Addendum to 52.212-2(a) is tailored as follows: Basis of Award: A firm-fixed price (FFP) Purchase Order will be made to the offeror whose quote meets the requirements of the Solicitation and is deemed as the lowest price technically acceptable (LPTA) to the Government regarding the purchase and delivery of a 3100A High Frequency Oscillatory Ventilation Machine as described in the Statement of Need (SoN). Offeror shall submit complete and correct CLIN structure for the price schedule provided or an offeror equivalent to be evaluated for technical acceptability. Offerors are to specify a realistic completion time to purchase and deliver a 3100A High Frequency Oscillatory Ventilation Machine as identified in SoN. No additional "credit" can be given for exceeding established standards. The Government technical evaluation team shall evaluate the technical quotations on a pass/fail basis, based upon meeting removal and installation services as specified in the Statement of Need. The following assigning ratings will be used:

Rating/Description
Pass: Clearly meets the requirements of the solicitation's SoN to purchase and deliver of a 3100A High Frequency Oscillatory Ventilation Machine
Fail: Does not clearly meet the requirements of the solicitation's SoN to purchase and deliver of a 3100A High Frequency Oscillatory Ventilation Machine

Note: If three (3) or fewer quotes are received, the Government will consider all quotes for acceptability. If more than three (3) quotes are received, then the Government will consider the three (3) lowest priced quotes for acceptability, the Government reserves the right to evaluate additional quotes for acceptability, if deemed to be in the best interest of the Government. Failure by the quoter to provide product specifications may result in not being considered for award by the Government. Only those quotations determined to be technically acceptable will be evaluated on price. If the quotation received is determined to be unacceptable, the vendor will be excluded from competition and will not be considered for award. Only those quotes determined to be acceptable, either initially or as a result of interchanges, will be considered for award. However, quoters are reminded that the Government reserves the right to award this effort based on the initial quote, as received, without interchanges. However, the Government reserves the right to hold interchanges if, during the evaluation, it is determined to be in the best interest of the Government. Interchanges are fluid interaction(s) between the Contracting Officer (CO) and the contractors that may address any aspect of the quote and may or may not be documented in real time. Interchanges, if necessary, will be conducted using Interchange Notices (IN). Quoter responses to INs will be considered in making the order selection decision. Interchanges may be conducted with one, some or all quoters as the Government is not required to conduct interchanges with any or all contractors responding to this solicitation.

Evaluation-Commercial Products and Commercial Services (Feb 2026) (Deviation 2026-O0038)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

A firm-fixed price (FFP) Purchase order will be made to the offeror whose quote meets the requirements of the Solicitation and is deemed as the lowest price technically acceptable (LPTA) to the Government.

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
