**EVALUATION OF QUOTE:**

The Government will award a contract resulting from this solicitation, the responsible offeror whose offers conform to the solicitation, will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

The award will be made based on price and others factors as shown below. All pricing must be provided for this requirement, will not be split. If something is left blank, quote will not be considered.

**Price**: Price shall be evaluated for fair and reasonableness.

**Other Factors**: Each factor will be evaluated as Acceptable or Unacceptable:

**Acceptable**: Quote demonstrates adequate approach and understanding of the requirements.

**Unacceptable**: Quote does not meet the requirements of the solicitation and, thus contains one or more deficiencies and is un-awardable.

The agency will first evaluate price and then evaluate the apparent lowest-price quote for acceptability under the five factors listed above. If the lowest-price offeror is evaluated as unacceptable, the agency will then consider the acceptability of the next lowest price offer, continuing this process as necessary. This is being awarded using Revolutionary FAR overhaul Part 12 - Acquisition of Commercial Products and Commercial Services.

The Government intends to evaluate offers and make award without discussion; however, this does not preclude the Government from discussions if it is in the best interest of the Government to do so.
