	environment is a primary attraction for recreation, wi ldlife viewing, education, and inspiration, while contributing significant economic value through boating, fishing, snorkeling, and diving. Marine debris is a widespread and persistent issue in the park. It endangers human health and safety, poses navigation hazar ds, degrades the visitor experience, interferes with park operations, and threatens fish, wildlife, and native habitats. Marine debr is and habitat degradation limit visitor access and diminish recreational opportunities. Targeted stewardship and conservation actio ns are necessary to mitigate hazards, improve habitat quality, support healthy fish and coral populations, and maintain safe visitor access. These efforts preserve the park¿s natural character¿clear waters, healthy reefs, and abundant marine life¿which are essenti al to visitor enjoyment. Funded primarily by donations, this work supports safe recreation, efficient park operations, and long-term public benefit, ensuring that Biscayne remains a premier destination where the public can safely recreate, fish, and connect with a healthy and resilient marine environment. COMBINED SYNOPSIS/SOLICITATION

Solicitation No. 140P5426Q0028

Marine Ecological Stewardship and Conservation Services
Biscayne National Park
National Park Service
U.S. Department of the Interior

I. DESCRIPTION

This is a combined synopsis/solicitation for commercial services prepared in accordance with FAR Part 12 and the streamlined procedures authorized by FAR Part 13. This announcement constitutes the solicitation. Quotations are requested, and a separate written solicitation will not be issued.

Solicitation No. **140P5426Q0028** is issued as a Request for Quotation (RFQ) for **Marine Ecological Stewardship and Conservation Services** for **Biscayne National Park, Homestead, Florida**. The requirement is for contractor support to provide marine ecological stewardship and conservation services with an emphasis on marine debris removal, ecological restoration, scientific diving, vessel operations, ecological monitoring, data collection, GIS support, technical reporting, and project coordination. The contractor shall furnish all qualified personnel, supervision, management, and other resources necessary to perform the requirements described in the Statement of Work.
The anticipated award is a **Firm-Fixed-Price commercial services contract** consisting of **one (1) 12-month base period and two (2) 12-month option periods**.

This requirement is anticipated to be a **100 percent Total Small Business Set-Aside**. The applicable **NAICS Code** is **541990 – All Other Professional, Scientific, and Technical Services**, with a **small business size standard of $19.5 million**. The applicable **Product Service Code (PSC)** is **F099 – Other Natural Resources Management**.
To be considered for award, the quoter must have an active registration in the **System for Award Management (SAM.gov)** at the time quotations are due and at the time of award. The quoter must qualify as a small business under the NAICS code assigned to this solicitation.

II. SUBMISSION REQUIREMENTS AND MILESTONES

Solicitation Issue Date	**07/30/2026**
Questions Due	**THURSDAY, AUGUST 6, 2026, at 5:00 PM ET with subject line: QUESTIONS 140P5426Q0028**
Quotation Due	**TUESDAY, AUGUST 18, 2026, at 5:00 PM ET** with subject line: **QUOTE 140P5426Q0028**
Anticipated Award Date (estimated)	**AUGUST 24, 2026**
Submission Method	**Email quotations to noelli_medinamarin@ios.doi.gov.**

Late quotations may not be considered. Quotations shall remain valid for at least 90 calendar days after the quotation due date.

III. CONTRACT LINE ITEMS AND PRICE SCHEDULE

Contractors shall provide a fixed monthly price for each CLIN. Monthly prices shall include all labor, supervision, management, equipment (except Government-Furnished Property), materials, transportation, travel, insurance, overhead, profit, and all other costs necessary to fulfil the requirements of the Statement of Work. The Government will evaluate the total price of the Base Period and all Option Periods for award purposes

CLIN	Description	Unit	Qty	Unit Price	Total Price
0001	Marine Ecological Stewardship and Conservation Services – Base Year (Months 1–12). Contractor shall provide all personnel, supervision, management, equipment (except Government-Furnished Property), materials, transportation, and all other resources necessary to perform the requirements of the Statement of Work.	Month	12	$_____	$_____
1001	Marine Ecological Stewardship and Conservation Services – Option Year One (Months 13–24).	Month	12	$_____	$_____
2001	Marine Ecological Stewardship and Conservation Services – Option Year Two (Months 25–36).	Month	12	$_____	$_____
	Total Evaluated Price				**$_____**

