Persons or companies identified as the largest tax delinquents by the Franchise Tax Board (FTB) or the Board of Equalization (BOE) under authority of Sections 7063 or 19195 of the Revenue and Taxation Code, shall be disqualified from the bidding process.

the bidder's responsibility to request clarification or assistance before submitting a bid. Please note that no verbal information will be binding upon the State unless the State issues such information in writing as an official addendum. If the IFB is modified prior to the final bid submission date, the State will issue an addendum to all bidders that received a bid package.

Bidder shall provide rate(s) on the Exhibit B-1, Rate Sheet. Bidder shall set forth rates in clear, legible figures in the spaces provided on Exhibit B-1, Rate Sheet. Failure to provide the required rates shall be cause for rejection of your bid.

NOTE:

1. Any quantities listed on Exhibit B-1, Rate Sheet are CDCR's estimates only and are offered as a basis for the comparison of bids. The State does not expressly or by implication agree that the actual amount of work will correspond therewith and reserves the right to omit portions of the work as may be deemed necessary or advisable by the State.
2. In the case of a discrepancy between the Unit Price (e.g., Hourly Rate, Cost per Service) and Item Total (e.g., Hourly Rate x Hours Worked = Item Total), the Unit Price shall prevail. However, if the Unit Price figure is ambiguous, illegible, uncertain, or is omitted, the Item Total shall be divided by the estimated usage (e.g., Hours Worked) to determine the Unit Price. In the case of a discrepancy between the Basis of Award and the sum of the Item Totals, the sum of the Item Totals shall prevail.
3. The amount of the total bid will be rounded up to the nearest whole dollar when the Agreement documents resulting from this bid are prepared.
4. Bidders are not required to bid on all locations and/or groups. Bidders may submit for one or more locations. All required documents listed in the Bid Submittal Checklist must be included within the bid package. No bid will be considered unless it is submitted with the CDCR Bidder Acknowledgement/Certification form (OBS 300) and Exhibit B-1, Rate Sheet, and is in conformance with the submission requirements of this IFB. Additionally, a signed copy of all pages of the Contractor Certification Clause (CCC) must be submitted to CDCR with the completed bid package. The State reserves the right to request clarification of any documents included with this bid.

The bid must be for the entire activity described herein. The State does not accept alternate contract language from a prospective Contractor. A bid with such language will be considered a counter proposal and will be rejected. Additionally, bids may be rejected if the bid proposal shows any alterations of form, additions not called for, a conditioned or incomplete bid, or erasures and/or irregularities of any kind. Any bid amounts changed after the amounts are originally inserted **MUST** be initialed through DocuSign by the bidder.

Failure to submit required documentation may result in the rejection of your bid.

EXECUTIVE ORDER N-6-22 – RUSSIAN SANCTIONS

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. "Economic Sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law. By submitting a bid or proposal, Contractor represents that it is not a target of Economic Sanctions. Should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for rejection of the Contractor's bid/proposal any time prior to contract execution, or, if determined after contract execution, shall be grounds for termination by the State.

GENERATIVE ARTIFICIAL INTELLIGENCE (GenAI) DISCLOSURE

State of California seeks to realize the potential benefits of GenAI, through the development and deployment of GenAI tools, while balancing the risks of these new technologies.

Bidder / Offeror must notify the State in writing if it: (1) intends to provide GenAI as a deliverable to the State; or (2), intends to utilize GenAI, including GenAI from third parties, to complete all or a portion of any deliverable that materially impacts: (i) functionality of a State system, (ii) risk to the State, or (iii) Contract performance. For avoidance of doubt, the term "materially impacts" shall have the meaning set forth in State Administrative Manual (SAM) § 4986.2 Definitions for GenAI.

Failure to report GenAI to the State may result in disqualification. The State reserves its right to seek any and all relief it may be entitled to as a result of such non-disclosure.

Upon notification by a bidder / Offeror of GenAI as required, the State reserves the right to incorporate GenAI Special Provisions into the final contract or reject bids/offers that present an unacceptable level of risk to the State.

Government Code 11549.64 defines "Generative Artificial Intelligence (GenAI)" as an artificial intelligence system that can generate derived synthetic content, including text, images, video, and audio that emulates the structure and characteristics of the system's training data.

BASIS FOR AWARD

The award of an Agreement, if it is to be awarded, will be made to the lowest responsible bidder whose bid complies with all requirements prescribed herein. In the event a bidder submits more than one (1) bid for the same location/service under this bid process, the State shall select the lowest bid and reject all other bids from this bidder.

In the event of tie bids, except as provided in Government Code §14838(f), CDCR reserves the right to determine the bidder entitled to the contract award based on the percent of discount specified in Exhibit B-1, Rate Sheet, if applicable. If not applicable or if there is a discount tie, a coin toss or lot drawing will be used to determine the bidder entitled to the contract award. The coin toss or lot drawing will be officially witnessed, and all affected bidders will be advised of the tiebreaker method and invited to attend.

The State is not required to award an Agreement and reserves the right to reject any and all bids and to waive any immaterial deviations in the bid. The State's waiver of an immaterial deviation shall in no way modify the IFB document or excuse the bidder from full compliance with all requirements if awarded the Agreement.

The State intends to award one or more Agreements to the lowest responsible bidder(s). Bidders may submit bids for one or more locations. If a bidder is the lowest bidder for more than one location, all of the locations awarded to that bidder may be incorporated into one Agreement. This determination will be based on what is in the best interests of the State.

The State intends to award as many Agreements as are necessary for backup purposes. Each Agreement will have a separate Agreement number and include all of the information contained in the bid document for the locations awarded to that Contractor.

AGREEMENT EXECUTION

The Agreement will be executed only upon the State's acceptance of the Contractor's certificates of insurance, bonds, licenses, and permits, when such items are required. Upon receipt, the Contractor must sign the Agreement and return the Agreement with any required documentation in accordance with the time frame specified in the transmittal letter. In the event the State has not received the signed Agreement and the required documentation within the specified time frame, the award may be rescinded and awarded to the next lowest responsible bidder.

This Agreement is not valid unless and until approved by the Department of General Services, or, under its authority CDCR. The State has no legal obligation unless and until the Agreement is approved. Any work commenced by the Contractor prior to approval may be considered voluntary and the Contractor may have to pursue claim for payment by filing with the Department of General Services, Government Claims Program. When the Agreement is fully approved, a copy will be forwarded to you.

DISABLED VETERAN BUSINESS ENTERPRISE (DVBE) PROGRAM

NOTE: Bidders need to begin the required DVBE participation process as soon as possible to allow adequate response time for DVBE participants.

- a. DVBE participation of no less than three percent (3%) is **mandatory** for all bids exceeding \$15,000. These requirements apply whether conducting business as a for-profit or nonprofit individual, partnership or corporation. In order to be deemed responsive and eligible for award of the Agreement, the bidder **must** attain the prescribed goals.

For more information, bidders have been provided with a DVBE Program Requirements resource packet. Additionally, to document DVBE participation, bidders **must** complete and return the Bidder Declaration form (GSPD-05-105) and the DVBE Declarations form (STD 843) attached to this IFB. Failure to complete and submit **all** required forms with the bid, that fully document and meet the DVBE requirement, will cause the bid to be rejected.

- b. The DVBE participation goals must be based on the total amount of the bid proposal.
- c. Failure to submit the completed worksheets with the bid proposal will result in automatic rejection of your bid. Your bid will also be rejected if the DVBE requirement is not met.
- d. Proof of Department of General Services (DGS) DVBE certification for your firm and/or subcontractors must be submitted with your DVBE Participation Worksheets.

DISABLED VETERAN BUSINESS ENTERPRISE (DVBE) INCENTIVE

CDCR is committed to meeting and exceeding the three percent (3%) goal for Disabled Veteran Business Enterprise (DVBE) participation in State contracting activities, set forth in Military and Veterans Code 999. The DVBE Incentive Program applies to all contracting activities for services. The DVBE incentive is applied during the evaluation process and is only applied to responsive bids from responsible bidders proposing DVBE participation. This incentive is for bid computation only.

To be eligible for the DVBE incentive, the business must:

1. Complete DVBE Incentive Request and Subcontractor Acknowledgement form (OBS 554) and submit with bid proposal.
2. Have a completed DVBE application on file with DGS, OSDS by 5:00 p.m. on the date bids are due.

