M67004-26-R-0012

THIS IS A SOURCES SOUGHT SYNOPSIS.

There is no solicitation available at this time. This Sources Sought Synopsis is published for information, planning and Market Research purposes only. The Government anticipates using the following NAICS code for this effort: 334511 - SEARCH, DETECTION, NAVIGATION, GUIDANCE, AERONAUTICAL, AND NAUTICAL SYSTEM AND INSTRUMENT MANUFACTURING – 1,350 employees.

The Government will neither award a contract solely on the basis of this Sources Sought Notice nor will the Government reimburse the respondents for any costs associated with preparing or submitting a response to this Sources Sought Notice.

The United States Marine Corps Logistics Command (MARCORLOGCOM) is seeking qualified business sources to acquire repair, test and return to service, engineering, failure data analysis and logistics support services for the AN/TPS-80, Ground/Air Task Oriented Radar (G/ATOR) system.

Work is to be completed in multiple locations, including, but not limited to:

Albany, GA

This announcement's purpose is to obtain qualification statements from interested small businesses for performing the work described in the Sources Sought Notice.

The Performance Work Statement (PWS) will provide more detail on the requirements for each of the aforementioned scope. The required services are to be accomplished under an Indefinite Delivery-Indefinite Quantity (IDIQ) type contract.

The duration of the contract will be a five-year ordering period. The aggregate value of the contract award resulting from the synopsis shall result in approximate total value of $20 million.

The purpose of this source sought synopsis is to obtain additional information from interested/qualified sources. The applicable North American Industry Classification (NAICS) Code 334511 - Search, Detection, Navigation, Guidance, Aeronautical, And Nautical System and Instrument Manufacturing – 1,350 employees.

At a minimum, provide the following information in your submittal:

All interested sources are requested to submit questions, comments, suggestions, and capability statements. The specific information MARCORLOGCOM seeks at this time are as follows:

1. Name, brief description of company, and company's technical capability. The capability statement shall succinctly describe the company's ability to fulfill the requirements described.

2. Provide a minimum of two (2) projects describing the company's relevant experience. Information on relevant experience shall not exceed two (2) pages. Discuss the company's experience including the type of services described, whether as a prime or subcontractor, and include the contracting agency and brief description of the contract scope of work.

3. Current security clearance level held or company's eligibility status for obtaining a security clearance.

4. Name and address of company and contact information/point of contact.

5. CAGE code and Unique Entity ID (UEI).

6. Statement as to small business program size status relative to the above NAICS Code and identification of any existing contract vehicles currently in place which may be used and fit the proposed contract scope. Indicate all small business designations for which your company is currently certified.

7. Possible teaming arrangements: If you are responding as a prime contractor, provide anticipated subcontractors and their business size under the identified NAICS code. If you are responding as any other business or teaming entity, please identify the entity and the business size under the NAICS code, if known (e.g.: Partnership, Joint Venture, LLC).

This sources sought synopsis does not constitute a Request for Quotation (RFQ), Request for Proposal (RFP), or an Invitation for Bid (IFB), and is not to be considered as a commitment by the Government for any purpose other than market research, nor does this issuance restrict the Governments acquisition approach. Respondents will not be notified of the results of the evaluation.

The Government recognizes that proprietary data may be a part of your submittal. If so, clearly mark such restricted or proprietary data and present it as an addendum to the non-restricted/non-proprietary information. All submittals received will be reviewed for informational purposes. The Government reserves the right to independently verify all information submitted. Submit required information electronically to the following Government personnel:

Pre-submission inquiries must be submitted no later than 1600 ET, Monday 17 Aug 2026 to:
