L08 Use of Supplier Performance Risk System (SPRS) in Past Performance Evaluations (JUN 2024)

(1) The Government will use the Supplier Performance Risk System (SPRS) (https://www.sprs.csd.disa.mil/) (formerly Past Performance Information Retrieval System – Statistical Reporting (PPIRS-SR)) and may use other performance history to evaluate suppliers past performance.

(2) SPRS collects quality and delivery data on previously awarded contracts and orders from existing Department of Defense reporting systems to classify each supplier's performance history by Federal supply class (FSC) and product or service code (PSC). The SPRS application provides the contracting officer quantifiable past performance information regarding a supplier's quality and delivery performance for the FSC and PSC of the supplies the Government is purchasing.

(3) The contracting officer will use the quality and delivery classifications identified for a supplier in SPRS to evaluate a supplier's past performance in conjunction with the supplier's references (if requested). The Government will use this past performance information in accordance with the basis for award stated in the solicitation.

(4) SPRS generates classifications daily for each contractor. The SPRS Software User's Guide for Awardees/Contractors (https://www.sprs.csd.disa.mil/pdf/SPRS_Awardee.pdf) and the SPRS Government User Guide (https://www.sprs.csd.disa.mil/pdf/SPRS_Government.pdf) provide instructions for accessing SPRS classifications. Contractors have access to SPRS for their own classifications only. Suppliers are encouraged to review their own classifications; the SPRS reporting procedures and classification methodology detailed in the SPRS Software User's Guide for Awardees/Contractors (https://www.sprs.csd.disa.mil/pdf/SPRS_Awardee.pdf); and the SPRS Evaluation Criteria (https://www.sprs.csd.disa.mil/pdf/SPRS_DataEvaluationCriteria.pdf). The SPRS Software User's Guide for Awardees/Contractors (https://www.sprs.csd.disa.mil/pdf/SPRS_Awardee.pdf) provides the method to challenge a rating generated by SPRS.