For certification and preference approval process information, contact the OSDS by telephone at (916) 375-4940 or access the OSDS Internet website at [Apply For or Re-apply as Small Business, Disabled Veteran Business Enterprise](#).

Award Based on Low Price

The incentive shall be equal to a bidder's DVBE participation level (rounded to the nearest two decimal places).

DVBE PARTICIPATION LEVEL	INCENTIVE APPLIED
1.0 - 1.99%	1%
2.0 UP TO 2.99%	2%
3.0 UP TO 3.99%	3%
4.0 UP TO 4.99%	4%
5.0 UP TO 5.99%	5%

1. The incentive is subject to a minimum of one percent (1%) and a maximum of five percent (5%) and will not exceed \$500,000. Bids with DVBE participation of more than five percent (5%) will be calculated with a five percent (5%) incentive.
2. Bidders with DVBE participation of less than the required percentage listed in the solicitation will be deemed non-responsive and eliminated from any further participation.
3. The Small Business Preference (five percent (5%) up to \$50,000) may be combined with the DVBE incentive but will not exceed a combined total of \$500,000.
4. The DVBE incentive is computed from the lowest responsive and responsible bid price.

SMALL BUSINESS PREFERENCE PROGRAM

Current law requires state departments to support the success of small businesses, including microbusinesses, in participation in contracting opportunities. CDCR is committed to supporting Small/Micro Business participation in state contracting and seeks to contract with certified Small/Micro Businesses whenever possible.

A Small/Micro Business enterprise is defined as a business certified by the Department of General Services (DGS), Office of Small Business and Disabled Veteran Business Enterprise Certification Services (OSDS) in which:

1. The principal office is located in California
2. The officers are domiciled in California
3. The business is independently owned and operated
4. The business, with any affiliates, is not dominant in its field of operation; and
 - a. For Small Business, either:
 - (1) The business, together with any affiliates, has one hundred (100) or fewer employees and averaged annual gross receipts of \$16,000,000 or less over the previous three years, or
 - (2) The business is a manufacturer with one hundred (100) or fewer employees
 - b. For Micro Business, either:
 - (1) The business, together with any affiliates, has twenty-five (25) or fewer employees and averaged annual gross receipts of \$5,000,000 or less over the previous three years, or
 - (2) The business is a manufacturer with twenty-five (25) or fewer employees.

Section 14835, et seq., of the California Government Code requires that a five percent (5%) preference be given to bidders who certify as a Small/Micro Business enterprise. The rules and regulations of this law are contained in Title 2, California Code of Regulations, Section 1896, et seq. A copy of the regulation is available upon request.

To claim the Small/Micro Business preference, which may not exceed \$50,000 for any bid, your firm must:

1. Have a completed application (including proof of annual receipts) on file with the DGS, OSDS, by 5:00 p.m. on the date bids are due, and
2. Receipt of documents verified by such office.

Therefore, if you are a Small/Micro Business, but are not certified, it is to your advantage to become certified. For certification and preference approval process information, contact the OSDS by telephone at (916) 375-4940 or access the OSDS Internet website at [Apply For or Re-apply as Small Business, Disabled Veteran Business Enterprise](#).

NON-SMALL BUSINESS PREFERENCE REQUEST

Pursuant to Title 2, CCR Section 1896, et seq., and GC Section 14838, et seq., a bid preference of five percent (5%) is available to a responsive non-small business claiming no less than twenty-five percent

Invitation for Bid

Contract Bid Number C5613450-D

(25%), Small Business/Micro Business (SB/MB) subcontractor participation with one or more SB/MB enterprises. This preference is considered only if the tentative low bidder is not a certified SB/MB.

In granting the Non-Small Business Preference, no bid price will be reduced by more than \$50,000. This preference cost adjustment is for bid evaluation purposes only and does not alter the actual cost offered by the bidder.

A non-small business is defined as a responsive/responsible bidder that is not certified by the DGS OSDS as a SB/MB enterprise.

To be eligible for the non-small business preference, the business prime vendor must complete and submit the Non-Small Business Preference Request and Subcontractor Acknowledgement form (OBS 555) with their bid proposal.

NONPROFIT VETERAN SERVICE AGENCY (NVSA) SMALL BUSINESS PREFERENCE

Pursuant to Military and Veteran Code Section 999.50 et seq., Nonprofit Veteran Service Agencies (NVSAs) claiming Small/Micro Business preference and verified as such in the relevant category or business type, will be granted a preference of five percent (5%) of the lowest responsive bid, if the lowest responsive bid is submitted by a bidder not certified as a Small/Micro Business.

In granting Small/Micro Business preference to NVSAs, no bid will be reduced by more than \$50,000. The preference cost adjustment is for computation purposes only and does not alter the actual cost offered by the bidder.

2. Budget Contingency Clause

- a. It is mutually agreed that if the California State Budget Act for the current fiscal year and/or any subsequent fiscal years covered under this Agreement does not appropriate sufficient funds for the program, this Agreement shall be of no further force and effect. In this event, the State shall have no liability to pay any funds whatsoever to Contractor, or to furnish any other considerations under this Agreement, and Contractor shall not be obligated to perform any provisions of this Agreement.
- b. If funding for the purposes of this program is reduced or deleted for any fiscal year by the California State Budget Act, the State shall have the option to either cancel this Agreement with no liability occurring to the State, or offer an Agreement amendment to Contractor to reflect the reduced amount.

3. Prompt Payment Clause

Payment will be made in accordance with, and within the time specified in, Government Code Chapter 4.5, commencing with Section 927. Payment to small/micro businesses shall be made in accordance with and within the time specified in Chapter 4.5, Government Code 927 et seq.

4. Subcontractors

Nothing contained in this Agreement, or otherwise, shall create any contractual relation between the State and any subcontractors, and no subcontract shall relieve the Contractor of Contractor's responsibilities and obligations hereunder. The Contractor agrees to be as fully responsible to the State for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Contractor. The Contractor's obligation to pay its subcontractors is an independent obligation from the State's obligation to make payments to the Contractor. As a result, the State shall have no obligation to pay or to enforce the payment of any moneys to any subcontractor.

When a subcontractor is utilized, the subcontractor must provide a detailed, itemized receipt that adheres to the terms of this Agreement. Under no circumstances will the Contractor be allowed to mark up or manipulate the hours of the quote provided by the subcontractor in order to cover additional expenses. The quote from the subcontractor

and Contractor must adhere to the rates identified in the Exhibit B-1, Rate Sheet. There will be no additional compensation for any work that is performed by a subcontractor that was not identified on the Exhibit A, Scope of Work.

5. Advanced Payment for Non-Profit Organizations

Pursuant to Government Code Section (GC) 11019, upon review and approval of CDCR, the Contractor may request an advance payment for the fiscal year(s) covered by this agreement, which shall not exceed twenty five percent (25%) of the annual budget for each fiscal year. The CDCR will review and determine the need for an advance payment using the criteria contained in the department's procedures for advance payments to Community-Based, Private, Non-Profit Organizations, CDCR shall recover one-twelfth (1/12) of the advance payment each month by the reduction of monthly invoices submitted for payment by the Contractor in accordance with the project budget amount for each fiscal year of the agreement.

6. Bidder Acknowledgement/Certification (OBS 300)

The Contractor hereby agrees to provide all labor, materials, supplies, licenses, permits, equipment and transportation necessary to perform all services required for the foregoing titled work in accordance with the Scope of Work and all Terms and Conditions.

Any and all services performed outside the scope of this Agreement will be at the sole risk and expense of the Contractor.

7. Prevailing Wage Rates

No Contractor performing hereunder shall pay any employee actually engaged in the moving and handling of goods being relocated under such Agreement less than the prevailing wage rate, except in geographical areas where no such employee wage standards and conditions are reasonably available. The term "prevailing wage rate" means the rate paid to a majority of work persons engaged in the particular craft, classification or type of work within the locality if a majority of such work persons are paid at a single rate; if there is no single rate being paid to a majority, then the rate being paid to the greater number of such work persons must be used. Upon written request, wage rates prevailing at the particular point in time will be furnished for information purposes only.

