretary of State; and any other material changes in the Contractor's business status or structure that could affect the performance of the Contractor's duties under the Agreement.

If the Contractor violates any provision of the above paragraphs, such action by the Contractor shall render this Agreement void.

Members of boards and commissions are exempt from this section if they do not receive payment other than payment for each meeting of the board or commission, payment for preparatory time and payment for per diem.

23. Disclosure

Neither the State nor any State employee will be liable to the Contractor or its staff for injuries inflicted by incarcerated individuals or parolees of the State. The State agrees to disclose to the Contractor any statement(s) known to State staff, made by any incarcerated individual or parolee, which indicate violence may result in any specific situation, and the same responsibility will be shared by the Contractor in disclosing such statement(s) to the State.

24. Additional Disclosure

Neither the State nor any State employee will be liable to the Contractor or its staff for any injuries caused by exposure to any blood borne pathogens, aerosol transmissible diseases, or communicable diseases. Contractor agrees that it shall comply fully with all applicable Cal/OSHA regulations concerning protection of the Contractor's employees from diseases; including Title 8, California Code of Regulations section 5193 (Blood Borne Pathogens), and Title 8, section 5199 (Aerosol Transmissible Diseases). Contractor agrees to indemnify, defend, and save harmless the State, its officers, agents and employees from any and all claims and losses accruing or resulting to any of the Contractor's employees arising out of exposure to any blood borne pathogen, aerosol transmissible disease, or communicable disease during the Contractor's performance of the Agreement.

25. Security Clearance/Fingerprinting

The State reserves the right to conduct fingerprinting and/or security clearance through the Department of Justice, Bureau of Criminal Identification and Information (BCII), prior to award and at any time during the term of the Agreement, in order to permit Contractor and/or Contractor's employee access to State premises. The State further reserves the right to terminate the Agreement should a threat to security be determined.

26. Notification of Personnel Changes

Contractor must notify the State, in writing, of any changes of those personnel allowed access to State premises for the purpose of providing services under this Agreement. In addition, Contractor must recover and return any State-issued identification card provided to Contractor's employee(s) upon their departure or termination.

27. Hiring Considerations

If this Agreement is in excess of \$200,000, the Contractor shall be required to give priority consideration in filling vacancies in positions funded by the Agreement to qualified recipients of aid under Welfare and Institutions Code Section 11200 et seq.

28. Contractor Employee Misconduct

During the performance of this Agreement, it shall be the responsibility of the Contractor whenever there is an incident of use of force or allegation(s) of employee misconduct associated with and directly impacting incarcerated individual and/or parolee rights, to immediately notify CDCR of the incident(s), to cause an investigation to be conducted, and to provide CDCR with all relevant information pertaining to the incident(s). All relevant information includes, but is not limited to: a) investigative reports; b) access to incarcerated

individuals/parolees and the associated staff; c) access to employee personnel records; d) that information reasonably necessary to assure CDCR that incarcerated individuals and/or parolees are not or have not been deprived of any legal rights as required by law, regulation, policy and procedures; and e) written evidence that the Contractor has taken such remedial action, in the event of unnecessary or excessive force, or employee misconduct with incarcerated individuals and/or parolees, as will assure against a repetition of incident(s) or retaliation. To the extent that the information provided by the Contractor fails to so assure CDCR, CDCR may require that any implicated Contractor staff be denied access to and the supervision of CDCR incarcerated individuals and/or parolees at the facility and access to incarcerated individual and/or parolee records. Notwithstanding the foregoing, and without waiving any obligation of the Contractor, CDCR retains the power to conduct an independent investigation of any incident(s). Furthermore, it is the responsibility of the Contractor to include the foregoing terms within any and all subcontracts, requiring that subcontractor(s) agree to the jurisdiction of CDCR to conduct an investigation of their facility and staff, including review of subcontractor employee personnel records, as a condition of the Agreement.

29. Workers' Compensation

Contractor hereby represents and warrants that Contractor is currently and shall, for the duration of this Agreement, carry workers' compensation insurance, at Contractor's expenses, or that it is self-insured through a policy acceptable to CDCR, for all of its employees who will be engaged in the performance of this Agreement. Such coverage will be a condition of CDCR's obligation to pay for services provided under this Agreement.

Prior to approval of this Agreement and before performing any work, Contractor shall furnish to the State evidence of valid workers' compensation coverage. Contractor agrees that the workers' compensation insurance shall be in effect at all times during the term of this Agreement. In the event said insurance coverage expires or is canceled at any time during the term of this Agreement, Contractor agrees to give at least thirty (30) days prior notice to CDCR before said expiration date or immediate notice of cancellation. Evidence of coverage shall not be for less than the remainder of the term of the Agreement or for a period of not less than one year. The State reserves the right to verify the Contractor's evidence of coverage. In the event the Contractor fails to keep workers' compensation insurance coverage in effect at all times, the State reserves the right to terminate this Agreement and seek any other remedies afforded by the laws of this State.

Contractor also agrees to indemnify, defend and save harmless the State, its officers, agents and employees from any and all of Contractor's workers' compensation claims and losses by Contractor's officers, agents and employees related to the performance of this Agreement.

30. Insurance Requirements

Insurance as required herein shall be a condition of the State's obligation to pay for services provided under this Agreement. Prior to approval of this Agreement and before performing any work, Contractor and any subcontractor shall furnish to the State evidence of valid coverage. The following shall be considered evidence of coverage: A certificate of insurance, a "true and certified" copy of the policy, or any other proof of coverage issued by Contractor's insurance carrier. Binders are not acceptable as evidence of coverage.

Providing evidence of coverage to the State conveys no rights or privileges to the State, nor does it insure any State employee or insure any premises owned, leased, used by or otherwise or under the control of the State. It does, however, serve to provide the State with proof that the Contractor and any subcontractor are insured at the minimum levels required by the State of California.

Contractor agrees that any liability insurance required in the performance of this Agreement shall be in effect at all times during the term of this Agreement. In the event said insurance coverage expires or is canceled during the term of this Agreement, Contractor shall provide the State within five (5) business days of receipt by contractor a copy of any notice of cancellation or non-renewal of insurance required by the contract. Evidence of coverage required in the performance of this Agreement shall not be for less than the remainder of the term of this Agreement or for a period of not less than one year. The State and the Department of General Services (DGS) reserve the right to verify the Contractor's evidence of coverage; evidence of coverage is subject to the approval of the DGS. In the event the Contractor fails to keep insurance coverage at all times as required, the State reserves the right to terminate this Agreement and to seek any other remedies afforded by the laws of the State of California.

For all companies and/or businesses and individual providers, the Contractor hereby represents and warrants that the Contractor is currently and shall be, for the duration of this Agreement, at Contractor's expense insured against:

Commercial General Liability - Provider agrees to carry a minimum of \$1,000,000 per occurrence for bodily injury and property damage liability combined (not required if medical services are provided at the institution).

