RFP 70Z08826B0030252
FY26 DREDGING AND SEDIMENT DISPOSAL AT USCG SAN FRANCISCO BAY AREA-THREE (3) LOCATIONS
RFI QUESTIONS 9-17

Question 9:
Please provide coordinates for the dredge limits for each of the 3 locations.
Answer 9:
See 3 separately attached CAD files Amendment 03A-C for each location.

Question 10:
Please provide survey data in XYZ format for each of 3 locations.
Answer 10:
XYZ type files are not available at this time, but USCG is still researching for possible availability. Our team suggests using the 3 attached CAD files (Amendment 03A-C) for reference.

Question 11:
Please confirm that for each of the 3 sites, 20% of the volume of dredged material is required to go to the In-Bay disposal sites, and the remaining volume can go to the beneficial use sites and no material is required to be disposed of at SF-DODS
Answer 11:
Also reference RFI Question 07 answer: There is no minimum In-Bay disposal. Additionally, there is no minimum SF-DODS disposal.

Question 12:
Please provide coordinates for the disposal boundary for SF-DODS.
Answer 12:
Center at 37°39.00' N, 123°29.00' W (NAD83)
https://www.epa.gov/marine-protection-permitting/marine-protection-permitting-epa-region-9#ca

Question 13:
Please provide coordinates for the disposal boundary for SF-11.
Answer 13:
Alcatraz Disposal Site, a circular area of radius 1,000 feet with center located at latitude 37° 49' 17" N; longitude 122° 25' 23" W

When utilizing the Alcatraz Island Disposal Site (SF-11), the permittee shall dispose of all dredged material within quadrants H, C, and I of SF-11. Rotate disposal between the quadrants at SF-11 and drop the load in the approximate center of each quadrant.

Also see Attached Amendment 03D-SF-11 Disposal Site

Question 14:

Please review dredge boundary points 10-14 for YBI, these points to not align to the points depicted on the drawing below for next 2 questions.

Answer 14:

The polygon provided for the dredge area across every file provided is accurate. Refer to the sampling analysis plan whenever unsure about the intended dredge prism. We have provided CAD files for each of the three sites.

Question 15:
Please provide location for point dredge boundary point #15 for YBI there is no point depicted on the drawing.
Answer 15:
The polygon provided for the dredge area across every file provided is accurate. Refer to the sampling analysis plan whenever unsure about the intended dredge prism. We have provided CAD files for each of the three sites.

Question 16:
Please provide dockface offset for both sides of the pier at YBI.
Answer 16:
It will be responsibility of the contractor to not damage the docks and achieve berthing depths immediately adjacent.

Question 17:
Please provide USCG expected traffic and docking at each of the 3 sites.
Answer 17:
Expect daily traffic at each of the three sites. Contractor coordination with each site POC is required daily as detailed in the Specs.