ELECTRONIC SMOKE AND FIRE DETECTION ALARM SYSTEM SERVICES

Electronic bid packages include an Excel version of this Rate Sheet (Exhibit B-1) in addition to the PDF file in order to assist bidders in computing accurate totals. Bidders should download the Excel version and complete ALL highlighted cells.

The Contractor will be compensated for services performed in accordance with the applicable rate(s) specified in Exhibit B-1, Rate Sheet which shall include all labor, supplies, materials, personnel, any equipment necessary to perform fire alarm system repair and replacement (including lift equipment, i.e. scissor lifts and scaffolding), tools, transportation (including travel and per diem), and every other item of expense necessary to perform services as specified herein for the California Department of Corrections and Rehabilitation (CDCR) locations identified in Exhibit E, List of Participating Locations.

Bidders may bid on one or more locations and/or Groups. Bidders are not required to bid on all locations; however, bidders must include a rate for all items within that location. For Grouped locations, bidders must bid on all locations and items within that group. Failure to indicate a dollar amount (blank cell) on any item may be grounds to reject the entire bid for that location/group. A zero dollar amount (\$0.00 or \$ -) listed for any and/or all items shall be interpreted and understood by the State to mean that the bidder will perform any such services at NO COST to the State.

Any and all services performed outside the scope of this Agreement shall be at the sole risk and expense of the Contractor. All prices and notations must be printed in ink or typewritten. All prices must be bid in U.S. currency and shall encompass every item of expense necessary to perform the services.

Quantities and services listed in the Exhibit B-1, Rate Sheet are the State's estimates only and are offered as a basis for the comparison of bids. The State does not expressly or by implication agree that the actual amount of work will correspond therewith and reserves the right to increase/omit portions of the work as may be deemed necessary or advisable by the State.

Each participating location's and/or groups total basis of award includes a Rate Sheet line item totaling 25% of the sum of the bidder's service rate(s) to allow for additional as-needed, unforeseeable services. As-needed services will be payable at the applicable service rate(s) on the Exhibit B-1, Rate Sheet.

All CDCR estimated quantities and Contractor provided rates are for the entire term of this agreement.

Failure to declare a subcontractor when the prime contractor is not capable of performing repairs, replacement, software updates, and/or reprogramming of the fire alarm systems will be grounds to terminate this Agreement.

Section B - Hourly Repair Services: Manufacturers identified with an asterisk (*) require that the contractor must be capable of providing software updates or software replacement. A letter from the manufacturer stating that the contractor is authorized to install, repair, and provide software upgrades or software replacement must be submitted with the bid documents. Bids without the manufacturer's certification letter will not be accepted.

Hourly rates must meet minimum prevailing wage determination made by the Director of the California Department of Industrial Relations.

Contractors may offer a discount on invoices received and accepted by CDCR and paid within thirty (30) days of receipt. Discount offered must be at least one percent of the invoice amount and a minimum of \$50.00.

Discount offered on invoices paid within 30 days of receipt = %

*In the event of tie bids, CDCR reserves the right to determine the bidder entitled to the contract award based on the percentage of discount. If not applicable or a discount tie, a coin toss or lot drawing will be used in accordance with the Invitation for Bid, Basis for Award.

There are no guarantees that any services will be requested from this Agreement.

1. **Contract Disputes** (Supersedes provision number 6, Disputes, of Exhibit C)

As a condition precedent to Contractor's right to institute and pursue litigation or other legally available dispute resolution process, if any, Contractor agrees that all disputes and/or claims of Contractor arising under or related to the Agreement shall be resolved pursuant to the following processes. Contractor's failure to comply with said dispute resolution procedures shall constitute a failure to exhaust administrative remedies.

Pending the final resolution of any such disputes and/or claims, Contractor agrees to diligently proceed with the performance of the Agreement, including the delivering of goods or providing of services. Contractor's failure to diligently proceed shall constitute a material breach of the Agreement.

The Agreement shall be interpreted, administered, and enforced according to the laws of the State of California. The parties agree that any suit brought hereunder shall have venue in Sacramento, California, the parties hereby waiving any claim or defense that such venue is not convenient or proper.

a. **Final Payment**

The acceptance by Contractor of final payment shall release the California Department of Corrections and Rehabilitation (CDCR) from all claims, demands and liability to Contractor for everything done or furnished in connection with this work and from every act and neglect of CDCR and others relating to or arising out of this work except for any claim previously accepted and/or in process of resolution.

b. **Informal Appeal**

Contractor and the program or institution contract liaison, or other designated CDCR employee of the unit for which the goods are being delivered or the service is being performed, shall first attempt in good faith to resolve the dispute or claim by informal discussion(s). Contractor shall identify the issues and the relief sought. Informal discussion(s) between Contractor and contract liaison, or the designated CDCR employee, shall be written, dated, and signed by the authors.

The program or institution contract liaison shall issue an informal written statement to Contractor regarding the dispute within fifteen (15) calendar days following settlement or an impasse in the informal discussion(s) process. The written statement shall either: (1) document the dispute settlement and what, if any, conditions were reached; or, (2) document the reason(s) the dispute could not be resolved informally and provide notification to Contractor of its option to file a formal appeal within thirty (30) days of the informal statement. One (1) copy of the informal statement and the discussion(s) on which it is based shall be forwarded immediately to the Office of Business Services (OBS) for inclusion in the Agreement file.

c. **Formal Appeal**

If the dispute or claim is not resolved to Contractor's satisfaction by the informal appeal process, Contractor may file with the Chief, Contracts Management Branch (CMB), OBS, and a formal written appeal within thirty (30) calendar days of the date of CDCR's informal written decision. The formal written appeal shall be addressed as follows:

(SUBJECT)

Chief
Contracts Management Branch
Office of Business Services
California Department of Corrections and Rehabilitation
9838 Old Placerville Road, Suite B
Sacramento, CA 95827

Contractor shall specify in the formal written appeal the issue(s) in dispute, the particular relief or remedy sought, the factual basis for Contractor's claim or dispute, and Contractor's legal, technical and/or other authority upon which Contractor bases its claim or dispute.

The formal written appeal shall include a written certification signed by a knowledgeable company official under the penalty of perjury according to the laws of the State of California pursuant to California Code of Civil Procedure Section 2015.5 that the dispute, claim, or demand is made in good faith, and that the supporting information are accurate and complete. If an Agreement adjustment is requested, the written certification shall further state under penalty of perjury that the relief requested accurately reflects the Agreement adjustment for which the CDCR is responsible.

If Contractor is a corporation, the written certification shall be signed by an officer thereof. If Contractor is a sole proprietorship or partnership, it shall be signed by an owner or full partner. If Contractor is other than a corporation, sole proprietorship or partnership, it shall be signed by a principal of the company with authority to bind the company.

The Chief, CMB, shall issue a formal written decision on behalf of CDCR within thirty (30) calendar days of receipt of the properly addressed formal written appeal. If mutually agreed by the parties, the date for the issuance of CDCR's final written decision may be extended.

d. Further Resolution

If the dispute is not resolved by the formal appeal process to Contractor's satisfaction, or Contractor has not received a written decision from the Chief, CMB, after thirty (30) calendar days, or other mutually agreed extension, Contractor may thereafter pursue its right to institute other dispute resolution process, if any, available under the laws of the State of California.

e. Contract Disputes with Public Entities

A county, city, district or other local public body, state board or state commission, another state or federal agency, or joint-powers authority shall resolve a dispute with CDCR, if any, through a meeting of representatives from the entities affected. If the dispute cannot be resolved to the satisfaction of the parties, each entity may thereafter pursue its right to institute litigation or other dispute resolution process, if any, available under the laws of the State of California.

2. Right to Terminate (Supersedes provision number 7, Termination for Cause, of Exhibit C)

The State reserves the right to terminate this Agreement subject to thirty (30) calendar days written notice to the Contractor. Contractor may submit a written request to terminate this Agreement only if the State should substantially fail to perform its responsibilities as provided herein.

Additionally, the State reserves the right to terminate this Agreement subject to thirty (30) calendar days written notice to the Contractor should it be later identified as a service which can be consolidated into a statewide/regionalized Agreement. The State may exercise its option to cancel the remaining years of this Agreement, should it be decided that with additional institutions and/or sites, the State would receive a better rate for the same service.

