B.14 TASK ORDER PROCEDURES

This requirement will be in accordance with RFO 16.507-2, fair opportunity ordering procedures.

B.15 TASK ORDER/TASK ORDER ISSUANCE

FEMA reserves the right to identify deliverables in individual Task orders. As such is the case, the COR will review, for completeness, preliminary, draft and final documentation that the Contractor submits, and may return it to the contractor for correction. Absence of any comments by the COR will not relieve the contractor of the responsibility for complying with the requirements of this performance work statement. Final approval and acceptance of documentation required herein shall be by letter of approval and acceptance by the COR.

The contractor shall not construe any letter of acknowledgment of receipt material as a waiver of review, or as an acknowledgment that the material is in conformance with this performance work statement. Any approval given during preparation of the documentation, or approval for shipment shall not guarantee the final acceptance of the completed documentation.

In general, all contract deliverables shall meet the following quality standards:

- Accuracy: Work products shall be accurate in presentation, technical content, and adherence to accepted elements of style.
- Consistency to Requirements: All work products must satisfy the requirements of this

- ❖ Timeliness: Work Products shall be submitted on or before the due date specified in this Performance Work Statement or submitted in accordance with a later scheduled date determined by the COR.

B.16 TASK MONITORS

A Task Monitor is responsible for individual project management and/or delivery assignment administration. This may involve daily oversight to ensure work is performed in accordance with the task order request(s) and provide any other necessary technical guidance to the contractor. A Task Monitor does not have authority to request or authorize work to be performed outside the scope of the task order. Each Task Monitor works in conjunction with the COR, however, if any discrepancies exist between the direction given by a COR and a Task Monitor to the Contractor, the COR's direction shall take precedence. If the Contractor is unclear as to the direction provided by a Task Monitor or believes the direction to be out of scope, the Contractor shall contact either the COR or the Contracting Officer as appropriate.

B.17 MODIFICATIONS

Under this contract, and subsequent Task orders, the Contracting Officer is the only Government official authorized to make changes via a Standard Form 30. Only a duly appointed FEMA Contracting Officer is authorized to change the specifications, terms, and conditions of this contract and subsequent task order(s).

B.18 KICK-OFF/POST AWARD CONFERENCE/PERIODIC PARTNER MEETING

The Contractor must be required to participate in a Post Award Conference with the Contracting Officer and the COR no later than 10 business days after the date of award. The purpose of the Post Award Conference, which will be chaired by the Contracting Officer, is to discuss technical and contracting objectives of this contract. The Post Award Conference will be held via teleconference. The Contractor agrees to attend any post award meetings convened by the contracting activity or contract administration office.

The Contracting Officer, Contracting Officers Representative (COR), and other Government personnel, as appropriate, may meet periodically with the contractor to review the contractor's performance. At these meetings the contracting officer will apprise the contractor of how the Government views the Contractor's performance and the Contractor will apprise the Government of problems, if any, being experienced.

B.19 NOTIFICATION OF DEBARMENT AND SUSPENSION

The Contractor shall provide immediate notice to the Contracting Officer in the event that the Contractor or a subcontractor is suspended, debarred or declared ineligible by any Federal government Agency or Department, or upon receipt of a notice of proposed debarment from any Federal Agency or Department.

B.20 DEFENSE PRODUCTION ACT (DPA)

Task orders under this contract may include a priority rating under the Defense Priorities and Allocations System (DPAS) regulation (15 CFR, part 700). Contractors receiving a DPAS rated order are required to follow all provisions of the DPAS regulation. The priority rating will be identified in the task order proposal request and subsequent task order standard form issued.

The DPAS provides that DHS/FEMA contracts are assigned priority ratings to assure that these contracts are afforded service priorities ahead of unrated orders. Ratings will be assigned per individual task order. The Contractor is obligated to accept the rated order, to schedule service operations to satisfy requirements of each rated order, and to extend the priority rating to subcontractors to assure that the required services are performed in the timeframe requested.