The certificate of insurance must include the following provisions:

- The California Department of Corrections and Rehabilitation must be named as the "Certificate Holder" and list the following:

State of California
California Department of Corrections and Rehabilitation
Office of Business Services
9838 Old Placerville Road, Suite B
Sacramento, CA 95827
- The State of California, its officers, agents, employees, and servants are hereby named as additional insured but only with respect to work performed for the State of California, under the contract (SCM 7.40).

Auto Liability – By signing this Agreement, the Contractor certifies that the Contractor and any employees, subcontractors or servants possess valid automobile coverage in accordance with California Vehicle Code Sections 16450 to 16457, inclusive. The State reserves the right to request proof at any time.

Pollution Liability – Contractor and any subcontractors shall furnish to the State a certificate of insurance evidencing environmental liability insurance presently in effect for the Contractor of not less than \$1,000,000 per occurrence for bodily injury and property damage

liability combined. Note: Higher limits may be required in cases of higher than usual risk.

31. Disabled Veteran Business Enterprise (DVBE)

If this Agreement is exempt from DVBE requirements, CDCR requests your assistance in achieving legislatively established goals for the participation of DVBEs by reporting any certified DVBEs that will be used in the performance of this Agreement.

32. Small Business and DVBE Participation – Commercially Useful Functions

This solicitation and any resulting Agreement shall be subject to all requirements as set forth in the following code:

GC Sections 14836, 14837, 14838, 14839, 14840, 14842, 14842.5
Military and Veterans Code (MVC) Sections 999, 999.6, 999.9

In part, these codes involve requirements for businesses to qualify as a California certified Small Business, Micro business and/or DVBE. The aforementioned companies must perform a **commercially useful function** to be eligible for award and be “domiciled” in California. A supplier’s bid will be considered non-responsive and rejected for failure to comply with the definition and requirements set forth in the statutes. Contractors found to be in violation of certain provisions within these code sections may be subject to loss of certification, penalties and Agreement cancellation.

33. DVBE Replacement Request

Contractor understands and agrees that should award of this contract be based in part on their commitment to use the Disabled Veteran Business Enterprise (DVBE) subcontractor(s) identified in their bid or offer, per Military and Veteran’s Code (MVC) § 999.5 (e), a DVBE subcontractor may only be replaced by another DVBE subcontractor and must be approved by the Department of General Services (DGS). The Contractor shall submit requests for DVBE substitutions electronically on the DVBE Substitution form with justification for the substitution to the Office of Business Services, m_cdcrobscontracts@cdcr.ca.gov. For assistance with access to the “DVBE Substitution” form and instructions, contact the Department of Corrections and Rehabilitation Office of Business Services SB/DVBE Advocate at sbdvbeadvocate@cdcr.ca.gov. Requests to replace a DVBE subcontractor must be amply documented to show that the replacement meets the criteria as specified in the California Code of Regulations (CCR), Title II, Section 1896.73(g) or the Public Contract Code (PCC) § 4107 (for public works). Failure of Contractor to seek substitution and adhere to the DVBE participation level identified in the bid or offer may be cause for contract termination, recovery of damages under rights and remedies due to the State, and penalties as outlined in MVC § 999.9; PCC § 10115.10, or PCC § 4110 (for public works contracts).

34. DVBE Payment Certification

MVC 999.5(d) requires prime contractors to certify that payments to DVBE subcontractors were made upon completion of the contract and allows the awarding department to request proof of payment. Senate Bill 588 requires prime contractors to certify that payments to DVBE subcontractors were made upon final invoice submittal. MVC 999.7 states that the department shall withhold up to \$10,000 from the final payment until the prime contractor

complies with the certification requirements in MVC 999.5(d).

Prime contractors shall return the completed Prime Contractor's Certification – DVBE Subcontractor Report (STD 817) with proof of payment to the DVBE subcontractor via email to "DVBEsubcontractorReport@cdcr.ca.gov" for processing and inclusion in the contract file with the final invoice. If the STD 817 is not submitted with the final invoice or submitted incomplete, up to \$10,000 will be withheld from the prime contractor's final payment pending receipt of a complete and accurate STD 817.

35. Travel

Contractor's rates shall include all travel expenses required to perform services in accordance with this Agreement.

36. Tuberculosis (TB) Testing

In the event that the services required under this Agreement will be performed within a CDCR institution/parole office/community-based program, Contractors and their employees who are assigned to work with, near, or around incarcerated individuals/parolees shall be required to be examined and tested or medically evaluated by a licensed healthcare provider for TB in an infectious or contagious stage prior to the performance of contracted duties, and at least once a year thereafter (within 12 months of their initial or previous TB test under this contract), or more often as directed by CDCR.

Contractors and their employees who have any contact (physical or nonphysical) with incarcerated individuals/parolees, shall be required to furnish to the CDCR Program/Institution Contract Manager, at no cost to CDCR, a documented Tuberculosis (TB) evaluation/test for TB infection (Tuberculin Skin Test (TST) or a blood test Interferon Gamma Release Assay (IGRA) completed within (30) thirty days of the start date of the services and be certified to be free of TB in an infectious or contagious stage by a licensed healthcare provider prior to assuming their contracted duties and annually thereafter.

The following provisions apply to services provided on departmental and/or institution grounds:

37. Bloodborne Pathogens

Contractor shall adhere to California Division of Occupational Safety and Health (CAL-OSHA) regulations and guidelines pertaining to bloodborne pathogens.

38. Primary Laws, Rules, and Regulations Regarding Conduct and Association with State Prison incarcerated individuals and Division of Juvenile Justice Wards

Individuals who are not employees of the California Department of Corrections and Rehabilitation (CDCR), but who are working in and around incarcerated individuals who are incarcerated, or wards who are housed within California's institutions/facilities or camps, are to be apprised of the laws, rules and regulations governing conduct in associating with prison incarcerated individuals or wards. The following is a summation of pertinent information when non-departmental employees come in contact with prison incarcerated individuals or wards.

By signing this contract, the Contractor agrees that if the provisions of the contract require the Contractor to enter an institution/facility or camp, the Contractor and any employee(s) and/or subcontractor(s) shall be made aware of and shall abide by the following laws, rules and regulations governing conduct in associating with prison incarcerated individuals or wards:

- a. Persons who are not employed by CDCR, but are engaged in work at any institution/facility or camp must observe and abide by all laws, rules and regulations governing the conduct of their behavior in associating with prison incarcerated individuals or wards. Failure to comply with these guidelines may lead to expulsion from CDCR institutions/facilities or camps.

- e. It is illegal for an individual who has been previously convicted of a felony offense to enter into CDCR adult institutions/facilities or camps, or youth institutions/facilities or camps in the nighttime, without the prior approval of the Warden or officer in charge. It is also illegal for an individual to enter onto these premises for unauthorized purposes or to refuse to leave said premises when requested to do so. Failure to comply with this provision could lead to prosecution.

