Part I – The Schedule

Section A – Solicitation/Contract Form

Solicitation, Offer, and Award (SF 1442) - pages 1- 3 of this package.

Section B – Supplies or Services and Prices

B.1 – Price Schedule

The following Quote/Price Sheet shall be used to quote/state pricing.

QUOTE/PRICE SHEET

SOLICITATION NUMBER: 140P8424Q0064

DEVELOPED AREA: Lewis & Clark National Historic Park, Fort Clatsop Rd, Astoria, Oregon

PROJECT TITLE: Replace Roof for Maintenance Building and Administration Building

Quoters are required to submit, at a minimum, a quotation that conforms to the solicitation documents with pricing for all Base line items and all Option line items (if any). Failure to do so may render your quotation unacceptable. For any lump-sum (LS) line items, provide the total price only. For any unit-priced line items, provide the unit price and the extended total price. If no specific line item exists for a portion of the work, include the costs on a related item. In case of error in summation, the total of the corrected amounts govern. Round totals and extend prices to whole dollars.

CONTRACT LINE ITEM NUMBER (CLIN)	CONTRACT LINE ITEM (CLI) TITLE	QUANTITY	UNIT OF MEASURE		TOTAL PRICE
1	Maintenance Building				$0.00
	Administration Building				$0.00
			TOTAL PRICE		$0.00

Section C – Description/Specifications/Statement of Work

C.1 – Project Specifications

See the attached project specifications/SOW and associated documents, listed in Section J of this procurement, for project requirements.

(End of Clause)

Section D – Packaging and Marking

There are no clauses in this section.

Section E – Inspection and Acceptance

E.1 – 52.246-12 – Inspection of Construction (AUG 1996)

(a) *Definition.* "Work" includes, but is not limited to, materials, workmanship, and manufacture and fabrication of components.

(b) The Contractor shall maintain an adequate inspection system and perform such inspections as will ensure that the work performed under the contract conforms to contract requirements. The Contractor shall maintain complete inspection records and make them available to the Government. All work shall be conducted under the general direction of the Contracting Officer and is subject to Government inspection and test at all places and at all reasonable times before acceptance to ensure strict compliance with the terms of the contract.

(c) Government inspections and tests are for the sole benefit of the Government and do not --

(1) Relieve the Contractor of responsibility for providing adequate quality control measures;

(2) Relieve the Contractor of responsibility for damage to or loss of the material before acceptance;

(3) Constitute or imply acceptance; or

(4) Affect the continuing rights of the Government after acceptance of the completed work under paragraph (i) of this section.

(d) The presence or absence of a Government inspector does not relieve the Contractor from any contract requirement, nor is the inspector authorized to change any term or condition of the specification without the Contracting Officer's written authorization.

(e) The Contractor shall promptly furnish, at no increase in contract price, all facilities, labor, and material reasonably needed for performing such safe and convenient inspections and tests as may be required by the Contracting Officer. The Government may charge to the Contractor any additional cost of inspection or test when work is not ready at the time specified by the Contractor for inspection or test, or when prior rejection makes reinspection or retest necessary. The Government shall perform all inspections and tests in a manner that will not unnecessarily delay the work. Special, full size, and performance tests shall be performed as described in the contract.

(f) The Contractor shall, without charge, replace or correct work found by the Government not to conform to contract requirements, unless in the public interest the Government consents to accept the work with an

appropriate adjustment in contract price. The Contractor shall promptly segregate and remove rejected material from the premises.

(g) If the Contractor does not promptly replace or correct rejected work, the Government may --

(1) By contract or otherwise, replace or correct the work and charge the cost to the Contractor; or

(2) Terminate for default the Contractor's right to proceed.

(h) If, before acceptance of the entire work, the Government decides to examine already completed work by removing it or tearing it out, the Contractor, on request, shall promptly furnish all necessary facilities, labor, and material. If the work is found to be defective or nonconforming in any material respect due to the fault of the Contractor or its subcontractors, the Contractor shall defray the expenses of the examination and of satisfactory reconstruction. However, if the work is found to meet contract requirements, the Contracting Officer shall make an equitable adjustment for the additional services involved in the examination and reconstruction, including, if completion of the work was thereby delayed, an extension of time.

(i) Unless otherwise specified in the contract, the Government shall accept, as promptly as practicable after completion and inspection, all work required by the contract or that portion of the work the Contracting Officer determines can be accepted separately. Acceptance shall be final and conclusive except for latent defects, fraud, gross mistakes amounting to fraud, or the Government's rights under any warranty or guarantee.

(End of Clause)

Section F – Deliveries or Performance

F.1 – Clauses Incorporated by Reference
The following contract clauses pertinent to this section are incorporated by reference (by Citation Number, Title, and Date) per the clause at FAR "52.252-2 – Clauses Incorporated By Reference" in Section I of this contract. See FAR 52.252-2 for an internet address (if specified) for electronic access to a clause's full text.