TOTAL EVALUATED PRICE (BASE + ALL OPTIONS): $_____

Additional CLINs – Overtime Labor (Only if Authorized)

CLIN	Description	Unit	Unit Price
0002	Overtime Labor – Base Period. Overtime shall be performed only when authorized in writing by the Contracting Officer or Contracting Officer's Representative.	Hour	$_____
1002	Overtime Labor – Option Period One.	Hour	$_____
2002	Overtime Labor – Option Period Two.	Hour	$_____

Overtime Pricing Instructions

Offerors shall provide a fully burdened hourly overtime labor rate for each contract period. The quoted rate shall include all labor, fringe benefits, overhead, general and administrative expenses, profit, and any other costs associated with performing overtime work. Overtime shall be performed only when authorized in writing by the Contracting Officer. The Government does not guarantee any minimum quantity of overtime hours, and payment will be made only for authorized overtime hours performed.

The breakdown is for evaluation and contract administration. The firm-fixed-price CLIN amounts above control. The Government will evaluate the total price for the base period and both option periods. Evaluation of options does not obligate the Government to exercise any option. Offerors must provide a price breakdown with monthly costs of each service per period.

IV. DESCRIPTION OF REQUIREMENT

The Contractor shall independently furnish all management, supervision, qualified personnel, labor, transportation, equipment (except Government-Furnished Property), materials, supplies, and other resources necessary to perform the requirements of this contract. Services include, but are not limited to:

- Marine debris identification, removal, recovery, documentation, and disposal from marine and coastal habitats.

- Ecological restoration and stewardship activities, including coral restoration, habitat stabilization, invasive species management, and marine resource protection.
- Scientific diving and vessel operations performed in accordance with applicable National Park Service, American Academy of Underwater Sciences (AAUS), OSHA, and U.S. Coast Guard requirements.
- Ecological monitoring, habitat assessments, field data collection, GIS-enabled data collection, mapping, and maintenance of accurate field records.
- Preparation of technical reports, GIS products, maps, photographs, databases, and other required deliverables documenting completed work and monitoring results.
- Coordination with the Contracting Officer's Representative (COR), project planning support, technical recommendations, quality control, safety compliance, staffing continuity, and all other management activities necessary to meet the performance requirements of the Statement of Work.

The complete requirements, labor qualifications, deliverables, performance standards, Government-Furnished Property, and other contract requirements are contained in **Attachment 0001, Statement of Work**, and any applicable attachments.

V. PERIOD AND PLACE OF PERFORMANCE

Place of Performance: The primary place of performance is **Biscayne National Park, 9700 SW 328 Street, Homestead, Florida 33033**. Fieldwork may be performed throughout Biscayne National Park, including offshore coral reef tracts, mangrove forests, seagrass meadows, coral keys, beaches, and other park-managed marine and coastal environments. Occasional fieldwork may also be required at other National Park Service units, such as Everglades National Park and Dry Tortugas National Park, as authorized by the Contracting Officer.

Contract Periods:

- **Base Period:** Twelve (12) months from the date of contract award.
- **Option Period One:** Twelve (12) months.
- **Option Period Two:** Twelve (12) months.

The Contractor shall begin performance on the effective date specified in the Notice to Proceed or as otherwise directed in writing by the Contracting Officer. Option periods may be exercised solely at the discretion of the Government by written notice from the Contracting Officer in accordance with the terms and conditions of the contract.

VI. QUOTATION SUBMISSION CHECKLIST

Required Quotation Document	Check
Completed and signed SF 18.	☐
Acknowledgment of all amendments, if applicable.	☐
Completed Price Schedule and supporting company price breakdown.	☐
Technical and Management Approach.	☐
Staffing Plan and proposed subcontracting approach.	☐
Copies of required licenses/certifications or a clear plan to provide licensed subcontractors, including EPA Section 608 certification, applicable Florida HVAC contractor license, and Florida elevator inspector/maintenance qualifications.	☐
Quality Control Plan and safety approach.	☐
At least three recent and relevant past performance references.	☐

The Government may consider information from any available source when evaluating responsibility and past performance. The Government may waive minor informalities or request clarifications, but quoters should submit complete quotations by the closing date.