- f. Encouraging and/or assisting prison incarcerated individuals to escape, is a crime. It is illegal to bring firearms, deadly weapons, explosives, tear gas, drugs or drug paraphernalia on CDCR institutions/facilities or camp premises. It is illegal to give prison incarcerated individuals or wards firearms, explosives, alcoholic beverages,

narcotics, or any drug or drug paraphernalia, including cocaine or marijuana. It is illegal to give wards sex oriented objects or devices, and written materials and pictures whose sale is prohibited to minors.

- i. For security reasons, visitors must not wear clothing that in any way resembles state issued prison incarcerated individual or ward clothing (blue denim shirts, blue denim pants).

SOURCE: CCR, Title 15, Section 3174(b)(1); Title 9, Section 30275.

- j. Interviews with SPECIFIC INCARCERATED INDIVIDUALS are not permitted. Conspiring with an incarcerated individual to circumvent policy and/or regulations constitutes a rule violation that may result in appropriate legal action. Interviews with individual wards are permitted with written consent of each ward if he is 18 years of age or older, or with written consent of a parent, legal guardian, or committing court, if 17 years of age or younger.

SOURCE: CCR, Title 15, Sections 3261.5, 3315(a)(3)(X), and 3177; Title 9, Section 31100(a)(1).

39. Clothing Restrictions

While on institution grounds, Contractor and all its agents, employees, and/or representatives shall be professionally and appropriately dressed in clothing distinct from that worn by incarcerated individuals at the institution. Specifically, blue denim pants and blue chambray shirts, orange/red/yellow/white/chartreuse jumpsuits and/or yellow rainwear shall not be worn onto institution grounds, as this is incarcerated individual attire. The Contractor should contact the institution regarding clothing restrictions prior to requiring access to the institution to assure the Contractor and their employees are in compliance.

40. Tobacco-Free Environment

Pursuant to Penal Code Section 5030.1, the use of tobacco products by any person on the grounds of any institution or facility under the jurisdiction of CDCR is prohibited.

41. Prison Rape Elimination Policy

CDCR maintains a zero tolerance for sexual misconduct in its institutions, community correctional facilities, conservation camps and for all offenders under its jurisdiction. All sexual misconduct is strictly prohibited.

CDCR is committed to providing a safe, humane, secure environment, free from sexual misconduct. This will be accomplished by maintaining a program to ensure education/prevention, detection, response, investigation and tracking of sexual misconduct and to address successful community re-entry of the victim.

All Contractors and their employees are expected to ensure compliance with this policy as described in Department Operations Manual, Chapter 5, Article 44.

If you are providing services for the confinement of our incarcerated individuals, you and your staff are required to adopt and comply with the PREA standards, 28 Code of Federal Regulations (CFR) Part 115 and with CDCR's Department Operations Manual, Chapter 5, Article 44, including updates to this policy. This will include CDCR staff and outside audit personnel (who also conduct PREA audits of state prisons) conducting audits to ensure compliance with the standards.

As a Contractor with CDCR, you shall not assign an employee to a CDCR facility or assign an employee to duties if that employee will have contact with CDCR incarcerated individuals, if that employee has 1) engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution (as defined in 42 U.S.C. 1997); 2) been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or 3) has been civilly or administratively adjudicated to have engaged in the activity described in this section.

The Contractor shall conduct a criminal background records check for each contract employee who will have contact with CDCR incarcerated individuals and retain the results for audit purposes. By signing this contract the Contractor agrees to ensure that all of the mandates of this Prison Rape Elimination Policy are complied with. Material omissions, by the contract employee, regarding such misconduct or the provision of materially false information, shall be grounds for removal from institutional grounds.

Contract employees, who have contact with incarcerated individuals, shall be provided training via the Exhibit titled; "PRISON RAPE ELIMINATION POLICY, Volunteer/Contractor Informational Sheet" to learn their responsibilities under the agency's sexual abuse and sexual harassment prevention, detection, and response policies and procedures. A copy of this signed informational sheet will be provided to the institution before a contract employee may have contact with incarcerated individuals.

Any contract employee who appears to have engaged in sexual misconduct of an incarcerated individual shall be prohibited from contact with incarcerated individuals and shall be subject to administrative and/or criminal investigation. Referral shall be made to the District Attorney unless the activity was clearly not criminal. Reportable information shall be sent to relevant licensing bodies.

42. Security Regulations

- a. Unless otherwise directed by the entrance gate officer and/or Contract Manager, the Contractor, Contractor's employees and subcontractors shall enter the institution through the main entrance gate and park private and nonessential vehicles in the designated visitor's parking lot. Contractor, Contractor's employees and subcontractors shall remove the keys from the ignition when outside the vehicle and all unattended vehicles shall be locked and secured while on institution grounds.
- b. Any State- and Contractor-owned equipment used by the Contractor for the provision of contract services, shall be rendered temporarily inoperative by the Contractor when not in use, by locking or other means unless specified otherwise.
- c. In order to maintain institution safety and security, periodic fire prevention inspections and site searches may become necessary and Contractor must furnish keys to institutional authorities to access all locked areas on the worksite. The State shall in no way be responsible for Contractor's loss due to fire.
- d. Due to security procedures, the Contractor, Contractor's employees and subcontractors may be delayed at the institution vehicle/pedestrian gates and sally ports. Any loss of time checking in and out of the institution gates and sally ports shall be borne by the Contractor.
- e. Contractor, Contractor's employees and subcontractors shall observe all security rules and regulations and comply with all instructions given by institutional authorities.
- f. Electronic and communicative devices such as pagers, cell phones and cameras/micro cameras are not permitted on institution grounds.
- g. Contractor, Contractor's employees and subcontractors shall not cause undue interference with the operations of the institution.
- h. No picketing is allowed on State property.

43. Gate Clearance

Contractor and Contractor's employee(s) and/or subcontractor(s) must be cleared prior to providing services. The Contractor will be required to complete a Request for Gate Clearance for all persons entering the facility a minimum of ten (10) working days prior to commencement of service. The Request for Gate Clearance must include the person's name, social security number, valid state driver's license number or state identification card number and date of birth. Information shall be submitted to the Contract Liaison or his/her designee. CDCR uses the Request for Gate Clearance to run a California Law Enforcement Telecommunications System (CLETS) check. The check will include Department of Motor Vehicles check, Wants and Warrants check, and Criminal History check.

Gate clearance may be denied for the following reasons: Individual's presence in the institution presents a serious threat to security, individual has been charged with a serious crime committed on institution property, inadequate information is available to establish

positive identity of prospective individual, and/or individual has deliberately falsified his/her identity.

All persons entering the facilities must have a valid state driver's license or photo identification card on their person.

The Prison Rape Elimination Policy for the California Department of Corrections and Rehabilitation (CDCR) is explained on this informational sheet. As a volunteer or private contractor who has contact with CDCR offenders, it is your responsibility to do what you can, within the parameters of your current assignment, to reduce incidents of sexual violence, staff sexual misconduct, and sexual harassment and to report information appropriately when they are reported to you or when you observe such an incident. For purposes of this Policy, the word “staff” includes volunteers and private contractors.

