(6) **Technical** – Technical capability is evaluated as pass/fail.

(b) If the lowest priced offer, having passed the technical evaluation receives a Substantial Performance Confidence Rating, that offer represents the best value for the Government and the evaluation process stops at this point; an award shall be made to that offeror without further consideration of any other offers. In the event the lowest priced offeror, having passed the technical evaluation does not receive a Substantial Performance Confidence Rating, the evaluation process will continue with the next lowest priced offeror until an offeror receives a Substantial Performance Confidence Rating or all offers are evaluated. In the event that no offeror receives a Substantial Performance Confidence Rating, the Contracting Officer will perform an integrated best value evaluation to determine the eventual awardee.
