Solicitation # 36C24926R0073

Questions & Answers 2

76. Page 17 of the Solicitation details the VETS 4212 Reporting Requirement. Do we need to submit our most recent VETS4212 report with our proposal or is the Solicitation simply stating that this is a contract requirement if/when awarded?

Answer: Submit with proposal.

77. Often times, a PPQ is required for Past Performance if a CPARS is not available for a past project. Is the requirement on this proposal that we have to provide BOTH a PPQ and CPARS for our past projects? If our past projects have CPARS reports, can we submit those without the need for also obtaining a PPQ? It has gotten increasingly difficult to obtain completed PPQ's from past CO's.

Answer: CPARS can be submitted in lieu of PPQ's if PPQ's cannot be obtained.
