The District also reserves the right to reject all submittals if subsequent negotiations with qualified Respondents result in costs over the budget estimate. In addition, the District reserves the right to increase, decrease, or delete any class, item, or part of the Work in order to reduce costs for any reason. The District may discuss alternatives for reducing the cost of the Work with Respondents and make such modifications as it determines to be in its best interest.

By submitting on this solicitation, Respondent is bound by and must acknowledge receipt of all issued addenda. Submittals will be interpreted as if all addenda were received, whether or not Respondent actually reviewed the addenda.

Failure to receive or review an addendum does not relieve Respondent of any obligations under the solicitation or resulting Agreement. All addenda become an official part of the Contract Documents (defined in the Agreement).

2.9 OPENING OF SUBMITTALS

Respondents or their authorized agents are invited to attend the opening of the submittals. The Florida Public Records Act, §119.071(1)(b), Fla. Stat., exempts sealed submittals from inspection and copying until such time as the District provides notice of an intended decision pursuant to §120.57(3)(a), Fla. Failure to timely submit such notice shall constitute a waiver of any claim for additional compensation or time extension. Within fifteen (15) days after receipt of the estimate, the Parties shall negotiate

a Change Order. If the Parties are unable to reach agreement, any disputed issues shall be resolved in accordance with the dispute resolution provisions of this Agreement. Contractor shall not refuse to perform emergency Work.

Section 18 – Certification. Contractor certifies that it, its principals, and affiliates, have not been, are not now, and during the term of this Agreement will not be (a) on the Scrutinized Companies or Other Entities that Boycott Israel (§287.135, Fla. Stat.), Discriminatory (§287.134, Fla. Stat.), or Convicted (§287.133, Fla. Stat.) lists, (b) engaged in a Boycott of Israel (§287.135, Fla. Stat.), or (c) engaged in business operations in Cuba or Syria (§287.135, Fla. Stat.) Pursuant to the respective statutes, the District may terminate this Agreement at its sole option if Contractor is found to have submitted a false certification or if the certification proves to be untrue during the term of this Agreement.

Section 19 – Public Records.

- (a) Contractor is responsible for identifying confidential trade secret information as such upon submittal to the District. Notwithstanding any other provision hereof, the District shall not be liable to Contractor for release of confidential information not identified as such upon submittal. If the District receives a public records request that requests information claimed to be confidential by Contractor, the District shall take such steps as are necessary to comply with chapter 119, Fla. Stat., while protecting the confidentiality of trade secret information. In the event of a dispute as to whether the requested information is a trade secret, Contractor shall be liable for all costs incurred by the District resulting from the dispute, including any court costs and attorney's fees. The calculation of those costs shall not include costs that are charged to the public records requestor.
- (b) Contractor shall comply with Florida Public Records law under Chapter 119, Fla. Stat. Records made or received in conjunction with this Agreement are public records under Florida law, as defined in § 119.011(12), Fla. Stat. Contractor shall keep and maintain public records required by the District to perform the services under this Agreement.
- (c) If Contractor meets the definition of "Contractor" found in §119.0701(1)(a), Fla. Stat.; [i.e., an individual, partnership, corporation, or business entity that enters into a contract for services with a public agency and is acting on behalf of the public agency], then the following requirements apply:
 - (1) Pursuant to §119.0701, Fla. Stat., a request to inspect or copy public records relating to this Agreement for services must be made directly to the District. If the District does not possess the requested records, the District shall immediately notify Contractor of the request, and Contractor must provide the records to the District or allow the records to be inspected or copied within a reasonable time. If Contractor fails to provide the public records to the District within a reasonable time, Contractor may be subject to penalties under s. 119.10, Fla. Stat.
 - (2) Upon request from the District's custodian of public records, Contractor shall provide the District with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Fla. Stat., or as otherwise provided by law.
 - (3) Contractor shall identify and ensure that all public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement term and following completion of the Agreement if Contractor does not transfer the records to the District.
 - (4) Upon completion of the Agreement, Contractor shall transfer, at no cost to District, all public records in possession of Contractor or keep and maintain public records required by the District to perform the services under this Agreement. If Contractor transfers all public records to the District upon completion of the Agreement, Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public disclosure requirements. If Contractor keeps and maintains public records upon completion of the Agreement, Contractor shall meet all applicable requirements for retaining public records. All records that are stored electronically must be provided to the District, upon request from the District's custodian of public records, in a format that is accessible by and compatible with the information technology systems of the District.