52.242-14 Suspension of Work (APR 1984)

(End of Clause)

F.2 – 52.211-10 Commencement, Prosecution, and Completion of Work (APR 1984)

The Contractor shall be required to
(a) commence work under this contract within **10** calendar days after the date the Contractor receives the notice to proceed,
(b) prosecute the work diligently, and
(c) complete the entire work ready for use not later than ***120 days following receipt of the notice to proceed.** The time stated for completion shall include final cleanup of the premises.

(End of clause)

F.3 – Deliverable (Post-Award): Contractor's Daily Logs

Contractor shall prepare a daily log for each day work is performed under this contract. Copies of daily logs shall be submitted to the Contracting Officer, and may be compiled and submitted weekly, with payroll. Time necessary for completion of daily log is approximately 15 to 30 minutes. The contractor may choose to use its own format as long as the following elements are included on the log:

(a) Project Name

(b) Contract number

(c) Date

(d) Prime Contractor and/or Subcontractor

(e) Work performed, including number of employees by job categories (indicate if "prime" or "sub")

(f) Heavy equipment on job, hours worked (indicate if "prime" or "sub")

(g) Materials delivered

(h) Official visitors to site

(i) Inspections performed

(j) Verbal instruction received from government on construction deficiencies

(k) Certification (prime contractor's signature/COR's signature)

(End of Clause)

Section G – Contract Administration Data

G.1 – Contract Administration

The Contracting Officer's Representative (COR) for this contract will be:

Name: Jodi Vollmer
Title: Project Manager
Park/Office: Lewis and Clark National Historic Park
Jodi_Vollmer@nps.gov

The Contracting Officer (CO) with overall responsibility for this contract will be:

Name: Katheryn Camacho
Contracting Officer
katheryn_camacho@ios.doi.gov

(End of Clause)

G.3 – Appointment of Contractor Representative/Superintendent

Prior to the commencement of work under this contract, the Contractor shall provide the Contracting Officer with the name and telephone number of at least one responsible individual who will be available on a daily basis to respond to operational problems and/or emergencies. In the event the contract involves more than one subcontractor, the designated site superintendent shall be a W-2 employee of the prime contractor. The Contractor agrees that notice to the designated representative shall constitute notice to the Contractor and further agrees to be bound by any commitments or representations made by such representative.

(End of Clause)

G.4 –1452.201-70 – Authorities and Delegations (SEP 2011)

(a) The Contracting Officer is the only individual authorized to enter into or terminate this contract, modify any term or condition of this contract, waive any requirement of this contract, or accept nonconforming work.

(b) The Contracting Officer will designate a Contracting Officer's Representative (COR) at time of award. The COR will be responsible for technical monitoring of the contractor's performance and deliveries. The COR will be appointed in writing, and a copy of the appointment will be furnished to the Contractor. Changes to this delegation will be made by written changes to the existing appointment or by issuance of a new appointment.

(c) The COR is not authorized to perform, formally or informally, any of the following actions:

(1) Promise, award, agree to award, or execute any contract, contract modification, or notice of intent that changes or may change this contract;

(2) Waive or agree to modification of the delivery schedule;

(3) Make any final decision on any contract matter subject to the Disputes Clause;

(4) Terminate, for any reason, the Contractor's right to proceed;

(5) Obligate in any way, the payment of money by the Government.

(d) The Contractor shall comply with the written or oral direction of the Contracting Officer or authorized representative(s) acting within the scope and authority of the appointment memorandum. The Contractor need not proceed with direction that it considers to have been issued without proper authority. The Contractor shall notify the Contracting Officer in writing, with as much detail as possible, when the COR has taken an action or has issued direction (written or oral) that the Contractor considers to exceed the COR's appointment, within 3 days of the occurrence. Unless otherwise provided in this contract, the Contractor assumes all costs, risks, liabilities, and consequences of performing any work it is directed to perform that falls within any of the categories defined in paragraph (c) prior to receipt of the Contracting Officer's response issued under paragraph (e) of this clause.

(e) The Contracting Officer shall respond in writing within 30 days to any notice made under paragraph (d) of this clause. A failure of the parties to agree upon the nature of a direction, or upon the

contract action to be taken with respect thereto, shall be subject to the provisions of the Disputes clause of this contract.

(f) The Contractor shall provide copies of all correspondence to the Contracting Officer and the COR.

(g) Any action(s) taken by the Contractor, in response to any direction given by any person acting on behalf of the Government or any Government official other than the Contracting Officer or the COR acting within his or her appointment, shall be at the Contractor's risk.

(End of Clause)

G.5 – 1452.204-70 – Release of Claims – Department of the Interior (JUL 1996)

After completion of work and prior to final payment, the Contractor shall furnish the Contracting Officer with a release of claims against the United States relating to this contract. The Release of Claims form (DI-137) shall be used for this purpose. The form provides for exception of specified claims from operation of the release.

