SPECIAL NOTICE

Global Aircrew Strategic Network Terminal Increment 2, Block 2 (GASNTi2b2) Industry Day Notice

Agency:	Department of the Air Force
Organization:	Air Force Nuclear Weapons Center
Notice Number:	GASNTi2b2_IND_DAY_INT_NOTICE_541512; GASNTi2b2_IND_DAY_INT_NOTICE_541715
Primary Point of Contact:	Mr. Claud During (cladius.during.ctr@us.af.mil)

Purpose

The Air Force Nuclear Weapons Center's Nuclear Networks Division plans to conduct an Industry Day in support of the Global Aircrew Strategic Network Terminal Increment 2, Block 2 program, referred to as GASNTi2b2. The purpose of the event is to provide industry with a preliminary overview of the required capability to obtain feedback for market research and acquisition planning. The contemplated effort will involve the design, development, and integration of components to deliver a strategic ground-based High Frequency (HF) communications system.

Furthermore, the Government is considering the use of a Prototype Other Transaction Authority (OTA) for this effort, in accordance with 10 U.S.C. § 4022.

Event Information

This release serves as an early planning notification; consequently, all scheduled dates and event details remain tentative. The formal, finalized announcement is projected to be published on SAM.gov in approximately September.

Date	**Wednesday 4 November**
Time	0830
Location	Hanscom AFB

Format	In Person
Classification	Secret (Active Clearance required for all attendees)

The Government anticipates providing a program overview followed by a question-and-answer session. Optional one-on-one discussions may also be offered, subject to Government availability. Parties should notify the Point of Contact below if they would be interested in a one-on-one session. This is only to gauge interest and does not guarantee one-on-one discussions.

Registration

Interested organizations should express their interest by contacting the POC identified below to be included in future correspondence. Formal registration requirements will be detailed in the official announcement.

Point of Contact

Mr. Claud During
Email: cladius.during.ctr@us.af.mil
Telephone: 575-412-1408

Additional access, security, and event instructions will be provided to confirmed attendees.

Industry Questions

Industry questions may be submitted by 21 October to the point of contact identified above. The Government may consolidate questions and publish general responses through SAM.gov. Companies shall clearly identify any proprietary information included in their submissions.

Disclaimer

This notice is issued solely for market research and acquisition-planning purposes. It is not a solicitation, request for proposal, request for quotation, invitation for bid, or commitment by the Government to issue a future solicitation or award a contract. Participation is voluntary and is not required to compete for any future acquisition. Participation will not provide an advantage or disadvantage in any future competition. The Government will not reimburse costs associated with attendance, travel, preparation, meetings, or responses to this notice. Information presented during the Industry Day is preliminary, subject to change, and does not represent a commitment by the Government.