The DPAS provides for two levels of rated order priority: “DX” and “DO”. The symbols “DX” and “DO” are not acronyms for any terms. They simply indicate the level of priority. DX rated orders take precedence over DO rated orders and unrated orders (commercial orders without a DPAS priority rating). DO rated orders only take precedence as necessary over unrated (commercial) orders as necessary to meet delivery or performance requirements of the DO rated orders. All DX rated orders have equal priority with each other and all DO rated orders have equal priority with each other. DHS has eight DPA programs eligible for the Priorities and Allocations Authority (N-1 through N-8).

B.21 DISASTER ASSISTANCE ACTIVITIES

In accordance with RFO 26.2, Contractors shall give preference to the maximum extent feasible and practicable to local firms. Preference may be given through a local area set-aside or an evaluation preference.

SECTION C – CONTRACT CLAUSES

E.1 52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (NOV 2025) (DEVIATION 25-27)

[1] In this document, citations to Revolutionary FAR Overhaul (RFO) Part 12, RFO Part 16, and RFO Part 19 are citations specifically to Federal Acquisition Regulation (FAR) Class Deviation 25-21, Rev. 1 for FAR Part 12, FAR Class Deviation 26-04, Rev. 1 for FAR Part 16, FAR Class Deviation 26-03, Rev. 1 for FAR Part 19, and FAR Class Deviation 25-23, Rev. 1 for FAR Part 40, which were issued as part of the Revolutionary FAR Overhaul (RFO), which was implemented in response to Executive Order 14275, Restoring Common Sense to Federal Procurement, signed April 15, 2025.

(a) (1) The Offeror certifies, to the best of its knowledge and belief, that—

(i) The Offeror and/or any of its Principals—

(A) Are □ are not □ presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have □ have not □, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation);

(C) Are □ are not □ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision; and

(D) Have □, have not □, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied. Federal taxes are considered delinquent if both of the following criteria apply:

(1) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if a pending administrative or judicial challenge remains. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(2) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) The Offeror has □ has not □, within a 3-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

[1] In this document, citations to Revolutionary FAR Overhaul (RFO) Part 12, RFO Part 16, and RFO Part 19 are citations specifically to Federal Acquisition Regulation (FAR) Class Deviation 25-21, Rev. 1 for FAR Part 12, FAR Class Deviation 26-04, Rev. 1 for FAR Part 16, FAR Class Deviation 26-03, Rev. 1 for FAR Part 19, and FAR Class Deviation 25-23, Rev. 1 for FAR Part 40, which were issued as part of the Revolutionary FAR Overhaul (RFO), which was implemented in response to Executive Order 14275, Restoring Common Sense to Federal Procurement, signed April 15, 2025.

(2) "Principal," for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (*e.g.*, general manager; plant manager; head of a division or business segment; and similar positions).

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the Government will consider the certification in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) This provision does not require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a). The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If the Government later determines that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

(3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) *Debriefings*. If a postaward debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

Factor 5	Past Performance
Volume III	
Factor 6	Price

Evaluation of the non-price factors, (Factors 1-5), will consider the offeror's demonstration of understanding of the requirement and completeness of the proposal submission. Each factor will be evaluated separately. Factor 1 is the most important factor. Factor 2 is the second most important factor. Factors 3-5 are equal in importance, and significantly more important than price when combined. Subfactors will be evaluated individually and will be used to determine the Factor rating as a whole.

As the technical merit of competing proposals become more equal, the price factor increases in importance in the award decision. Failure to include required documents such as Quality Control plan or Key Personnel resumes may cause the proposal to be deemed technically unacceptable and removed from competition.

(b) *Options (if applicable).* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award.* A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

PHASE I

VOLUME I

Factor 1: Demonstrated Experience – 5 Pages

Demonstrated Experience refers to the extent to which an offeror has successfully performed relevant work in the past, showcasing specific skills, knowledge, or expertise in meeting the requirements of a similar task or project.

