STATEMENT OF REQUIREMENT

1. DESCRIPTION OF WORK

To advance EO 14225, Immediate Expansion of American Timber Production, and the USDA's National Active Forest Management Strategy, the Tongue Ranger District of the Bighorn National Forest shall utilize Stewardship Authority delegated to the USFS under 16 USC 6591c to award the Fleetwood Stewardship IRSC (Integrated Resource Service Contract).

Restoration objectives for the project area are summarized as follows:

(1) to reduce fuel loads and potential wildfire intensity within the Sheridan municipal watershed;

(2) to improve the diversity of the forest age class, structural stages, and species distribution;

(3) to improve forest health and resilience to future insect and disease outbreaks; and

(4) to provide commercial forest products to local industries at a level commensurate with forest plan direction and goals.

To accomplish these objectives, the contract includes the following components.

1) Regeneration clearcut harvests on nine cutting units totaling 228 acres and overstory removal liberation harvests on two units totaling 46 acres.

2) Limited product hauling of included timber.

3) Road reconstruction work on approximately 7.3 miles of existing roads including clearing and grubbing, road surface and drainage improvements, spot aggregate placement and sign upgrades.

4) Road maintenance service work on approximately 30 miles of existing roads.

5) Optional service work for treatment of non-included and cull trees on 197 acres within cutting units if awarded.

6) Remove Timber Subject to Agreement (TSTA) generated from Optional Work Items 16-23 for product located in Units 12, 13, 14,15, 16, 17, 18 and 22 if awarded.

7) Resultant fuels reduction, piling of fuels, road system improvements and reforestation enhancement from above listed activities.

The contractor shall furnish all labor, equipment, supervision, transportation, operating supplies (except those designated as Government-furnished) and incidentals necessary to complete the project as required by the contract, plans and specifications.

This BPA call will be issued against the Rocky Mountain Restoration Project BPA when ordered by warranted contracting personnel. The resultant contract will be a commercial services contract with requirements for timber removal.

Performance of land management activities shall be in accordance with Project Description and Work Specifications. Payment for Land Management Work Activities in **Schedule of Items** will be made in Stewardship Credits and Appropriated Funds.

All Base Work Activities (Mandatory) shall be performed. Optional activities are listed in order of planned priority. Award may be made for optional items in any order that the Contracting Officer determines is in the best interest of the Government.

SCHEDULE OF ITEMS

2. MANDATORY WORK ACTIVITIES:

ITEM NO.	DESCRIPTION OF MANDATORY WORK ACTIVITIES	UNIT	ESTIMATED QUANTITY	UNIT PRICE	TOTAL PRICE
1	Cut and Remove Included Timber (Units 12-22)	Acres	274	N/A	N/A
2	Limited Product Hauling of Included Timber	Loads	200	$	$
3	15101 - Mobilization	Lump Sum	1	$	$
4	20103 - Clearing and Grubbing, Disposal Method (G) or (G) and (K) in Timber Units	Miles	2.98	$	$
5	20401 - Roadway Excavation, Type Road Widening 12', Compaction Method 3, Tolerance Class B	Cubic Yard	30	$	$
6	20411 - Unclassified Borrow, 12-foot Road Width, 6-inch Depth, Compaction Method 3	Cubic Yard	294	$	$
7	20425 - Excavation and Embankment. Type Drivable Dip	Each	6	$	$
8	30315 - Roadway Reconditioning, Compaction Method 3	Miles	7.29	$	$
9	63302(A) - Barricade Marker Sign (FBM-L), Government Furnished	Each	2	$	$
10	63302(B) - Barricade Marker Sign (FBM-R), Government Furnished	Each	2	$	$
11	63302(C) - Motorized Restriction Sign (TM-3), Government Furnished	Each	1	$	$
12	63307 - Object Marker Sign (OMV-2V), Government Furnished	Each	6	$	$
13	Road Maintenance Pre-Haul	Miles	24.4	$	$
14	Road Maintenance During Haul	Miles	30.6	$	$
15	Road Maintenance Post Haul	Miles	30.6	$	$
				Total All Mandatory Service Items	$

3. OPTIONAL WORK ACTIVITIES:

ITEM NO.	DESCRIPTION OF OPTIONAL WORK ACTIVITIES	UNIT	EST QTY	UNIT PRICE	TOTAL PRICE
16	Cutting and Lopping & Scattering/Mastication/Removal of Non-Included Material – Unit 17	Acre	98	$	$

17	**Cutting and Lopping & Scattering/Mastication/Removal of Non-Included Material – Unit 12**	**Acre**	**29**	**$**	**$**
18	**Cutting and Lopping & Scattering/Mastication/Removal of Non-Included Material – Unit 18**	**Acre**	**8**	**$**	**$**
19	**Cutting and Lopping & Scattering/Mastication/Removal of Non-Included Material – Unit 13**	**Acre**	**8**	**$**	**$**
20	**Cutting and Lopping & Scattering/Mastication/Removal of Non-Included Material – Unit 14**	**Acre**	**11**	**$**	**$**
21	**Cutting and Lopping & Scattering/Mastication/Removal of Non-Included Material – Unit 22**	**Acre**	**16**	**$**	**$**
22	**Cutting and Lopping & Scattering/Mastication/Removal of Non-Included Material – Unit 15**	**Acre**	**22**	**$**	**$**
23	**Cutting and Lopping & Scattering/Mastication/Removal of Non-Included Material – Unit 16**	**Acre**	**5**	**$**	**$**
				Total All Optional Service Items	**$**

4. TIMBER/PRODUCT REMOVAL PRICE SCHEDULE:

SPECIES	PRODUCT	ESTIMATED QUANTITY	UNIT OF MEASURE	MINIMUM ACCEPTABLE OFFER	OFFER (FLAT)	TOTAL OFFER
Live Lodgepole Pine and Other Conifer	Sawtimber	7,300	CCF	**$ 0.25**	**$**	**$**
Live Engelmann Spruce	Sawtimber	288	CCF	**$ 0.25**	**$**	**$**
					Total – All Products	**$**

5. TIMBER SUBJECT TO AGREEMENT PRICE SCHEDULE

SPECIES	PRODUCT	ESTIMATED QUANTITY	UNIT OF MEASURE	MINIMUM ACCEPTABLE OFFER	OFFER (FLAT)
Live Lodgepole Pine and Other Conifer	Non-Saw	Unestimated	CCF	**$0.25**	**$**

Pricing Notes: These schedules are for pricing/payment purposes. Refer to Provision 39 - 52.212-1 Instructions to Offerors for business proposal requirements. Evaluation criteria used by the Forest Service for proposals is in Provision 37 - 52.212-2 of this solicitation.

Price quotes MUST be provided on Mandatory Work Items 2-15 and Optional Work Items 16-23. Optional Items may be awarded for quantities less than the total estimated based on the unit prices quoted. Unit prices prevail.

Based on the timber appraisal performed, the Government has determined that the market value of the product is adequate to support Item 1 Cut and Remove Included Timber costs once the road maintenance, road reconstruction and limited haul costs were removed; therefore, this work will not be priced as a service item. An offer amount (flat) that equals or exceeds the minimum acceptable offer and a total offer shall be quoted within the Timber/Product Removal Price Schedule.

Removal of timber subject to agreement (TSTA) from units treated via Optional Items 16-23 is encouraged but not required for quote submittal. If a market(s) is found and removal is feasible, a per ton offer (flat) that meets or exceeds the minimum acceptable offer shall be quoted within the Timber Subject to Agreement Price Schedule. No entry indicates no desire to remove TSTA. TSTA quantity will be agreed to at time of award or by modification post award.

Quoters providing a price for TSTA shall submit a detailed plan for its removal within the technical proposal which includes an estimated product quantity. If award of TSTA is made, Appendix B (Timber Specifications - Scaled) and Appendix C (Road Maintenance Specifications) shall apply to its removal. Road maintenance costs associated with removal of TSTA shall be included in Optional Item 16-23 prices; no separate payment for road maintenance shall be made if TSTA is awarded.

***Vendors that quote a price and provide a plan to removal TSTA within their technical proposal will receive higher technical ratings than vendors that do not, all else being equal.**

The construction work required within Mandatory Items 2-13 is subject to the Construction Wage Rate Requirements and related regulations (formerly referred to as Davis-Bacon). Alternative Payment Protection in the form of a Payment Bond or Irrevocable Letter of Credit shall be required for 100% of the awarded value of Items 2-13. See Clause 27. FAR 52.228-13 Alternative Payment Protections. Bonding costs shall be included the price quoted for Mobilization. No separate payment for bond premiums shall be made.

An organized site visit is scheduled to view the project area and discuss the objectives of this contract. See Provision 33. Pre-Bid/Pre-Proposal Conference for complete details.

****Contract period of performance: September 25, 2026 through September 25, 2031.**

TECHNICAL DATA

6. SOLICITATION ATTACHMENTS: The following documents are made part of this solicitation and any resultant contract.

Title	Pages
1. Appendix A – Performance Work Statement for Service Work Items	8
2. Appendix B – Timber Removal (Scaled) Specifications	32
3. Appendix C – Road Maintenance T-Specifications and Drawings for Road Maintenance	15
4. Appendix D- Road Reconstruction Specifications and Drawings FS-FP-14 Supplemental Specifications	37
5. Maps- Contract Area Map – Sheet 1 Contract Area Map (Vicinity) – Sheet 2	1 1
6. Cruise Report	37
7. Forestry Services Wage Determination #1979-0948, Revision #76 dated 5/13/2026	3
8. Davis-Bacon Heavy, Highway Wage Decision #WY20260044, dated 6/18/2026	5

PROJECT LOCATION

7. The Fleetwood Stewardship IRSC contract area is in Sheridan County, Wyoming. Legal Description is Township 53 N, Range 86 W, Sections 4, 5, 6, 7, 8 and 9; Township 53 N, Range 87 W, Sections 1 and 12; 6th Principal Meridian; Sheridan County, WY. Access to the contract area is via the Red Grade Rd (County & Forest Service Road #26) traveling approximately 17 miles west from Bighorn, WY. From there, the contract area lies roughly one mile south via NFSR 299 to NFSR 334313. Treatment unit boundaries are marked with yellow paint. It is anticipated that due to narrowness and steepness of the Red Grade Road, hauling will have to proceed westerly from the contract area via NFSR 26 traveling approximately 26 miles to US Highway 14.

