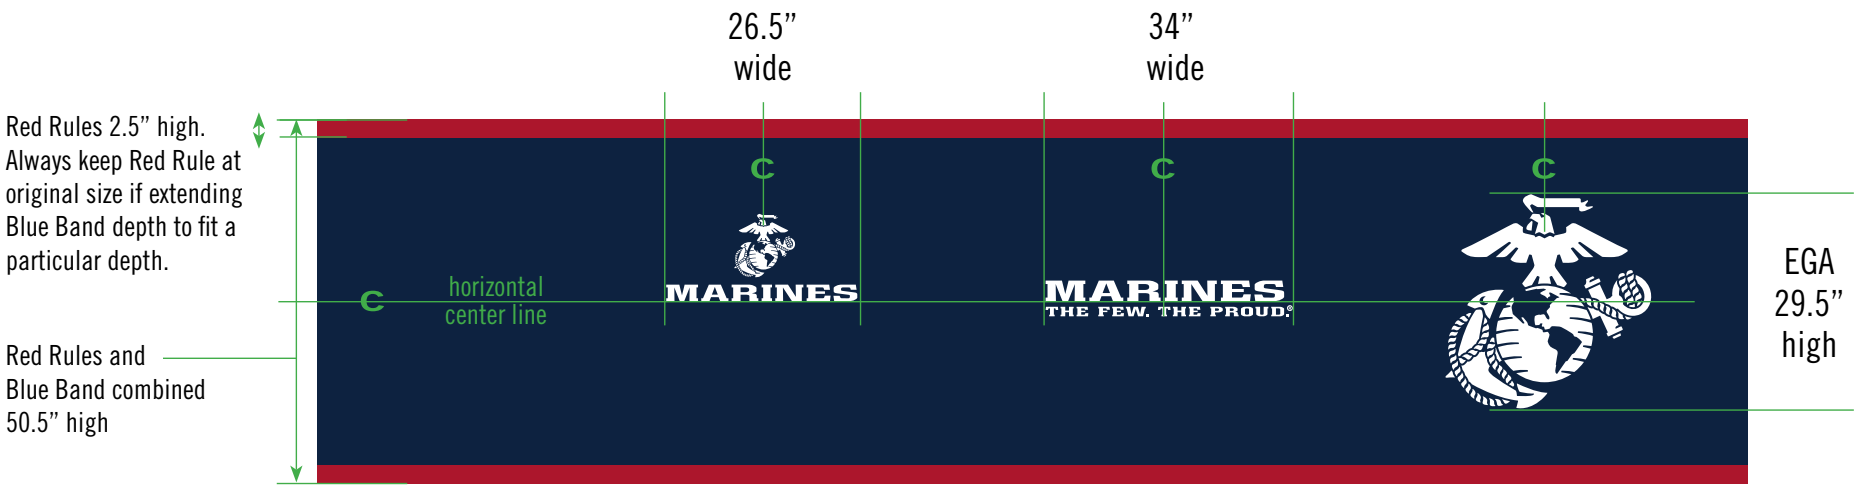
UNITED STATES MARINE CORPS
RECRUITING STATION WINDOW WRAP GUIDELINES

PROVIDED ARTWORK IS SET UP TO A 1/2” = 1” SCALE (FINAL OUTPUT 200%),
MEASUREMENTS BELOW REPRESENT GRAPHIC ELEMENTS AT ACTUAL SIZE.



BELOW ARE OPTIONS FOR POSSIBLE WINDOW AND DOOR CONFIGURATIONS.
ALWAYS KEEP RED RULES, LOGOS AND EGAs AT SIZE PROVIDED AND CENTERED WITHIN BAND.
BLUE BAND CAN BE INCREASED IN DEPTH AND RED RULES REPOSITIONED IF NECESSARY.

“Top Red Rule” always aligns to the top of door within the door frame.

MARINES and MARINES The Few. The Proud.® logos Base-Align on the word MARINES, becoming the Vertical Center-Point within the band as well.

LARGE EGA Center-Point is the Eagles NECK where it comes to a point.

MARINES The Few. The Proud.® logo is center in panel based on the left side of the “I” in the word MARINES. The period and registration (.®) hang and are not to be considered when centering.

