1.3 DEFINITIONS

A. Furnish – When used in connection with services, materials, or equipment, shall mean to supply and deliver said services, materials, or equipment to the Site (or some other specified location) ready for use or installation and in usable or operable condition.

B. Install Perform or Provide – When used in conjunction with services, materials, or equipment, shall mean to put into use or place in final position said services, materials, or equipment complete and ready for intended use.

C. Site – The Site is defined as Devens Reserve Forces Training Area (Devens RFTA) located at 30 Quebec Street, Devens, Massachusetts, 01434

D. Unless stated otherwise in the Contract, words or phrases which have a well-known technical or construction industry or trade meaning shall be used in the Contract in accordance with such recognized meaning.

1.4 EXAMINATION OF SITE

It is recommended that the Contractor visit the Site and become familiar with general, local, and Site conditions which may affect cost, progress, or performance of the Work. Site visit(s) shall be scheduled through the Contracting Officer.

1.5 QUALITY CONTROL

Contractor is responsible for quality control to assure that the correct type and color of WASTEQUIP brand dumpsters are delivered to the Site. All associated quality control costs are to be included in the proposal.

1.6 PERMITS, FEES, AND CERTIFICATES

Unless otherwise stated, the Contractor shall obtain and pay for, but not limited to, all fees, licenses, permits, certificates, etc. as required by Local, State, and or Federal Laws and Regulations necessary for the prosecution of the Work.

1.7 DELIVERY

All equipment identified in these requirements shall be delivered and unloaded to the Site no later than 5 days after Contract award. The delivery and unloading area will be open and available to the Contractor Monday through Friday between 0800 and 1500 hours (8:00 AM through 3:00 PM), excluding holidays. NO EXCEPTIONS. All deliveries must be completed during those hours. Two days' advance notice of all deliveries must be provided to the Devens RFTA Contract Officer Representative (COR) to allow for the coordination of offloading equipment and personnel.

1.8 CLEANUP

A. Following each delivery, the Contractor shall remove and properly dispose of all waste material and other debris generated by the Work. All waste material and debris shall be removed off the Site in a manner as to prevent spillage on streets and adjacent roads. Do not allow waste materials and debris to accumulate on the Site.

B. Removal, as indicated above, shall be in accordance with all Local, State, and or Federal Laws and Regulation.

C. The Contractor shall not burn or bury any waste materials or debris on Site. The Contractor shall leave the Site in clean condition.
