1. PURPOSE

The purpose of this memorandum is to formally transmit and summarize the administrative and technical changes implemented under **Amendment 0001** (issued on Standard Form 30) for the solicitation to **"Maintain Aircraft Parking Apron"** at the Minneapolis Air Reserve Station, Minneapolis, Minnesota.

All prospective offerors must review these updates carefully and ensure their bid proposals conform fully to the revised requirements.

---

2. EXECUTIVE SUMMARY OF AMENDMENT ACTIONS

Amendment 0001 executes three primary revisions to the solicitation framework:

1. **Response Timeline Extension:** Extends the official bid opening/submission date to allow offerors sufficient preparation time following the Government’s responses to industry Questions and Answers (Q&A).
2. **Acceptance Period Alignment:** Synchronizes the quote/bid validity timeline across all sections of the solicitation document, modifying the required bid acceptance duration to a unified 30-day window.
3. **Regulatory Clause Removal:** Deletes FAR Clause 52.212-2 (Evaluation—Commercial Products and Commercial Services) to reflect the sealed bid nature of this procurement, in accordance with regulatory guidelines.

---

4. DETAILED CLARIFICATIONS & RATIONALE

A. Extension of Proposal Due Date

To ensure a fair and competitive bidding environment, the government has extended the bid opening deadline from **03 September 2026** to **08 September 2026 at 10:00 AM**. This extension ensures that all contractors have ample time to integrate the forthcoming Government responses to technical Q&As into their final cost estimations and scheduling.

B. Alignment of Bid Acceptance Timeline

To resolve inconsistencies in the solicitation documentation, the bid acceptance period has been standardly adjusted to **30 calendar days**. This update reconciles Block 10 and Block 13d of the bidding forms to establish consistency throughout the evaluation phase.

C. Removal of Evaluation Clause FAR 52.212-2

Because this acquisition is structured as a **Sealed Bid** procurement, the incorporation of commercial evaluation criteria under FAR 52.212-2 is inapplicable. Per the authority of **RFO 14.307(a)(3)**, the clause has been removed. Evaluation of bids will proceed strictly on:

1. **Technical Acceptability:** Bid Security, Acknowledgement of Amendments (if applicable), and completed SF 1442.
2. **Price.**

5. ACTION REQUIRED BY OFFERORS

To remain eligible for award, all bidding organizations must acknowledge receipt of **Amendment 0001** prior to the hour and date specified for bid opening. Acknowledgment must be achieved using one of the following methods:

1. **Complete SF 30 Blocks 8 and 15:** Sign and return one (1) copy of the SF 30 document alongside your submitted bid package.
2. **Acknowledge in Writing:** Acknowledge receipt of this amendment on each copy of the offer submitted.
3. **Electronic/Letter Amendment:** Send a separate letter or electronic communication referencing the solicitation number (FA663326B0001) and amendment number (0001). This must be received prior to the opening hour on **08 September 2026**.