(End of Clause)

G.6 – Construction Contract Administration

Federal Acquisition Regulation (FAR) 36.211(b) requires agencies provide description of policies and procedures that apply to definitization of equitable adjustments for change orders under construction contracts and data on the time required to definitize equitable adjustments for change orders under construction contracts. This information can be found at: https://www.doi.gov/pam/acquisition/policy/constructioncontract.

(End of clause)

G.8 – Electronic Invoicing and Payment Requirements - Invoice Processing Platform (IPP) (FEB 2021)

Payment requests must be submitted electronically through the U. S. Department of the Treasury's Invoice Processing Platform System (IPP).

"Payment request" means any request for contract financing payment or invoice payment by the Contractor. To constitute a proper invoice, the payment request must comply with the requirements identified in the applicable Prompt Payment clause included in the contract, or the clause 52.212-4 Contract Terms and Conditions - Commercial Items included in commercial item contracts. The IPP website address is: https://www.ipp.gov.

Under this contract, the following documents are required to be submitted as an attachment to the IPP invoice:

The Contractor shall submit a draft Invoice Package, including copies of the following documents, to the National Park Service's (NPS) Contracting Officer's Representative (COR), with a copy to the Contracting Officer, a minimum of 5 working days prior to submitting the formal Invoice through IPP. Within 5 working days of receipt, the COR shall provide an acceptability recommendation to the NPS Contracting Officer. If the COR recommends acceptance, the Contracting Office will recommend to the Contractor to submit a copy of the final version of the COR's checklist and the Invoice Package to the NPS through IPP.

1. Completed copy of the COR's final Construction Payment Request Checklist (Submit only with the formal submittal to IPP)
2. Completed copy of the Pay Estimate Form (including signed certification of subcontractor payments as required by contract clause 52.232-5)
3. Certified copies of Payroll Reports per Contract clause 52.222-8 Payrolls and Basic Records.
4. Completed copy of the Payroll Report PII Certification sheet
5. Information required by contract clause 52.232-27, Prompt Payment for Construction Contracts
6. A copy of the current construction schedule
7. A copy of the current Schedule of Values (this can be built into the business invoice and not be a separate document so long as the business invoice shows for each line item the percentages for work completed, remaining work, as well as dollar amounts for what being invoiced, and whats remaining)

The Contractor must use the IPP website to register access and use IPP for submitting requests for payment. The Contractor Government Business Point of Contact (as listed in SAM) will receive enrollment instructions via email from the Federal Reserve Bank of Boston (FRBB) prior to the contract award date, but no more than 3 - 5 business days of the contract award date. Contractor assistance with enrollment can be obtained by contacting the IPP Production Helpdesk via email ippgroup@bos.frb.org or phone (866) 973-3131.

If the Contractor is unable to comply with the requirement to use IPP for submitting invoices for payment, the Contractor must submit a waiver request in writing to the Contracting Officer with its quotation.

(End of Clause)

Section H – Special Contract Requirements

H.1 – Wage Rates

Davis-Bacon Wage Rates apply for this project and are attached to this solicitation (See Section J). The project is located in Clatsop County, Oregon. Wage Decision OR20260003

(End of Clause)

H.2 – Workers Compensation

The Contractor is required to be insured against liability for workmen's compensation or to undertake self-insurance in accordance with the provisions of Labor Code of the State of Oregon. Evidence of coverage is required before commencement of project work.

(End of Clause)

H.3 – Site Specific Safety and Health Plan

A site specific safety and health plan shall be prepared covering on-site work to be performed by the contractor and all subcontractors. The prime contractor shall be responsible for development, implementation, and oversight of the site specific plan. The site specific safety and health plan shall establish in detail, the protocols necessary for recognition, evaluation, and control of hazards associated with each task performed. The plan shall address site specific safety and health requirements and procedures based upon site specific conditions. The level of detail provided in the site specific safety and health plan shall be tailored to the type of work, complexity of operations to be performed, and hazards anticipated. The site specific safety and health plan shall address, in as much detail as possible, anticipated tasks, their related hazards, and anticipated control measures.

As work proceeds, the site specific safety and health plan shall be adapted to new situations and new conditions. Changes and modifications to the accepted site specific safety and health plan shall be made with the knowledge and concurrence of the safety office, site superintendent, and contracting office. Should any unforeseen hazard become evident during the performance of work, the contractor shall bring such hazard to the attention of the safety office and COR, both verbally and in writing for resolution as soon as possible. In the interim, necessary action shall be taken to re-establish and maintain safe working conditions in order to safeguard on-site personnel, visitors, the public, and the environment.

Prior to submittal to the COR, the site specific safety and health plan shall be signed and dated by the prime contractor's safety and health manager and site superintendent. The site specific safety and health plan shall be part of the contractor's safety and Health program. The contractor shall submit to the COR the contractor's site specific safety and health plan for review and approval by the safety office.

Work performed under this contract shall comply with applicable federal, state, and local safety and occupational health laws and regulations. This includes, but is not limited to, Occupational Safety and Health Administration (OSHA) standards, 29 CFR, Part 1910 and Part 1926. Where the requirements of applicable laws, criteria, ordinances, regulations, and referenced documents vary the most stringent requirements shall apply.