Demonstrated Experience shall be evaluated by assessing how the Offeror showcases in their proposal that it possesses experience managing disaster logistics and transportation requirements, to include cross dock, empty trailer yards, trailer management, and/or incident support facilities/base's (or similar) requirements in Continental United States (CONUS) and Outside Continental United States (OCONUS) locations to support the scope and complexity identified in the Performance Work Statement (PWS).

For each example/project of experience referenced in the proposal, the Offeror shall describe:

1. The goals and objectives of the requirement, the technical approach used, and why that approach was used.
2. Whether or not the goals and objectives were met, or if not, why.
3. How the requirement was priced (including contract type and total contract amount).
4. Representative examples of metrics that were used to track performance.
5. Specific examples of access to fixed real estate, transportation equipment to include prime movers, trailers (all types) the Material Handling Equipment (MHE) used to operate a site, wrap around services and personnel in both CONUS and OCONUS locations.
6. Whether the offeror performed as the prime or subcontractor. If the experience was as a prime contractor, and a subcontractor(s) was utilized, what is the relationship with that subcontractor(s)? Conversely if the experience was as a subcontractor, what is the relationship with the prime?
7. If any conflict or challenges occurred and how these were resolved or mitigated.
8. How open lines of communication were maintained with the customer.
9. How the contractor maintained In Transit Visibility (ITV) of trailers and commodities.

The evaluation is based on the demonstrated experience examples provided. Offerors must submit a minimum one (1) and no more than (3) three recent Government and/or commercial examples of demonstrated experience in the proposal as prime or subcontractor, clearly identifying their roles and responsibilities. Recent is considered within the last (10) ten years, and relevant is of similar scope and complexity with a minimum completion dollar value of $10,000,000.00 per demonstrated experience.

Factor 2: Capability of Proposed Key Personnel – 2 Pages

The Offeror must describe the specific, relevant experience, and availability of key personnel in providing services described in the PWS and the staff that would be utilized in responding to the Scenario. The Offeror shall describe the staffing used for Key Personnel identified in the IDIQ

The Offeror will be evaluated on the strength of the key personnel proposed. Critical evaluation elements shall be assessed as follows:

- Demonstration of significant experience (7 years) in both public and private sectors in both small- and large-scale planning of logistical support. To include transportation, cross docking or incident support base professional and managerial experience.
- Demonstration of commercial and/or federal expertise in logistics and transportation.

Describe the staffing used for Key Personnel identified in the IDIQ PWS: Contracts Administration Program Manager and Contractor Operations Project Manager will clearly demonstrate the qualifications and experience listed in the PWS and how they will facilitate successful fulfillment of contract requirements.

Ratings and Definition for Factor 1 and 2

Rating	Definition
High Confidence	The Government has high confidence that the Offeror understands the requirement, proposes a sound approach, and will be successful in performing the requirements with little or no Government intervention.
Some Confidence	The Government has some confidence that the Offeror understands the requirement, proposes a sound approach, and will be successful in performing the requirements with some Government intervention.
Low Confidence*	The Government has low confidence that the Offeror understands the requirement, proposes a sound approach, or will be successful in performing the requirements even with Government intervention.

**If an offeror receives a rating of Low Confidence during Phase I, they will be removed from competition, and their proposal will no longer be considered for award. Notification of this will be sent to offeror from FEMA Contracting Officer and Contract Specialist.*

ADVISORY NOTIFICATION

After the Government completes evaluation of Phase I submissions (Factor 1 and Factor 2), Offerors will receive an advisory notification via email from the Contracting Officer. Offerors who rate most highly for Factor 1 and Factor 2 will be advised to proceed to Phase II. Offerors who were not among the most highly rated will be advised not to proceed to Phase II. Offerors who were not among the most highly rated will be advised that they are unlikely to be viable competitors, along with the general basis for that opinion. The intent of this advice is to minimize proposal development costs for those Offerors with little chance of receiving an award. This will be a recommendation only and discontinuing the pursuit of the requirement following the notification is voluntary. The Government does not intend to provide debriefings after the completion of the advisory down select notifications. Failure to participate in Phase II precludes

Offerors that are rated most highly and advised to proceed to Phase II of the proposal process will receive the Phase II due date in the advisory notification, as well as the date and time for the Offeror's oral presentation.