VII. EVALUATION AND BASIS FOR AWARD

52.212-2 Evaluation—Commercial Products and Commercial Services

(a) Award will be made to the responsible Quoter whose quotation represents the **best value** to the Government.

The Government will evaluate quotations using the following evaluation factors:

1. Technical Capability
2. Key Personnel
3. Past Performance
4. Price

Key Personnel is more important than Technical Capability.

Technical Capability and Key Personnel, when combined, are significantly more important than Past Performance.

When combined, all non-price factors are significantly more important than Price.

As quotations become more equal in technical merit, price will become increasingly important in the best-value determination.

Factor 1 – Technical Capability

The Government will evaluate the Quoter's demonstrated understanding of the requirements and its capability to successfully perform all aspects of the Statement of Work.

Evaluation will include, but is not limited to:

- Understanding of marine ecological stewardship and conservation requirements.
- Approach to marine debris removal in coral reef, mangrove, seagrass, beach, and other marine habitats.
- Technical approach for ecological restoration, coral restoration, habitat stabilization, invasive species management, and marine resource protection.
- Scientific diving operations, vessel operations, and compliance with applicable NPS, AAUS, OSHA, and U.S. Coast Guard requirements.
- Ecological monitoring, GIS-enabled field data collection, scientific documentation, and technical reporting.
- Quality control procedures.
- Safety management approach.
- Staffing approach and continuity of operations.
- Ability to perform multiple task areas simultaneously while minimizing impacts to park resources.

The Government will evaluate the extent to which the quotation demonstrates a clear, feasible, and technically sound approach to successfully performing all required services.

Technical Capability will receive one of the following adjectival ratings:

Rating	Description
Outstanding	Proposal indicates an exceptional approach and understanding of the requirements and contains multiple strengths. Risk of unsuccessful performance is low.

Rating	Description
Good	Proposal indicates a thorough approach and understanding of the requirements and contains at least one strength. Risk of unsuccessful performance is low to moderate.
Acceptable	Proposal meets requirements and indicates an adequate approach and understanding of the requirements. Risk of unsuccessful performance is no worse than moderate.
Marginal	Proposal has not demonstrated an adequate approach and understanding of the requirements and/or risk of unsuccessful performance is high. Proposal is unawardable without discussions.
Unacceptable	Proposal does not meet solicitation requirements, contains one or more deficiencies, and/or risk of unsuccessful performance is unacceptable. Proposal is unawardable without discussions.

Factor 2 – Key Personnel Qualifications

The Government will evaluate the qualifications and experience of the proposed Marine Biologist designated as Key Personnel.

Evaluation will consider:

- Education.
- Professional marine biology experience.
- Coral reef ecology.
- Ecological restoration experience.
- Marine debris removal.
- Scientific diving experience.
- Number of logged scientific dives.
- Vessel operation experience.
- GIS and ecological data collection experience.
- Technical report preparation.
- Professional certifications.
- Demonstrated experience performing similar work in marine protected areas.

The Government will also evaluate the Quoter's ability to maintain continuity of Key Personnel throughout contract performance.

Failure to propose Key Personnel meeting the minimum qualifications identified in the Statement of Work may render the quotation unacceptable.

If the Quoter does not propose currently employed Key Personnel and instead intends to recruit or hire Key Personnel after contract award, the Quoter shall demonstrate its capability to successfully recruit, hire, retain, and manage personnel with the qualifications required by the Statement of Work. The Government will evaluate evidence of the Quoter's ability to staff similar positions, which may include examples of successful recruitment and placement of qualified personnel, resumes of previously hired personnel for comparable contracts, experience supervising and managing similar staff, and successful performance on contracts requiring comparable staffing efforts. The Government will assess the degree of confidence that the Quoter can timely provide qualified personnel and maintain continuity of staffing throughout contract performance.