(End of Clause)

H.4 – Archeological Findings

(a) Petroglyphs, artifacts, burial grounds or remains, structural features, ceremonial, domestic, and archeological objects of any nature, historic or prehistoric, found within the construction area, are the property of and will be removed only by the Government. Should Contractor's operations uncover or his employees find any archeological remains, Contractor shall suspend operations at the site of discovery; notify Contracting Officer immediately of the findings; and continue operations in other areas. Included with the notification shall be a brief statement of the location and details of the findings. Should the temporary suspension of work at the site result in delays, or the discovery site require archeological studies resulting in delays or additional work for Contractor, he will be compensated by an equitable adjustment under the General Provisions of the Contract.

(End of Clause)

H.5 – Conduct of Operations

At all times the Contractor shall conduct his organization in conformance with the rules and regulations promulgated by the Secretary of the Interior for the National Park Service, and with such appropriate regulations as the Superintendent may prescribe. Work on Saturdays, Sundays, Federal holidays or at night may be performed only with the prior consent of the Contracting Officer. No signs or advertisements (except those specified herein) shall be displayed on the construction site or within the park except with approval of the Contracting Officer.

(End of Clause)

H.X – Seasonal Shutdown

It is recognized that seasonal climatic conditions regularly occur in some of the National Park Service areas that restrict and in some cases prohibit normal construction activities. The actual timing of a seasonal shutdown will be determined by the Contracting Officer. The Contractor shall give the Contracting Officer at least two weeks' notice prior to the anticipated resumption of work. The actual date that work is resumed is subject to the approval of the Contracting Officer. The amount of time during a seasonal shutdown is taken into consideration when the completion time as stated in the Contract is determined. Therefore, the contract time will not be extended due to seasonal shutdowns.

(End of Clause)

Part II – Contract Clauses

Section I – Contract Clauses

I.1 – Clauses Incorporated by Reference

The following contract clauses pertinent to this section are incorporated by reference (by Citation Number, Title, and Date) per the clause at FAR "52.252-2 – Clauses Incorporated by Reference" in Section I of this contract. See FAR 52.252-2 for an internet address (if specified) for electronic access to a clause's full text.

52.202-1	Definitions (JUN 2020)
52.203-3	Gratuities (APR 1984)
52.203-17	Contractor Employee Whistleblower Rights (NOV 2023)
52.203-19	Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements (JAN 2017)
52.204-10	Reporting Executive Compensation and First-Tier Subcontract Awards (JUN 2020) (DEVIATION MAR 2026)

52.249-10 Default (Fixed-Price Construction) (APR 1984)
52.253-1 Computer Generated Forms (JAN 1991)

(End of Clause)

I.4 – 52.225-9 – Buy American–Construction Materials (OCT 2022)

(a) *Definitions*. As used in this clause—

Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply (including construction material) that is–

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of

those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Cost of components means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

Critical component means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

Critical item means a domestic construction material or domestic end product that is deemed critical to U.S. supply chain resiliency. The list of critical items is at FAR 25.105.

Domestic construction material means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both-

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if–

(A)The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all components used in such construction material. The cost of foreign iron and steel includes but is not limited to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the construction material and a good faith estimate of the cost of all foreign iron or steel components excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components".

Fastener means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners are nuts, bolts, pins, rivets, nails, clips, and screws.

Foreign construction material means a construction material other than a domestic construction material.

Foreign iron and steel means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

Predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Domestic preference.

(1) This clause implements 41 U.S.C.chapter 83, Buy American, by providing a preference for domestic construction material. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy American statute is waived for construction material that is a COTS item, except that for construction material that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the construction materials, excluding COTS fasteners. (See FAR 12.505(a)(2)). The Contractor shall use only domestic construction material in performing this contract, except as provided in paragraphs (b)(2) and (b)(3) of this clause.

(2) This requirement does not apply to information technology that is a commercial product or to the construction materials or components listed by the Government as follows:

_____*NONE*____

(3) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(2) of this clause if the Government determines that-

(i)The cost of domestic construction material would be unreasonable.

(A) *For domestic construction material that is not a critical item or does not contain critical components*.

(1)The cost of a particular domestic construction material *subject to the requirements of the Buy American statute is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent;*

(2)For construction *material that is not a COTS item and does not consist wholly or* predominantly of iron or steel or a combination of both*, if the cost of a particular* domestic construction material *is determined to be unreasonable or there is no domestic* offer *received, and the low* offer *is for* foreign construction material *that*

is manufactured in the United States *and does not exceed 55 percent domestic content, the* Contracting Officer *will treat the lowest* offer *of* foreign construction material *that exceeds 55 percent domestic content as a domestic* offer *and determine whether the cost of that* offer *is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(A)(1) of this clause.*

(3)The procedures in paragraph (b)(3)(i)(A)(2) of this clause will no longer apply as of January 1, 2030.

(B) *For domestic construction material that is a critical item or contains critical components*.