Offerors that are not rated most highly and advised that they are unlikely to be viable competitors and still choose to proceed to Phase II, shall send an email to contracting officer/contract specialist no later than 24 hours after the receipt of the advisory notification indicating intent to participate in Phase II.

Phase II due date will be one week from the date of the advisory notification. Phase II submissions will be due prior to oral presentations.

PHASE II

VOLUME II

Factor 3: Technical Capability & Management Approach

Page Limitation: 25 slides/pages total

Offerors shall submit PowerPoint slides that will be utilized for oral presentations at least 1 business day prior to the scheduled presentation day. Delayed PowerPoint slides submission or a request for changes to the submitted slides will not be accepted or allowed and will result in the offeror's Phase II Factor 3 not being evaluated/removed from competition. There shall be no discrepancies/changes between the submitted slides and the copy used during oral presentation. While the slide limit is 25 slides for this submission, Offerors are reminded to consider that the oral presentation is time-boxed and is encouraged to consider how many slides can be adequately covered during the oral presentation.

associated risk of the offeror's non-performance in the technical solutions. The emphasis of this factor will be the ability of the offeror to demonstrate their understanding of the overall cross dock and ISB requirements, and the applicability of their proposed technical and management solutions to the requirements and challenges associated with the requirements.

The government will assess the Offeror's technical understanding, proposed execution strategies, and management structures to determine the likelihood of successful performance under the IDIQ contract. This will include a thorough evaluation of the Offeror's methods by which operational and strategic risks will be identified and mitigated. The government will evaluate the offeror's oral presentation, slides, and scenario-based responses equally and in its totality. They will not be rated as subfactors with greater or lesser of importance. If any inconsistencies between the offeror's presentation, slides, and scenario-based responses exist, then they may be evaluated unfavorably without discussions. A single overall rating will be given for Factor 3.

It is highly advised for the Offeror to be judicious in utilizing allotted number of slides and 60-minute oral presentation time to demonstrate their technical capability and management approach. Any presentation of their demonstrated experience (Factor 1) or capability of key personnel (Factor 2) during oral evaluation will not be evaluated and will not retroactively affect previous rating of Phase I.

Exchanges during Oral Presentation: The Government intends for the oral presentation to be an interactive dialogue between the Offeror and the Government. These exchanges are viewed as a component of the oral presentation itself and do not constitute discussions.

Location: Oral presentations will be held virtually via Microsoft Teams or Zoom.Gov. The order in which Offerors are scheduled for oral presentations will be randomly selected by the Government. The presentation may be recorded by the Government. If recorded, the recording is source selection sensitive and will be handled accordingly.

Factor 5: Past Performance – 5 Pages

RFO 2.101 defines Past Performance as an offeror's or contractor's performance on active and physically completed contracts. Past Performance will assess how well an offeror has performed relevant work in the past.

The offerors must provide past performance information. The government intends to use this information to determine your performance in having supported a large-scale quantity delivery of supplies and services or similar products to CONUS locations.

The offerors may submit up to three (3) Past Performance Questionnaires (PPQ) and their respective reference information. The past performance must be for projects completed in the last three (3) years or currently in progress, which are relevant to this requirement by being similar in size and scope of complexity. Past performance listed may include those entered into by Federal government, agencies of State and local governments. If the offeror does not have Federal, State or local government experience, commercial experience can be substituted, but they must be clearly identified. Contracts performed by the parent, or an affiliate of the offeror may not be used.

No more than three PPQs will be evaluated for each offeror. At least one (1) PPQ shall be submitted for the work performed by the prime offeror. No more than one (1) PPQ may be submitted for the work performed by a subcontractor.

The evaluation will consider the extent of the offeror's recent, relevant experiences that are similar in scope and complexity as this requirement. Past performance will be evaluated as a measure of the offeror's ability to successfully perform this requirement based on demonstrated relevant performance for Cross Docks or similar services. The offeror's past performance will be evaluated based on the information received as part of past performance questionnaires. As part of evaluation, the Government may conduct phone or email interviews with identified past performance references provided.