Key Personnel will receive one of the following adjectival ratings:

Rating	Description
Outstanding	Proposal indicates an exceptional approach and understanding of the requirements and contains multiple strengths. Risk of unsuccessful performance is low.
Good	Proposal indicates a thorough approach and understanding of the requirements and contains at least one strength. Risk of unsuccessful performance is low to moderate.
Acceptable	Proposal meets requirements and indicates an adequate approach and understanding of the requirements. Risk of unsuccessful performance is no worse than moderate.
Marginal	Proposal has not demonstrated an adequate approach and understanding of the requirements and/or risk of unsuccessful performance is high. Proposal is unawardable without discussions.
Unacceptable	Proposal does not meet solicitation requirements, contains one or more deficiencies, and/or risk of unsuccessful performance is unacceptable. Proposal is unawardable without discussions.

Factor 3 – Past Performance

The Government will evaluate recent and relevant past performance demonstrating successful performance of similar projects. Offerors must provide at least three (3) references with contact information within the past five (5) years.

Relevant experience includes contracts involving:

- Marine ecological stewardship.
- Coral restoration.
- Marine debris removal.
- Scientific diving.
- Ecological monitoring.
- Habitat restoration.
- GIS mapping.
- Environmental consulting.
- Natural resource management.

The Government may consider:

- Customer references.
- CPARS.
- Other available Government performance information.

The Government will evaluate:

- Quality of work.
- Schedule performance.
- Technical competence.
- Management responsiveness.
- Safety performance.
- Customer satisfaction.

If no relevant past performance exists, the Quoter will receive a neutral evaluation.

Past performance will be evaluated using the NPS Performance Confidence Assessments:

Rating	Description
Substantial Confidence	Based on the offeror's recent/relevant performance record, the Government has a high expectation the offeror will successfully perform the required effort.
Satisfactory Confidence	Based on the offeror's recent/relevant performance record, the Government has a reasonable expectation the offeror will successfully perform the required effort.
Limited Confidence	Based on the offeror's recent/relevant performance record, the Government has a low expectation the offeror will successfully perform the required effort.
No Confidence	Based on the offeror's recent/relevant performance record, the Government has little or no expectation the offeror will successfully perform the required effort.
Neutral Confidence	No recent/relevant performance record is available or the record is too sparse to assign a meaningful confidence rating. The offeror will not be evaluated favorably or unfavorably.

Factor 4 – Price

The Government will evaluate pricing for completeness, reasonableness, and balance.

Evaluation will include:

- Base Period.
- Option Period One.
- Option Period Two.
- Overtime hourly rates, if applicable.

The Government may evaluate whether prices are:

- Fair and reasonable.
- Consistent with the Statement of Work.
- Realistic for the proposed technical approach.
- Balanced among labor categories and contract periods.

Award will not necessarily be made to the lowest-priced quotation.

The Government may evaluate pricing using one or more of the techniques described in FAR 13.106-3 and FAR 15.404-1.

Price will not receive an adjectival rating.

Quotation Submission Requirements

To facilitate evaluation, quotations shall include:

Technical Volume

Maximum 15 pages.

Include:

- Technical approach.
- Project management approach.
- Quality Control Plan.
- Safety approach.
- Staffing plan.

- Schedule.
- Understanding of the SOW.

Key Personnel Volume

Include:

- Resume.
- Certifications.
- Scientific diving qualifications.
- AAUS qualifications.
- Dive log summary.
- Vessel operation experience.
- Relevant project experience.

Past Performance Volume

Provide up to three projects completed within the past five years including:

- Agency/Client
- Contract number
- Dollar value
- Period of performance
- Description of work
- Customer contact information

Price Volume

Complete the Price Schedule.

VIII. SOLICITATION PROVISIONS

The following provisions apply. The final provision set generated by the contract writing system and included in the issued solicitation controls.

- 52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions
- 52.204-7, System for Award Management
- 52.209-2, Prohibition on Contracting with Inverted Domestic Corporations - Representation
- 52.212-1, Instructions to Offerors - Commercial Products and Commercial Services
- 52.212-2, Evaluation - Commercial Products and Commercial Services
- 52.217-5, Evaluation of Options
- 52.219-1, Small Business Program Representations
- 52.222-48, Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment - Certification (only if applicable to separately identifiable equipment maintenance)
- 52.233-2, Service of Protest
- 52.237-1, Site Visit
- 52.240-90, Security Prohibitions and Exclusions Representations and Certifications

Do not include the HUBZone price evaluation preference provision in a total small business set-aside unless the acquisition strategy specifically requires it.