(1)The cost of a particular domestic construction material *that is a* critical item *or contains* critical components*, subject to the requirements of the Buy American statute, is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent plus the additional preference factor identified for the* critical item *or* construction *material containing* critical components *listed at FAR 25.105.*

(2)For construction *material that does not consist wholly or* predominantly of iron or steel or a combination of both*, if the cost of a particular* domestic construction material *is determined to be unreasonable or there is no domestic* offer *received, and the low* offer *is for* foreign construction material *that does not exceed 55 percent domestic content, the* Contracting Officer *will treat the lowest foreign* offer *of* construction *material that is manufactured in the* United States *and exceeds 55 percent domestic content as a domestic* offer*, and determine whether the cost of that* offer *is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(B)(1) of this clause.*

(3)The procedures in paragraph (b)(3)(i)(B)(2) of this clause will no longer apply as of January 1, 2030.

(ii) The application of the restriction of the Buy American statute to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American statute.

(1)

(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(3) of this clause shall include adequate information for Government evaluation of the request, including-

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American statute applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute.

(d) *Data*. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Price Comparison

Construction material description	Unit of measure	Quantity	Price (dollars) *
Item 1			
Foreign construction material			
Domestic construction material			
Item 2			
Foreign construction material			
Domestic construction material			

[**Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued).]*

[*List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.*]

[*Include other applicable supporting information.*]

(End of Clause)

I.5 – 52.228-13 Alternative Payment Protections (JUL 2000)

(a) The Contractor shall submit one of the following payment protections:

(i) **A payment bond.**

(b) The amount of the payment protection shall be 100 percent of the contract price.

(c) The submission of the payment protection is required within ten (10) days of contract award.

(d) The payment protection shall provide protection for the full contract performance period plus a one-year period.

(e) Except for escrow agreements and payment bonds, which provide their own protection procedures, the Contracting Officer is authorized to access funds under the payment protection when it has been alleged in writing by a supplier of labor or material that a nonpayment has occurred, and to withhold such funds pending resolution by administrative or judicial proceedings or mutual agreement of the parties.

(f) When a tripartite escrow agreement is used, the Contractor shall utilize only suppliers of labor and material that signed the escrow agreement.

(End of clause)

I.7 – 1452.228-70 – Liability Insurance – Department of Interior (JUL 1996)

(a) The Contractor shall procure and maintain during the term of this contract and any extension thereof liability insurance in form satisfactory to the Contracting Officer by an insurance company which is acceptable to the Contracting Officer. The named insured parties under the policy shall be the Contractor and the United States of America. The amounts of the insurance shall be not less than as follows:

$500,000.00 each person

$500,000.00 each occurrence

$500,000.00 property damage

(b) Each policy shall have a certificate evidencing the insurance coverage. The insurance company shall provide an endorsement to notify the Contracting Officer 30 days prior to the effective date of cancellation or termination of the policy or certificate; or modification of the policy or certificate which may adversely affect the interest of the Government in such insurance. The certificate shall identify the contract number, the name and address of the Contracting Officer, as well as the insured, the policy number and a brief description of contract services to be performed. The contractor shall furnish the Contracting Officer with a copy of an acceptable insurance certificate prior to beginning the work.

(End of Clause)

I.9 – 52.252-2 – Clauses Incorporated by Reference (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a solicitation provision may be accessed electronically at these addresses:
https://www.acquisition.gov/browse/index/far
https://www.acquisition.gov/diar
https://www.acquisition.gov/caac-letters
https://www.acquisition.gov/far-overhaul

(End of clause)

I.10 – 52.252-6 – Authorized Deviations in Clauses (NOV 2020)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any Department of Interior Acquisition Regulation (48 CFR Chapter 14) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of clause)

Part III – List of Documents, Exhibits, and Other Attachments

Section J – List of Attachments

J.1 – Attachments

The following attachments are included as part of this solicitation:

ATTACHMENT #	TITLE	DATE	NO. OF PAGES
1	Project Specifications/Statement of Work		
2	Construction Wage Decision (Davis-Bacon Wage Rates), OR20260003		
3	Technical Information Form		
4	Past Performance		3

Part IV – Representations and Instructions

Section K – Representations, Certifications and Other Statements of Offerors

There are no provisions in this section.

Section L – Instructions, Conditions, and Notices to Offerors

L.1 – Provisions Incorporated by Reference

The following solicitation provisions pertinent to this section are incorporated by reference (by Citation Number, Title, and Date) per the provision at FAR "52.252-1 – Provisions Incorporated by Reference" in Section L of this contract. See FAR 52.252-1 for an internet address (if specified) for electronic access to a provision's full text.

52.204-7 System for Award Management – Registration (NOV 2024) (DEVIATION MAR 2026)

NOTICE: System updates may lag policy updates. The System for Award Management (SAM) may continue to require entities to complete representations based on provisions that are not included in this solicitation. Examples include 52.222-25, Affirmative Action Compliance, 52.204-26 Covered Telecommunications Equipment or Services-Representation, and 52.223-22 Public Disclosure of Greenhouse Gas Emissions and Reduction Goals-Representation. Contracting officers will rely on representations from offers based on provisions in the solicitation. Entities are not required to, nor are they able to, update their entity registration to remove these representations in SAM.

