PLAIN WHITE PILLOW TICKING

Fabric: 100% new carded plain white cotton without any patterns or designs, 200 thread count, 30/30 warp and filling, with backfilled air permeability finish (10 CFM or below). Approximately 19 inch width x 26 inch length, finished ticking size.

Sewn: Sewn on 3 sides with a 6 1/2 inch opening on one corner with a 1 inch seam at that corner, using a straight stitch interlock sewing machine that has a minimum of 10-12 stitches per inch.

Opening shall have the sewing terminated in such a fashion that the treads must not come loose when the ticking is placed over the Pillow Vac pillow renovating machine. Then the ticking is turned right side out, laid out in stacks of 25 pieces per stack, folded in half with 4 bundles (100 pieces) per box.
(box size 15 inch x 20 inch x 6 1/2 inch width x length x height).

Mfr: Harris Pillow Supply, Item #: A1000.5.
