29 July 2026

Notice of Intent to Sole Source

Title: GIANT VOICE System Expansion (High-Powered Outdoor Speaker Stations)

Primary Point of Contact (POC): SSgt Nicholas Harold, nicholas.harold@us.af.mil

Alternate POC: T. Cameron Swathwood, todd.swathwood.3@us.af.mil

NAICS/PSC: 238210/N059

Description: The 341st Contracting Squadron (341 CONS) at Malmstrom Air Force Base (MAFB), Montana intends to award a sole source contract to Acoustic Technology, Inc. ("ATI"), for the installation of five new outdoor high-powered speaker stations, complete with 50-foot steel poles, solar power packages, battery backups, and all necessary communication equipment at MAFB.

This contract action is required due to the need to expand the acoustic footprint of MAFB's existing GIANT VOICE system due to new on-base construction. The existing system uses ATI technology, and it would be prohibitively difficult and expensive to integrate another company's technology into it. Any attempt to utilize a different company's technology would introduce incompatible hardware and software and create significant integration risks that would compromise the reliability of the entire system. Therefore since system expansion is required, additional ATI products are required.

The authority for this action is FAR/RFO 13.101(b).

This notice is not a request for competitive proposals and no solicitation document is available. No award will be made based on responses to this notice. Any responses/information submitted in response to this notice will be used for planning purposes only and shall not be considered as a commitment by the Government for any purpose. Any responses to this notice must show clear and convincing evidence that competition would be advantageous to the Government. A determination not to compete this contract ceiling increase based upon responses to this notice is solely within the discretion of the Government. No reimbursement for costs connected with providing capability information will be provided.

Responses to this notice shall be submitted in writing to the POCs identified above no later than 5:00 PM Mountain Daylight Time, Thursday, 13 August 2026. 341 CONS will not accept any responses received after this time and date. Telephone communication is not available.