52.222-5 Construction Wage Rate Requirements—Secondary Site of the Work (May 2014)
52.240-90 Security Prohibitions and Exclusions Representations and Certifications (Deviation Mar 2026)

(End of Provision)

L.3 – Site Visit (Construction)

(a) The clauses at 52.243-5, Changes and Changed Conditions, and 52.236-3, Site Investigations and Conditions Affecting the Work, will be included in any contract awarded as a result of this solicitation. Accordingly, quoters are urged and expected to inspect the site where the work will be performed, although attendance is not mandatory.

(b) An organized site visit has been scheduled for—

Thursday, August 20, 2026 at 11:00AM Pacific Daylight Time

If attending, RSVP required to Katheryn Camacho, Contracting Officer at katheryn_camacho@ios.doi.gov, Jodi Vollmer, COR, at jodi_vollmer@nps.gov and Kevan Keegan at kevan_keegan@nps.gov . When providing your RSVP, provide first and last name of proposed attendee(s), their job title, and their phone number.

(c) Participants will meet at—

92381 Fort Clatsop Rd, Astoria, OR 97103

(End of provision)

L.4 – 52.216-1 – Type of Contract (APR 1984)

The Government contemplates award of a firm-fixed-price purchase order resulting from this solicitation.

(End of Provision)

L.5 - 52.222-5 - Construction Wage Rate Requirements-Secondary Site of the Work. (MAY 2014)

(a)

(1) The offeror shall notify the Government if the offeror intends to perform work at any secondary site of the work, as defined in paragraph (a)(1)(ii) of the FAR clause at 52.222-6, Construction Wage Rate Requirements, of this solicitation.

(2) If the offeror is unsure if a planned work site satisfies the criteria for a secondary site of the work, the offeror shall request a determination from the Contracting Officer.

(b)

(1) If the wage determination provided by the Government for work at the primary site of the work is not applicable to the secondary site of the work, the offeror shall request a wage determination from the Contracting Officer.

(2) The due date for receipt of offers will not be extended as a result of an offeror's request for a wage determination for a secondary site of the work.

(End of provision)

L.6 – 52.225-10 – Notice of Buy American Requirement--Construction Materials (MAY 2014)

(a) *Definitions.* "Commercially available off-the-shelf (COTS) item," "construction material," "domestic construction material," and "foreign construction material," as used in this provision, are defined in the clause of this solicitation entitled "Buy American--Construction Materials" (Federal Acquisition Regulation (FAR) clause 52.225-9).

(b) *Requests for determinations of inapplicability.* An offeror requesting a determination regarding the inapplicability of the Buy American statute should submit the request to the Contracting Officer in time to allow a determination before submission of offers. The offeror shall include the information and applicable supporting data required by paragraphs (c) and (d) of the clause at FAR 52.225-9 in the request. If an offeror has not requested a determination regarding the inapplicability of the Buy American statute before submitting its offer, or has not received a response to a previous request, the offeror shall include the information and supporting data in the offer.

(c) *Evaluation of offers.*

(1) The Government will evaluate an offer requesting exception to the requirements of the Buy American statute, based on claimed unreasonable cost of domestic construction material, by adding to the offered price the appropriate percentage of the cost of such foreign construction material, as specified in paragraph (b)(3)(i) of the clause at FAR 52.225-9.

(2) If evaluation results in a tie between an offeror that requested the substitution of foreign construction material based on unreasonable cost and an offeror that did not request an exception, the Contracting Officer will award to the offeror that did not request an exception based on unreasonable cost.

(d) *Alternate offers.*

(1) When an offer includes foreign construction material not listed by the Government in this solicitation in paragraph (b)(2) of the clause at FAR 52.225-9, the offeror also may submit an alternate offer based on use of equivalent domestic construction material.

(2) If an alternate offer is submitted, the offeror shall submit a separate Standard Form 1442 for the alternate offer, and a separate price comparison table prepared in accordance with paragraphs (c) and (d) of the clause at FAR 52.225-9 for the offer that is based on the use of any foreign construction material for which the Government has not yet determined an exception applies.

(3) If the Government determines that a particular exception requested in accordance with paragraph (c) of the clause at FAR 52.225-9 does not apply, the Government will evaluate only those offers based on use of the equivalent domestic construction material, and the offeror shall be required to furnish such domestic construction material. An offer based on use of the foreign construction material for which an exception was requested—

(i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or

(ii) May be accepted if revised during negotiations.

(End of Provision)

L.7 – 52.252-1 – Solicitation Provisions Incorporated by Reference (FEB 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions,

the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at these addresses:
https://www.acquisition.gov/browse/index/far
https://www.acquisition.gov/diar
https://www.acquisition.gov/caac-letters
https://www.acquisition.gov/far-overhaul

(End of provision)

L.8 – 52.252-5 Authorized Deviations in Provisions (Nov 2020)

(a) The use in this solicitation of any Federal Acquisition Regulation (48 CFR Chapter 1) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the provision.

