No.	Topic	Reference Document	Question	Type	Govt Response
1	Site Visit	Solicitation	We are preparing a response for the Camp Guernsey DFAC IDIQ and would like to request a facility walkthrough for our food service subcontractor so they can accurately evaluate the kitchen, dining area, storage, equipment, and overall setup before finalizing pricing. Could you please advise whether a walkthrough/tour is permitted for this requirement, what dates and times may be available, and what attendee/access information is required from the subcontractor?	Contractual	There will be no walkthrough however we have added a bunch of pictures to the solicitation.