However, the State can immediately terminate this Agreement for cause. The term "for cause" shall mean that the Contractor fails to meet the terms, conditions, and/or responsibilities of the Agreement. In this instance, the Agreement termination shall be effective as of the date indicated on the State's notification to the Contractor.

This Agreement may be suspended or cancelled without notice, at the option of the Contractor, if the Contractor or State's premises or equipment are destroyed by fire or other catastrophe, or so substantially damaged that it is impractical to continue service, or in the event the Contractor is unable to render service as a result of any action by any governmental authority.

The Notice shall identify the specific Executive Order or directive and the Agreement number(s) subject to suspension. Unless specifically stated otherwise, all performance under the Agreement(s) must stop immediately upon receipt of the Notice. During the period of contract suspension, Contractor is not entitled to any payment for the suspended work. Once the order suspending state contracts has been lifted, a formal letter from the Department will be issued to the Contractor to resume work.

4. Responsibility Hearing

If this Agreement is terminated for cause, CDCR reserves the right to conduct a responsibility hearing to determine if the Contractor is a responsible bidder before an award of future Agreements can be made.

5. Confidentiality of Data

All financial, statistical, personal, technical and other data and information relating to State's operation, which are designated confidential by the State and made available to carry out this Agreement, or which become available to the Contractor in order to carry out this Agreement, shall be protected by the Contractor from unauthorized use and disclosure.

If the methods and procedures employed by the Contractor for the protection of the Contractor's data and information are deemed by the State to be adequate for the protection of the State's confidential information, such methods and procedures may be used with the written consent of the State. The Contractor shall not be required under the provisions of this paragraph to keep confidential any data already rightfully in the Contractor's possession that is independently developed by the Contractor outside the scope of the Agreement or is rightfully obtained from third parties.

The EO directs state agencies to terminate contracts with, and to refrain from entering any new contracts with, individuals or entities that are determined to be a target of Economic Sanctions. Accordingly, should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for termination of this agreement. The State shall provide Contractor advance written notice of such termination, allowing Contractor at least 30 calendar days to provide a written response. Termination shall be at the sole discretion of the State.

8. Liability for Loss and Damages

Any damages by the Contractor to the State's facility including equipment, furniture, materials or other State property, will be repaired or replaced by the Contractor to the satisfaction of the State at no cost to the State. All bidders must submit a completed OBS 1500 verifying status, with their bid proposal.

22. Iran Contracting Act

Pursuant to the Iran Contracting Act of 2010 (Public Contract Code Sections 2200 through 2208 are "the Act"), vendors are ineligible to bid on, submit a proposal for, enter into, or renew any contract with the state for goods or services of one million dollars (\$1,000,000) or more if the vendor engages in investment activities in Iran, as defined in the Act. The Act requires that DGS establish and periodically update a list of ineligible vendors.

Also, pursuant to the Act, financial institutions are ineligible to bid on, submit a proposal for, enter into, or renew any contract with the state for goods or services of one million dollars (\$1,000,000) or more if the financial institution extends credit, as defined in the Act, to a

23. Conflict of Interest

The Contractor and their employees shall abide by the provisions of GC Sections 1090, 81000 et seq., 82000 et seq., 87100 et seq., and 87300 et seq., Public Contract Code (PCC) Sections 10335 et seq. and 10410 et seq., California Code of Regulations (CCR), Title 2, Section 18700 et seq. and Title 15, Section 3409, and the Department Operations Manual (DOM) Section 31100 et seq. regarding conflicts of interest.

a. Contractors and Their Employees

Consultant Contractors shall file a Statement of Economic Interests, Fair Political Practices Commission (FPPC) Form 700 prior to commencing services under the Agreement, annually during the life of the Agreement, and within thirty (30) days after the expiration of the Agreement. Other service Contractors and/or certain of their employees may be required to file a Form 700 if so requested by CDCR or whenever it appears that a conflict of interest may be at issue. Generally, service Contractors (other than consultant Contractors required to file as above) and their employees shall be required to file an FPPC Form 700 if one of the following exists:

1. The Agreement service has been identified by CDCR as one where there is a greater likelihood that a conflict of interest may occur;

b. Current State Employees

No officer or employee shall engage in any employment, activity or enterprise from which the officer or employee receives compensation or has a financial interest and which is sponsored or funded by any state agency, unless the employment, activity or enterprise is required as a condition of regular state employment.

2. No officer or employee shall contract on his or her own behalf as an independent Contractor with any state agency to provide goods or services.
3. In addition to the above, CDCR officials and employees shall also avoid actions resulting in or creating an appearance of:

c. Former State Employees

1. For the two year (2-year) period from the date he or she left state employment, no former state officer or employee may enter into an Agreement in which he or she engaged in any of the negotiations, transactions, planning, arrangements or any part of the decision-making process relevant to the Agreement while employed in any capacity by any state agency.
2. For the twelve-month (12-month) period from the date he or she left state employment, no former state officer or employee may enter into an Agreement with any state agency if he or she was employed by that state agency in a policy-making position in the same general subject area as the proposed Agreement within the 12-month period prior to his or her leaving state service.

In addition to the above, the Contractor shall avoid any conflict of interest whatsoever with respect to any financial dealings, employment services, or opportunities offered to incarcerated individuals or parolees. The Contractor shall not itself employ or offer to employ incarcerated individuals or parolees either directly or indirectly through an affiliated company, person or business unless specifically authorized in writing by the CDCR. In addition, the Contractor shall not (either directly, or indirectly through an affiliated company, person or business) engage in financial dealings with incarcerated individuals or parolees, except to the extent that such financial dealings create no actual or potential conflict of interest, are available on the same terms to the general public, and have been approved in advance in writing by CDCR. For the purposes of this paragraph, "affiliated company, person or business" means any company, business, corporation, nonprofit corporation, partnership, limited partnership, sole proprietorship, or other person or business entity of any kind which has any ownership or control interest whatsoever in the Contractor, or which is wholly or partially owned (more than 5% ownership) or controlled (any percentage) by the Contractor or by the Contractor's owners, officers, principals, directors and/or shareholders, either directly or indirectly. "Affiliated companies, persons or businesses" include, but are not limited to, subsidiary, parent, or sister companies or corporations, and any company, corporation, nonprofit corporation, partnership, limited partnership, sole proprietorship, or other person or business entity of any kind that is wholly or partially owned or controlled,

either directly or indirectly, by the Contractor or by the Contractor's owners, officers, principals, directors and/or shareholders.

The Contractor shall have a continuing duty to disclose to the State, in writing, all interests and activities that create an actual or potential conflict of interest in performance of the Agreement.

The Contractor shall have a continuing duty to keep the State timely and fully apprised in writing of any material changes in the Contractor's business structure and/or status. This includes any changes in business form, such as a change from sole proprietorship or partnership into a corporation or vice-versa; any changes in company ownership; any dissolution of the business; any change of the name of the business; any filing in bankruptcy; any revocation of corporate status by the Secretary of State; and any other material changes in the Contractor's business status or structure that could affect the performance of the Contractor's duties under the Agreement.

If the Contractor violates any provision of the above paragraphs, such action by the Contractor shall render this Agreement void.

Members of boards and commissions are exempt from this section if they do not receive payment other than payment for each meeting of the board or commission, payment for preparatory time and payment for per diem.

24. Disclosure

Neither the State nor any State employee will be liable to the Contractor or its staff for injuries inflicted by incarcerated individuals or parolees of the State. The State agrees to disclose to the Contractor any statement(s) known to State staff, made by any incarcerated individual or parolee, which indicate violence may result in any specific situation, and the same responsibility will be shared by the Contractor in disclosing such statement(s) to the State.

25. Additional Disclosure

Neither the State nor any State employee will be liable to the Contractor or its staff for any injuries caused by exposure to any blood borne pathogens, aerosol transmissible diseases, or communicable diseases. Contractor agrees that it shall comply fully with all applicable Cal/OSHA regulations concerning protection of the Contractor's employees from diseases; including Title 8, California Code of Regulations section 5193 (Blood Borne Pathogens), and Title 8, section 5199 (Aerosol Transmissible Diseases). Contractor agrees to indemnify, defend, and save harmless the State, its officers, agents and employees from any and all claims and losses accruing or resulting to any of the Contractor's employees arising out of exposure to any blood borne pathogen, aerosol transmissible disease, or communicable disease during the Contractor's performance of the Agreement.