The Government will not restrict its consideration to the information provided in the proposal and may consider any other available information, such as the Contractor Performance Assessment Reporting System (CPARS). The Government reserves the right to obtain and utilize information obtained by the Government from sources other than those identified by the offeror. The evaluation of past performance will focus on how well the offeror completed work performed under its experience. The offeror will not be evaluated either favorably or unfavorably if it lacks relevant past performance.

Definitions and Rating Factor 5:
Using the following descriptive ratings and definitions below, an overall past performance rating will be based on the average of everyone's prior performance, and the Past Performance Factor will be assessed against the specified criteria:

Relevance - The Government is not bound by the offeror's opinion of relevance. The following definitions apply:

- Relevant: Past/present performance effort involved the same or much of the magnitude of effort, complexities, and contract dollars this RFP requires.
- Not Relevant: Past/present performance effort did not substantially involve the effort, complexities and contract dollars this RFP requires. An offeror with no relevant past performance history will receive a rating of "Neutral."

Unsatisfactory*	Based on the offeror's relevant past performance record, it is not likely that the offeror will successfully perform the required effort.
Neutral	No relevant performance record is identifiable upon which to base a meaningful performance rating. A search was unable to identify any relevant past performance information for the offeror or subcontractors. This is neither a negative nor positive assessment.

** Offerors assigned a rating of Unsatisfactory may result in an ineligibility for award.*

VOLUME III

Factor 6 - Price

The Price Template will be utilized for evaluation. The Price Factor will not receive a confidence rating.

Contractor(s) must use *Attachment II* – Pricing Sheet. If *Attachment II* is not utilized, the proposal will be deemed **UNACCEPTABLE** and removed from further consideration for award.

The total evaluated price will be calculated by adding the subtotal price for each CLIN. The total evaluated price will be utilized to ensure that the offeror's price is fair and reasonable. For the price to be reasonable in its nature and amount, which would be incurred by a prudent person in the conduct of a competitive business. Offerors are cautioned that unreasonably high or low prices may cause your proposal to be deemed unreasonable and removed from competition.

In evaluating price, the Government will utilize one or more proposal analysis techniques from RFO 15.404-1. Examples of such techniques include, but are not limited to the following:

- Comparison of proposed prices received in response to the solicitation. Normally, adequate price competition establishes a fair and reasonable price.
- Comparison of proposed prices to historical prices paid, whether by the Government or other than the Government, for the same or similar items. This method may be used for commercial items including those "of a type" or requiring minor modifications.
- Comparison with competitive published price lists, published market prices of commodities, similar indexes, and discount or rebate arrangements.
- Comparison of proposed prices with independent Government cost estimates.
- Comparison of proposed prices with prices obtained through market research for the same or similar items.

The Evaluation of Options (RFO 52.217-5). The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. Evaluation of options will not obligate the Government to exercise the option(s).

Except when it is determined in accordance with RFO 17.202(b) not to be in the Government's best interests, the Government will evaluate offers or quotations for award purposes by adding the total price for all options to the total price for the basic requirement to determine the total

evaluated price. This includes options under RFO clause 52.217-8, Option to Extend Services, which applies to this solicitation. Evaluation of options will not obligate the Government to exercise the option(s).

The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement." To account for the option periods possible under 52.217-8 (maximum of six months), Options to Extend Services, the Government will evaluate the option to extend services by adding six months of the offeror's final option period price to the offeror's total price. This amount will be the total evaluated price. The Government may choose to exercise the Option to Extend Services at the end of any performance period (base or option periods). Prices for the base and option periods, including the 6-month option available under RFO 52.217-8, will be evaluated to ensure that they are fair and reasonable for performance of the requirements established in the solicitation and as proposed in the technical submission.

