Bid Schedule

Multiple Boat Ramp Replacement

Kirwin National Wildlife Refuge

Kirwin, KS

PROJECT DESCRIPTION:
The purpose of this project is to replace three (3) deteriorated concrete boat ramps at Kirwin NWR and extend the wave breaks at both ramps. The work will include but is not limited to: demolition of three boat ramps, replacement of boat ramps with two double lane boat ramps, demolition of concrete boat dock (bulkhead) structures, and extending wave breaks at the boat ramps.