(b) The use in this solicitation of any Department of Interior Acquisition Regulation (48 CFR Chapter 14) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of provision)

L.9 – Acquisition 360: Voluntary Survey

(a) All actual and potential offerors are encouraged to provide feedback on the preaward and debriefing processes, as applicable. Feedback may be provided to agencies up to 45 days after award. The feedback is anonymous, unless the participant self-identifies in the survey. Actual and potential offerors can participate in the survey by selecting the following link: https://www.acquisition.gov/360.

(b) The Contracting Officer will not review the information provided until after contract award and will not consider it in the award decision. The survey is voluntary and does not convey any protections, rights, or grounds for protest. It creates a way for actual and potential offerors to provide the Government constructive feedback about the preaward and debriefing processes, as applicable, used for a specific acquisition.

(End of provision)

L.9 – Instructions for the Submission of Quotations and Other Information

(a) GENERAL INFORMATION:

(1) Each quoter must:

Submit the required quotation package documents as instructed below – see section below entitled "QUOTATION PACKAGE (WHAT TO SUBMIT)" – Failure to provide the required information may be cause for rejection of the quotation.

(2) Quotations shall only be accepted through electronic mail addressed to:

Katheryn_camacho@ios.doi.gov

Include the Request for Quotation (RFQ) number (**140P8426Q0064**) in the subject line of your email.

Quoters are urged to title all electronic quote documents using short, clear, and consistent naming conventions and use **Adobe PDF** as the preferred file format.

(3) Submission deadline. We must receive your quote at the address specified in Block 8 of the **SF 1442 by the deadline specified in Block 13.** We will not consider any quote that we receive after the deadline unless we receive it before we issue a purchase order and considering it will not delay our purchase. In case of an emergency that delays our operations and makes submission or receipt of your quote impossible, we will extend the deadline by one working day.

It is the responsibility of the quoter to verify receipt by the email address recipient listed above on or before the closing date/time of the RFQ.

(4) Modifications of previous quotations may be made by email to the Contracting Officer.

(5) The Government's evaluation of "equal" product requests will be made after contract award as part of the submittal review process (reference FAR 52.236-5).

(b) QUOTATION PACKAGE (WHAT TO SUBMIT):

All quoters must include the following:

(1) Standard Form 1442, Solicitation, Offer, and Award (Construction, Alteration, or Repair): Complete blocks 14 through 20C only, including your signature.

In Block 14, with its name and address on the cover page of its offer, the quoter shall enter the annotation "Unique Entity Identifier " followed by the unique entity identifier that identifies the quoter's name and address exactly as stated in the quote. The unique entity identifier will be used by the Contracting Officer to verify that the quoter is registered in the System for Award Management (SAM).

(2) **Acknowledgement of Amendments**: Acknowledge all solicitation amendments (if any are issued) using one of the methods set forth in Block 11 of the amendment, Standard Form 30.

(3) **SAM Registration:** To be eligible for award, quoters are required to be registered in the System for Award Management (SAM) record accessed through www.sam.gov at the time their quotation is submitted. Registration in SAM is 100% free. "Registered in the System for Award Management (SAM)" is defined at FAR 52.204-7 and includes the requirement that the SAM record is marked "Active".

(4) **Buy American Act Notice** (see FAR 52.225-9 in Section I): If applicable, follow printed

instructions on notice.

(5) **Complete Technical Information Form**: Quoters shall use the attached Technical Information Form (see Section J, **Attachment 3**) or equivalent format. As requested in Section M.1, use this form to provide the following:

a. **General Company Information & Contractor's Proposed Team:** Provide (prime contractor) business name, address, "Unique Entity Identifier" or UEI (see https://sam.gov/content/entity-registration), phone, point of contact and authorized signature. Indicate whether you plan to self-perform the work or are proposing to utilize any sub-contractor(s) – if so, for which key trades.

b. **Relevant Experience:** List comparable relevant experience successfully completing projects of a similar nature and scope as this advertised project within the last six (6) years and provide a brief narrative explaining the correlations between your listed relevant experience and this project work, to be evaluated as described in Section M.1.

Oregon Contractor State License: Submit a copy of the current Oregon Construction Contractors Board License that is applicable to the work the quoter, and any proposed subcontractor(s), will be performing on this project (describe in detail in your quotation), to be evaluated as described in Section M.1.

c. **Safety Record:** Submit an overview of your company's general Construction Safety Program and an assessment of the safety risks associated with this construction project. Discuss any changes to your company's Construction Safety Program required to address your assessment of the project risk. Additionally, submit a copy of OSHA 300A logs for the previous three (3) calendar years.