(d) IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLA. STAT., TO CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE DISTRICT'S CUSTODIAN OF PUBLIC RECORDS AT:

- (a) Contractor acknowledges that in performing services under this Agreement, it may unavoidably come into contact with certain information that is exempt or confidential and exempt from public disclosure under Florida law. Contractor acknowledges his or her familiarity with the applicable legal protections and agrees to comply with all requirements governing the use, handling, protection, and disclosure of such information, including but not limited to the following:

- (1) Section 119.0725, Fla. Stat. — Cybersecurity, Technology, and Critical Infrastructure Information.

Information related to the District's cybersecurity, information technology systems, operational technology systems, data, critical infrastructure, cybersecurity incidents, network schematics, hardware or software configurations, encryption, incident detection, investigation, or response practices, and related insurance, deductible, self-insurance, or risk mitigation coverage information.

- (2) Section 119.071, Fla. Stat. — Security, Fire Safety, Threat Response, and Emergency Planning Information.

Information related to the physical security or fire safety of District facilities, security or fire safety systems, threat assessments, threat response plans, emergency evacuation plans, sheltering arrangements, and manuals or training materials for security, fire safety, emergency personnel, or emergency equipment.

- (3) Section 119.071, Fla. Stat. — Building Plans and Structural Information.

Building plans, blueprints, schematic drawings, diagrams, and similar documents, whether in draft, preliminary, or final form, that depict the internal layout or structural elements of any building, facility, or structure owned or operated by the District.

- (b) Contractor shall maintain the protected status of such information and shall not disclose, release, copy, distribute, or use the information except as authorized by the District or as otherwise permitted by law.

- (c) Contractor's obligations under this section shall survive expiration or termination of this Agreement.

Section 21 – Audit; Access to Records. Contractor must preserve its books and other records involving transactions related to this Agreement and provide the District, or its duly authorized representatives, access, and necessary facilities to inspect and audit those records for five (5) years after the receipt of funds. If an examination or audit is performed, Contractor must continue to maintain all required records until such audit has been completed and all questions arising from it are resolved. Contractor shall refund any payment(s) that are found to not constitute allowable costs based upon an audit examination.

Section 22 – Florida Single Audit Act. This section does not apply to this Agreement.

Section 23 – Employment Eligibility. Pursuant to §448.095, Fla. Stat., Contractor must be registered with and use the United States Department of Homeland Security's E-Verify system ("E-Verify") to verify the work authorization status of all newly hired employees during the term of this Agreement.

Contractor shall include in related subcontracts, if authorized under this Agreement, a requirement that Subcontractors

performing Work or providing services pursuant to this Agreement register and utilize the E-Verify system to verify employment eligibility of all employees used by the Subcontractor for the performance of the Work. The Subcontractor must provide Contractor with an affidavit stating that the Subcontractor does not employ, contract with, or subcontract with an unauthorized alien. Contractor must maintain a copy of such affidavit for the duration of the Agreement. If the District has a good faith belief that a Subcontractor knowingly violated § 448.095, Fla. Stat., and notifies Contractor of such, but Contractor otherwise complied with the statute, then Contractor shall immediately terminate the agreement with the Subcontractor.

Section 24 – Attorney’s Fee. Except as may be otherwise provided herein, in the event of any legal or administrative proceedings arising from or related to this Agreement, including appeals, each Party shall bear its own attorney’s fees.

Section 25 – Governing Law, Venue, Waiver of Right to Jury Trial. This Agreement is governed by laws of the State of Florida and shall not be construed more strictly against one Party than against the other because it may have been drafted by one of the Parties. Venue for any state legal proceedings arising from or related to this Agreement shall be in Putnam County, Florida. Venue for any federal legal proceedings arising from or related to this Agreement shall be in Duval County. IN THE EVENT OF ANY CIVIL PROCEEDINGS ARISING FROM OR RELATED TO THIS AGREEMENT, THE PARTIES HEREBY CONSENT TO TRIAL BY THE COURT AND WAIVE THE RIGHT TO A JURY TRIAL IN SUCH PROCEEDINGS; PROVIDED, HOWEVER, THAT THE PARTIES MAY MUTUALLY AGREE TO A JURY TRIAL.

Section 26 – Release of Information. Contractor shall not publish or release any information related to performance of this Agreement, or prepare, publish, or release any news or press release in any way related to this Agreement, without prior District review and written consent.