Maps and construction worklists have been provided in Attachment 4 – Appendix D Road Reconstruction Specifications and Drawing FS-FP-14 Supplemental Specifications and in Attachment 5 - Contract Area Maps.

CONTRACT CLAUSES

8. Federal Acquisition Regulation (FAR) and United States Department of Agriculture Acquisition Regulation (AGAR) Clauses and Provisions

The clauses and provisions contained herein are applicable to any order awarded as a result of this solicitation. The terms and conditions set forth herein supersede all other terms and conditions. Acceptance of the order in accordance with (IAW) FAR 12.201-1(b)(2) constitutes acceptance of all terms and conditions contained herein.

As part of the Revolutionary FAR Overhaul (RFO), system updates may lag policy updates. The System for Award Management (SAM) may continue to require entities to complete representations based on provisions that are not included in this solicitation. Contracting officers will rely on representations from offers based on provisions in the solicitation. Entities are not required to, nor are they able to, update their entity registration to remove these representations in SAM.

9. FAR 52.212-4 CONTRACT TERMS AND CONDITIONS - COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2023)

See parent BPA for full clause text. ***Supplemental construction clauses applicable to this solicitation and resultant contract are contained in the parent BPA.***

FAR 52.212-4 has been tailored as follows and Clauses 10 – 32 have been added.

The following language is added to (b) Inspection and Acceptance.

Inspection and Acceptance of Pay Items 3-12 (incidental construction requirements) will be conducted in accordance with FAR 52.246-12, Inspection of Construction (Aug 1996) incorporated by reference.

The following language is added to (d) Changes.

Changes related to Pay Items 3-12 (incidental construction requirements) will be handled in accordance with FAR 52.243-5, Changes and Changed Conditions (Nov 2025) incorporated by reference.

10. FAR 52.252-2 Clauses Incorporated by Reference (Feb 1998)

This solicitation incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also the full text of the clause may be accessed electronically at Internet address https://www.acquisition.gov or https://www.acquisition.gov/far-overhaul/far-part-deviation-guide/far-overhaul-part-52.

FAR 52.204-13 System for Award Management—Maintenance (NOV 2025)
FAR 52.222-90 Addressing DEI Discrimination by Federal Contractors (APR 2026)
FAR 52.223-23 Sustainable Products and Services (Nov 2025)
FAR 52.232-40 Providing Accelerated Payment to Small Business Subcontractors (MAR 2023)
FAR 52.240-91 Security Prohibitions and Exclusions (NOV 2025)
FAR 52.244-6 Subcontracts for Commercial Products and Commercial Services (NOV 2025)
FAR 52.245-1 Government Property (Sep 2021)

11. SPECIFICATIONS

General specifications for each Contract Activity individually described by an item number in the Schedule of Items can be found in Appendix A. Specifications for timber removal are found in Appendix B and associated road maintenance plans and specifications are in Appendix C for Stewardship related projects. Road reconstruction plans and specifications are provided in Appendix D.

12. COMMENCEMENT, PROSECUTION, AND COMPLETION OF WORK

The Contractor shall be required to (a) commence work under this contract within **10 calendar days** after receipt of Notice to Proceed (NTP) or Order for specific work items, (b) prosecute the work diligently, and (c) complete the entire work ready for use not later than **September 25, 2031**. The time stated for completion shall include final cleanup of the premises. The earliest date for issuance of the NTP for this contract is September 25, 2026. No additional performance time shall be authorized for optional item completion so long as award of optional item work is done in accordance with Clause 18.

13. PERIOD OF PERFORMANCE

The period of performance of this contract is from **September 25, 2026** through **September 25, 2031.**

14. CONTRACT OPERATIONS SCHEDULE

Contractor shall, before commencing operations, provide in writing an annual Operating Schedule of anticipated major activities and needs for logging Included Timber and completing stewardship projects, such as logging, road maintenance, and construction. Upon reasonable notice to Forest Service, such schedule shall be subject to modifications necessitated by weather, markets, or other unpredictable circumstances.

Timeframe	Restriction Description
Annually between April 1st through May 15th.	**Prohibit all activities in all Units (including felling, skidding, yarding, hauling, slashing, temp road construction, road reconstruction and road maintenance) and service work to protect soil and water resources during the spring break-up season.**
Annually between December 15th through May 1st.	**Prohibit all activities in all Units (including felling, skidding, yarding, hauling, slashing, temp road construction, road reconstruction and road maintenance) and service work to prevent disturbance in crucial winter range for moose.**
Annually between May 1st through June 15th.	**Within Units 12 and 13, prohibit all activities (including felling, skidding, yarding, hauling, slashing, temp road construction, road reconstruction and road maintenance) and service work to prevent disturbance during elk and moose calving season.**

15. NOTICES

Notices by either party as to action taken or to be taken by the other respecting this contract shall be made in writing to the other party's designated representative unless otherwise agreed.

16. FOREST PRODUCT APPRAISAL METHODOLGY

Minimum acceptable offer rates for Timber and Product removal were determined using standard Forest Service appraisal methodologies. The road reconstruction cost, road maintenance cost and a portion of the hauling costs were not included in the appraisal valuation of Forest Products as they are service work items on the schedule that the Government recognizes as carrying increased costs for removal.

17. TIMBER PRODUCT VOLUME ESTIMATION

Quantities listed in Timber/Product removal schedules are estimates only. Volume quantities are made available with the understanding that values shown are Forest Service estimates and are not guaranteed. Contractors are urged to examine the contract areas and make their own estimates.

18. OPTIONAL LINE ITEMS

The Government may fund and bilaterally exercise optional line items identified in the schedules, in the quantity and at the awarded price. The Contracting Officer may exercise unfunded options by written notice to the Contractor **within the first four years of the period of performance** unless otherwise agreed. Optional items may be funded, at the sole discretion of the Contracting Officer, with either (a) appropriated dollars or (b) non-monetary credit unless otherwise agreed between the parties.

19. OPTION FOR INCREASED QUANTITY

The Government and the Contractor may, by mutual written agreement, increase the quantity of any line item identified in the schedules. Unless otherwise agreed, such increases shall be at the unit price specified in the contract. Adjustments to quantities may be considered where changed conditions arise that affect performance, mission requirements, or program needs. The parties agree to increase quantities under this clause shall apply during the period of performance, unless otherwise agreed in writing. Any increase in quantities shall require bilateral agreement of the parties. Line-item increases may be funded with either (a) appropriated dollars or (b) non-monetary credit as agreed between the parties.

20. POST AWARD CONFERENCE

A post award conference with the successful offeror is required. It will be scheduled at least **10** days prior to work commencement. The conference will be held at **the Bighorn National Forest Supervisor's Office in Sheridan, WY or virtually as mutually agreed upon.**

21. KEY PERSONNEL

(a) The Contractor shall assign to this contract the following key personnel:

Overall Project Manager
Logging Supervisor
Fuels Treatment Supervisor (for non-commercial activities)
Individual Sub-Managers – Individuals supervising individual sub-contracts for work items not covered by personnel noted previously herein.

(b) During the first 90 days of performance, the Contractor shall make no substitutions of key personnel unless the substitution is necessitated by illness, death, or termination of employment. The Contractor shall notify the Contracting Officer within 15 calendar days after the occurrence of any of these events and provide the information required by paragraph (c) below. After the initial 90-day period, the Contractor shall submit the information required by paragraph (c) to the Contracting Officer at least 15 days prior to making any permanent substitutions.

(c) The Contractor shall provide a detailed explanation of the circumstances necessitating the proposed substitutions, complete resumes for the proposed substitutes, and any additional information requested by the Contracting Officer. Proposed substitutes should have comparable qualifications to those of the persons being replaced. The Contracting Officer will notify the Contractor within 15 calendar days after

receipt of all required information of the decision on substitutions. The contract will be modified to reflect any approved changes of key personnel.

Key Personnel- Representatives:

Unless otherwise agreed, Contractor shall designate, in writing, a representative who is authorized to receive notices in regard to performance under this contract and take related action. In no case shall Contractor designate any representative to this contract who is currently debarred, proposed for debarment, or suspended by the Federal Government. Contractor's representative shall provide a copy of the contract to Contractor's field supervisor and persons authorized to assume responsibilities in the field super- visor's absence. Prior to initial operations and after shutdowns of 10 days or more, Contractor's representative shall notify Forest Service 2 days, excluding weekends and Federal holidays, before any operations begin on Contract Area.

Contractor's representative shall designate, in writing, a field supervisor, one of whose responsibilities shall be on-the-ground direction and supervision of Contractor's Operations. The field supervisor shall be readily available to the area of operations when operations are in progress and shall be authorized to receive notices in regard to performance under this contract and take related action. The responsibilities of the field supervisor shall include the safeguarding of National Forest resources and performance within the terms of the contract. Contractor representative will furnish Forest Service with names of persons authorized to assume responsibilities in field supervisor's absence. Such delegations may be made a part of Contractor's annual Operating Schedule.

Unless Contracting Officer designates another Forest Service representative and notifies Contractor in writing, the COR is the representative of Forest Service. Forest Service representative shall:

(a) Receive notice in regard to performance under this contract,
(b) Take action in relation to this contract, and
(c) Be readily available to the area of service work activities and logging operations.

Contracting Officer shall designate other on-the-ground representatives in writing along with their specific contractual responsibilities and authority. Representatives with authority delegated in writing are the only Forest Service personnel authorized to provide notice or take related actions under the contract. Such delegation shall be made within 60 days of contract award.

22. PROTECTION OF IMPROVEMENTS

So far as practicable, the Contractor shall protect all physical improvements including, but not limited to, roads, trails, ditches, fences, waterlines, and other improvements, existing in the contract area, determined to have continuing need or use, and designated on the Contract Area Map.