26. Security Clearance/Fingerprinting

The State reserves the right to conduct fingerprinting and/or security clearance through the Department of Justice, Bureau of Criminal Identification and Information (BCII), prior to award and at any time during the term of the Agreement, in order to permit Contractor and/or Contractor's employee access to State premises. The State further reserves the right to

terminate the Agreement should a threat to security be determined.

27. Notification of Personnel Changes

Contractor must notify the State, in writing, of any changes of those personnel allowed access to State premises for the purpose of providing services under this Agreement. In addition, Contractor must recover and return any State-issued identification card provided to Contractor's employee(s) upon their departure or termination.

28. Hiring Considerations

If this Agreement is in excess of \$200,000, the Contractor shall be required to give priority consideration in filling vacancies in positions funded by the Agreement to qualified recipients of aid under Welfare and Institutions Code Section 11200 et seq.

29. Contractor Employee Misconduct

During the performance of this Agreement, it shall be the responsibility of the Contractor whenever there is an incident of use of force or allegation(s) of employee misconduct associated with and directly impacting incarcerated individual and/or parolee rights, to immediately notify CDCR of the incident(s), to cause an investigation to be conducted, and to provide CDCR with all relevant information pertaining to the incident(s). All relevant information includes, but is not limited to: a) investigative reports; b) access to incarcerated individuals/parolees and the associated staff; c) access to employee personnel records; d) that information reasonably necessary to assure CDCR that incarcerated individuals and/or parolees are not or have not been deprived of any legal rights as required by law, regulation, policy and procedures; and e) written evidence that the Contractor has taken such remedial action, in the event of unnecessary or excessive force, or employee misconduct with incarcerated individuals and/or parolees, as will assure against a repetition of incident(s) or retaliation. To the extent that the information provided by the Contractor fails to so assure CDCR, CDCR may require that any implicated Contractor staff be denied access to and the supervision of CDCR incarcerated individuals and/or parolees at the facility and access to incarcerated individual and/or parolee records. Notwithstanding the foregoing, and without waiving any obligation of the Contractor, CDCR retains the power to conduct an independent investigation of any incident(s). Furthermore, it is the responsibility of the Contractor to include the foregoing terms within any and all subcontracts, requiring that subcontractor(s) agree to the jurisdiction of CDCR to conduct an investigation of their facility and staff, including review of subcontractor employee personnel records, as a condition of the Agreement.

30. Workers' Compensation

Contractor hereby represents and warrants that Contractor is currently and shall, for the duration of this Agreement, carry workers' compensation insurance, at Contractor's expenses, or that it is self-insured through a policy acceptable to CDCR, for all of its employees who will be engaged in the performance of this Agreement. Such coverage will be a condition of CDCR's obligation to pay for services provided under this Agreement.

Prior to approval of this Agreement and before performing any work, Contractor shall furnish to the State evidence of valid workers' compensation coverage. Contractor agrees that the

workers' compensation insurance shall be in effect at all times during the term of this Agreement. In the event said insurance coverage expires or is canceled at any time during the term of this Agreement, Contractor agrees to give at least thirty (30) days prior notice to CDCR before said expiration date or immediate notice of cancellation. Evidence of coverage shall not be for less than the remainder of the term of the Agreement or for a period of not less than one year. The State reserves the right to verify the Contractor's evidence of coverage. In the event the Contractor fails to keep workers' compensation insurance coverage in effect at all times, the State reserves the right to terminate this Agreement and seek any other remedies afforded by the laws of this State.

Contractor also agrees to indemnify, defend and save harmless the State, its officers, agents and employees from any and all of Contractor's workers' compensation claims and losses by Contractor's officers, agents and employees related to the performance of this Agreement.

31. Insurance Requirements

Insurance as required herein shall be a condition of the State's obligation to pay for services provided under this Agreement. Prior to approval of this Agreement and before performing any work, Contractor and any subcontractor shall furnish to the State evidence of valid coverage. The following shall be considered evidence of coverage: A certificate of insurance, a "true and certified" copy of the policy, or any other proof of coverage issued by Contractor's insurance carrier. Binders are not acceptable as evidence of coverage. Providing evidence of coverage to the State conveys no rights or privileges to the State, nor does it insure any State employee or insure any premises owned, leased, used by or otherwise or under the control of the State. It does, however, serve to provide the State with proof that the Contractor and any subcontractor are insured at the minimum levels required by the State of California.

Contractor agrees that any liability insurance required in the performance of this Agreement shall be in effect at all times during the term of this Agreement. In the event said insurance coverage expires or is canceled during the term of this Agreement, Contractor shall provide the State within five (5) business days of receipt by contractor a copy of any notice of cancellation or non-renewal of insurance required by the contract. Evidence of coverage required in the performance of this Agreement shall not be for less than the remainder of the term of this Agreement or for a period of not less than one year. The State and the Department of General Services (DGS) reserve the right to verify the Contractor's evidence of coverage; evidence of coverage is subject to the approval of the DGS. In the event the Contractor fails to keep insurance coverage at all times as required, the State reserves the right to terminate this Agreement and to seek any other remedies afforded by the laws of the State of California.

In the event the insurance coverage expires at any time or during the agreement term, the contractor agrees to provide a new certificate of insurance at least 30 days prior to expiration. The contractor agrees that no work or services shall be performed prior to DGS/ORIM approval. The State may, in addition to any other remedies it may have, terminate the agreement should the contractor fail to comply with these provisions.

For all companies and/or businesses and individual providers, the Contractor hereby represents and warrants that the Contractor is currently and shall be, for the duration of this

Agreement, at Contractor's expense insured against:

If this Agreement is in excess of \$15,000, Contractor shall fulfill, to the best of Contractor's ability, their obligations in dispensing that portion of the Agreement amount to the DVBE as identified in the reply to the DVBE Mandatory Participation Requirement. Said reply by reference is a part of this Agreement and is on file and available for review Monday through Friday between the hours of 9:00 a.m. and 4:00 p.m. at the contracting location.

In the event the Agreement is amended to increase the amount, Contractor will be required to comply with the CDCR's DVBE participation requirement for the amended amount.

33. Small Business and DVBE Participation – Commercially Useful Functions

This solicitation and any resulting Agreement shall be subject to all requirements as set forth in the following code:

GC Sections 14836, 14837, 14838, 14839, 14840, 14842, 14842.5
Military and Veterans Code (MVC) Sections 999, 999.6, 999.9

In part, these codes involve requirements for businesses to qualify as a California certified Small Business, Micro business and/or DVBE. The aforementioned companies must perform a **commercially useful function** to be eligible for award and be "domiciled" in California. A supplier's bid will be considered non-responsive and rejected for failure to comply with the definition and requirements set forth in the statutes Contractors found to be in violation of certain provisions within these code sections may be subject to loss of certification, penalties and Agreement cancellation.

34. DVBE Replacement Request

Contractor understands and agrees that should award of this contract be based in part on their commitment to use the Disabled Veteran Business Enterprise (DVBE) subcontractor(s) identified in their bid or offer, per Military and Veteran's Code (MVC) § 999.5 (e), a DVBE subcontractor may only be replaced by another DVBE subcontractor and must be approved by the Department of General Services (DGS). The Contractor shall submit requests for DVBE substitutions electronically on the DVBE Substitution form with justification for the substitution to the Office of Business Services, m_cdcrobscontracts@cdcr.ca.gov. For assistance with access to the "DVBE Substitution" form and instructions, contact the Department of Corrections and Rehabilitation Office of Business Services SB/DVBE Advocate at sbdvbeadvocate@cdcr.ca.gov. Requests to replace a DVBE subcontractor must be amply documented to show that the replacement meets the criteria as specified in the California Code of Regulations (CCR), Title II, Section 1896.73(g) or the Public Contract Code (PCC) § 4107 (for public works). Failure of Contractor to seek substitution and adhere to the DVBE participation level identified in the bid or offer may be cause for contract termination, recovery of damages under rights and remedies due to the State, and penalties as outlined in MVC § 999.9; PCC § 10115.10, or PCC § 4110 (for public works contracts).