Section 27 – Independent Contractor. Contractor is an independent contractor. Neither Contractor nor Contractor’s employees are employees or agents of the District. Contractor controls and directs the means and methods by which the Work is accomplished. Contractor is solely responsible for compliance with all labor and tax laws pertaining to it, its officers, agents, and employees, and shall indemnify and hold the District harmless from any failure to comply with such laws. Contractor’s duties include, but not be limited to: (1) providing Workers’ Compensation coverage for employees as required by law; (2) hiring employees or Subcontractors necessary to perform the Work; (3) providing any and all employment benefits; (4) payment of all federal, state and local taxes, income or employment taxes, and, if Contractor is not a corporation, self-employment (Social Security) taxes; (5) compliance with the Fair Labor Standards Act, 29 U.S.C. §§ 201, et seq., including payment of overtime as required by said Act; (6) compliance with the Patient Protection and Affordable Care Act 42 U.S.C. §§ 18001, et seq.; and (7) providing employee training, office or other facilities, equipment and materials for all functions necessary to perform the Work. In the event the District provides training, equipment, materials, or facilities to meet specific District needs or otherwise facilitate performance of the Work, this shall not affect Contractor’s duties hereunder or alter Contractor’s status as an independent contractor. This paragraph does not create an affirmative obligation to provide any employee benefits not required by law.

Section 28 – Common Carrier. Pursuant to §908.111, Fla. Stat., the District may not execute, amend, or renew an agreement with a common carrier or contracted carrier, if the carrier is willfully providing any service in furtherance of transporting a person into the State of Florida with knowledge that the person is an unauthorized alien, except to facilitate the detention, removal, or departure of a the person from the state or the U.S. Pursuant to §908.111, Fla. Stat., Contractor shall complete Attachment E, the Common Carrier or Contracted Carrier Attestation.

Section 29 – Force Majeure; Delays. Contractor shall not be liable for failure to carry out the terms of this Agreement to the extent such failure is due to a Force Majeure event, except for failures that could have been reasonably foreseen and guarded against so as to avoid or reduce the adverse impact thereof. A Force Majeure event is hereby defined as the failure to carry out any of the terms of this Agreement due to any one of the following circumstances beyond the control of Contractor: the operation and effect of rules, regulations, or orders promulgated by any commission, county, municipality, or governmental agency of the State of Florida or the United States, a restraining order, injunction, or similar decree of any court of competent jurisdiction, war, flood, earthquake, fire, severe wind storm, acts of public disturbance, quarantine restrictions, epidemics, strikes, freight embargoes, or sabotage. The times specified herein for performances include delays that can ordinarily be anticipated due to adverse weather conditions. The District is not obligated to grant an extension of time due to adverse weather conditions unless such conditions rise to the level of Force Majeure.

Contractor shall not be compensated for delays caused by Contractor's inefficiency, rework made necessary by Contractor's error, failure to perform the Work as scheduled, or any other corrective or productivity measures made necessary by errors, omissions, or failures to properly perform the Work. Within ten (10) days after the onset of a delay, Contractor shall notify the District in writing of the delay, which shall provide: (1) a detailed description the delay and its probable duration, (2) the specified portion of the Work affected, and (3) an opinion as to the cause of the delay and liability (if any) for the delay. Notices provided more than ten (10) days after the inception of the delay shall only be effective as to additional costs or delay incurred during the ten-day period preceding receipt of such notice. In the case of continuing cause delay for the same cause, only one notice of delay is necessary. Failure to provide this notice waives any claim for extension of time or additional compensation resulting from such delay. If the delay is due to the failure of another District contractor to complete its Work in a timely manner, changes ordered in the Work, a Force Majeure event, or any other cause which the District, in its sole judgment and discretion, determines to justify the delay, then the final completion date may be extended as necessary to compensate for the delay. All time extensions shall be in the form of a written amendment signed by both Parties.

