4. Statutory Authority Permitting Other Than Full & Open Competition

This J&A is based upon the authority of 10 USC 3204(A) (1), only one or a limited number of responsible sources will satisfy agency requirements, as implemented by FAR 6.302-1

5. Rationale Justifying Use of Cited Authority

A/RMC 3

Acquire, for the second or subsequent time, directly from the actual manufacturer.

A/RMSC D

The data needed to acquire/repair this part competitively is not physically available, it cannot be obtained economically, nor is it possible to draft adequate specifications or any other adequate, economical description of the material for a competitive solicitation. A/RMCS 3, 4, or 5 are valid.

This acquisition will be solicited to

L3 HARRIS AVIATION PRODUCTS INC (25583) Per ASE, this item's criticality is listed as undetermined. This acquisition will be solicited to L3 HARRIS AVIATION PRODUCTS INC (25583) because they are currently the only source capable of satisfying this requirement. The Navy does not currently have in its possession any manufacturingdata, supporting test equipment, and associated specifications required to procure/repair the items. An SVR has been submitted to add L3 HARRIS AVIATION PRODUCTS INC (25583) as the proper manufacture source for this item. Furthermore, they're the only source with the necessary data, test equipment, and/or proper procedures to ensure the item's proper fit and function. Since the Navy does not possess sufficient rights to data such as drawings, specifications, and/or test equipment/procedures, a full and open competitive solicitation cannot be supported. NAVSUP-WSS must procure the item from L3 HARRIS AVIATION PRODUCTS INC (25583).

6. Description of Efforts Made To Solicit Offers From as Many Offerors as Practicable

15 MAR 2019 Class Waiver of the Requirement to Post a Request for Information or Sources Sought Notice applies to this requirement

The proposed contract action was synopsized on the government-wide point of entry on 07/09/2025

and as a result No other sources expressed interest in this requirement.

Market research was conducted in accordance with far part 10. The results of the market research conducted (or the reason(s) market research was not conducted) are as follows

The latest configuration has been checked and all records (ITIMP, JDRS/ASE, etc.) have been properly aligned, identified, and documented and an SVR has been submitted to the Source Development Department on 04/21/2025. The data necessary to solicit this item from sources other than L3 HARRIS AVIATION PRODUCTS INC (25583) is not physically available and is uneconomical to obtain. The available technical data is insufficient for the development of new sources. Source Development Department files indicate no Source Approval Request (SAR) has been received from any party interested in becoming an approved source. L3 Harris (25583) is the only approved source at this time.

7. Determination of Fair And Reasonable Cost

The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. Actions to Remove Barriers to Future Competition

For reasons set forth in Section (5 & 6), NAVSUP WSS has no plans at this time to compete future contracts for the subject item covered by this document. If another potential manufacturing source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible. Also future requirements will be advertised in the government-wide point of entry in order to encourage potential vendors to submit Source Approval Requests.
