1. Contractor Affirmation

I hereby request permission to perform work requiring shutdown of a critical utility at the White River Junction Veterans Affairs Medical Center. I certify that all work to be performed is covered by current contract documents or approved changes, and that no additional cost will be incurred to the VA. I agree to show this signed permit to anyone on demand and realize that failure to produce this could result in expulsion from the hospital grounds. In addition to the contract requirements, I agree to abide by all the hospital regulations with regards to parking, traffic control, safety, infection control, security, etc.

I affirm that all necessary safety protocols, including Lockout/Tagout, personal protective equipment, dust and noise mitigation, and infection control measures, will be properly implementd and maintained.

I understand that the VA Medical Center reserves the right to delay or cancel the shutdown at any time to protects patients, staff, and operations.