Section 30 - Access; Work Area; Gates

- (a) Access. The District will provide sufficient access to accomplish Work performed on District property. Contractor shall maintain all on-site roadways and paved and unpaved access roadways to and from the worksite in an acceptable and passable condition at no additional cost to the District, which shall, upon conclusion of the Work, be returned to their original condition. Contractor is responsible for improvements and repairs to access routes required during construction. All access routes shall be used for the purpose of construction only. Contractor shall not disturb lands or waters outside the area of construction, except as may be found necessary and authorized by the District.
- (b) Work Area. All Work shall be confined to the designated work area(s). Contractor shall obtain written approval from the District before making any adjustments.
- (c) Gates. Contractor shall keep all gates to District lands or easements closed and locked in accordance with District specifications when not in use and shall immediately notify the District when a gate has become impaired due to vandalism or other cause. Unless otherwise stated in the specifications, Contractor shall be responsible for providing lock(s) to District properties.

Section 31 – Land and Water Resources. Except as may be explicitly provided in Attachment A, Scope of Work, Contractor shall not discharge or permit the discharge, directly or indirectly, of any fuels, oils, calcium chloride, acids, insecticides, herbicides, wastes, toxic or hazardous substances, or other pollutants or harmful materials, onto any lands or into any surface or ground waters, including, but not limited to, streams, lakes, rivers, canals, ditches, or reservoirs. Contractor shall investigate and comply with all applicable federal, state, county, and municipal laws concerning toxic wastes, hazardous substances, and pollution of surface and ground waters. If any waste, toxic or hazardous substance, or other material that can cause pollution, as defined in §403.031, Fla. Stat., is dumped or spilled in unauthorized areas, Contractor shall notify the District thereof within one workday and thereafter shall remove the material and restore the area to its original condition. If necessary, contaminated ground shall be excavated and disposed of as directed by the District and replaced with suitable fill material, compacted, and finished with topsoil, and planted as required to re-establish vegetation. All cleanup and disposal costs shall be borne by Contractor.

Section 32 – Cleanup, Equipment Removal. Upon expiration or termination of this Agreement, Contractor shall restore the worksite to its original condition, except for replacement of vegetation, unless otherwise required by this Agreement. Contractor shall remove from District property and all public and private property all machinery, equipment, supplies, surplus materials, temporary structures, rubbish, and waste materials resulting from its activities. After 20 days, the District may sell or dispose of any materials left at the worksite as it sees fit and deduct the cost of sale or disposal from any amounts due to Contractor. Any revenues obtained shall be applied toward costs incurred by the District, with excess revenues paid to Contractor.

Section 33 – Safety. For any Work that is to be performed on premises that are owned or controlled by the District (the "Premises"), Contractor has the sole and exclusive duty for the safety of the Premises. Contractor shall provide and maintain sufficient protection for the safety of its employees and other persons who may utilize the Premises, and prevent damage to District property, materials, and equipment. Contractor shall at all times enforce strict discipline and good order among its employees and shall not employ any unfit person or anyone not skilled in the Work assigned. Neither

Contractor nor its subcontractors shall allow or cause to be allowed any hunting or any weapons, animals, alcohol, or illegal drugs, on or from the Premises or adjacent property, except as authorized by law. Contractor employees shall not park their vehicles or store equipment or materials adjacent to roads where it may be a hazard to traffic. A clear distance of at least 30 feet from the edge of the pavement or right-of-way shall be kept free of any obstacles unless otherwise authorized by the District or right-of-way owner. Contractor shall ensure that only authorized personnel are allowed on the worksite and shall post notices warning both employees and the public of all safety hazards created by Contractor. Contractor may be permitted to store certain equipment on District property in accordance with the terms and conditions set forth in Attachment F hereto.

Section 34 – Petroleum Storage Tanks. With the exception of truck-mounted transfer tanks used to fuel the equipment, any petroleum storage tanks with a capacity of 55 gallons or greater that Contractor brings onto District property must be either double-walled or kept within secondary containment that will contain 110% of the tank volume. Truck-mounted transfer tanks must be installed according to the manufacture instructions, maintained in good working condition, appropriately labeled, and in compliance with all applicable regulations.

Section 35 – Use of Completed Portions of the Work. The District shall have the right to take possession of and use any completed or partially completed portions of the Work, notwithstanding the fact that the time for completing the entire Work or such portions may not have expired. Such taking of possession and use will not be deemed an acceptance of any Work not completed. If such possession and use increases the cost of or delays the Work, Contractor shall be entitled to a Change Order for extra compensation, or extension of time, as necessary, to offset the effect of such prior possession and use.

