JUSTIFICATION AND APPROVAL FOR USE OF OTHER THAN FULL AND OPEN COMPETITION

FOLDER NUMBER: 25120-0007 **REQUISITION NUMBER: N00383-25-P-M061**
BUYER CODE: N761.34 **NAME: Tara Kupperstein** **EMAIL:** [redacted]
TECH CODE: N9812.54 **NAME: Anthony O'Brien** **EMAIL:** [redacted]
IM CODE: N9812.40 **NAME: Nelson Hamilton** **EMAIL:** [redacted]

1. CONTRACTING ACTIVITY:

This Justification and Approval (J&A) is executed on behalf of the NAVSUP Weapon Systems Support, Philadelphia

2. DESCRIPTION OF THE ACTION BEING APPROVED:

Negotiation and award of a contract through other than full and open competition. This requirement was initially awarded on 7/21/25 as MLO under SAT. J&A is needed for definitization above SAT. Original competition procedures followed included market research, small business coordination record, and synopsis. This requirement was awarded as an MLO below the SAT at a unit price of [redacted] for [redacted] totaling [redacted]. However, the definitized proposal was later provided above the SAT at a unit price of [redacted] and [redacted], totaling [redacted]. This contract was initially awarded under the SAT due to not being able to develop an accurate estimate. There was also uncertainty regarding the level of repairs needed, which contributed to the lower estimated cost of repairs.

3. DESCRIPTION OF SUPPLIES/SERVICES:

This J&A covers the acquisition of the following:

☐Spares ☒Repair/Overhaul
Nomenclature: Pedestal Assembly, A
Quantity: [redacted]
NSN: 7RH 1680 015612491 E7
Unit Price(s): [redacted]
P/N: 123SCAB101-301
Estimated Value: [redacted]
Line of Accounting: [redacted]

4. STATUTORY AUTHORITY PERMITTING OTHER THAN FULL AND OPEN COMPETITION:

This J&A is based upon the authority of 10 USC Section 3204(a)(1), only one or a limited number of responsible sources will satisfy agency requirements, as implemented by RFO 6.103-1

5. RATIONALE JUSTIFYING USE OF CITED STATUTORY AUTHORITY

The repair of the item listed above was initially awarded to [redacted] because they were, and are currently, the only source capable of satisfying this requirement. The Navy does not currently have in its possession any repair data, supporting test equipment, and associated specifications required to repair the items. Only [redacted] has the sufficient data, technical expertise, and the necessary test equipment to ensure the item's proper fit and function. Since the Navy does not possess sufficient information such as any drawings, specifications, test equipment/procedures, a full and open competitive solicitation could not be supported. NAVSUP-WSS must procure repair of the item from [redacted].

6. DESCRIPTION OF EFFORTS MADE TO SOLICIT OFFERS FROM AS MANY OFFERORS AS PRACTICABLE

The proposed contract action was synopsized on the government-wide point of entry on [redacted] and as a result [redacted].

SUMMARY OF MARKET RESEARCH:

The latest configuration has been checked and all records (ITIMP, JDRS/ASE, etc.) have been properly aligned, identified, and documented. This item's criticality has not yet been determined. However, the data necessary to solicit this item from sources other than [redacted] is not physically available and is uneconomical to obtain.

The available technical data is insufficient for the development of new sources. Source Development Department files indicate no Source Approval Request (SAR) has been received from any party interested in becoming an approved source. [redacted] the only approved source when the MLO was initiated.

7. DETERMINATION OF FAIR AND REASONABLE COST

The Contracting Officer hereby determines that the anticipated cost to the Government will be fair and reasonable. Utilizing cost analysis, and comparison with actual incurred costs to date should ensure negotiations conclude with a fully supported price reasonableness determination.

8. ACTIONS TO REMOVE BARRIERS TO FUTURE COMPETITION.

For reasons set forth in Paragraph (5 & 6), NAVSUP WSS has no plans at this time to compete future contracts for the subject item covered by this document. If another potential manufacturing source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible. Also, future requirements will be advertised on the government-wide point of entry.
