| 1166 | JRCF ACP Scanner | N | n/a | 831 Sabalu Rd. | Secure - Within the MCC area of operations | N |
| 1167 | JRCF Shelter | N | n/a | Sabalu Rd. | Secure - Within the MCC area of operations | N |

Stack/Tower heights are approximations based on ground measurements.

Most structures are multi-story requiring a lift/boom determined by the contractor.
All facilities LPS can be accesed or tested from the exterior of the facilities. All metall roof/sheathed facilities may be inspected tested through the metal sheathing.
