Request for Proposal (RFP) 15F06726R0000239

Persistent Systems Products and Accessories
CIRG MESH Technology Program

ATTACHMENT 3- QUESTIONS AND ANSWERS
AMENDMENT 001

Posted to SAM.gov on July 31, 2026

The following questions and answers are provided for informational purposes only. Nothing contained in the below questions and answers constitutes a change to the terms and conditions of the solicitation. Any change to a term or condition will be issued through an amendment to the solicitation.

Note: *In some instances, questions have been abbreviated or additional context has been added to clearly describe the question for all potential Offerors. Any reference to a specific product or potential Offeror has been removed and made generic.*

QUESTION 1:
Will the FBI consider an 'Equal or Equivalent' technically acceptable alternative that meets or exceeds the throughput, range, and latency requirements of the MPU5?

ANSWER 1:
No – In the RFP C.2 Scope it states this is a contract for MPU5 radios and accessories.

- Please reference J&A document Sections 5 & 9

QUESTION 2:
If cross-banding or gateway interoperability is demonstrated between an alternate MANET system and Wave Relay MANET, will an alternate offer be evaluated?

ANSWER 2:
No – In the RFP C.2 Scope it states this is a contract for MPU5 radios and accessories.

- Please reference J&A document Sections 5 & 9