35. DVBE Payment Certification

MVC 999.5(d) requires prime contractors to certify that payments to DVBE subcontractors were made upon completion of the contract and allows the awarding department to request proof of payment. Senate Bill 588 requires prime contractors to certify that payments to DVBE subcontractors were made upon final invoice submittal. MVC 999.7 states that the department shall withhold up to \$10,000 from the final payment until the prime contractor complies with the certification requirements in MVC 999.5(d).

Prime contractors shall return the completed Prime Contractor's Certification – DVBE Subcontractor Report (STD 817) with proof of payment to the DVBE subcontractor via email to "DVBESubcontractorReport@cdcr.ca.gov" for processing and inclusion in the contract file with the final invoice. If the STD 817 is not submitted with the final invoice or submitted incomplete, up to \$10,000 will be withheld from the prime contractor's final payment pending receipt of a complete and accurate STD 817.

Contractor's rates shall include all travel expenses required to perform services in accordance with this Agreement.

37. Prevailing Wage Rates

The Director of the Department of Industrial Relations (DIR) has ascertained general prevailing wage rates in the county in which the work is to be performed. Upon request, the State shall furnish to the Contractor a copy of such prevailing wage rates that the Contractor shall post at the job site.

The prevailing wage rates set forth are the minimum that shall be paid by the Contractor. Nothing contained herein shall be construed as preventing the Contractor from paying more than the minimum prevailing wage rates. No extra compensation will be allowed by the

State due to the Contractor's inability to hire labor at minimum rates.

If it becomes necessary to employ work classifications other than those listed in the bid, the Contractor shall notify the State immediately and the State shall ascertain the additional prevailing wage rates from the date of initial payment.

The Contractor shall comply with all prevailing wage rate requirements and shall be subject to all restrictions and penalties in accordance with California Labor Code Sections 1770–1780.

38. Work Area

While working on equipment, Contractor agrees to perform services with as little disruption to the State's operations as possible. All tools, equipment and other work materials belonging to the Contractor will be removed from the institution at the end of each working day. The State shall not be responsible for storage of any Contractor property.

39. Materials and Workmanship

All materials used and all work performed under the contract shall conform in all respects to the latest amended rules, regulations and requirements which are set forth in the Uniform Building Code, Uniform Plumbing Code; National Electric Code; California Electric Safety Orders; California Department of Industrial Relations, Division of Industrial Safety regulations; and any other regulatory requirement having jurisdiction over this type of work.

Materials, articles or equipment furnished by the Contractor for incorporation into the work shall be new. When the contract documents indicate or require that such materials, articles or equipment are to be furnished, but the quality or kind thereof is not particularly specified, shown or indicated, the Contractor shall furnish materials, articles or equipment at least equal to the class or quality of the materials, articles or equipment that are specified, shown or indicated. Substantiating data of the equal item shall be presented to the State within thirty-five (35) calendar days after the award of the contract. Every part of the work shall be accomplished by the workers, laborers or mechanics especially skilled in the class of work required and workmanship shall be the best.

Completed work shall be to the entire satisfaction of the State of California. The State shall be the sole judge as to whether the materials or workmanship is acceptable. Should any portion of the completed work or any materials, articles or equipment delivered fail to comply with the requirements of the contract, such work, materials, articles or equipment shall be rejected. The Contractor shall immediately replace all unacceptable materials at its own expense; all unacceptable work shall immediately be made satisfactory to the State by the Contractor at no additional expense to the State. Any materials, articles or equipment that has been rejected shall immediately be removed from the premises at the expense of the Contractor.

40. Equipment

46. Prison Rape Elimination Policy

CDCR maintains a zero tolerance for sexual misconduct in its institutions, community correctional facilities, conservation camps and for all offenders under its jurisdiction. All sexual misconduct is strictly prohibited.

CDCR is committed to providing a safe, humane, secure environment, free from sexual misconduct. This will be accomplished by maintaining a program to ensure education/prevention, detection, response, investigation and tracking of sexual misconduct and to address successful community re-entry of the victim.

All Contractors and their employees are expected to ensure compliance with this policy as described in Department Operations Manual, Chapter 5, Article 44.

If you are providing services for the confinement of our incarcerated individuals, you and your staff are required to adopt and comply with the PREA standards, 28 Code of Federal Regulations (CFR) Part 115 and with CDCR's Department Operations Manual, Chapter 5, Article 44, including updates to this policy. This will include CDCR staff and outside audit personnel (who also conduct PREA audits of state prisons) conducting audits to ensure compliance with the standards.

As a Contractor with CDCR, you shall not assign an employee to a CDCR facility or assign an employee to duties if that employee will have contact with CDCR incarcerated individuals, if that employee has 1) engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution (as defined in 42 U.S.C. 1997); 2) been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or 3) has been civilly or administratively adjudicated to have engaged in the activity described in this section.

The Contractor shall conduct a criminal background records check for each contract employee who will have contact with CDCR incarcerated individuals and retain the results for audit purposes. By signing this contract the Contractor agrees to ensure that all of the mandates of this Prison Rape Elimination Policy are complied with. Material omissions, by the contract employee, regarding such misconduct or the provision of materially false information, shall be grounds for removal from institutional grounds.

Contract employees, who have contact with incarcerated individuals, shall be provided training via the Exhibit titled; "PRISON RAPE ELIMINATION POLICY, Volunteer/Contractor Informational Sheet" to learn their responsibilities under the agency's sexual abuse and sexual harassment prevention, detection, and response policies and procedures. A copy of this signed informational sheet will be provided to the institution before a contract employee may have contact with incarcerated individuals.

Any contract employee who appears to have engaged in sexual misconduct of an incarcerated individual shall be prohibited from contact with incarcerated individuals and shall be subject to administrative and/or criminal investigation. Referral shall be made to the District Attorney unless the activity was clearly not criminal. Reportable information shall be sent to relevant licensing bodies.

47. Security Regulations

- a. Unless otherwise directed by the entrance gate officer and/or Contract Manager, the Contractor, Contractor's employees and subcontractors shall enter the institution through the main entrance gate and park private and nonessential vehicles in the designated visitor's parking lot. Contractor, Contractor's employees and

subcontractors shall remove the keys from the ignition when outside the vehicle and all unattended vehicles shall be locked and secured while on institution grounds.

- b. Any State- and Contractor-owned equipment used by the Contractor for the provision of contract services, shall be rendered temporarily inoperative by the Contractor when not in use, by locking or other means unless specified otherwise.
- c. In order to maintain institution safety and security, periodic fire prevention inspections and site searches may become necessary and Contractor must furnish keys to institutional authorities to access all locked areas on the worksite. The State shall in no way be responsible for Contractor's loss due to fire.
- d. Due to security procedures, the Contractor, Contractor's employees and subcontractors may be delayed at the institution vehicle/pedestrian gates and sally ports. Any loss of time checking in and out of the institution gates and sally ports shall be borne by the Contractor.
- e. Contractor, Contractor's employees and subcontractors shall observe all security rules and regulations and comply with all instructions given by institutional authorities.
- f. Electronic and communicative devices such as pagers, cell phones and cameras/micro cameras are not permitted on institution grounds.
- g. Contractor, Contractor's employees and subcontractors shall not cause undue interference with the operations of the institution.
- h. No picketing is allowed on State property.

48. Gate Clearance

Contractor and Contractor's employee(s) and/or subcontractor(s) must be cleared prior to providing services. The Contractor will be required to complete a Request for Gate Clearance for all persons entering the facility a minimum of ten (10) working days prior to commencement of service. The Request for Gate Clearance must include the person's name, social security number, valid state driver's license number or state identification card number and date of birth. Information shall be submitted to the Contract Liaison or his/her designee. CDCR uses the Request for Gate Clearance to run a California Law Enforcement Telecommunications System (CLETS) check. The check will include Department of Motor Vehicles check, Wants and Warrants check, and Criminal History check.

Gate clearance may be denied for the following reasons: Individual's presence in the institution presents a serious threat to security, individual has been charged with a serious crime committed on institution property, inadequate information is available to establish positive identity of prospective individual, and/or individual has deliberately falsified his/her identity.

