RE: Submittal Substitution Request 01 – USDA Kearneysville Main Lab Roof Repairs

Dear [redacted],

The purpose of this letter is to provide our review and comments of the substitution request submitted for the USDA Kearneysville Main Lab Roof Repairs project in Kearneysville, WV.

The following Submittals are marked "Rejected"

1. Tee-Lock TL25 by Dimensional Metals, Inc – Product Data
    a. The substitution request is rejected because it is unclear whether the proposed Tee-Lock TL25 product is intended for the Tank/Aquaria Building, the Lab Building, or both. Please clarify the installation location before resubmitting for further review.

Sincerely yours,
SEAL ENGINEERING, Inc.
