ADDENDUM TO 52.212-2ADDENDUM TO 52.212-2 Evaluation--*Commercial Products* and *Commercial Services* (Nov 2021)

Addendum to 52.212-2(a): Paragraph (a) is tailored as follows:(a) Basis for Award. The Government intends to award one Firm-Fixed-Price contract for this acquisition. Award will be made to the technically acceptable Offerors who are deemed responsible in accordance with FAR 9.104 and whose quote conforms to the solicitation requirements. The solicitation requirements include all stated terms, conditions, and all other information required by this quote. Unless specifically identified in your quote, by submission of its quote, the Offeror agrees to all solicitation requirements, including terms and conditions, and technical requirements, in addition to those identified as evaluation factors. Failure to meet a requirement may result in a quote being determined ineligible for award. This contract will be awarded as Firm Fixed Price (FFP). It is the Government's intent to evaluate quotes and award without interchanges with Offerors. Therefore, the Offeror's initial quotes should contain the Offeror's best terms from a price, and technical stand point. However, the Government reserves the right to conduct interchanges if the Contracting Officer (CO) later determines them to be beneficial.
Evaluation Process. The evaluation factor and process to be used is listed below:
1.1. Evaluation Factors. In evaluating quotes, the Government will select the quote that is most advantageous to the Government. To arrive at a decision, only the three lowest quotes will be assessed in accordance with the following evaluation factors for the award.
1.1.1. Technical Evaluation. Only the three lowest quotes will be evaluated for Technical Acceptability.(a) Acceptability Ratings. The evaluation factors listed below will be used to evaluate each quote and will receive one of the following ratings:
(i) Acceptable -(1)Proposed equipment/supplies. The proposed equipment/supplies clearly meet the characteristics as listed in this RFQ and the SOW.
(ii) Unacceptable -(1)Proposed equipment/supplies. The proposed equipment/supplies does not meet the characteristics as listed in this RFQ and the SOW.
1.1.2. Price Evaluation. Evaluations will be completed by determining the extended amount for each Line Item Number (CLIN) and the total evaluated price (TEP). The extended amount foreach CLIN will be determined by multiplying the unit price by the quantity. An offeror's TEP will be determined by adding the extended amount for all CLINs. The Government may require submission of information other than cost or pricing data to the extent necessary to evaluate price reasonableness.
1.1.2.2.Evaluation of Factors. Offerors are advised that their initial submission should be their best effort. Only technically acceptable quotes, either initially or as a result of interchanges, are eligible for award. If award is made without interchanges, quote revisions will not be permitted. The Government will evaluate the quotes selected above for technical acceptability on an Acceptable/Unacceptable basis. For the technical quote to be rated as "Acceptable", the technical factor must be rated acceptable. If the technical factor is rated "Unacceptable" the overall quote will be rated as "Unacceptable".(A) Interchanges. Under appropriate circumstances, interchanges can be an effective method to improve the Government's evaluation of Offerors' quoted approaches and may reduce acquisition cycle time. Interchanges maybe written, email, phone call, etc., or any method which would accurately capture the contemporaneous sharing of information between the Government and the Offerors. Interchanges may also be oral conversations between the Government and the Offerors. (B) Factor # 1 -Submit product descriptions for each item being quoted. The Offeror shall submit product specifications that match the SOW. The standard has been met when: The offeror provides products that fully conform to the product description requirements specified in the SOW.

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals-

(1) [ ] Are, [ ] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [ ] Have, [ ] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) [ ] Are, [ ] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) [ ] Have, [ ] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the

agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

52.212-2 Evaluation-Commercial Products and Commercial Services. (Nov 2021)

As prescribed in 12.301(c), the Contracting Officer may insert a provision substantially as follows:

Evaluation-Commercial Products and Commercial Services (Nov 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

See addendum to 52.12-2 - EVALUATION - COMMERCIAL ITEMS (Nov 2021) ADDENDUM

(b) *Options*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