The Contractor shall keep all roads and trails needed for fire protection or other purposes and designated on the Contract Area Map reasonably free of equipment and products, slash, and debris resulting from the Contractor's operations. The Contractor shall make timely restoration of any such improvements damaged by the Contractor's operations and, when directed (because of such operations) shall move such improvements if and as specified by the Forest Service.

All protected improvements will be protected from damage by the Contractor. If any protected improvements are disturbed, the Contractor shall immediately contact the COR and will be liable for the cost of repairs.

PROTECTED IMPROVEMENTS		
IMPROVEMENT	**DESCRIPTION**	**LOCATION**
Roads	All Roads (including associated features)	As identified on Contract Area Map
Gates	At MP 0.43 on NFSR 334313	As identified on Contract Area Map
Cattleguards	Located along NFSR 26	As identified on Contract Area Map
Survey Monuments	Adjacent to Units 14 and 17	As identified on Contract Area Map

Forest Service shall notify all utility companies, or other parties affected, and make arrangements for all necessary adjustments of the public utility fixtures, pipelines, and other appurtenances likely to be affected by Contractor's Operations.

When Contractor's Operations are adjacent to properties of railway, telephone, or power companies, or other property, work shall not begin until Contractor has identified actions necessary to prevent damage.

Contractor shall cooperate with the owners of any underground or overhead utility lines in their removal and/or rearrangement operations in order that these operations may progress in a reasonable manner, utility duplication or rearrangement work may be reduced to a minimum, and services shall not be unnecessarily interrupted.

In the event of interruption to utility services be- cause of accidental breakage or as a result of lines being exposed or unsupported, Contractor shall promptly notify the proper authority and shall cooperate with that authority in the restoration of service until the service is restored.

When materials are to be hauled across the tracks of any railway, Forest Service will make arrangements with the railroad for the use of any existing crossing or for any new crossing required. Contractor shall make arrangements for use of alternate crossings. All construction work to be performed by Contractor on the rail- road right-of-way shall not damage railroad company's property.

23. STREAMCOURSE PROTECTION

"Streamcourses" that are subject to provisions of this Section are shown on Contract Area Map. Unless otherwise agreed, the following measures shall be observed to protect Streamcourses:

(a) Contractor's Operations shall be conducted to prevent debris from entering Streamcourses, except as may be authorized under paragraph (d). In event Contractor causes debris to enter Streamcourses in amounts that may adversely affect the natural flow of the stream, water quality, or fishery resource, Contractor shall remove such debris as soon as practicable, but not to exceed 48 hours, and in an agreed manner that will cause the least disturbance to Streamcourses.

(b) Culverts or bridges shall be required on Temporary Roads at all points where it is necessary to cross Streamcourses. Such facilities shall be of sufficient size and design and installed in a manner to provide

unobstructed flow of water and to minimize damage to Streamcourses. Trees or products shall not be otherwise hauled or yarded across Streamcourses unless fully suspended.

(c) Wheeled or track-laying equipment shall not be operated in Streamcourses, except at crossings designated by Forest Service or as essential to construction or removal of culverts and bridges.

(d) Flow in Streamcourses may be temporarily diverted only if such diversion is necessary for Contractor's planned construction and Forest Service gives written authorization. Such flow shall be restored to the natural course as soon as practicable and, in any event, prior to a major storm runoff period or runoff season.

24. PROTECTION MEASURES NEEDED FOR PLANTS, ANIMALS, CULTURAL RESOURCES, AND CAVE RESOURCES

Locations of known areas needing special measures for the protection of plants, animals, cultural resources, and/or cave resources are shown on Contract Area Map and/or identified on the ground. Special protection measures needed to protect such known areas are identified in Appendix B.

In addition to any special protection measures noted, Contractor has a general duty to protect all known and identified resources referenced in this Subsection from damage or removal during Contractor's operations. Discovery of additional areas, resources, or members of species needing special protection shall be promptly reported to the other party, and operations shall be delayed or interrupted at that location, if Contracting Officer determines there is risk of damage to such areas, resources, or species from continued operations.

Wheeled or track-laying equipment shall not be operated in areas identified as needing special measures for the protection of cultural resources, except on roads, landings, tractor roads, or approved skid trails. Unless agreed otherwise, trees will not be felled into such areas. Contractor may be required to backblade skid trails and other ground disturbed by Contractor's operations within such areas in lieu of required cross ditching.

Contractor shall immediately notify Forest Service if disturbance occurs to any area identified as needing special protection measures and shall immediately halt operations in the vicinity of the disturbance until Forest Service authorizes Contractor to proceed. Contractor shall bear costs of resource evaluation and restoration to identified sites. Such payment shall not relieve Contractor from civil or criminal remedies otherwise provided by law.

Forest Service has exercised due diligence and followed established protocols in identifying known areas needing special protection measures. Nevertheless, nothing in this provision shall be interpreted as creating any warranty that all locations and special measures for the protection of plants, animals, cultural resources, and cave resources have been described herein, elsewhere in the contract, or designated on the ground.

25. FIRE PRECAUTIONS AND CONTROL

1. Fire Period and Closed Season

Specific fire prevention measures are listed below and shall be effective for the period July 1 to October 31 of each year. The Forest Service may change the dates of said period by advance written notice if justified by unusual weather or other conditions. Required tools and equipment shall be kept currently in serviceable condition and immediately available for initial attack on fires.

2. Fire Plan

Before starting any operations on the project, the Contractor, Permittee, Licensee, or Purchaser, hereinafter referred to as the "Contractor," shall prepare a fire plan in cooperation with the Contracting Officer providing for the prevention and control of fires in the project area. The Contractor shall certify compliance with fire

protection and suppression requirements before beginning operations during the fire period and closed season and shall update such certification when operations change.

3. Substitute Measures
The Contracting Officer may by written notice authorize substitute measures or equipment or may waive specific requirements during periods of low fire danger.

4. Emergency Measures
The Forest Service may require emergency measures, including the necessary shutting down of equipment or portions of operations in the project area during periods of fire emergency created by hazardous climatic conditions.

5. Fire Control
The Contractor shall, independently and in cooperation with the Forest Service, take all reasonable action to prevent and suppress fires in the project area. Independent initial action shall be prompt and shall include the use of all personnel and equipment available in the project area. For the purpose of fighting forest fires on, or in the vicinity of the project which are not caused by the Contractor's operations, the Contractor shall place employees and equipment temporarily at the disposal of the Forest Service. Any individual hired by the Forest Service will be employed in accordance with the Interagency Pay Plan for Emergency Firefighters. The Forest Service will compensate the Contractor for equipment rented at firefighting equipment rates common in the area, or at prior agreed to rates.

6. Compliance with State Forest Laws
Listing of specific fire precautionary measures herein is not intended to relieve the Contractor in any way from compliance with the State Fire Laws covering fire prevention and suppression equipment, applicable to operations under this contract, permit or license.

7. Specified Fire Precautions and Emergency Precautions
Specific requirements defined within Appendix B C7.2.

26. 52.225-9 Buy American-Construction Materials (NOV 2025)

***This clause applies to construction work only (Pay Items 2-13).**

(a) *Definitions*. As used in this clause—

Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply (including construction material) that is–

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Cost of components means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

Critical component means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

Critical item means a domestic construction material or domestic end product that is deemed critical to U.S. supply chain resiliency. The list of critical items is at FAR 25.105.

Domestic construction material means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both-

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if–

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all components used in such construction material. The cost of foreign iron

and steel includes but is not limited to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the construction material and a good faith estimate of the cost of all foreign iron or steel components excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components".

Fastener means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners are nuts, bolts, pins, rivets, nails, clips, and screws.

Foreign construction material means a construction material other than a domestic construction material.

Foreign iron and steel means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

Predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Domestic preference. (1) This clause implements 41 U.S.C. chapter 83, Buy American, by providing a preference for domestic construction material. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy American statute is waived for construction material that is a COTS item, except that for construction material that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the construction materials, excluding COTS fasteners. The Contractor shall use only domestic construction material in performing this contract, except as provided in paragraphs (b)(2) and (b)(3) of this clause.

(2) This requirement does not apply to information technology that is a commercial product or to the construction materials or components listed by the Government as follows: ***NONE***.

(3) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(2) of this clause if the Government determines that-

(i) The cost of domestic construction material would be unreasonable.

(A) *For domestic construction material that is not a critical item or does not contain critical components*.

(1) The cost of a particular domestic construction material subject to the requirements of the Buy American statute is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent;

(2) For construction material that is not a COTS item and does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that is manufactured in the United States and does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest offer of foreign construction material that exceeds 55 percent domestic content as a domestic offer and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(A)*(1)* of this clause.

(3) The procedures in paragraph (b)(3)(i)(A)*(2)* of this clause will no longer apply as of January 1, 2030.

(B) *For domestic construction material that is a critical item or contains critical components*. (1) The cost of a particular domestic construction material that is a critical item or contains critical components, subject to the requirements of the Buy American statute, is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent plus the additional preference factor identified for the critical item or construction material containing critical components listed at FAR 25.105.

(2) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest foreign offer of construction material that is manufactured in the United States and exceeds 55 percent domestic content as a domestic offer, and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(B)*(1)* of this clause.

(3) The procedures in paragraph (b)(3)(i)(B)*(2)* of this clause will no longer apply as of January 1, 2030.

(ii) The application of the restriction of the Buy American statute to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American statute. (1)(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(3) of this clause shall include adequate information for Government evaluation of the request, including-

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American statute applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute or Balance of Payments Program.

(d) *Data*. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Price Comparison			
Construction material description	Unit of measure	Quantity	Price (dollars)*
Item 1:			

Foreign construction material.	_____	_____	_____
Domestic construction material.	_____	_____	_____
Item 2:			
Foreign construction material.	_____	_____	_____
Domestic construction material.	_____	_____	_____

[* *Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued)*].
[*List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.*]
[*Include other applicable supporting information.*]

(End of clause)

27. 52.228-13 Alternative Payment Protections (JULY 2000)

****This clause applies to construction work only. The payment protection amount will equal the total awarded value of Pay Items 3-12.**

(a) The Contractor shall submit one of the following payment protections:

Payment Bond or Irrevocable Letter of Credit.