Section 36 – Materials; Inspection; Tools, Plant and Equipment. All materials, equipment, and supplies furnished by Contractor for permanent incorporation into the Work shall be new and of the quality standards specified. Unless otherwise specified, all material and workmanship shall meet the requirements in the applicable standards specifications of the American Society for Testing and Materials. If two or more brands, makes of material, devices, or equipment are shown or specified, each should be regarded as the equal of the other. First-calls and the finished product shall be equal to the best-accepted standards of the trade class. The finished product shall be equal to the best-accepted standards of the trade for the category of Work performed. The District's intent is to obtain a high-quality job that will operate and function with the lowest possible maintenance costs. Inspection standards will be established to ensure that this objective is achieved.

- (a) Materials and Equipment Schedules. The District shall have the right of prior approval for all materials or equipment incorporated into the Work. Within ten business (10) business days after the date of the Agreement award and before any material or equipment is purchased, Contractor shall submit to the DPM complete list of materials or equipment to be incorporated into the Work. The list shall include catalog cuts, diagrams, drawings, and such other descriptive data as may be required. The use of materials or equipment not in accordance with this Agreement may be rejected.
- (b) Inspection. The Work and all materials or equipment used therefor are subject to inspection by the District at all times in order to ensure compliance herewith. Upon request, Contractor shall provide samples of the type and quantity of the various materials used in the Work, as determined and directed by the District. The DPM and inspector(s) shall be provided access to the Work wherever it is in preparation or progress. Contractor shall provide proper facilities for such access and inspection. Construction contractors shall maintain one complete copy of the drawings and specifications for the Work at the worksite, which shall be made available to the District upon request.
- (c) Tools, Plant, and Equipment. If at any time before commencement of or during progress of the Work, tools, plant, or equipment appear to the District to be insufficient, inefficient, or inappropriate to secure the quality of Work or the proper rate of progress, the District may order Contractor to increase its efficiency, to improve its character, or to augment the number of or substitute new tools, plant, or equipment, as the case may be. Contractor shall conform to such order. If Contractor maintains that any such order is not in conformance with this Agreement, is unnecessary, or requires Contractor to incur excessive costs or delays, Contractor may submit a Change Order, subject to the dispute resolution procedure. Failure of the District to make such demand shall not relieve Contractor of its obligation to secure the quality of the Work and the rate of progress necessary to timely complete the Work.

Section 37 – Royalties and Patents. Contractor certifies that, to the best of its information and belief, the Work does not infringe on any patent rights. Unless provided otherwise herein, Contractor shall: (a) pay all royalties, patent, and license fees necessary for the Work; (b) defend all suits or claims for infringement of any patent rights, and (c) save and hold the District harmless from loss on account thereof; provided, however, that the District shall be responsible for any such losses when the utilization of a particular process or product of a particular manufacturer is specified by the District. If Contractor obtains information that the process or article so specified is a patent infringement, it shall be responsible for such loss unless it promptly so notifies the District.

Section 38 – Iron and Steel for Public Works.

- (a) For purposes of this Section, “public works project” or “project” means an activity paid for with any state-appropriated funds or state funds administered by a governmental entity which consists of the construction, maintenance, repair, renovation, remodeling, or improvement of a building, road, street, sewer, storm drain, water system, site development, irrigation system, reclamation project, gas or electrical distribution system, gas or electrical substation, or other facility, project, or portion thereof owned in whole or in part by any governmental entity.
- (b) If this Agreement funds a public works project or the purchase of materials to be used in a public works project, any iron or steel permanently incorporated in the Project must be “produced in the United States,” as set forth in §255.0993, Fla. Stat., This requirement does not apply if the District determines that any of the following circumstances apply to the Project:
 - (i) iron or steel products produced in the United States are not produced in sufficient quantities, reasonably available, or of satisfactory quality;
 - (ii) the use of iron or steel products produced in the United States will increase the total cost of the Project by more than twenty percent (20%); or
 - (iii) complying with this requirement is inconsistent with the public interest.
- (c) Minimal use of foreign steel and iron materials is permitted if:
 - (i) such materials are incidental or ancillary to the primary product and are not separately identified in the Project specifications; and
 - (ii) the “cost” of such materials, as defined in §255.0993, Fla. Stat., does not exceed one-tenth of one percent (1%) of the Total Compensation under this Agreement or \$2,500, whichever is greater.
- (d) Electrical components, equipment, systems, and appurtenances, including supports, covers, shielding, and other appurtenances related to an electrical system that are necessary for operation or concealment (excepting transmission and distribution poles) are not considered to be iron or steel products and are, therefore, exempt from the requirements of this section.
- (e) This Section shall be applied in a manner consistent with and may not be construed to impair the State of Florida’s obligations under any international agreement.
- (f) The DPM may require Contractor to certify its compliance with this section, or otherwise provide sufficient information to document its compliance, with its invoice for payment.