Historical Information

Both the Congress and State Legislature passed laws, the Federal Prison Rape Elimination Act (PREA) of 2003, the Sexual Abuse in Detention Elimination Act, Chapter 303, Statutes of 2005, and most recently the United States, Department of Justice Final Rule; National Standards of 2012 to help prevent, detect, and respond to sexual violence, staff sexual misconduct, and sexual harassment behind bars. It is important that we, as professionals, understand all aspects of these laws and our responsibilities to help prevent, detect, and respond to instances by offenders and staff.

CDCR Policy

The CDCR policy is found in Department Operations Manual (DOM), Chapter 5, Article 44. PREA addresses five types of sexual offenses. Sexual violence committed by offenders against offenders encompasses: abusive sexual contact, non-consensual sex acts, and sexual harassment by an offender. Other sections covered by PREA include staff sexual misconduct towards an offender and staff sexual harassment towards an offender.

CDCR’s policy provides for the following:

- CDCR is committed to continuing to provide a safe, humane, secure environment, free from offender on offender sexual violence, staff sexual misconduct, and sexual harassment.
- CDCR maintains zero tolerance for sexual violence, staff sexual misconduct, and sexual harassment in its institutions, community correctional facilities, conservation camps, and for all offenders under its jurisdiction.
- All sexual violence, staff sexual misconduct, and sexual harassment is strictly prohibited.
- This policy applies to all offenders and persons employed by the CDCR, including volunteers and independent contractors assigned to an institution, community correctional facility, conservation camp, or parole.

Retaliatory measures against employees or offenders who report incidents of sexual violence, staff sexual misconduct, or sexual harassment as well as retaliatory measures taken against those who cooperate with investigations shall not be tolerated and shall result in disciplinary action and/or criminal prosecution. Retaliatory measures include, but are not limited to:

- Coercion.
- Threats of punishments.
- Any other activities intended to discourage or prevent staff or offenders from reporting incident(s).

Professional Behavior

Staff, including volunteers and private contractors are expected to act in a professional manner while on the grounds of a CDCR institution and while interacting with other staff and offenders. Key elements of professional behavior include:

- Treating everyone, staff and offenders alike, with respect.
- Speaking without judging, blaming, or being demeaning.
- Listening to others with an objective ear and trying to understand their point of view.

- Avoiding gossip, name calling, and what may be perceived as offensive or "off-color" humor.
- Taking responsibility for your own behavior.

Preventative Measures

You can help reduce sexual violence, staff sexual misconduct, and sexual harassment by taking various actions during the performance of your duties as a volunteer or private contractor.

The following are ways in which you can help:

- Know and enforce the rules regarding the sexual conduct of offenders.
- Be professional at all times.
- Make it clear that sexual activity is not acceptable.
- Treat any suggestion or allegation of sexual violence, staff sexual misconduct, and sexual harassment as serious.
- Follow appropriate reporting procedures and assure that the alleged victim is separated from the alleged predator.
- Never advise an offender to use force to repel sexual advances.

Detection

All staff, including volunteers and private contractors, is responsible for reporting immediately and confidentially, to the appropriate supervisor any information that indicates an offender is being, or has been, the victim of sexual violence, staff sexual misconduct, or sexual harassment.

After immediately reporting to the appropriate supervisor, you are required to document the information you reported. You will be instructed by the supervisor regarding the appropriate form to be used for documentation.

You will take necessary action (i.e., give direction or press your alarm) to prevent further harm to the victim. Staff, including volunteers and private contractors, will request the victim does not: 1) Shower; 2) Remove clothing without custody supervision; 3) Use the restroom facilities; and 4) Consume any liquids.

I have read the information above and understand my responsibility to immediately report any information that indicates an offender is being, or has been, the victim of sexual violence, staff sexual misconduct, or sexual harassment.

CONTRACTOR CERTIFICATION CLAUSES

STATEMENT OF COMPLIANCE:

Contractor has, unless exempted, complied with the nondiscrimination program requirements. (GC 12990 (a-f) and CCR, Title 2, Section 8103) (Not applicable to public entities.)

DRUG-FREE WORKPLACE REQUIREMENTS:

Contractor will comply with the requirements of the Drug-Free Workplace Act of 1990 and will provide a drug-free workplace by taking the following actions:

- a) Publish a statement notifying employees that unlawful manufacture, distribution, dispensation, possession or use of a controlled substance is prohibited and specifying actions to be taken against employees for violations.
- b) Establish a Drug-Free Awareness Program to inform employees about:
 1. the dangers of drug abuse in the workplace;
 2. the person's or organization's policy of maintaining a drug-free workplace;
 3. any available counseling, rehabilitation and employee assistance programs; and,

4. penalties that may be imposed upon employees for drug abuse violations.
- c) Provide that every employee who works on the proposed Agreement will:
 1. receive a copy of the company's drug-free policy statement; and,
 2. agree to abide by the terms of the company's statement as a condition of employment on the Agreement.

Failure to comply with these requirements may result in suspension of payments under the Agreement or termination of the Agreement or both and Contractor may be ineligible for award of any future State agreements if the department determines that any of the following has occurred: (1) the Contractor has made false certification, or violated the certification by failing to carry out the requirements as noted above. (GC 8350 et seq.)

NATIONAL LABOR RELATIONS BOARD CERTIFICATION:

Contractor certifies that no more than one (1) final unappealable finding of contempt of court by a Federal court has been issued against Contractor within the immediately preceding two-year period because of Contractor's failure to comply with an order of a Federal court which orders Contractor to comply with an order of the National Labor Relations Board. (PCC 10296) (Not applicable to public entities.)

CONTRACTS FOR LEGAL SERVICES \$50,000 OR MORE- PRO BONO REQUIREMENT:

Contractor hereby certifies that contractor will comply with the requirements of Section 6072 of the Business and Professions Code, effective January 1, 2003.

Contractor agrees to make a good faith effort to provide a minimum number of hours of pro bono legal services during each year of the contract equal to the lessor of 30 multiplied by the number of full time attorneys in the firm's offices in the State, with the number of hours prorated on an actual day basis for any contract period of less than a full year or 10% of its contract with the State.

Failure to make a good faith effort may be cause for non-renewal of a state contract for legal services, and may be taken into account when determining the award of future contracts with the State for legal services.

EXPATRIATE CORPORATIONS:

Contractor hereby declares that it is not an expatriate corporation or subsidiary of an expatriate corporation within the meaning of Public Contract Code Section 10286 and 10286.1, and is eligible to contract with the State of California.