(b) The amount of the payment protection shall be 100 percent of the contract price.

(c) The submission of the payment protection is required within *10* days of contract award.

(d) The payment protection shall provide protection for the full contract performance period plus a one-year period.

(e) Except for escrow agreements and payment bonds, which provide their own protection procedures, the Contracting Officer is authorized to access funds under the payment protection when it has been alleged in writing by a supplier of labor or material that a nonpayment has occurred, and to withhold such funds pending resolution by administrative or judicial proceedings or mutual agreement of the parties.

(f) When a tripartite escrow agreement is used, the Contractor shall utilize only suppliers of labor and material that signed the escrow agreement.

(End of clause)

28. AGAR 452.203-71 Anti-Discrimination and Diversity, Equity, and Inclusion (DEI) Compliance (May 2026)

(a) By entering into this contract, the contractor certifies that:

(1) It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution, and it will remain compliant for the duration of the contract.

(2) Neither it nor any subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution, and the contractor and any subcontractor or teaming partner will not do so for the duration of the contract.

(b) If the contractor participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other

detention facilities, the contractor certifies that it will remain compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The contractor affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the contractor is not eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

(d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.

(e) Submission of a knowing false statement relating to contractor's compliance with the above requirements and/or eligibility for the contract may subject the contractor to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

(f) The contractor must include the provisions of this clause in all subcontract solicitations.

(g) Failure on the part of the contractor or its subcontractors to comply with the terms of this clause may be grounds for the Contracting Officer to terminate this contract for default.

(End of Clause)

29. AGAR 452.203-72 Unenforceable Supplier Terms (MAY 2026)

(a) Definitions.

Supplier terms mean provisions customarily drafted by vendors of supplies or services and intended to create a binding legal obligation on the end user. The term applies:

1. Regardless of the format or style of the document. For example, supplier terms may appear in standard terms of sale or lease, Terms of Service (TOS), End User License Agreement (EULA), or another similar legal instrument or agreement, and may be presented as part of a proposal or quotation responding to a solicitation for a contract or order or otherwise become effective after the contract date.

2. Regardless of the media or delivery mechanism used. For example, supplier terms may be presented as one or more paper documents or may appear on a computer or other electronic device screen during a purchase, software installation, other product delivery, registration for a service, or another transaction.

(b) Applicability. When any supply or service acquired under this contract is subject to supplier terms, the supplier terms are deemed part of the contract only to the extent they are consistent with this clause. Supplier terms that conflict with any part of this clause, the contract, or Federal law are void and will not be considered incorporated into a contract, even if they are physically present in a contract documentation or systems. In the event of any inconsistency between supplier terms and this contract, this clause and the terms of the Government contract must govern and supersede any supplier terms in all cases.

(c) Authorization Required. Notwithstanding any other provision, no supplier terms must be binding on the Government unless the term is expressly authorized on the USDA Supplier Terms Authorization Form signed by the Contracting Officer, and the completed Authorization Form has been incorporated into the contract.

(d) Unenforceable Terms. Any supplier terms that impose obligations or restrictions inconsistent with applicable Federal law are unenforceable against the Government and deemed stricken from the agreement. This includes, but is not limited to, any clause that:

(1) Requires the Government to pay future fees, penalties, interest, legal costs, early-termination fees, cancellation fees, minimum purchase commitments, true-up payments, seat-count minimums, usage minimums, continued-use charges, or any other financial obligation not expressly authorized by the contract.

(2) Requires the Government to indemnify the contractor or any other entity.

(3) Restricts the Government's ability to obtain similar supplies or services from another source.

(4) Imposes any penalty, financial or otherwise, based on the Government's decision not to exercise an option.

(5) Subjects the United States Government to the laws of any U.S. state, territory, district, municipality, or foreign nation, except where Federal law expressly permits such application.

(6) Requires dispute resolution in a forum or venue other than one prescribed by applicable Federal law.

(7) Establishes a period of limitations for bringing an action that differs from that provided by applicable Federal law.

(8) Grants the contractor rights to use, mine, access, aggregate, analyze, or otherwise exploit Government data, usage data, or metadata.

(9) Deems the Government to have accepted initial or revised terms based on silence, continued performance, or failure to object.

(10) Grants the supplier the right to audit Government facilities, systems, records, or use of the product or service, except as expressly authorized by the contract and applicable Federal law.

(11) Requires the Government to accept supplier security requirements, network access requirements, monitoring, penetration testing, or other technical or security measures.

(12) Permits the supplier to suspend, degrade, or terminate access to products or services based on alleged non-payment, alleged breach, automated security triggers.

(13) Limits the Government's right to use, install, access, test, evaluate, or transfer the licensed product or service in any manner consistent with the contract and Federal law.

(14) Requires the Government to store, process, maintain, or transmit data in a particular geographic location, or permits the supplier to transfer Government data outside the United States, except as expressly authorized by applicable Federal law.

(15) Authorizes the supplier to use the Government's name, seal, trademark, logo, or any reference to the Government as an end user or customer for marketing, publicity, promotional activities, press releases, or similar purposes.

(16) Incorporates by reference, or requires the Government to accept, terms or conditions imposed by any third party, subcontractor, or upstream service provider, unless such terms are expressly incorporated into the contract by bilateral modification.

(17) Limits, conditions, or negates the contractor's performance obligations, service levels, or remedies through a supplier-provided service level agreement (SLA).

(18) Uses Government data, usage data, metadata, prompts, content, or interactions to train, fine-tune, improve, or derive any artificial intelligence, machine learning, or automated decision-making model.

(19) Subjects the Government to automated decision-making, automated risk scoring, automated content moderation, or any algorithmic process that may affect access, performance, or rights under the contract.

(20) Utilizes artificial intelligence or algorithmic tools that produce decisions, recommendations, or outputs affecting contract performance without providing transparency, explainability, auditability, and bias-mitigation consistent with applicable Federal law and policy.

(21) Profiles, tracks, or analyzes Government user behavior, preferences, communications, or interactions for personalization, marketing, or algorithmic optimization purposes.

(e) Non-binding Actions. Neither the Government nor any Government authorized end user is deemed to have consented to any term, condition, or clause by virtue of its inclusion in the supplier agreement or through the use of clickwrap, browsewrap, "I agree" mechanisms, or similar means. Execution of such mechanisms does not bind the Government or its authorized end users to any unenforceable terms.

(f) End user. The supplier agreement must bind the ordering activity as the end user to the extent it does not conflict with the terms of this clause, but it must not bind or impose personal liability on any Government employee or any person acting on behalf of the Government in their personal capacity.

(g) Law and disputes. The supplier agreement is governed by Federal law.

(h) Statutory exception. This clause does not apply to indemnification or any other payment by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(i) Continued performance. The supplier or licensor must not unilaterally revoke, terminate, or suspend any rights granted to the Government except as allowed by the contract. If the supplier or licensor believes the ordering activity to be in breach of the supplier agreement, it must pursue its rights under the Contract Disputes Act or other applicable Federal statute while proceeding diligently with performance, pending final resolution of any dispute in accordance with the Disputes Clause at FAR 52.212-4(d) or FAR 52.233-1, as applicable.

(j) Arbitration. Binding arbitration must not be used unless specifically authorized by agency guidance.

(k) Equitable or injunctive relief. Equitable or injunctive relief, including the award of attorney fees, costs, or interest, may be awarded against the United States Government only when explicitly provided by statute (e.g., the Prompt Payment Act or the Equal Access to Justice Act).

(l) Revisions to supplier agreements. Any revisions to the supplier agreement must be incorporated into the contract using a bilateral modification. Unilateral revisions are not binding on the Government.

(m) No automatic renewals. If any license or service tied to periodic payment is provided under the supplier agreement (e.g., annual software maintenance or annual lease term), such license or service must not renew automatically upon expiration of its current term without prior express written consent from an authorized Government representative.

(n) Indemnification. Any clause of the supplier agreement requiring the supplier or licensor to defend or indemnify the end user is amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with 28 U.S.C. 516.

(o) Taxes or surcharges. Any taxes or surcharges which the supplier or licensor seeks to pass along to the Government as end user will be governed by the terms of the associated Government contract or order and must be submitted to the Contracting Officer for a determination of applicability prior to invoicing unless specifically agreed otherwise.

(p) Non-assignment. The supplier agreement may not be assigned, nor may any rights or obligations thereunder be delegated, without the Government's prior approval, except as expressly permitted by FAR 52.212-4(b) or FAR 52.232-23, as applicable.

(q) Confidential information. If the supplier agreement includes a confidentiality clause, such clause is amended to state that neither the agreement nor the contract price list, as applicable, must be deemed

"confidential information." Issues regarding release of "unit pricing" will be resolved consistent with the Freedom of Information Act. Notwithstanding anything in the supplier agreement to the contrary, the Government may retain any confidential information as required by law, regulation, or its internal document retention procedures for legal, regulatory, or compliance purposes; provided, however, that all such retained confidential information will continue to be subject to the confidentiality obligations of the supplier agreement.

(r) Conflict with Federal law. If any other language, provision, or clause of the supplier agreement conflicts or is inconsistent with Federal law or the terms and conditions of this contract, such language, provisions, or clauses will be considered null and void and will not be binding on the United States Government.

(End of Clause)

30. AGAR 452.204-70 Modification for Contract Closeout (APR 2026)

(a) If unliquidated funds in the amount of $1000 or less remain on the contract, the Contracting Officer (Contracting Officer) may issue a unilateral modification for deobligation. The contractor will receive a copy of the modification but is not required to provide a signature. The Contracting Officer will immediately proceed with contract closeout upon completion of the period of performance, receipt and acceptance of supplies or services, and final payment.

(b) For commercial contracts not exceeding the simplified acquisition procedure threshold under FAR 12.001(c), if more than $1,000 in unliquidated funds remain at closeout, the Contracting Officer will issue a bilateral deobligation modification. Only the modification requires the contractor's signature, though a Release of Claims may be requested. If the required documents are not returned within 60 days, the Contracting Officer will issue a unilateral modification and proceed with closeout once performance is complete, acceptance is confirmed, and final payment is made.