The price for the effort associated with RFO 52.217-8 will not be included in the total value at contract award. If, at the end of the contract's/order's period of performance (the end of the base period or any exercised option period) and within the time period established in the clause, the Government chooses to exercise this option, the pricing will be pursuant to the rates specified in the contract for the preceding performance period.

VOLUME IV

Subcontracting Plan (LARGE BUSINESSES ONLY)

Large business offerors must submit a complete Subcontracting Plan in accordance with RFO 19.109 and 52.219-9. The Subcontracting Plan is not an evaluation factor and is not part of the best-value tradeoff. Small business concerns are not required to submit a Subcontracting Plan.

The plan must identify the total anticipated contract award, total dollars, and or percentage of the acquisition to be subcontracted to small business concerns and establish procedures to ensure timely payment of amounts due to small businesses. Offeror(s) must demonstrate their expected use of subcontractor(s), monitoring practices, and performance metrics during the execution of this contract. While Volume IV: Subcontracting Plan is NOT A FACTOR, it is required to be submitted by all large businesses.

For internal documentation purposes, the Government will assign one of the following determinations to each Subcontracting Plan:

Rating: Subcontracting Plan	
Rating	**Definition**
Satisfactory	The Government has high confidence that the Offeror understands the requirement, proposes a sound approach, and will be successful in performing the requirements with little or no Government intervention.
***Unsatisfactory**	The Government has some confidence that the Offeror understands the requirement, proposes a sound approach, and will be successful in performing the requirements with some Government intervention.

** For the plan to be satisfactory, Elements 1 through 11 MUST RECEIVE a "Yes." A response of "No" in any of the factors will result in the plan being unsatisfactory.*

A Subcontracting Plan determined to be Unsatisfactory will be considered unacceptable, and the associated large business offeror will be ineligible for award under this solicitation. Among offerors whose Subcontracting Plans are determined to be Satisfactory, the Subcontracting Plan will not be used as a discriminating factor in the comparative evaluation or tradeoff decision.

E.9 AWARD WITHOUT DISCUSSIONS

The Government intends to award without discussions but reserves the right to hold discussions if the contracting officer find discussions to be in the best interest of the government.

Since the response to Factor 3 is intended to test the offeror's understanding of the requirement in responding to the types of situations that might be encountered in contract performance, offerors will not be given an opportunity to revise or correct the response if discussions are held.

E.10 BASIS FOR AWARD

The proposals received under Request for Proposal (RFP) #70FB7026R00000014 will be evaluated in accordance with instructions contained in this RFP. Multiple awards shall be made using best-value-trade-off (BVTO) and will be based upon the offeror's proposal that provides the best value to the Government using the evaluation factors and tradeoff process as outlined in RFO part 15.103-1. Best value is defined as the offer that results in the most advantageous acquisition decision for the Government as determined by an integrated assessment and trade-off analysis among non-price and price factors. As the technical merit of competing proposals became more equal, the price factor increases in importance in the award decision.

The Government may award any resulting contract to other than the lowest priced Offeror, or other than the Offeror with the highest non-price rating. The Government intends to award without discussions but reserves the right to hold discussions if the contracting officer finds discussion to be in the best interests of the government.

E.11 CONTRACTOR FINANCIAL RESPONSIBILITY AND CAPABILITY

Statement of Contractor Assurance

By submitting this offer, the offeror certifies that, at the time of submission, they have adequate financial resources to perform the contract; they have the capability to comply with the required or proposed delivery or performance schedule; and otherwise meet or exceed the general standards required by RFO 9.104-1.

The offeror shall disclose any filings for bankruptcy, fines levied by governmental agencies, or legal proceeding against any participating organization, employees, corporate officer, or entity that might have a material effect on the proposer's ability to implement the proposed project, as required by RFO [52.209-5], Certification Regarding Responsibility Matters.

E.12 52.216-1 TYPE OF CONTRACT (OCT 2025) (DEVIATION 26-04)

The Government contemplates award of an Indefinite Delivery Indefinite Quantity (IDIQ) type of contract with task orders issued on a firm fixed-price basis resulting from this solicitation.

(End of provision)