SWEATFREE CODE OF CONDUCT:

- a. All Contractors contracting for the procurement or laundering of apparel, garments or corresponding accessories, or the procurement of equipment, materials, or supplies, other than procurement related to a public works contract, declare under penalty of perjury that no apparel, garments or corresponding accessories, equipment, materials, or supplies furnished to the state pursuant to the contract have been laundered or produced in

whole or in part by sweatshop labor, forced labor, convict labor, indentured labor under penal sanction, abusive forms of child labor or exploitation of children in sweatshop labor, or with the benefit of sweatshop labor, forced labor, convict labor, indentured labor under penal sanction, abusive forms of child labor or exploitation of children in sweatshop labor. The contractor further declares under penalty of perjury that they adhere to the Sweatfree Code of Conduct as set forth on the California Department of Industrial Relations [website](#) and Public Contract Code Section 6108.

- b. The contractor agrees to cooperate fully in providing reasonable access to the contractor's records, documents, agents or employees, or premises if reasonably required by authorized officials of the contracting agency, the Department of Industrial Relations, or the Department of Justice to determine the contractor's compliance with the requirements under paragraph (a).

DOMESTIC PARTNERS:

For contracts of \$100,000 or more, Contractor certifies that Contractor is in compliance with Public Contract Code section 10295.3.

GENDER IDENTITY:

For contracts of \$100,000 or more, Contractor certifies that Contractor is in compliance with Public Contract Code section 10295.35.

DOING BUSINESS WITH THE STATE OF CALIFORNIA

The following laws apply to persons or entities doing business with the State of California.

CONFLICT OF INTEREST:

Contractor needs to be aware of the following provisions regarding current or former state employees. If Contractor has any questions on the status of any person rendering services or involved with the Agreement, the awarding agency must be contacted immediately for clarification.

a) Current State Employees (PCC 10410):

1. No officer or employee shall engage in any employment, activity or enterprise from which the officer or employee receives compensation or has a financial interest and which is sponsored or funded by any state agency, unless the employment, activity or enterprise is required as a condition of regular state employment.
2. No officer or employee shall contract on his or her own behalf as an independent contractor with any state agency to provide goods or services.

b) Former State Employees (PCC 10411):

1. For the two-year period from the date he or she left state employment, no former state officer or employee may enter into a contract in which he or she engaged in any of the negotiations, transactions, planning, arrangements or any part of the decision-

making process relevant to the contract while employed in any capacity by any state agency.

2. For the twelve-month period from the date he or she left state employment, no former state officer or employee may enter into a contract with any state agency if he or she was employed by that state agency in a policy-making position in the same general subject area as the proposed contract within the 12-month period prior to his or her leaving state service.

If Contractor violates any provisions of above paragraphs, such action by Contractor shall render this Agreement void. (PCC 10420)

Members of boards and commissions are exempt from this section if they do not receive payment other than payment of each meeting of the board or commission, payment for preparatory time and payment for per diem. (PCC 10430 (e))

LABOR CODE/WORKERS' COMPENSATION:

Contractor needs to be aware of the provisions which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions, and Contractor affirms to comply with such provisions before commencing the performance of the work of this Agreement. (Labor Code Section 3700)

AMERICANS WITH DISABILITIES ACT:

Contractor assures the State that it complies with the Americans with Disabilities Act (ADA) of 1990, which prohibits discrimination on the basis of disability, as well as all applicable regulations and guidelines issued pursuant to the ADA. (42 U.S.C. 12101 et seq.)

CONTRACTOR NAME CHANGE:

An amendment is required to change the Contractor's name as listed on this Agreement. Upon receipt of legal documentation of the name change the State will process the amendment. Payment of invoices presented with a new name cannot be paid prior to approval of said amendment.

CORPORATE QUALIFICATIONS TO DO BUSINESS IN CALIFORNIA:

- a) When agreements are to be performed in the state by corporations, the contracting agencies will be verifying that the contractor is currently qualified to do business in California in order to ensure that all obligations due to the state are fulfilled.
- b) "Doing business" is defined in R&TC Section 23101 as actively engaging in any transaction for the purpose of financial or pecuniary gain or profit. Although there are some statutory exceptions to taxation, rarely will a corporate contractor performing within the state not be subject to the franchise tax.
- c) Both domestic and foreign corporations (those incorporated outside of California) must be in good standing in order to be qualified to do business in California. Agencies will determine whether a corporation is in good

standing by calling the Office of the Secretary of State.

RESOLUTION:

A county, city, district, or other local public body must provide the State with a copy of a resolution, order, motion, or ordinance of the local governing body which by law has authority to enter into an agreement, authorizing execution of the agreement.

AIR OR WATER POLLUTION VIOLATION:

Under the State laws, the Contractor shall not be: (1) in violation of any order or resolution not subject to review promulgated by the State Air Resources Board or an air pollution control district; (2) subject to cease and desist order not subject to review issued pursuant to Section 13301 of the Water Code for violation of waste discharge requirements or discharge prohibitions; or (3) finally determined to be in violation of provisions of federal law relating to air or water pollution.

PAYEE DATA RECORD

(Required when receiving payment from the State of California in lieu of IRS W-9 or W-7)

STD 204 (Rev. 03/2021)

GENERAL INSTRUCTIONS

Type or print the information on the Payee Data Record, STD 204 form. Sign, date, and return to the state agency/department office address shown in Section 6. Prompt return of this fully completed form will prevent delays when processing payments.

Information provided in this form will be used by California state agencies/departments to prepare Information Returns (Form1099).

NOTE: Completion of this form is optional for Government entities, i.e. federal, state, local, and special districts.

A completed Payee Data Record, STD 204 form, is required for all payees (non-governmental entities or individuals) entering into a transaction that may lead to a payment from the state. Each state agency requires a completed, signed, and dated STD 204 on file; therefore, it is possible for you to receive this form from multiple state agencies with which you do business.

Payees who do not wish to complete the STD 204 may elect not to do business with the state. If the payee does not complete the STD 204 and the required payee data is not otherwise provided, payment may be reduced for federal and state backup withholding. Amounts reported on Information Returns (Form 1099) are in accordance with the Internal Revenue Code (IRC) and the California Revenue and Taxation Code (R&TC).

Section 1 – Payee Information

Name – Enter the name that appears on the payee's federal tax return. The name provided shall be the tax liable party and is subject to IRS TIN matching (when applicable).

- Sole Proprietor/Individual/Revocable Trusts – enter the name shown on your federal tax return.
- Single Member Limited Liability Companies (LLCs) that is disregarded as an entity separate from its owner for federal tax purposes - enter the name of the individual or business entity that is tax liable for the business in section 1. Enter the DBA, LLC name, trade, or fictitious name under Business Name.
- Note: for the State of California tax purposes, a Single Member LLC is not disregarded from its owner, even if they may be disregarded at the Federal level.
- Partnerships, Estates/Trusts, or Corporations – enter the entity name as shown on the entity's federal tax return. The name provided in Section 1 must match to the TIN provided in section 3. Enter any DBA, trade, or fictitious business names under Business Name.

Business Name – Enter the business name, DBA name, trade or fictitious name, or disregarded LLC name.

Mailing Address – The mailing address is the address where the payee will receive information returns. Use form STD 205, Payee Data Record Supplement to provide a remittance address if different from the mailing address for information returns, or make subsequent changes to the remittance address.