(c) For all other non-commercial or non–cost-reimbursement contracts, if more than $1,000 in unliquidated funds remain at closeout, the Contracting Officer will issue a bilateral deobligation modification and a Release of Claims, both requiring contractor signature. If these documents are not returned within 120 days, the Contracting Officer will issue a unilateral modification and proceed with closeout upon completion of performance, acceptance, and final payment.

(End of Clause)

31. AGAR 452.232-71 Progress Payments for Commercial Construction Contracts (May 2026)
***Applies to Pay Items 2-13 only.**

(a) Contractor entitlement to progress payments. The contractor may request progress payments monthly as the work proceeds, or at more frequent intervals as determined by the Contracting Officer, on estimates of work accomplished that meets the standards of quality established under the contract, as approved by the Contracting Officer.

(b) Computation of amounts. Progress payments will be authorized when the payment requested is properly due in accordance with this contract; the work will be performed in accordance with the contract; and there has been no impairment or diminution of the Government's security under this contract. The Contracting Officer may authorize consideration of:

Materials delivered on site and preparatory work;
Materials delivered to the contractor at locations other than the site, if:
i. Specifically authorized by the contract; and

ii. The contractor provides satisfactory evidence of title and intended use in the contract.

(c) Contractor request for progress payments. The contractor's request for progress payments must include the following:

An itemization of the amounts requested, related to the various elements of work required by the contract;
A listing of the amount included for work performed by each subcontractor;
A listing of the total amount of each subcontract;
A listing of the amounts previously paid to each subcontractor; and
Additional supporting data in a form and detail required by the Contracting Officer.
(d) Contractor Certification. Each request for progress payment must be accompanied by the following certification:

I hereby certify, to the best of my knowledge and belief, that—

The amounts requested are only for performance in accordance with the specifications, terms, and conditions of the contract;
All payments due to subcontractors and suppliers from previous payments received under the contract have been made, and timely payments will be made from the proceeds of the payment covered by this certification, in accordance with subcontract agreements and the requirements of Chapter 39 of Title 31, United States Code;
This request for progress payments does not include any amounts which the prime contractor intends to withhold or retain from a subcontractor or supplier in accordance with the terms and conditions of the subcontract; and
This certification is not to be construed as final acceptance of a subcontractor's performance.
_____(name)

_____(title)

_____(date)

(e) Access for verification of payment entitlement. To verify the contractor's entitlement to progress payments under this contract, the contractor must provide the Government, upon request and during normal business hours, access to the following:

Records and Documentation:

i. Certified progress payment requests and supporting documentation;

ii. Subcontractor and supplier invoices, payment records, and lien waivers;

iii. Updated schedule of values and progress schedules;

iv. Quality assurance and inspection reports;

v. Payroll records, if applicable under labor provisions.

2. Facilities and Worksite Access:

i. Physical access to the construction site for inspection of work progress;

ii. Access to off-site storage locations for materials billed but not yet incorporated into the work; or

iii. Access to any fabrication facilities where contract-related work is being performed.

3. Access to electronic invoicing or project management systems used to track progress and payments, if such systems are used in contract performance.

(f) Dates for payment. A progress payment under this clause is a contract progress payment under the Prompt Payment clause of this contract, and except as provided in paragraph (g) of this clause, approved requests must be paid within 30 days of submitting a proper request for payment.

(g) Liquidation of progress payments. Progress payments must be liquidated by deducting from the payment of each item the total unliquidated amount of progress payments made for that separately priced unit of that line item. The liquidation amounts for each line item must be clearly delineated in each request for progress payment submitted by the contractor.

(h) Security for progress payments. In the event that the contractor fails to provide adequate security as required in this contract, no progress payment must be made under this contract. Upon receipt of adequate security, progress payments must be made, including all previous payments to which the contractor is entitled, in accordance with the terms of the contract. If at any time the Contracting Officer determines that the security provided by the contractor is insufficient, the contractor must promptly provide such additional security as the Contracting Officer determines necessary. In the event the contractor fails to provide such additional security, the Contracting Officer may collect or liquidate such security that has been provided, and suspend further payments to the contractor; the contractor must repay to the Government the amount of unliquidated progress payments as the Contracting Officer at his sole discretion deems repayable.

(i) Special terms regarding termination for cause. If this contract is terminated for cause, the contractor must, on demand, repay the Government the amount of unliquidated progress payments. The Government must be liable for no payment except as provided by the Termination for Cause paragraph of the clause at Federal Acquisition Regulation 52.212-4, Contract Terms and Conditions—Commercial Products and Commercial Services.

(j) Reservation of rights.

No payment, vesting of title under this clause, or other action taken by the Government under this clause must-
i. Excuse the contractor from performance of obligations under this contract; or

ii. Constitute a waiver of any of the rights or remedies of the parties under the contract.

2. The Government's rights and remedies under this clause-

i. Shall not be exclusive, but rather must be in addition to any other rights and remedies provided by law or this contract; and

ii. Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor must such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(k) Refund of unearned amounts. If the contractor, after making a certified request for progress payments, discovers that a portion or all of such request constitutes a payment for performance by the contractor that fails to conform to the specifications, terms, and conditions of this contract (hereinafter referred to as the "unearned amount"), the contractor must-

Notify the Contracting Officer of such performance deficiency; and
Be obligated to pay the Government an amount (computed by the Contracting Officer in the manner provided in paragraph (j) of this clause) equal to interest on the unearned amount from the 8th day after the date of receipt of the unearned amount until-
i. The date the contractor notifies the Contracting Officer that the performance deficiency has been corrected; or

ii. The date the contractor reduces the amount of any subsequent certified request for progress payments by an amount equal to the unearned amount.

(l) Retainage. If the Contracting Officer finds that satisfactory progress was achieved during any period for which a progress payment is to be made, the Contracting Officer must authorize payment to be made in full. However, if satisfactory progress has not been made, the Contracting Officer may retain a maximum of 10 percent of the amount of the payment until satisfactory progress is achieved. When the work is substantially complete, the Contracting Officer may retain from previously withheld funds and future progress payments that amount the Contracting Officer considers adequate for protection of the Government and must release to the contractor all the remaining withheld funds. Also, on completion and acceptance of each separate building, public work, or other division of the contract, for which the price is stated separately in the contract, payment must be made for the completed work without retention of a percentage.

(m) Title, liability, and reservation of rights. All material and work covered by progress payments made must, at the time of payment, become the sole property of the Government, but this must not be construed as-

Relieving the contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work; or
Waiving the right of the Government to require the fulfillment of all the terms of the contract.
The Government's rights and remedies under this clause-
i. Shall not be exclusive, but rather must be in addition to any other rights and remedies provided by law or this contract; and

ii. Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor must such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(n) Reimbursement for bond premiums. In making these progress payments, the Government must, upon request, reimburse the contractor for the amount of premiums paid for performance and payment bonds (including coinsurance and reinsurance agreements, when applicable) after the contractor has furnished

evidence of full payment to the surety. The retainage provisions in paragraph (l) of this clause must not apply to that portion of progress payments attributable to bond premiums.

(o) Final payment. The Government must pay the amount due to the contractor under this contract after-

Completion and acceptance of all work;
Presentation of a properly executed voucher; and
Presentation of release of all claims against the Government arising by virtue of this contract, other than claims, in stated amounts, that the contractor has specifically excepted from the operation of the release. A release may also be required of the assignee if the contractor's claim to amounts payable under this contract has been assigned under the Assignment of Claims Act of1940 (31 U.S.C.3727 and 41 U.S.C. 6305).
(p) Limitation because of undefinitized work. Notwithstanding any provision of this contract, progress payments must not exceed 80 percent on work accomplished on undefinitized contract actions. A "contract action" is any action resulting in a contract, as defined in FAR subpart 2.1, including contract modifications for additional supplies or services, but not including contract modifications that are within the scope and under the terms of the contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative changes.

(End of clause)

32. AGAR 452.236-70 Emergency Response, Fire Suppression, and Liability (May 2026)

(a) Contractor's Responsibility for Responding to Emergencies. When directed by the contracting officer, the contractor must allow the Government to temporarily use employees and equipment from the work site for emergency work (anticipated to be restricted to firefighting). This is considered to be within the general scope of the contract. A supplemental agreement between both parties, including an exchange of consideration for additional in-scope work, for the temporary use of employees and equipment will be made under the clause, FAR 52.212-4.

(b) Contractor's Responsibility for Fire Fighting. The contractor, under the provisions of FAR 52.236–9, Protection of Existing Vegetation, Structures, Equipment, Utilities, and Improvements, must immediately extinguish all fires on the work site other than those fires in use as a part of the work. The contractor may be held liable for all damages and for all costs incurred by the Government for labor, subsistence, equipment, supplies, and transportation deemed necessary to control or suppress a fire set or caused by the contractor or the contractor's agents, subcontractors, or employees subject to the fire classifications listed in subsection (c).

(c) Fire Suppression Costs. The contractor's obligations for cost of fire suppression vary according to three classifications of fires as follows:

Operations Fire. An ''operations fire'' is a fire caused by the contractor's operations other than a negligent fire. The contractor agrees to reimburse the Forest Service for such cost for each operations fire, subject to a maximum dollar amount of **$3,100**. The cost of the contractor's actions, supplies, and equipment expended or used on suppressing any such fire, or otherwise provided at the request of Forest Service, must be credited toward such maximum. If the contractor's actual cost exceeds the contractor's maximum obligation stated above, the Forest Service must reimburse the contractor for the excess.

Negligent Fire. A ‘‘negligent fire’’ is a fire caused by the negligence or fault of the contractor’s operations including, but not limited to, one caused by smoking by persons engaged in the contractor’s operations during the course of their employment, or during rest or lunch periods; or if the contractor’s failure to comply with requirements under this contract results in a fire starting or permits a fire to spread. Damages and the cost of suppressing negligent fires must be borne by the contractor.