CDCR 2301 PREA Policy Information for Volunteers and Contractors – Part A

The Prison Rape Elimination Policy for the California Department of Corrections and Rehabilitation (CDCR) is explained on this informational sheet. As a volunteer or private contractor who has contact with CDCR offenders, it is your responsibility to do what you can, within the parameters of your current assignment, to reduce incidents of sexual violence, staff sexual misconduct, and sexual harassment and to report information appropriately when they are reported to you or when you observe such an incident. For purposes of this Policy, the word “staff” includes volunteers and private contractors.

Historical Information

Both the Congress and State Legislature passed laws, the Federal Prison Rape Elimination Act (PREA) of 2003, the Sexual Abuse in Detention Elimination Act, Chapter 303, Statutes of 2005, and most recently the United States, Department of Justice Final Rule; National Standards of 2012 to help prevent, detect, and respond to sexual violence, staff sexual misconduct, and sexual harassment behind bars. It is important that we, as professionals, understand all aspects of these laws and our responsibilities to help prevent, detect, and respond to instances by offenders and staff.

CDCR Policy

The CDCR policy is found in Department Operations Manual (DOM), Chapter 5, Article 44. PREA addresses five types of sexual offenses. Sexual violence committed by offenders against offenders encompasses: abusive sexual contact, non-consensual sex acts, and sexual harassment by an offender. Other sections covered by PREA include staff sexual misconduct towards an offender and staff sexual harassment towards an offender.

CDCR’s policy provides for the following:

- CDCR is committed to continuing to provide a safe, humane, secure environment, free from offender on offender sexual violence, staff sexual misconduct, and sexual harassment.
- CDCR maintains zero tolerance for sexual violence, staff sexual misconduct, and sexual harassment in its institutions, community correctional facilities, conservation camps, and for all offenders under its jurisdiction.
- All sexual violence, staff sexual misconduct, and sexual harassment is strictly prohibited.
- This policy applies to all offenders and persons employed by the CDCR, including volunteers and independent contractors assigned to an institution, community correctional facility, conservation camp, or parole.

Retaliatory measures against employees or offenders who report incidents of sexual violence, staff sexual misconduct, or sexual harassment as well as retaliatory measures taken against those who cooperate with investigations shall not be tolerated and shall result in disciplinary action and/or criminal prosecution. Retaliatory measures include, but are not limited to:

- Coercion.
- Threats of punishments.
- Any other activities intended to discourage or prevent staff or offenders from reporting incident(s).

Professional Behavior

Staff, including volunteers and private contractors are expected to act in a professional manner while on the grounds of a CDCR institution and while interacting with other staff and offenders. Key elements of professional behavior include:

- Treating everyone, staff and offenders alike, with respect.

CDCR 2301 PREA Policy Information for Volunteers and Contractors – Part A

- Speaking without judging, blaming, or being demeaning.

- Listening to others with an objective ear and trying to understand their point of view.
- Avoiding gossip, name calling, and what may be perceived as offensive or "off-color" humor.
- Taking responsibility for your own behavior.

Preventative Measures

You can help reduce sexual violence, staff sexual misconduct, and sexual harassment by taking various actions during the performance of your duties as a volunteer or private contractor.

The following are ways in which you can help:

- Know and enforce the rules regarding the sexual conduct of offenders.
- Be professional at all times.
- Make it clear that sexual activity is not acceptable.
- Treat any suggestion or allegation of sexual violence, staff sexual misconduct, and sexual harassment as serious.
- Follow appropriate reporting procedures and assure that the alleged victim is separated from the alleged predator.
- Never advise an offender to use force to repel sexual advances.

Detection

All staff, including volunteers and private contractors, is responsible for reporting immediately and confidentially, to the appropriate supervisor any information that indicates an offender is being, or has been, the victim of sexual violence, staff sexual misconduct, or sexual harassment.

After immediately reporting to the appropriate supervisor, you are required to document the information you reported. You will be instructed by the supervisor regarding the appropriate form to be used for documentation.

You will take necessary action (i.e., give direction or press your alarm) to prevent further harm to the victim. A bidder walk-through will be conducted as scheduled at the institution/facility at the date and time indicated within this Attachment. Bidders **NOT ATTENDING A MANDATORY WALK-THROUGH** will **NOT BE ABLE TO BID** for that facility.

Bidders and/or their representative(s) attending a walk-through will be **required to sign in as documentation of attendance**.

Specific questions during the walk-through should be limited to the work site. Questions regarding the Scope of Work and/or Terms and Conditions of the pending Agreement should be directed to CDCR Contract Analyst identified within the IFB.

A Bidder Walk-Through Checklist has been included below to assist with completing the walk-through portion of the bid process. Bidders can prepare one checklist per planned attendance at each institution/facility as they complete the process.

Specific directions to each institution/facility can be found on the CDCR internet website at <https://www.cdcr.ca.gov/facility-locator/>. The contact for each location is included in the walk-through schedule.

Bidders' Walk-Through Checklist

☐	Institution/Facility:
☐	Type of Walk Through: ☐ MANDATORY ☐ OPTIONAL
	Scheduled Walk-Through Date: _____ Time: _____
	Walk Through Coordinator Name: _____ Phone: _____ Fax: _____ <u>Alternate:</u> Name: _____ Phone: _____ Fax: _____
☐	Notification to institution/facility Date: _____ Time: _____
☐	Gate Clearance documents to institution/facility completed.
☐	Bring bid documents to walk-through.
☐	Map/directions to the institution/facility.
☐	Request for Reasonable Accommodations to institution/facility.

The checklist does not relieve bidders of any of their responsibilities to complete any portion of the bid process, as it is only meant to assist.

The purpose of a walk-through is to allow bidders an opportunity to examine the work site before bidding in order to acquire a better knowledge of the area(s) and/or specific equipment affecting the work which may not be particularly described herein.

To secure gate clearance for admittance into any institution/facility, **all bidders are required** to contact the individual institution/facility on the schedule and provide the following information for the representative(s) that will be attending the walk-through:

- Complete name;
- Date of birth; and
- Valid driver's license or State DMV identification card number

After the institution/facility has completed the gate clearance process and bidders and their representative(s) are scheduled to attend a walk-through, they must bring a valid driver's license or State DMV identification card in order to be admitted onto institution/facility grounds.

Clothing Restrictions: While on institution/facility grounds, bidders and their representative(s) shall be professionally and appropriately dressed in clothing distinct from that worn by incarcerated individuals at the institution. Specifically, blue denim pants and blue chambray shirts, orange/red/yellow/white/chartreuse jumpsuits and/or yellow rainwear shall not be worn onto institution grounds, as this is incarcerated individual attire. The bidder should contact the institution regarding clothing restrictions prior to requiring access to the institution/facility to ensure compliance.

Electronic Devices: Electronic and communication devices such as pagers, cell phones, cameras/micro-cameras, and/or sound recording devices are not permitted on institution/facility grounds and must be left in the bidder's and/or their representative's locked vehicle. None of these devices are allowed on institution/facility grounds.

Tobacco-Free Environment: Pursuant to Penal Code Section 5030.1, the use of tobacco products by any person on the grounds of any institution or facility under the jurisdiction of the Department of Corrections and Rehabilitation is prohibited.

COVID-19 Requirements

Visitors, vendors, volunteers, and/or staff are required to respond to any active preventative screening measures in place at each CDCR institution/facility to decrease the spread of COVID-19; therefore, be advised that you and/or your employees will be required to adhere to this requirement. Contact the institution/facility prior to the walk-through for additional details.

No officer or employee shall engage in any employment, activity or enterprise from which the officer or employee receives compensation or has a financial interest and which is sponsored or funded by any state agency, unless the employment, activity or enterprise is required as a condition of regular state employment.

2). No officer or employee shall contract on his or her own behalf as an independent contractor with any state agency to provide goods or services.

2). For the twelve-month period from the date he or she left state employment, no former state officer or employee may enter into a contract with any state agency if he or she was employed by that state agency in a policy-making position in the same general subject area as the proposed contract within the 12-month period prior to his or her leaving state service.