Section 2 – Entity Type

Corporation that does not meet the qualifications of any of the other corporation types listed above • LLC that is to be taxed as a Corporation and does not meet any of the other corporation types listed above	Corporation-All Other

Section 3 – Tax Identification Number

The State of California requires that all parties entering into business transactions that may lead to payment(s) from the state provide their Taxpayer Identification Number (TIN). The TIN is required by R&TC sections 18646 and 18661 to facilitate tax compliance enforcement activities and preparation of Form 1099 and other information returns as required by the IRC section 6109(a) and R&TC section 18662 and its regulations.

Section 4 – Payee Residency Status**Are you a California resident or nonresident?**

- A corporation will be defined as a "resident" if it has a permanent place of business in California or is qualified through the Secretary of State to do business in California.
- A partnership is considered a resident partnership if it has a permanent place of business in California.
- An estate is a resident if the decedent was a California resident at time of death.
- A trust is a resident if at least one trustee is a California resident.
 - For individuals and sole proprietors, the term "resident" includes every individual who is in California for other than a temporary or transitory purpose and any individual domiciled in California who is absent for a temporary or transitory purpose. Generally, an individual who comes to California for a purpose that will extend over a long or indefinite period will be considered a resident. However, an individual who comes to perform a particular contract of short duration will be considered a nonresident.

For information on Nonresident Withholding, contact the Franchise Tax Board at the numbers listed below:

Section 5 – Certification

Provide the name, title, email address, signature, and telephone number of individual completing this form and date completed. In the event that a SSN or ITIN is provided, the individual identified as the tax liable party must certify the form. Note: the signee may differ from the tax liable party in this situation if the signee can provide a power of attorney documented for the individual.

Section 6 – Paying State Agency

This section must be completed by the state agency/department requesting the STD 204.

Privacy Statement

Section 7(b) of the Privacy Act of 1974 (Public Law 93-579) requires that any federal, state, or local governmental agency, which requests an individual to disclose their social security account number, shall inform that individual whether that disclosure is mandatory or voluntary, by which statutory or other authority such number is solicited, and what uses will be made of it. It is mandatory to furnish the information requested. Federal law requires that payment for which the requested information is not provided is subject to federal backup withholding and state law imposes noncompliance penalties of up to \$20,000. You have the right to access records containing your personal information, such as your SSN. To exercise that right, please contact the business services unit or the accounts payable unit of the state agency(ies) with which you transact that business.

All questions should be referred to the requesting state agency listed on the bottom front of this form.

GENERAL INSTRUCTIONS

Type or print the information on the Payee Data Record Supplement, STD 205. Sign, date, and return to the state agency/department with a completed STD 204. Prompt return of the fully completed forms will prevent delays when processing payments.

Purpose – Completion of this form (STD 205) is optional. Payees may use this form to provide remittance addresses or contact information in addition to the 1099 information return mailing address provided on the STD 204. This form shall only be used in conjunction with the STD 204, and will not be accepted without a STD 204.

Please note: The State of California Government will issue 1099 information returns to the mailing address provided on the most recently dated form STD 204 validated by the Payee. Addresses provided on this form (STD 205) will be used for remittance purposes only. If the payee would like to update the address for receiving 1099 information returns, please complete the STD 204.

Payee Information: The Payee's Tax ID number (TIN) and Name (including any Business, DBA, or Disregarded LLC names) are required. This information is subject to TIN matching via the IRS database for validation. Payee Information provided in this section must clearly match the STD 204. Any discrepancies may result in delays of payment, up to and including denial of the request.

Name – Enter the name of the Payee. The name provided shall be the tax liable party and is subject to IRS TIN matching (when applicable).

Business Name – Enter the business name, DBA name, trade or fictitious name, or disregarded LLC name.

Tax ID Number-The State of California requires that all parties entering into business transactions that may lead to payment(s) from the state provide their Taxpayer Identification Number (TIN). The TIN is required by R&TC sections 18646 and 18661 to facilitate tax compliance enforcement activities and preparation of Form 1099 and other information returns as required by the IRC section 6109(a) and R&TC section 18662 and its regulations.

Additional Remittance Address Information - Enter the Payee's additional remittance address(s) that are not listed on STD 204. Up to five (5) addresses may be provided on this form. The Payee may provide additional remittance addresses on a second STD 205 form if needed.

Additional Contact Information - Enter the Payee's additional or updated contact information. Up to three contacts may be identified on this form. Payee may provide additional contacts on a second STD 205 if needed.

PRIVACY STATEMENT

Section 7(b) of the Privacy Act of 1974 (Public Law 93-579) requires that any federal, state, or local governmental agency, which requests an individual to disclose their social security account number, shall inform that individual whether that disclosure is mandatory or voluntary, by which statutory or other authority such number is solicited, and what uses will be made of it.

It is mandatory to furnish the information requested. Federal law requires that payment for which the requested information is not provided is subject to federal backup withholding and state law imposes noncompliance penalties of up to \$20,000.

You have the right to access records containing your personal information, such as your SSN. To exercise that right, please contact the business services unit or the accounts payable unit of the state agency(ies) with which you transact that business.

All questions should be referred to the requesting state agency listed on the bottom front of the STD 204 form.

Section 2: Bidder/ Disclosure and Factsheet

Will you and/or your subcontractor(s) provide GenAI as a deliverable or intend to utilize GenAI, including GenAI from third parties, to complete all, or a portion of any deliverable that materially impacts: (i) functionality of a State system, (ii) risk to the State, or (iii) Contract performance? ☐ Yes ☐ No <i>If no, skip to Signature section of this form. If yes, provide details regarding the GenAI system.</i>
--

See GenAI Reporting and Factsheet Instructions at the end of this form for more information. Failure to provide information requested on this form may result in disqualification or may void any resulting contract.

1. Provide a brief overview of the workload that is being performed.

2. Which aspects of the workflow will the GenAI support and how will you use GenAI?

3. How is the GenAI solution delivered?

4. How will users access the solution?

5. What types of data will this business process use?

GenAI Reporting and Factsheet Instructions

Please use the following definitions and instructions to complete the GenAI Reporting and Factsheet:

1. Provide a brief overview of the workload that is being performed.

Instruction: Briefly describe what this workflow does, who performs it, and the tasks involved.

Example: Evergreen Health provides drug counseling to the incarcerated. The Evergreen Health clinicians meet with patients on a weekly basis. During the intake process, clinicians ask their patients a suite of questions about their medical and personal history. This information is input into the Evergreen Health patient platform. Throughout the patient's recovery, the clinician will input their notes into the patient portal.

2. Which aspects of the workflow will the GenAI support and how will you use GenAI?

Instruction: Briefly describe what steps involved in the workflow GenAI will augment or replace. Specify exactly what GenAI will do and what steps of the workflow humans will still perform.