Other Fires on Contract Area. The Forest Service must pay the contractor, at firefighting rates common in the area or at prior agreed rates, for equipment or personnel furnished by the contractor at the request of the Forest Service, on any fire on the contract area other than an operations fire or a negligent fire.

(d) Contractor’s Responsibility for Notification in Case of Fire. The contractor must immediately notify the Government of any fires sighted on or in the vicinity of the work site.

(e) Performance by the contractor. Where the contractor’s employees, agents, contractors, subcontractors, or their employees or agents perform the contractor’s operations in connection with fire responsibilities, the contractor’s obligations must be the same as if performance was by the contractor.

(f) State Law. The contractor must not be relieved by the terms of this contract of any liability to the United States for fire suppression costs recovered in an action based on State law, except for such costs resulting from operations fires. Amounts due to the contractor for firefighting expenditures on operations fires must not be withheld pending settlement of any such claim or action based on State law.

(End of Clause)

END OF ADDENDUM TO FAR 52.212-4

33. FAR 52.212-5 CONTRACT TERMS AND CONDITIONS REQUIRED TO IMPLEMENT STATUTES OR EXECUTIVE ORDERS — COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES. (NOV 2021)

****Several updates to FAR 52.212-5 (NOV 2021) have been made to implement provisions of law or Executive Orders; the complete Deviations can be referenced here:** USDA FAR Class Deviations **.**

***** Prior to the award of a BPA Call, the BPA holder in line for award shall have its BPA modified to incorporate the new Executive Order requirements. This clause as shown in the parent BPA has been updated to reflect the Fleetwood Stewardship IRSC requirement.**

(a) The Contractor shall comply with the following Federal Acquisition Regulation (FAR) clauses, which are incorporated in this contract by reference, to implement provisions of law or Executive orders applicable to acquisitions of commercial products and commercial services:

(1) 52.203-19, Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements (Jan 2017) (section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) and its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions)).
(2) 52.204-23, Prohibition on Contracting for Hardware, Software, and Services Developed or Provided by Kaspersky Lab and Other Covered Entities (Nov 2021) (Section 1634 of Pub. L. 115-91).
(3) 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment. (Nov 2021) (Section 889(a)(1)(A) of Pub. L. 115-232).

(4) 52.209-10, Prohibition on Contracting with Inverted Domestic Corporations (Nov 2015).
(5) 52.233-3, Protest After Award (Aug 1996) (31 U.S.C. 3553).
(6) 52.233-4, Applicable Law for Breach of Contract Claim (Oct 2004) (Public Laws 108-77 and 108-78 (19 U.S.C. 3805 note)).

(b) The Contractor shall comply with the FAR clauses in this paragraph (b) that the Contracting Officer has indicated as being incorporated in this contract by reference to implement provisions of law or Executive orders applicable to acquisitions of commercial products and commercial services:

_X_(1) 52.203-6, Restrictions on Subcontractor Sales to the Government (Jun 2020), with *Alternate I* (Nov 2021) (41 U.S.C. 4704 and 10 U.S.C. 2402).

(c) The Contractor shall comply with the FAR clauses in this paragraph (c), applicable to commercial services, that the Contracting Officer has indicated as being incorporated in this contract by reference to implement provisions of law or Executive orders applicable to acquisitions of commercial products and commercial services:

_X_ (1) 52.222-41, Service Contract Labor Standards (Aug 2018) (41 U.S.C. chapter 67).
_X_ (2) 52.222-42, Statement of Equivalent Rates for Federal Hires (May 2014) (29 U.S.C. 206 and 41 U.S.C. chapter 67).

This Statement is for Information Only:
It is not a Wage Determination

Employee Class	Monetary Wage -- Fringe Benefits
Heavy Equipment Operator WG-8	$29.91/hour
Crew Leader GS-5	$19.52/hour
Forestry Technician GS-5	$19.52/hour
Laborer GS-3 or GS-4	$15.54/hour or 17.45/hour

_X_ (3) 52.222-43, Fair Labor Standards Act and Service Contract Labor Standards-Price Adjustment (Multiple Year and Option Contracts) (Aug 2018) (29 U.S.C. 206 and 41 U.S.C. chapter 67).
__ (4) 52.222-44, Fair Labor Standards Act and Service Contract Labor Standards-Price Adjustment (May 2014) (29U.S.C.206 and 41 U.S.C. chapter 67).
__ (5) 52.222-51, Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment-Requirements (May 2014) (41 U.S.C. chapter 67).
__ (6) 52.222-53, Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services-Requirements (May 2014) (41 U.S.C. chapter 67).
_X_ (7) 52.222-55, Minimum Wages Under Executive Order 13658 (Nov 2020).
_X_ (8) 52.222-62, Paid Sick Leave Under Executive Order 13706 (Jan 2017) (E.O. 13706).
__ (9) 52.226-6, Promoting Excess Food Donation to Nonprofit Organizations (Jun 2020) (42 U.S.C. 1792).

(d) *Comptroller General Examination of Record*. The Contractor shall comply with the provisions of this paragraph (d) if this contract was awarded using other than sealed bid, is in excess of the simplified acquisition threshold, as defined in FAR 2.101, on the date of award of this contract, and does not contain the clause at 52.215-2, Audit and Records-Negotiation.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR subpart 4.7, Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e)

(1) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c), and (d) of this clause, the Contractor is not required to flow down any FAR clause, other than those in this paragraph (e)(1) in a subcontract for commercial products or commercial services. Unless otherwise indicated below, the extent of the flow down shall be as required by the clause-

(i) 52.203-13, Contractor Code of Business Ethics and Conduct (Nov 2021) (41 U.S.C. 3509).

(ii) 52.203-19, Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements (Jan 2017) (section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) and its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions)).

(iii) 52.204-23, Prohibition on Contracting for Hardware, Software, and Services Developed or Provided by Kaspersky Lab and Other Covered Entities (Nov 2021) (Section 1634 of Pub. L. 115-91).

(iv) 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment. (Nov 2021) (Section 889(a)(1)(A) of Pub. L. 115-232).

(v) 52.219-8, Utilization of Small Business Concerns (Oct 2018) (15 U.S.C. 637(d)(2) and (3)), in all subcontracts that offer further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds the applicable threshold specified in FAR 19.702(a) on the date of subcontract award, the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

~~(vi) 52.222-21, Prohibition of Segregated Facilities (Apr 2015).~~ Struck by E.O.

~~(vii) 52.222-26, Equal Opportunity (Sep 2015) (E.O.11246).~~ Struck by E.O.

(viii) 52.222-35, Equal Opportunity for Veterans (Jun 2020) (38 U.S.C. 4212).

(xxi) 52.226-6, Promoting Excess Food Donation to Nonprofit Organizations (Jun 2020) (42 U.S.C. 1792). Flow down required in accordance with paragraph (e) of FAR clause 52.226-6.

(xxii) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (Nov 2021) (46 U.S.C. 55305 and 10 U.S.C. 2631). Flow down required in accordance with paragraph (d) of FAR clause 52.247-64.

(2) While not required, the Contractor may include in its subcontracts for commercial products and commercial services a minimal number of additional clauses necessary to satisfy its contractual obligations.

(End of clause)

SOLICITATION INFORMATION

34. SITE VISIT/PREPROPOSAL CONFERENCE

(a) The Government is planning a site visit/pre-proposal conference, during which potential quoters may obtain a better understanding of the work required.

(b) Quoters are encouraged to submit all questions in writing at least five (2) days prior to the conference. Questions will be considered at any time prior to or during the conference; however, quoters may be asked to confirm verbal questions in writing. Subsequent to the conference, an amendment to the solicitation containing an abstract of the questions and answers and a list of attendees, will be disseminated.

(c) In order to facilitate conference preparations, interested vendors shall email karen.ruklic@usda.gov regarding the of the number of persons who will attend no later than noon on **Tuesday, August 4, 2026**.

(d) The Government assumes no responsibility for any expense incurred by a quoter prior to contract award.

(e) Quoters are cautioned that, notwithstanding any remarks or clarifications given at the conference, all terms and conditions of the solicitation remain unchanged unless they are changed by amendment to the solicitation. If the answers to conference questions, or any solicitation amendment, create ambiguities, it is the responsibility of the quoter to seek clarification prior to submitting a quote.

(f) The conference will be held:

Date: Wednesday, August 5, 2026
Time: 9:00 AM
Location: Participants shall meet at the Big Horn National Forest Supervisor's Office in Sheridan, WY. From here, participants shall travel to view the contract area.

35. FAR 52.237-1 SITE VISIT (Apr 1984)

Offerors or quoters are urged and expected to inspect the site where services are to be performed and to satisfy themselves regarding all general and local conditions that may affect the cost of contract performance, to the extent that the information is reasonably obtainable. **In no event shall failure to inspect the site constitute grounds for a claim after contract award.**

AWARD TYPE

36. FIRM FIXED PRICE

It is anticipated that a firm, fixed price contract will be awarded as a result of this synopsis/solicitation with a deadline of 09/25/2031. The Government intends to make one award from this solicitation. Therefore, to be considered responsive, contractors must submit pricing for all items.

EVALUATION AND BASIS FOR AWARD

37. FAR 52.212-2 EVALUATION—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2025)

(a) Evaluation Factors. The Government will award a contract resulting from this solicitation to the responsible quoter whose quote conforming to the solicitation will be most advantageous to the Government,

price and other factors considered. The following factors shall be used to evaluate offers: Technical Approach, Relevant Past Performance, Benefit to Local Community and Price.

Technical Proposals shall be evaluated by a Technical Evaluation Panel using an adjectival system. The panel will not have access to price proposals during the technical evaluation process. In evaluating the Quoter's technical capability, the Government will consider how well the quoter complied with the instructions in this solicitation. The Government will consider any noncompliance to be indicative of what can be expected from the quoter during contract performance.

The technical factors are listed in descending order of importance whereby each factor is more important than the next: (1) Technical Approach being significantly more important than (2) Relevant Past Performance and (2) Relevant Past Performance being significantly more important than (3) Benefit to Local Community.

