Q&A Document for Solicitation FA4528-26-Q-TB-03

CAO: 22 July 2026

Q: Typical lagoons have a liner or non-penetrating material with a known elevation. Do these lagoons have a liner of some sort and if so, is there an elevation associated with the liner?

A: The Minot AFB lagoons utilize a clay liner. Below are the elevations I have associated with the lagoons liner.

Cell	**Bottom Elev.**
1	1620
2	1619
3	1619
4	1643
5	1641
6	1639
