At all,

See below the questions we received along with the answers to the best of our understanding.

1. **Employment Eligibility (PWS Section 1.6.7.7):** The PWS states that all contractor employees must be "Antigua and Barbuda nationals." Could you please confirm if this should instead reflect Peruvian local nationals and/or legally permitted Third Country Nationals?

Yes. See updates in PWS

1. **Applicable Publications (PWS Sections 6.1.15 - 6.1.17):** These sections reference the Public Health Act, Litter Control and Prevention Act, and National Solid Waste Management Authority Act of Antigua. Could you confirm that our operational compliance should focus strictly on the Peru Environmental Protection and Management Act (Law No. 28611 and 1278), as correctly outlined in PWS Section 5.1.1.1?

Yes. See updates on PWS

2. **DBA Insurance (Solicitation Document, Page 4):** The instructions note that "The country of Barbados does not have a waiver for DBA insurance." We will absolutely include DBA insurance in our quote (CLIN 0009), but we just wanted to verify if there are any specific waiver considerations for Peru that we should be aware of, or if standard DBA requirements apply.

DBA Insurance: Clarified the Defense Base Act (DBA) insurance requirements applicable to performance in Peru. See updates in PWS