1. **Technical Approach**

This will address the Work Activity Plan, Method, Equipment, Key Personnel, and Timing of the approach proposed. Proposals will be evaluated on how well proposed operations will be able to accomplish the project objectives (logging, fuels reduction and resource protection) and the stewardship goal (ecosystem restoration) of the project. Strengths, weaknesses and risks will be assessed.

- How well does the proposed plan address the treatment and removal of included timber from Forest Service land; what market(s) will the product be provided to?
- How will the non-included trees within Optional Items 16-23 be treated and will the method utilized effectively treat the hazardous fuels?
- **Will Timber Subject to Agreement be removed via Optional Work Items and if so, how much product is planned for removal, what market(s) will it be provided to and is the plan for its removal clear and in accordance with the contract requirements? Quoters who propose to remove Timber Subject to Agreement, allowing for better end-results, will be rated higher (all else being equal).**
- How well will proposed operations meet safety considerations?
- How will work be conducted, monitored and documented for each work item to ensure a high-quality end-result?
- How experienced and qualified are the key personnel in the work they will be performing?
- How suitable is the equipment and is it adequate for use on this contract? Is the crew size reasonable given the project requirements and schedule proposed?
- How logical and reasonable is the overall proposed sequence and schedule of operations given the equipment and resources planned for use? Does the schedule comply with the contract restrictions? Does it meet or exceed the required completion dates?

2. Relevant Past Performance

The Government will consider the relevance of past performance information obtained in relation to the scope of this RFQ with respect to both similar efforts, and the length and scope, number, complexity, and diversity of contracts completed by the offeror. Past performance, either positive or negative, which is considered by the Government to be more closely related to the scope of this project will be given additional weight in the evaluation process.

Quoters will be evaluated on their past performance of similar type contracts performed within the last three years in accordance with the following subfactors:

- Quality of services – Demonstrated ability to perform services in accordance with contract

requirements while maintaining job site safety and protecting infrastructure.

- Customer satisfaction – Satisfaction of end users with the contractor's completed products and services and ease of con
- Timeliness of performance – Compliance with schedules; reliability; responsiveness to technical direction; responsiveness to exchange of documents; and no assessment of damages.
- Business management – Demonstrated ability to manage projects of this nature and involving subcontracts; working relationships with the Contracting Officer and technical representatives; flexibility; effective contractor recommended solutions; and businesslike concern for Government's interests.
- Financial Responsibility – Demonstrated ability in providing current, accurate, and complete billings.

Past performance by key subcontractors and predecessor firms will be considered in the quoter's past performance. However, the quoter's performance under its current business structure will be considered more relevant than performance by predecessor companies, subcontractors, or individual employees.

Government evaluators may avail themselves of various federal, state, and local past performance databases. The Government may research offeror performance on any federal, state, local, and commercial contract performance of the offeror that is known to the Government, but not included on the submitted performance information. Additionally, the personal experience and evaluator knowledge of quoter performance may be utilized.

Quoters with past performance data will be evaluated in the same manner as all other evaluation factors; however, those quoters with no past performance data will treated as an unknown performance risk and neither be evaluated favorably nor unfavorably. Therefore, quoter will receive credit for good past performance, lose credit for poor past performance, and neither receive nor lose credit for no relevant past performance.

3. Benefit to the Local Community

The Government will evaluate the methods proposed by each contractor for benefiting the local community. For the purposes of this solicitation, "local" is defined as 350 air miles from the Big Horn National Forest Supervisor's Office in Sheridan, WY. This area was determined after researching the locations of regional wood processing facilities. Contractor, subcontractor, and employee locations for determination of "local" will be based on primary business/home

- How and to what degree hiring or training of local residents as employees or as subcontractors will be accomplished in terms of retention, expansion, or creation of employment or training opportunities.
- How and to what degree materials, supplies, lodging, meals, or incidentals will be purchased within project areas.
- How any materials removed from Forest Service lands will be marketed and utilized in the project area. Including contributions to the development of biomass energy, integrated utilization, and/or value-added products for an existing market or emerging market. (if applicable)

Ratings for employment or utilization of local workforce/benefit to the Local Community will be evaluated as follows

- **Highest evaluated rating**: Complete utilization of local work forces, local sourcing of supplies/materials and marketing/utilization of removed material in the local area.
- **Secondary evaluated rating**: Some, but not all, utilization of local work forces, local sourcing of supplies/materials and marketing/utilization of removed material in the local area.
- **Lowest evaluated rating**: Little utilization of local work forces, local sourcing of supplies/materials and marketing/utilization of removed material in the local area.

4. Price Evaluation Criterion

All pay items within the Schedules of Items for Mandatory and Optional Items 2-23 including Timber/Product Removal offers associated with Item 1 must be priced to be considered for award. **If removal of Timber Subject to Agreement is proposed, an offer for this product must also be supplied.**

Unit prices shall control. Timber Product Removal pricing associated Item 1 removal of included timber must meet or exceed the minimum acceptable rate. If removal of Timber Subject to Agreement is proposed, a price per CCF that meets or exceeds the minimum acceptable rate must be quoted. This criterion shall (1) consider price reasonableness, and (2) be used to help determine the quoter's understanding of the work and whether the prices quoted are realistic. The pay items will also be evaluated to determine whether any are materially unbalanced.

Removal of Timber Subject to Agreement is of significant value to the Government since its removal leaves the landscape in better condition due to reduced hazardous fuel loading and potential wildfire risk. This is of particular importance since this project is in the Sheridan municipal watershed. Removal of Timber Subject to Agreement is also good for the local economy. These factors will all be considered during the evaluation of prices and when making the best value decision.

The degree of importance of the price will increase with the degree of equality of the proposals in relation to the other technical factors on which selection is to be based, or when the price is so significantly high as to diminish the value of the technical superiority to the Government.

(b) Optional Items: The Government will evaluate quotes for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that a quote is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) Award Decision:

If determined necessary by the Contracting Officer, quote revisions may be requested from only those respondents determined to have a reasonable chance of award. The Government reserves the right to make an award to other than the lowest priced quoter or to the quoter with the highest non-price evaluation if the Contracting Officer determines that to do so would result in the best value to the Government. Technical proposals that do not address one or more criteria or fail to provide requested information may be eliminated from further consideration. The awarded contract will incorporate written information provided by the awardee and utilized by the Government as the basis for award selection.

OTHER INFORMATION (SOLICITATION PROVISIONS)

38. FAR 52.252-1 Solicitation Provisions Incorporated by Reference (Feb 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es): https://www.acquisition.gov/far-overhaul/far-part-deviation-guide/far-overhaul-part-52

52.203-1 Prohibition on Contracting with Entities that Require Certain Internal Confidentiality Agreements or Statements-Representation (Jan 2017)
52.203-11 Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions (SEPT 2024)
52.204-7 System for Award Management-Registration (NOV 2025)
52.209-2 Prohibition on Contracting with Inverted Domestic Corporations - Representation (Sep 2025)
52.209-11 Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law (Sep 2025)
52.229-11 Tax on Certain Foreign Procurements – Notice and Representation (JUL 2025)
52.233-2 Service of Protest (Sep 2025)
52.240-90.1 Security Prohibitions and Exclusions Representations and Certifications (Nov 2025)

39. FAR 52.212-1 INSTRUCTIONS TO OFFERORS— COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2025)

(a) *Submission of offers*. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. As a minimum, offers shall include—

(1) The solicitation number;
(2) The name, address, telephone number of the Offeror;
(3) The Offeror's Unique Entity Identifier (UEI) and, if applicable, Electronic Funds Transfer (EFT) indicator;
(4) Information necessary to evaluate the factors contained in the provision at 52.212-2 as described in the addenda;
(5) Responses to provisions that require Offeror completion of information, representations, and certifications (other than those collected via the System for Award Management (SAM)); and
(6) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and any solicitation amendments.

(b) *Period for acceptance of offers*. The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(c) *Late submissions, modifications, revisions, and withdrawals of offers*.

(1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation.
(2) Any offer, modification, or revision received after the time specified for receipt of offers is "late" and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.
(3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.
(4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) *Contract award (not applicable to Invitation for Bids)*. **The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms.** However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) *Debriefings*. If a postaward debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

(1) The agency's evaluation of the significant weak or deficient factors in the debriefed Offeror's offer.
(2) The overall evaluated cost or price and technical rating of the successful Offeror and the debriefed Offeror and past performance information on the debriefed Offeror.
(3) The overall ranking of all Offerors when any ranking was developed by the agency during source selection.
(4) A summary of the rationale for award.
(5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful Offeror.
(6) Reasonable responses to relevant questions posed by the debriefed Offeror as to whether the agency followed source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities.

ADDENDUM TO FAR 52.212-1: The word quote or quoter is substituted in provision 52.212-1 for the word offer or offeror.

Questions shall be submitted via email to karen.ruklic@usda.gov and are due no later than August 14, 2026. This will ensure enough time to respond before the solicitation period ends. Please include the solicitation name and number as the subject line of the email.

Quoters shall submit the following information to allow for evaluation as detailed in FAR 52.212-2.

(a) General Instructions

(1) Quotes shall be submitted as two separate documents - a technical proposal **and** a price quote. Each part shall be separate and complete so that evaluation of one may be accomplished independently of the other. The price quote shall be submitted with the solicitation forms. The technical proposal must not contain reference to cost.

(2) Respondents are cautioned that sufficient and detailed information must be presented in their technical proposals to enable the Government to evaluate their proposals fully in accordance with the evaluation and award criteria contained herein. **The Government is not obligated to ask for additional information and in the absence of appropriate information, the proposal will be rated deficient.**

(3) Respondents may, at their discretion, submit alternate proposals or proposals which deviate from the requirement, provided that the respondent also submit a proposal for performance of the work as specified in this solicitation. Any "alternate" proposal may be considered if overall performance would be improved or not compromised, and if it is in the best interest of the Government. Alternate proposals, or deviations from any requirement of this RFQ, must be clearly identified.

(4) The Government will evaluate proposals in accordance with FAR Clause 52.212-2 "Evaluation – Commercial Products and Commercial Services (NOV 2025)".