Example: The Evergreen Health patient portal uses GenAI to generate recommendations and an overall patient plan for each patient based on the collected patient data. As clinicians add notes from their weekly sessions, the portal will modify the plan or recommendations with the new data. The clinicians use the information provided by the patient portal to guide their patients to a successful recovery.

3. How is the GenAI solution delivered?

Instruction: Specify exactly how GenAI solution will be delivered (*Software Installation (end-user or server), Web Browser, Infrastructure as a Service, Platform as a Service, Software as a Service, or Other and explain how it will be delivered*).

Example: Evergreen Health has GenAI software installed on their servers that connect to the patient portal to generate recommendations and overall patient plans.

4. How will users access the solution?

Instruction: Describe how end users, including your staff or CDCR staff, will access the GenAI features. If users do not directly interact with the GenAI, describe how their inputs or data interact with the solution.

Example: Evergreen Health clinicians access their patient management portal via a web browser on Evergreen Health devices. No CDCR staff access the platform.

5. What types of data will this business process use?

Instruction: Identify the type of data that will be processed, stored, or transmitted by this solution.

Example: Medical history, social security number, name, phone, address, education history

6. Will there be tailored training and specific rules of engagement for stakeholders to ensure proper usage of the system, with adherence required for each use case?

Example: Yes

CANCELLATION

Should any of the above described policies be cancelled before the expiration date thereof, notice will be delivered in accordance with the policy provisions:

**CALIFORNIA DISABLED VETERAN BUSINESS ENTERPRISE (DVBE)
BID INCENTIVE INSTRUCTIONS**
(09/03/09)

Please read the instructions carefully before you begin.

AUTHORITY. The Disabled Veteran Business Enterprise (DVBE) Participation Goal Program for State contracts is established in Public Contract Code (PCC), §10115 et seq., Military and Veterans Code (MVC), §999 et seq., and California Code of Regulations (CCR), Title 2, §1896.60 et seq. **Recent legislation has modified the program significantly in that a bidder may no longer demonstrate compliance with program requirements by performing a “good faith effort” (GFE).**

This solicitation does not include a minimum DVBE participation percentage or goal.

DVBE BID INCENTIVE. A DVBE incentive will be given to bidders who provide DVBE participation. For evaluation purposes only, the State shall apply a DVBE Bid incentive to bids that propose California certified DVBE participation as identified on the Bidder Declaration, GSPD-05-105, (located elsewhere within the solicitation document) and confirmed by the State. The DVBE incentive amount for awards based on low price will vary in conjunction with the percentage of DVBE participation. Unless a table that replaces the one below has been expressly established elsewhere within the solicitation, the following percentages will apply for awards based on low price.

Confirmed DVBE Participation of:	DVBE Incentive:
5% or Over	5%
4% to 4.99% inclusive	4%
3% to 3.99% inclusive	3%
2% to 2.99% inclusive	2%
1% to 1.99% inclusive	1%

As applicable: (1) Awards based on low price - the net bid price of responsive bids will be reduced (for evaluation purposes only) by the amount of DVBE incentive as applied to the lowest responsive net bid price. If the #1 ranked responsive, responsible bid is a California certified small business, the only bidders eligible for the incentive will be California certified small businesses. The incentive adjustment for awards based on low price cannot exceed 5% or \$500,000, whichever is less, of the #1 ranked net bid price. When used in combination with a preference adjustment, the cumulative adjustment amount cannot exceed \$500,000.

(2) Awards based on highest score - the solicitation shall include an individual requirement that identifies incentive points for DVBE participation.

INTRODUCTION. Bidders must document DVBE participation commitment by completing and submitting a Bidder Declaration, GSPD-05-105, (located elsewhere within the solicitation document). Bids or proposals (hereafter called “bids”) that **fail to submit the required form to confirm the level of DVBE participation will not be eligible to receive the DVBE incentive.**

Information submitted by the intended awardee to claim the DVBE incentive(s) will be verified by the State. If evidence of an alleged violation is found during the verification process, the State shall initiate an investigation, in accordance with the requirements of the PCC §10115, et seq., and MVC §999 et seq., and follow the investigatory procedures required by the 2 CCR §1896.80. Contractors found to be in violation of certain provisions may be subject to loss of certification, penalties and/or contract termination.

Only State of California, Office of Small Business and DVBE Services (OSDS), certified DVBEs (hereafter called “DVBE”) who perform a commercially useful function relevant to this solicitation, may be used to qualify for a DVBE incentive(s). The criteria and definition for performing a commercially useful function are contained herein on the page entitled **Resources & Information**. Bidders are to verify each DVBE subcontractor’s certification with OSDS to ensure DVBE eligibility.

At the State’s option prior to award of the contract, a written confirmation from each DVBE subcontractor identified on the Bidder Declaration must be provided. As directed by the State, the written confirmation must be signed by the bidder and/or the DVBE subcontractor(s). The written confirmation may request information that includes but is not limited to the DVBE scope of work, work to be performed by the DVBE, term of intended subcontract with the DVBE, anticipated dates the DVBE will perform required work, rate and conditions of payment, and total amount to be paid to the DVBE. If further verification is necessary, the State will obtain additional information to verify compliance with the above requirements.

THE DVBE BUSINESS UTILIZATION PLAN (BUP): DVBE BUPs are a company’s commitment to expend a minimum of 3% of its total statewide contract dollars with DVBEs -- this percentage is based on all of its contracts held in California, not just those with the State. A DVBE BUP does not qualify a firm for a DVBE incentive. Bidders with a BUP, must submit a Bidders Declaration (GSPD-05-105) to confirm the DVBE participation for an element of work on this solicitation in order to claim a DVBE incentive(s).

THE FOLLOWING MAY BE USED TO LOCATE DVBE SUPPLIERS:

Awarding Department: Contact the department’s contracting official named in this solicitation for any DVBE suppliers who may have identified themselves as potential subcontractors, and to obtain suggestions for search criteria to possibly identify DVBE suppliers for the solicitation. You may also contact the department’s SB/DVBE Advocate for assistance.

Other State and Federal Agencies, and Local Organizations:

STATE: Access the list of all certified DVBEs by using the Department of General Services, Procurement Division (DGS-PD), online certified firm database at www.eprocure.dgs.ca.gov. To begin your search, click on “SB/DVBE Search.” Search by “Keywords” or “United Nations Standard Products and Services Codes (UNSPSC) that apply to the elements of work you want to subcontract to a DVBE. Check for subcontractor ads that may be placed on the California State Contracts Register (CSCR) for this solicitation prior to the closing date. You may access the CSCR at: www.eprocure.dgs.ca.gov. For questions regarding the online certified firm database and the CSCR, please call the OSDS at (916) 375-4940 or send an email to: OSDCHelp@dgs.ca.gov.

FEDERAL: Search the U.S. Small Business Administration’s (SBA) Central Contractor Registration (CCR) on-line database at www.ccr.gov/ to identify potential DVBEs and click on the "Dynamic Small Business Search" button. Search options and information are provided on the CCR Dynamic Small Business Search site. First time users should click on the “help” button for detailed instructions. Remember to verify each firm’s status as a California certified DVBE.

