4. The statutory authority permitting other than full and open competition is 10 U.S.C. 3204(a)(1) as implemented by FAR 6.103-1 – Available from only one or a limited number or sources.

   Brief narrative supporting the situation and weapon system:

   3kW TQG Cable Assembly and Reel
   NSN: 6150-01-697-4856
   P/N GEN-2014101TN-8PT

   This is a recurring sustainment purchase requirement. Genesis JIT LLC owns the full Technical Data Package (TDP) for this item and is the sole source for manufacturing. The government does not have the full TDP as Genesis JIT developed it privately and retains all designed associated rights. Procuring the TDP is not economically feasible due to [redacted].

   Fidelity Technologies Corporation is the only authorized distributor for Genesis on this item. Genesis JIT does not have the capability to package the 3kW TQG Cable Assembly and Reel in accordance with the required military specifications. Fidelity performs this function as part of its authorized distribution role. As a result, Fidelity is the only vendor capable of providing the fully compliant end items that meet the Government required specification

   The government seeks to procure the 3kW TQG Cable Assembly and Reel through the only distribution channel (Fidelity Technologies Corporation), capable of meeting all the technical, packaging, and delivery requirements.

5. If restricted to the only source(s) of supply, include source(s) and CAGE code:

CAGE	COMPANY NAME

The use of the authority cited below:

[X] AMC 5. Acquire directly from the sole source contractor, who is not the manufacturer.

The use of the authority cited is based on:

The following AMSC descriptions are-available in DFARS PGI 217.7506 Part 2.

[X] *AMSC Q.* The Government does not have adequate data, lacks rights to data, or both needed to purchase this part from additional sources. The Government has been unable to economically buy the data or rights to the data, although the part has been undergoing full screening for [redacted] or more [redacted] Breakout to competition has not been achieved, but current, continuing actions to obtain necessary rights to data or adequate, reprocurement technical data indicate breakout to competition is expected to be achieved. This part may be a candidate for reverse engineering or other techniques to obtain technical data. All AMSC Q items are required to be reviewed within the

timeframes cited in 2-203(b). If one source is available, AMCs 3, 4, or 5 are valid. If at least two sources exist, AMCs 1 or 2 are valid.

6. Efforts to ensure that offers are solicited from as many sources as practicable are:
[X] The acquisition will be synopsized on or about **MAY, 2026,** for a period of 5 days.
[ ] Manufacturers of similar products identified in the market research will be solicited.
[X] Dealers of the manufacturers will be solicited.
[ ] A synopsis exception cited in FAR 5.101 applies: Commercial Item under SAT per FAR 5.101(b)(1)(i)

_____

[ ] Other. (Explain)

7. I hereby determine that the anticipated cost to the Government will be fair and reasonable.

A price analysis will be conducted based on a comparison of proposed prices received in response to the solicitation and/or a comparison of proposed prices to historical prices paid. Certified cost or pricing data, when required by FAR 15.404-1, and data other than certified cost or pricing data, will be requested and obtained as necessary to establish a fair and reasonable price, and a cost analysis may be performed on the data submitted.

8. Market Research/Efforts to Obtain Competition:

Sources Sought Notice:

[X] A Sources Sought Notice DLA-Aberdeen-25-033 was posted to Contract Opportunities on SAM.gov on March 14th, 2025, through March 26th, 2025, for a period of fourteen business days and yielded the following results:

Names and CAGE Codes of vendors responding:
1. Fidelity Technologies Corp. / 0CJZ9
2. Genesis JIT, LLC. / 5PAL3

Both vendors provided valid responses within the timeframes outlined in the sources sought announcement. Fidelity Technologies Corp. acts as the only authorized distributor for OEM Genesis JIT, LLC, who has full ownership and control over the TDP.

Procurement History:

[X] A review of procurement history for potential manufacturing sources other than those listed above Section 5 above yielded the following results: Fidelity Technologies Corp. / 0CJZ9 / W909MY22D0001.

General Internet Search:

SOLICITATION NO.: SPRBL1-26-Q-0002

9. Additional facts supporting other than full and open competition are:

[X] Based upon the technical certification as signed below a complete technical data package is not available and cannot be developed to permit full and open competition. The Government data currently available reflects the minimum needs of the Government. Government does not own the proprietary Technical Data Package (TDP), hence could not procured the 3kW TQG Cable Assembly and Reel through full and open competition. Acquiring the TDP is not economically viable due to low sustainment quantity demand. Furthermore, Genesis JIT LLC cannot meet the Government's mandatory military packaging specifications. Fidelity Technologies Corporation is the sole authorized distributor and is uniquely capable of fulfilling the essential packaging requirement by the Government. Hence, Fidelity is the only source that can deliver a fully compliant end item meeting all technical and packaging requirements

10. A listing of sources, if any, indicating an interest in the acquisition is: See Section 8.

11. The following actions are being taken to identify additional sources:

[X] Solicitation contains DLA Procurement Note, L04 Offers for Part Numbered Items