(5) Offerors shall submit their proposal(s) **electronically** to the Issuing Office in the following format:

- ✓ ***Completed, signed quote (SF-1449 (page 1) with blocks 17a and 30a-c completed). Completed Schedules of Items for all Mandatory and Optional Work Items and the Timber Product Removal Price Schedule. Completion of the Timber Subject to Agreement is not required but is encouraged. Respondents shall also complete and return certification entitled "Employment of Eligible Workers – Workforce Certification" below and acknowledge all material amendments issued during the solicitation period.***
- ✓ Technical Proposal responsive to all Evaluation Criteria: Technical Approach, Relevant Past Performance and Benefit to the Local Community information.
- ✓ Responses to Evaluation Criteria excepting Relevant Past Performance will be incorporated into the resulting contract at time of award and shall become material contract requirements.

(b) Technical Proposal – The technical proposal must present sufficient information to reflect a thorough understanding of the requirements and a detailed description of the organization, techniques, and procedures for achieving the objectives of the specifications and the project. Proposals that merely paraphrase the requirements of the Government's specifications or use such phrases as "will comply" or "standard techniques will be employed" will be considered unacceptable and will not be considered further.

As a minimum, the proposal must clearly provide the following:

(1) **Technical Approach**

Work Activity Plan. **Clearly describe how you and/or your subcontractors will meet both the project objectives while minimizing resource damage and ensuring a safe working environment.** Include an explanation about how you have determined this approach, and what coordination will occur between the various operations. Please limit your description to 3 pages.

Method. Describe the method or combination of methods you plan to utilize to accomplish the Mandatory and Optional Work Items. Please limit this narrative to 4 pages. Include responses to each of these end results, specifications, and objectives:

- ✓ How will operations dispose of included saw timber?
- ✓ Describe your plan for completion of the road reconstruction work required.
- ✓ How will operations treat non-included material (Optional Items 16-23)?
- ✓ If removal of non-included material as Timber Subject to Agreement is proposed, describe the product to be removed (size class, **estimated volume**, etc.), the proposed disposal location(s) and Units from which the material would be removed.
- ✓ How will quality control be performed?

Equipment/Resources. Describe the equipment and resources to be utilized. Provide the makes and models of proposed equipment and the crew(s) to be utilized. Please limit this information to 1 page.

Key Personnel. At a minimum, list the names, and proposed duties of key personnel who will be assigned to the various work items of the project including the overall Project Manager, Logging Supervisor, Fuels Treatment Supervisor, and individual sub-managers (such as individuals supervising sub-contractors). Describe each individual's qualifications and experience performing similar projects. Limit this response to no more than 3 pages.

Timing. Provide a general plan for the sequence of work, including an estimated start date and completion date. Address the deadlines stated in Clause 12. Commencement, Prosecution, and Completion of Work and restrictions set forth in Clause 14. Contract Operations Schedule. Please limit this information to no more than 1 page.

NOTE: *This is NOT a request for a detailed logging plan. After award and prior to start of work, the Contractor must submit an Operating Schedule (include start dates, units and work items, haul dates, etc.)*

(2) **Relevant Past Performance** Submit past performance information for the prime contractor **and** proposed major subcontractors performing more than 20% of the work. Provide a list of project work that has been completed in the last **3 years** as well as work in progress. The information should focus on contracts and subcontracts similar in nature and complexity to that required by this solicitation. PROVIDE ONLY THE INFORMATION LISTED BELOW. Performance information will be requested from references provided and other known clients. Please limit your response to no more than 3 pages.

- ✓ Names, telephone numbers and email addresses of principal officials in charge of the project who are familiar with your performance.
- ✓ A description of the work, Contract Numbers and the key personnel utilized.
- ✓ The agency/company or individuals contracting the work.
- ✓ The size (value and acreage) and location of the contracts.
- ✓ If applicable, provide information on problems encountered on the contracts and subcontracts listed and the corrective actions taken to resolve those problems.

(3) **Benefit to Local Community**

- ✓ Describe how and to what degree hiring or training of local residents as employees or as subcontractors would be accomplished; address local employee retention, expansion or creation of employment or training opportunities.

- ✓ Describe how and to what degree materials, supplies, lodging, meals, or incidentals would be purchased within local communities.
- ✓ **Describe how any materials removed from Forest Service land would be marketed; specifically, detail to which enterprises the timber products will be sold or otherwise disposed of.** Include contributions to the development of biomass energy, integrated utilization, and/or value-added products for an existing market or emerging market (if applicable).

(c) Price - Completion and submission of Unit Prices and Total Amounts for all Pay Items within the Mandatory and Optional Work Activities Schedules, Offers (Flat) and Total Offers within the Timber/Product Removal Price Schedule for all products and Offers (Flat) within the Timber Subject to Agreement Price Schedule if applicable constitutes the fulfillment of the Government's price quote requirements under this solicitation.

Complete and Submit: **EMPLOYMENT OF ELIGIBLE WORKERS - WORKFORCE CERTIFICATION**

Contractors are required to provide certification under this solicitation in compliance with the Migrant and Seasonal Agricultural Workers Protection Act (MSPA) and Farm Labor Contractor (FLC) Certificate of Registration requirements describing the workforce they will utilize to fulfill the contract requirements under this solicitation and any resulting contract. If the Contractor will supply workers under the H-2B Program, the Contractor is required to provide a copy of the Temporary Employment Certificate issued by DOL.

Subcontractors are bound by the same requirements for licenses and permits under this contract. If a Prime Contractor identifies a Subcontractor as part of their workforce to accomplish the work under this solicitation, the Prime Contractor shall submit the Subcontractor's signed certification with their response to the solicitation.

☐ H-2B Workers: (http://www.foreignlaborcert.doleta.gov/)
☐ Company certifies it will not be utilizing H2B Workers under any resulting contract of this solicitation.
☐ Company will be utilizing H2B Workers (under any resulting contract of this solicitation. Provide a copy of Temporary Employment Certificate.) MSPA Workers: (http://www.dol.gov/whd/mspa/)
☐ Company certifies it will not be utilizing MSPA workers under any resulting contract of this solicitation.
☐ Certifies has valid FLC certificate of registration. (Attach a copy of current certification.)
Authorization includes:
☐ Transporting workers
☐ Driving
☐ Housing workers
☐ Company has applied for a Certificate of Registration on _____.

Contractors not currently having obtained a certificate (for each partner if partnership) will be requested to furnish proof of having obtained a Certificate of Registration prior to award of contract. If the contractor does not provide the required Certificate in a reasonable timeframe, the contractor will not be eligible for the contract award. Partnerships must furnish proof of registration of their assumed business name, if any, with the State of registration.

State of _____ No._____

Information about licensing requirements and procedures may be obtained from the following: I, on behalf of said Company, certify to the above responses.

PRINTED NAME:	TITLE:

(End of provision FAR 52.212-1)

AGAR PROVISIONS

40. 452.203-70 Anti-Discrimination and Diversity, Equity, and Inclusion (DEI) Certification (Dec 2025)
(a) By submission of its offer, the offeror certifies that:

1. It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution.
2. Neither it nor any proposed subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution.

(b) If the offeror participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, by submission of its offer, the offeror certifies that it is compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The offeror affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the offeror will not be eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

(d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.

(e) Submission of a knowing false statement relating to offeror's compliance with the above requirements and/or eligibility for the contract may subject the offeror to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

(f) Failure on the part of the offeror or its subcontractors to comply with the terms of this clause may be grounds for the Contracting Officer to terminate the contract for default.

41. NOTICE FOR FILING AGENCY PROTESTS
United States Department of Agriculture (USDA) Protest Procedures

The United States Department of Agriculture (USDA) is committed to fair, transparent, and efficient acquisitions. Interested parties with concerns about this solicitation are encouraged to seek resolution through the following USDA procedures.

Tier 1: Contracting Officer Concern Resolution

Submission: Interested parties with concerns about either the solicitation or subsequent award should first submit their concern directly to the Contracting Officer, providing sufficient detail to allow the Contracting Officer to understand and assess the issue.

Process: The Contracting Officer will review the concern, seek clarification as needed, and engage with the interested party to attempt prompt resolution.

Review Timeline: The Contracting Officer will make every effort to provide a response or resolution within 10 business days of receiving the concern.

Effect on Award or Performance: Tier 1 engagement is not considered an official notification of filing an agency protest and does not pause solicitation deadlines, delay award decisions, or suspend contract performance.

Next Steps: If the matter cannot be resolved at Tier 1, the interested party may file a written agency protest under Tier 2.
USDA encourages all parties to seek resolution with the Contracting Officer before filing an agency protest.

Tier 2: Agency Protest
If concerns cannot be resolved at Tier 1, an interested party may file a written agency protest with either the Contracting Officer or the USDA Independent Review Authority. The decision by the USDA Independent Review Authority is an alternative to a decision by the Contracting Officer. The USDA Independent Review Authority will not consider an appeal of the Contracting Officer's decision on an agency protest.
The protest must state whether the protester elects review by the Contracting Officer, by the UDSA Independent Review Authority. If no election is stated, the Contracting Officer will decide the protest.

Required Information: Protests shall include the information set forth in FAR 33.104-4 (a)(3). Failure to submit the required information may result in a delay or dismissal of the protest.

Submission: Agency protests should be submitted electronically to SPE.inquiry@usda.gov and the Contracting Officer.

Timeliness: Protests must be filed within the timeframes specified in FAR 33.104.

Effect on Award or Performance: Contract awards or performance will be suspended during the protest period unless justified in writing for urgent and compelling reasons or determined to be in the best interest of the Government.

Review Timeline: USDA strives to resolve agency-level protests within 35 business days of receipt.

Election of Forum: By filing a protest with USDA, the protesters agree not to file a protest on the same matter with the Government Accountability Office (GAO) or any other external forum while the agency protest is pending. If such a protest is filed externally, the USDA agency protest will be dismissed.

Questions: Questions regarding this notice or protest procedures should be directed to the Contracting Officer identified in this solicitation.