If you are proposing to use a subcontractor for any portion of the work, you must additionally submit a copy of your proposed subcontractor's OSHA 300A logs for the previous three (3) calendar years.

d. **Past Performance**: List past performance references for projects of a similar nature and scope as this advertised project as completed within the past six (6) years (provide references for same projects you submitted to show Relevant Experience when possible), to be evaluated as described in Section M.1. General company information.

(c) RETENTION

Quotations submitted in response to this Request for Quotations will not be returned but will be retained by the National Park Service for the official records.

(d) INQUIRIES

To ensure quoters' questions are adequately addressed and appropriate action taken prior to submission of quotations, questions must be received in writing no later than five (5) calendar days prior to quotation due date shown in the latest amendment. Questions and/or comments received after this time may or may not be addressed prior to the solicitation closing date.

Submit questions only through email to:

Contracting Officer, Katheryn Camacho @ katheryn_camacho@ios.doi.gov

(e) CLARIFICATION OF REQUIREMENT

Prospective quoters should carefully examine the solicitation and fully inform themselves as to the conditions and matters which can in any way affect the work or the costs thereof. Should a prospective quoter find discrepancies in, or omissions from, the solicitation or other documents, or should he/she be in doubt as their meaning, he/she should at once notify the contracting officer and obtain clarification prior to submitting a quotation.

(End of provision)

L.10 – Responsibility Determination

(a) It is the general policy of the Department of the Interior that contract shall be awarded only to contractors determined to be responsible in accordance with Part 9 of the Federal Acquisition Regulations (FAR). No contract shall be awarded to any person or firm unless the Contracting Officer first makes an affirmative determination that the prospective contractor is responsible within the meaning of FAR Part 9.

(b) Before making a determination of responsibility, the Contracting Officer shall have in their possession or obtain information sufficient to satisfy themselves that a prospective contractor currently meets the minimum FAR Part 9 standards.

(c) In accordance with Section 9.104 of the Federal Acquisition Regulations, award of a contract will be subject to the Contracting Officer's determination that the offeror meets the following minimum standards for performing the work:

(1) Has adequate financial resources;
(2) Is able to meet the required delivery or performance dates;
(3) Has a satisfactory performance record;
(4) Has the organization, experience, accounting and operational controls, and technical skills, or the ability to obtain them;
(5) Has a satisfactory record of integrity and business ethics;
(6) Has the necessary production and technical equipment and facilities or the ability to obtain them;
(7) Is otherwise qualified and eligible to receive an award under applicable laws and regulations.

(End of provision)

Section M - Evaluation Factors for Award

M.1 – Evaluation Factors for Award

Evaluation will be made in accordance with the simplified acquisition procedures outlined in RFO FAR Part 13.202. The Government anticipates issuing an order resulting from this request for quotation to the responsible quoter whose quotation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate quotations:

(1) Price

(2) **Relevant Experience**: The Government will evaluate the quoter's relevant experience (using the quoter's provided list of relevant projects and brief narrative explaining the correlations between the quoter's listed relevant experience and this project work) on the basis of extent of experience with projects of a similar nature and scope as performed within the last six (6) years. Similar work on contracts with the Federal Government, other public agencies, or with private organizations may be considered.

(3) **Schedule**: Construction schedules and narrative descriptions documenting (1) clear and efficient critical path and logical sequencing; (2) account for procurement lead-time, subcontractor/trade coordination, on-site storage and staging, resource and time constraints; and (3) demonstrate risk mitigation and successful completion within the required period of performance present lower levels of risk and will be more favorably rated. Schedules which do not demonstrate these attributes present higher levels or risk and will be less favorably rated.

(4) **Technical Approach**: The Government will evaluate the quoter's technical approach narrative. Technical approaches that comply with applicable contract requirements; are realistic, appropriate, and efficient; and demonstrate clear logic and scope understanding present lower levels of risk and will be more favorably rated. Approaches not demonstrating these attributes present higher levels of risk and will be less favorably rated.

(5) **Oregon Contractor State License**: The presence and current validity of the quoter's and any proposed subcontractor's applicable Oregon Construction Contractors Board License will be reviewed at the website: http://search.ccb.state.or.us/search/. Quoters (and any proposed subcontractors) who possess a current and valid State License applicable to the work they will be performing on this project will be more favorably evaluated.

(6) **Safety Record**: The Government will evaluate the quoter's submitted safety information. Safety information (overview, risk assessment, and tailoring for this specific project) demonstrating a higher level of project understanding and risk mitigation will be more favorably rated. Fewer documented OSHA 300A incidents will be more favorably rated. Information not demonstrating these qualities and/or higher OHSA incidents will be less favorably rated.

(7) **Past Performance**: The Government will evaluate the degree to which the quoter successfully performed past projects similar in scope and complexity to the project detailed in this solicitation within the last six (6) years and satisfied past customers, using the quoter's provided references. Past performance information from other sources, including the Contractor Performance Assessment Reporting System (CPARS), may also be utilized in the determination of the past performance record. In the case of a quoter without a record of past

performance or for whom information on past performance is not available, the quoter will not be evaluated favorably or unfavorably on past performance.