Section 39 – Nuisance. Contractor shall exercise every reasonable means to avoid creating or continuing a public or private nuisance resulting from the Work.

Section 40 – Coordination with the District and Other District Contractors. The District may let other agreements in connection with the Work. Wherever work done by the District or another District contractor is contiguous to Contractor’s Work, the respective rights of the various interests shall be established by the District so as to secure completion of the Work. Contractor shall arrange its Work so as not to interfere with the District or other District contractor and join Contractor’s Work to that of others in a proper manner, and in accordance with the intent of the Statement of Work. Contractor shall perform its Work in the proper sequence in relation to that of other District contractors, as may be directed by the District. Contractor shall afford other District contractors’ reasonable opportunity for introduction and storage of their materials and execution of their work, and shall properly conduct and coordinate Contractor’s Work with other contractors’ work. Contractor shall take into account all contingent work to be done by

others and shall not plead want of knowledge of such contingent work as a basis for delay or non-performance. Contractor shall be liable for any damage it causes to the Work performed by other District contractors. If any part of the Work depends for proper execution or results upon the Work of other District contractors, Contractor shall inspect and promptly report any defects in the other contractors' work that render it unsuitable for Contractor's Work. Failure to so inspect and report shall constitute an acceptance of the other contractors' work as fit and proper for the reception of Contractor's Work, except as to defects which may develop in the other contractors' work after execution of the Work.

Section 41 – Cooperation with the Inspector General. Pursuant to §20.055(5), Fla. Stat., Contractor and any subcontractor understand and will comply with their duty to cooperate with the inspector general in any investigation, audit, inspection, review, or hearing.

Section 42 – On-Going Compliance. The Parties acknowledge that the Agreement may contain provisions prescribed by laws, statutes, and regulations that can change during the Term of the Agreement. The Parties understand and agree that the Agreement is intended to reflect and require the Parties' compliance with all laws at all times. The Parties expressly and specifically agree to perform the Agreement in full compliance with the governing laws, statutes, and regulations, as same may change from time to time.

Section 43 – Sovereign Immunity. Nothing in the Agreement shall be deemed to waive the sovereign immunity protections provided the District pursuant to Florida law. Notwithstanding anything stated to the contrary in the Agreement, any obligation of the District to indemnify Contractor, if provided, is limited and shall not exceed the limits set forth in §768.28, Fla. Stat. This section shall survive the termination of this Agreement.

Section 44 – Civil Rights. Pursuant to chapter 760, Fla. Stat., Contractor shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, pregnancy, or national origin, age, handicap, or marital status.

Section 45 – Interest in the Business of Contractor; Non-Lobbying. Contractor certifies that no officer, agent, or employee of the District has any material interest, as defined in chapter 112, Fla. Stat., either directly or indirectly, in the business of Contractor to be conducted under this Agreement, and that no such person shall have any such interest at any time during the term of this Agreement. Pursuant to §216.347, Fla. Stat., monies received from the District pursuant to this Agreement shall not be used to lobby the Florida Legislature or any other state agency.

Section 46 – No Coercion for Labor or Services. Contractor, a nongovernmental entity entering this Agreement with the District, certifies, assures, and affirms that Contractor does not use coercion for labor or services as prohibited under §787.06, Fla. Stat. If Contractor is a nongovernmental entity, Contractor must provide the District with a Human Trafficking Attestation, Attachment G, executed by an officer or representative of Contractor.

Section 47 – Dispute Resolution.

- (a) During the course of Work. In the event any dispute arises during the course of the Work, Contractor shall fully perform the Work in accordance with the District's written instructions and may claim additional compensation. Contractor is under a duty to seek clarification and resolution of any issue, discrepancy, or dispute by submitting a formal request for additional compensation, schedule adjustment, or other dispute resolution to the DPM no later than five (5) calendar days after the precipitating event. If not resolved by the DPM within five (5) calendar days, the DPM shall forward the request to the District's assigned Assistant Executive Director or Designee, which shall issue a written decision within five (5) calendar days of receipt. This determination shall constitute final action of the District and shall then be subject to judicial review upon completion of the Work. Contractor shall proceed with the Work in accordance with said determination. This shall not waive Contractor's position regarding the matter in dispute.
- (b) Invoices. In the event the District rejects an invoice as improper, and Contractor declines to modify the invoice, Contractor must notify the District in writing within ten (10) calendar days of receipt of notice of rejection that Contractor will not modify the invoice and state the reason(s) therefor. Within five (5) calendar days of receipt of such notice, if not informally resolved through discussion with the DPM, the DPM shall forward the disputed invoice and Contractor's written response to the District's assigned Assistant Executive Director or Designee. The matter shall then proceed as described in subsection (a), above.