LOCAL: Contact local DVBE organization to identify DVBEs. For a list of local organizations, go to www.pd.dgs.ca.gov/smbus and select: [DVBE Local Contacts](#) (New 02/09) (pdf).

Commercially Useful Function Definition

California Code of Regulations, Title 2, § 1896.61(l):

The term "DVBE contractor, subcontractor or supplier" means any person or entity that satisfies the ownership (or management) and control requirements of §1896.61(f); is certified in accordance with §1896.70; and provides services or goods that contribute to the fulfillment of the contract requirements by performing a commercially useful function.

As defined in MVC §999, a person or an entity is deemed to perform a "commercially useful function" if a person or entity does **all** of the following:

- Is responsible for the execution of a distinct element of the work of the contract.
- Carries out the obligation by actually performing, managing, or supervising the work involved.
- Performs work that is normal for its business services and functions.
- Is not further subcontracting a portion of the work that is greater than that expected to be subcontracted by normal industry practices.

A contractor, subcontractor, or supplier will not be considered to perform a commercially useful function if the contractor's, subcontractor's, or supplier's role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of disabled veteran business enterprise participation.

DISABLED VETERAN BUSINESS ENTERPRISE DECLARATIONS

DGS PD 843 (Rev. 9/2019)

Formerly STD. 843

Instructions: The disabled veteran (DV) owner(s) and DV manager(s) of the Disabled Veteran Business Enterprise (DVBE) must complete this declaration when a DVBE contractor or subcontractor will provide materials, supplies, services or equipment [Military and Veterans Code Section 999.2]. Violations are misdemeanors and punishable by imprisonment or fine and violators are liable for civil penalties. All signatures are made under penalty of perjury.

SECTION 1

2. If no subcontractors will be used, skip to certification below. Otherwise, list all subcontractors for this contract. (Attach additional pages if necessary):

Subcontractor Name, Contact Person, Phone Number & Fax Number	Subcontractor Address & Email Address	CA Certification (MB, SB, NVSA, DVBE or None)	Work performed or goods provided for this contract	Corresponding % of bid price	Good Standing?	51% Rental?
					☐	☐
					☐	☐
					☐	☐

CERTIFICATION: By signing the bid response, I certify under penalty of perjury that the information provided is true and correct.

BIDDER DECLARATION Instructions

All prime bidders (the firm submitting the bid) must complete the Bidder Declaration.

1.a. Identify all current certifications issued by the State of California. If the prime bidder has no California certification(s), check the line labeled "None" and proceed to Item #2. If the prime bidder possesses one or more of the following certifications, enter the applicable certification(s) on the line:

- Microbusiness (MB)
- Small Business (SB)
- Nonprofit Veteran Service Agency (NVSA)
- Disabled Veteran Business Enterprise (DVBE)

1.b. Mark either "Yes" or "No" to identify whether subcontractors will be used for the contract. If the response is "No," proceed to Item #1.c. If "Yes," enter on the line the distinct element of work contained in the contract to be performed or the goods to be provided by the prime bidder. Do not include goods or services to be provided by subcontractors.

Bidders certified as MB, SB, NVSA, and/or DVBE must provide a commercially useful function as defined in Military and Veterans Code Section 999 for DVBEs and Government Code Section 14837(d)(4)(A) for small/microbusinesses.

Bids must propose that certified bidders provide a commercially useful function for the resulting contract or the bid will be deemed non-responsive and rejected by the State. For questions regarding the solicitation, contact the procurement official identified in the solicitation.

Note: A subcontractor is any person, firm, corporation, or organization contracting to perform part of the prime's contract.

1.c. This item is only to be completed by businesses certified by California as a DVBE.

(1) Declare whether the prime bidder is a broker or agent by marking either "Yes" or "No." The Military and Veterans Code Section 999.2 (b) defines "broker" or "agent" as a certified DVBE contractor or subcontractor that does not have title, possession, control, and risk of loss of materials, supplies, services, or equipment provided to an awarding department, unless one or more of the disabled veteran owners has at least 51-percent ownership of the quantity and value of the materials, supplies, services, and of each piece of equipment provided under the contract.

(2) If bidding rental equipment, mark either "Yes" or "No" to identify if the prime bidder owns at least 51% of the equipment provided (quantity and value). If **not** bidding rental equipment, mark "N/A" for "not applicable."

2. If no subcontractors are proposed, do not complete the table. Read the certification at the bottom of the form and complete "Page ____ of ____" on the form.

If subcontractors will be used, complete the table listing all subcontractors. If necessary, attach additional pages and complete the "Page ____ of ____" accordingly.

2. (continued) Column Labels

Subcontractor Name, Contact Person, Phone Number & Fax Number—List each element for all subcontractors.

Subcontractor Address & Email Address—Enter the address and if available, an Email address.

CA Certification (MB, SB, NVSA, DVBE or None)—If the subcontractor possesses a current State of California certification(s), verify on this website (www.eprocure.pd.dgs.ca.gov).

Work performed or goods provided for this contract—Identify the distinct element of work contained in the contract to be performed or the goods to be provided by each subcontractor. Certified subcontractors must provide a commercially useful function for the contract. (See paragraph 1.b above for code citations regarding the definition of commercially useful function.) If a certified subcontractor is further subcontracting a greater portion of the work or goods provided for the resulting contract than would be expected by normal industry practices, attach a separate sheet of paper explaining the situation.

Corresponding % of bid price—Enter the corresponding percentage of the total bid price for the goods and/or services to be provided by each subcontractor. Do not enter a dollar amount.

Good Standing?—Provide a response for each subcontractor listed. Enter either "Yes" or "No" to indicate that the prime bidder has verified that the subcontractor(s) is in good standing for all of the following:

- Possesses valid license(s) for any license(s) or permits required by the solicitation or by law
- If a corporation, the company is qualified to do business in California and designated by the State of California Secretary of State to be in good standing
- Possesses valid State of California certification(s) if claiming MB, SB, NVSA, and/or DVBE status

51% Rental?—This pertains to the applicability of rental equipment. Based on the following parameters, enter either "N/A" (not applicable), "Yes" or "No" for each subcontractor listed.

Enter "N/A" if the:

- Subcontractor is NOT a DVBE (regardless of whether or not rental equipment is provided by the subcontractor) or
- Subcontractor is NOT providing rental equipment (regardless of whether or not subcontractor is a DVBE)

Enter "**Yes**" if the subcontractor is a California certified DVBE providing rental equipment and the subcontractor owns at least 51% of the rental equipment (quantity and value) it will be providing for the contract.

Enter "**No**" if the subcontractor is a California certified DVBE providing rental equipment but the subcontractor does NOT own at least 51% of the rental equipment (quantity and value) it will be providing.

Read the certification at the bottom of the page and complete the "Page ____ of ____" accordingly.

DVBE Bid Incentive Request and Acknowledgement