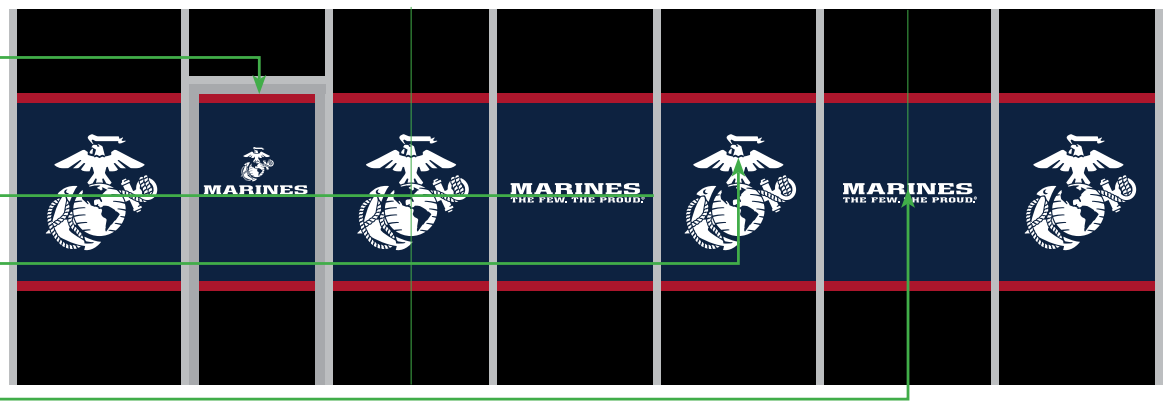
If adjusting Blue Band and Red Rule to fill or fit to a particular depth, i.e., edge of window divider, ALWAYS keep logos and EGA at original size and re-center within new depth. Only Enlarge Blue Band. Red Rule remains original size and is only moved to fit new space.

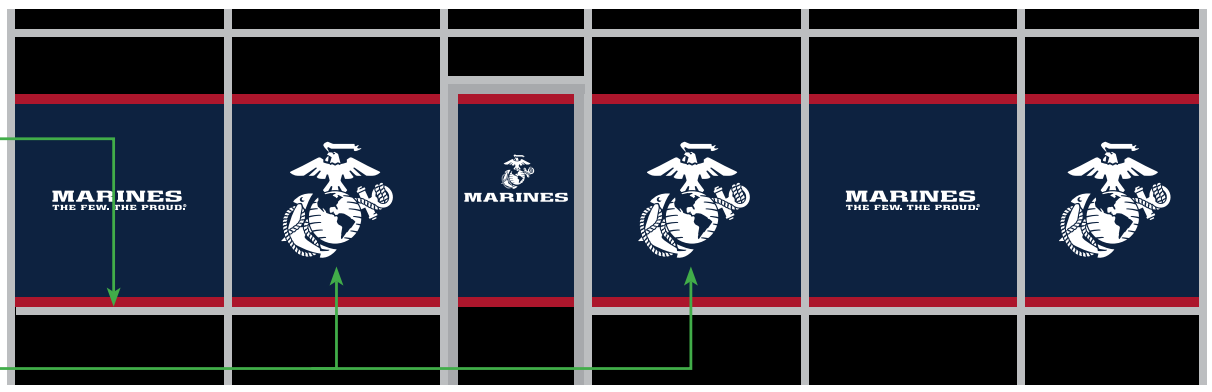
Whenever possible, Bookend the Door with Large EGAs on both sides and then alternate with MARINES The Few. The Proud.® logo for remaining panels.

When Double Doors are involved, duplicate EGA and Marines Lockup logo and if possible, Bookend the Door with Large EGAs on both sides and then alternate with MARINES The Few. The Proud.® logo for remaining panels.

If windows are full frame from top to bottom, i.e., no horizontal dividers, artwork should be used as provided. The depth of the blue band including the Red Rules is 50.5” at actual size.

When not possible to Bookend the Door with Large EGAs on both sides alway place Large EGA in panel next to door and then alternate with MARINES The Few. The Proud. logo for remaining panels.





Blue Band and Red Rule depth as provided 50.5”

Blue Band depth Increased Red Rule remains original size

PANTONE Colors CMYK matches:

BLUE = 289 *or* C=100, M=64, Y=0, K=60

RED = 187 *or* C=0, M=100, Y=79, K=20

BLACK = BLACK C *or* C=66, M=64, Y=68, K=68

Blue Band depth Decreased