If Contractor violates any provisions of above paragraphs, such action by Contractor shall render this Agreement void. (Pub. Contract Code §10420)

Members of boards and commissions are exempt from this section if they do not receive payment other than payment of each meeting of the board or commission, payment for preparatory time and payment for per diem. (Pub. Contract Code §10430 (e))

2. 4. CONTRACTOR NAME CHANGE: An amendment is required to change the Contractor's name as listed on this Agreement. Upon receipt of legal documentation of the name change the State will process the amendment. Payment of invoices presented with a new name cannot be paid prior to approval of said amendment.

5. CORPORATE QUALIFICATIONS TO DO BUSINESS IN CALIFORNIA:

BIDDER DECLARATION Instructions

All prime bidders (the firm submitting the bid) must complete the Bidder Declaration.

1.a. Identify all current certifications issued by the State of California. If the prime bidder has no California certification(s), check the line labeled “None” and proceed to Item #2. If the prime bidder possesses one or more of the following certifications, enter the applicable certification(s) on the line:

CALIFORNIA DISABLED VETERAN BUSINESS ENTERPRISE (DVBE)
PROGRAM REQUIREMENTS – NOT FOR GOODS AND INFORMATION TECHNOLOGY
(Revision Date 09/03/09)

Please read the requirements and instructions carefully before you begin.

AUTHORITY. The Disabled Veteran Business Enterprise (DVBE) Participation Goal Program for State contracts is established in Public Contract Code (PCC), §10115 et seq., Military and Veterans Code (MVC), §999 et seq., and California Code of Regulations (CCR), Title 2, §1896.60 et seq. **Recent legislation has modified the program significantly in that a bidder may no longer demonstrate compliance with program requirements by performing a “good faith effort” (GFE).**

The minimum DVBE participation percentage (goal) is 3% for this solicitation unless another percentage is specified in the solicitation. A DVBE incentive will be given to bidders who provide DVBE participation, unless stated elsewhere in the solicitation that the DVBE incentive has been waived.

INTRODUCTION. The bidder must complete the identified form to comply with this solicitation’s DVBE program requirements. Bids or proposals (hereafter called “bids”) that **fail to submit the required form and fully document and meet the DVBE program requirement shall be considered non-responsive.**

Information submitted by the intended awardee to comply with this solicitation’s DVBE requirements will be verified by the State. If evidence of an alleged violation is found during the verification process, the State shall initiate an investigation, in accordance with the requirements of the PCC §10115, et seq., and MVC §999 et seq., and follow the investigatory procedures required by the 2 CCR §1896.80. Contractors found to be in violation of certain provisions may be subject to loss of certification, penalties and/or contract termination.

Only State of California, Office of Small Business and DVBE Services (OSDS), certified DVBEs (hereafter called “DVBE”) who perform a commercially useful function relevant to this solicitation, may be used to satisfy the DVBE program requirements. The criteria and definition for performing a commercially useful function are contained herein on the page entitled **Resources & Information**. Bidders are to verify each DVBE subcontractor’s certification with OSDS to ensure DVBE eligibility.

PLEASE READ ALL INSTRUCTIONS CAREFULLY. These instructions contain information about the DVBE program requirements, bidder responsibilities, and the DVBE Bid Incentive. Bidders are responsible for thorough review and compliance with these instructions.

To meet the DVBE program requirements, bidders must complete and fully document compliance with the following:

Commitment to full DVBE participation - For a bidder who is a DVBE or who is able to meet the commitment to use identified certified DVBE(s) to fulfill the full DVBE participation goal.

COMMITMENT -- Commit to meet or exceed the DVBE participation requirement in this solicitation by either Method A1 (bidder is a California certified DVBE) or A2 (bidder is not a California certified DVBE). Bidders must document DVBE participation commitment by completing and submitting the Bidder Declaration (GSPD-05-105) located elsewhere within the solicitation document. Failure to complete and submit the required form as instructed shall render the bid non-responsive.

At the State's option prior to award of the contract, a written confirmation from each DVBE subcontractor identified on the Bidder Declaration must be provided. As directed by the State, the written confirmation must be signed by the bidder and/or the DVBE subcontractor(s). The written confirmation may request information that includes but is not limited to the DVBE scope of work, work to be performed by the DVBE, term of intended subcontract with the DVBE, anticipated dates the DVBE will perform required work, rate and conditions of payment, and total amount to be paid to the DVBE. If further verification is necessary, the State will obtain additional information to verify compliance with the above requirements.

Method A1. Certified DVBE bidder:

- a. Commit to performing at least 3% of the contract bid amount (unless otherwise specified) with the prime bidder's firm or in combination with another DVBE(s).
- b. Document DVBE participation on the Bidder Declaration GSPD-05-105.
- c. At the State's option a DVBE bidder working in combination with other DVBEs shall submit proof of its commitment by submitting a written confirmation from the DVBE(s) identified as a subcontractor on the Bidder Declaration. When requested, the document must be submitted to the address or facsimile number specified and within the timeframe identified in the notification. Failure to submit the written confirmation as specified may be grounds for bid rejection.

Method A2. Non-DVBE bidder:

- a. Commit to using certified DVBE(s) for at least 3% (unless otherwise specified) of the bid amount.
- b. Document DVBE participation on the Bidder Declaration GSPD-05-105.
- c. At the State's option prior to contract award, a bidder shall submit proof of its commitment by submitting a written confirmation from each DVBE identified as a subcontractor on the Bidder Declaration GSPD-05-105. The awarding department contracting official named in the solicitation may contact each listed DVBE, by mail, fax or telephone, for verification of the bidder's submitted DVBE information. When requested, the document must be submitted to the address or facsimile number specified and within the timeframe identified in the notification. Failure to submit the written confirmation as specified may be grounds for bid rejection.

DVBE BID INCENTIVE. Unless stated elsewhere in the solicitation that the DVBE incentive has been waived, in accordance with Section 999.5(a) of the Military and Veterans Code an incentive will be given to bidders who provide DVBE participation. For evaluation purposes only, the State shall apply an incentive to bids that propose California certified DVBE participation as identified on the Bidder Declaration GSPD-05-105 and confirmed by the State. The incentive amount for awards based on low price will vary in conjunction with the percentage of DVBE participation. Unless a table that replaces the one below has been expressly established elsewhere within the solicitation, the following percentages will apply for awards based on low price.

Confirmed DVBE Participation of:	DVBE Incentive:
5% or Over	5%
4% to 4.99% inclusive	4%
3% to 3.99% inclusive	3%

As applicable: (1) Awards based on low price - the net bid price of responsive bids will be reduced (for evaluation purposes only) by the amount of DVBE incentive as applied to the lowest responsive net bid price. If the #1 ranked responsive, responsible bid is a California certified small business, the only bidders eligible for the incentive will be California certified small businesses. The incentive adjustment for awards based on low price cannot exceed 5% or \$100,000, whichever is less, of the #1 ranked net bid price. When used in combination with a preference adjustment, the cumulative adjustment amount cannot exceed \$100,000.

(2) Awards based on highest score - the solicitation shall include an individual requirement that identifies incentive points for DVBE participation.

A DVBE Business Utilization Plan (BUP) does not qualify a firm for a DVBE incentive. Bidders with a BUP, must submit a Bidders Declaration (GSPD-05-105) to confirm the DVBE participation for an element of work on this solicitation in order to claim a DVBE incentive(s).

Commercially Useful Function Definition

California Code of Regulations, Title 2, § 1896.61(l):

The term "DVBE contractor, subcontractor or supplier" means any person or entity that satisfies the ownership (or management) and control requirements of §1896.61(f); is certified in accordance with §1896.70; and provides services or goods that contribute to the fulfillment of the contract requirements by performing a commercially useful function.

As defined in MVC §999, a person or an entity is deemed to perform a "commercially useful function" if a person or entity does **all** of the following:

- Is responsible for the execution of a distinct element of the work of the contract.
- Carries out the obligation by actually performing, managing, or supervising the work involved.
- Performs work that is normal for its business services and functions.
- Is not further subcontracting a portion of the work that is greater than that expected to be subcontracted by normal industry practices.

A contractor, subcontractor, or supplier will not be considered to perform a commercially useful function if the contractor's, subcontractor's, or supplier's role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of disabled veteran business enterprise participation.
