Miscellaneous text in this section has been modified to:

The purpose of this amendment is to:

1) Answer the following question that was received in response to the solicitation issuance

Question 1: In light of the Department of Defense's recent decision to suspend implementation of the CMMC Phase II requirements, we would like to request clarification regarding the cybersecurity requirements contained within Solicitation N0017426R1003.

Does the Government intend to amend the solicitation to remove the CMMC Level 2 Self-Assessment requirement and instead rely solely on compliance with NIST SP 800-171 and the associated assessment/scoring requirements (e.g., SPRS/NIST SP 800-171A), or should offerors continue to propose in accordance with the solicitation as currently written?

Answer 1: The Government does not intend to amend Solicitation N0017426R1003 to remove the CMMC Level 2 Self-Assessment requirement. Per current Department of Defense guidance, the CMMC Level 2 (Self) requirement still applies to this procurement. Offerors must continue to prepare and submit their proposals in accordance with the cybersecurity requirements as currently written in the solicitation.