IX. CONTRACT CLAUSES

The following clauses are anticipated to apply. The final clause set generated by the contract writing system and included in the award controls.

- 52.203-6, Restrictions on Subcontractor Sales to the Government, with Alternate I
- 52.203-12, Limitation on Payments to Influence Certain Federal Transactions
- 52.204-13, System for Award Management Maintenance
- 52.204-19, Incorporation by Reference of Representations and Certifications
- 52.209-6, Protecting the Government's Interest When Subcontracting with Contractors Debarred, Suspended, Proposed for Debarment, or Voluntarily Excluded
- 52.209-10, Prohibition on Contracting with Inverted Domestic Corporations
- 52.212-4, Contract Terms and Conditions - Commercial Products and Commercial Services
- 52.217-8, Option to Extend Services
- 52.217-9, Option to Extend the Term of the Contract
- 52.219-6, Notice of Total Small Business Set-Aside
- 52.219-14, Limitations on Subcontracting
- 52.222-41, Service Contract Labor Standards
- 52.222-42, Statement of Equivalent Rates for Federal Hires
- 52.222-43, Fair Labor Standards Act and Service Contract Labor Standards - Price Adjustment (Multiple Year and Option Contracts)
- 52.222-50, Combating Trafficking in Persons
- 52.222-54, Employment Eligibility Verification
- 52.222-55, Minimum Wages for Contractor Workers Under Executive Order 14026, if applicable
- 52.222-62, Paid Sick Leave Under Executive Order 13706
- 52.223-2, Affirmative Procurement of Biobased Products Under Service and Construction Contracts
- 52.223-5, Pollution Prevention and Right-to-Know Information
- 52.228-5, Insurance - Work on a Government Installation
- 52.232-33, Payment by Electronic Funds Transfer - System for Award Management
- 52.232-40, Providing Accelerated Payments to Small Business Subcontractors
- 52.237-2, Protection of Government Buildings, Equipment, and Vegetation
- 52.242-15, Stop-Work Order
- 52.246-4, Inspection of Services - Fixed-Price
- 52.249-4, Termination for Convenience of the Government (Services) (Short Form)
- 52.253-1, Computer Generated Forms
- 1452.201-70, Authorities and Delegations
- 1452.228-70, Liability Insurance - Department of the Interior

X. OPTION TERMS

52.217-8, Option to Extend Services: The Government may require continued performance of services for a total period not to exceed six months at the rates specified in the contract, subject to any applicable wage determination adjustment. The Contracting Officer may exercise this option by written notice to the Contractor within 30 calendar days before contract expiration.

52.217-9, Option to Extend the Term of the Contract: The Government may extend the term of the contract by written notice to the Contractor within 30 calendar days before expiration of the current period, provided the Government gives preliminary notice of its intent to extend at least 60 calendar days before expiration. The preliminary notice does not commit the Government to an extension. The total contract duration, including options exercised under this clause, shall not exceed three years, exclusive of any extension under FAR 52.217-8.

XI. ELECTRONIC INVOICING AND PAYMENT

Payment requests shall be submitted electronically through the U.S. Department of the Treasury Invoice Processing Platform (IPP). The Contractor shall submit monthly invoices only after the services for the invoiced period have been performed and accepted. Each invoice shall include the contract number, billing period, applicable CLIN, monthly amount, and any required supporting documentation. Deductions may be made for services that fail to meet the Acceptable Quality Levels in the contract.

XII. ATTACHMENTS

- Attachment 0001 - Statement of Work, Appendices, Maps, Floor Plans, Work Locations/Quantities, and HVAC Inventory
- Attachment 0002 - Applicable Service Contract Labor Standards Wage Determination
- Attachment 0003 - Price Schedule
- Attachment 0004 - Past Performance Questionnaire, if used
- Attachment 0005 - Applicable Forms and Submittal Requirements

XIII. CONTRACT ADMINISTRATION

Contracting Officer: Noelli Medina

Email: noelli_medinamarin@ios.doi.gov

Only the Contracting Officer is authorized to modify the contract, change the scope, authorize additional work, or obligate Government funds. The Contracting Officer's Representative will be designated in writing after award and may provide technical monitoring only within the limits of the delegation.