- (c) Payment. Nothing herein requires the District to pay or release any amounts that are the subject of a good faith dispute made in writing pursuant to this Agreement or the subject of a claim brought pursuant to §255.05, Fla. Stat. If the District disputes a portion of a payment request, the undisputed portion shall be paid twenty (20) business days after receipt of the request.

Section 48 – Remedies for Non-Performance.

- (a) District Remedies. The remedies enumerated herein are non-exclusive. In addition to the remedies set forth below, the District may avail itself of any statutory and/or common law remedies not set forth herein. In the event of a breach, the District may terminate this Agreement for cause. Alternatively, the District may allow Contractor to correct the deficiency, or may take such action as is necessary to correct such deficiency through District action or that of a third party. Delay or failure by the District to enforce any right or remedy hereunder shall not impair, or be deemed a waiver of, any such right or remedy, or impair the District's rights or remedies for any subsequent breach of this Agreement.
- (b) Contractor Correction of Deficiencies. The District shall provide Contractor with written notice of deficiency. At the District's sole judgment and discretion, the District may afford an opportunity to correct said deficiency, in which event the notice shall specify the time allowed to cure. If Contractor disputes that a failure of performance has occurred, Contractor shall, nevertheless, perform the corrective action and may submit a request for a Change Order subject to the dispute resolution procedure. Unless authorized through a Change Order, the final completion date shall not be extended in order to correct deficiencies. Contractor shall bear the cost of correcting all work of other Contractors that is destroyed, damaged, or otherwise negatively impacted by its corrective action. Failure to take timely corrective action may result in termination for cause or the District pursuing alternative remedies, as provided herein.
- (c) Alternative Remedies to Correct Deficiency. If the District determines that it is not in its best interest for Contractor to correct incomplete or damaged Work caused by Contractor's failure of performance, the District may pursue any or all of the following remedies, in whole or in part: (1) accept the Work as is and deduct the reasonable value of the deficient Work from the Work Order Total Compensation; (2) complete the Work through the utilization of District employees and deduct the cost thereof from the Work Order Total Compensation; (3) contract with a third party to complete the deficient Work and deduct the cost thereof from the Work Order Total Compensation.
- (d) District Technical Assistance. The District may elect to provide technical assistance to Contractor in order to complete satisfactory performance of the Work. If the District is performing a function that Contractor is required to perform, the District may deduct the cost of providing such technical assistance from the Work Order Total Compensation. Prior to providing any such technical assistance, the District shall notify Contractor that it considers such assistance to be above and beyond its duties under this Agreement and that it intends to deduct the cost of providing such assistance from the Work Order Total Compensation. Contractor shall not be entitled to reject technical assistance when the District determines that such assistance is necessary to complete the Work.

Section 49 – Default/Termination. In the event Contractor fails to comply with any of the provisions of this Agreement, the District may terminate this Agreement for cause by first notifying Contractor in writing, specifying the nature of the default and providing Contractor with a reasonable period of time in which to rectify such default. In the event the default is not cured within the time period given, the District thereafter may terminate this Agreement for cause upon written notice to Contractor without prejudice to the District. In the event of termination of this Agreement for cause, the District will then be responsible to compensate Contractor only for those services timely and satisfactorily performed pursuant to this Agreement up to the date of termination. The District may terminate this Agreement without cause providing at least thirty (30) days written notice to Contractor. In the event of termination of this Agreement without cause, the District will compensate Contractor for all services timely and satisfactorily performed pursuant to this Agreement up to and including the date of termination. Notwithstanding any other provision of this Agreement, this Agreement may be terminated if for any reason there are not sufficient appropriated and available monies for the purpose of maintaining the District's or other public entity's obligations under this Agreement. Should this occur, the District shall have no further obligation to Contractor other than to pay for services rendered prior to termination.
