Quality Control

The Contractor, prior to implementation, shall provide for DOS approval a Quality Control plan, that will include food service performance standards, metrics, and reporting required for quality control. This plan shall define the contractor's approach to Quality Assurance/Quality Control on the contract. It shall provide an overview of the contractor's approach to the planning, organization, direction, and control of quality-related activities associated with the delivery and performance of products and services.

Contractor shall specifically provide oversight to all food inspection activities while working within the requirements set forth by food service standards and regulations, the DOSDOS Regional Medical Officer (RMO) and DOSDOS Contracting Officer's Representative (COR) in completing the following duties:

- Food Handling Procedure
- Adherence to HACCP
- Menu Execution and Presentation
- MSGR kitchen inspections
- Food Storage inspections

11.1Food Inspection Resources

The Contractor shall provide resources to perform food procurement, food handler training, public and food facility inspections, vulnerability assessments and QA/QC monthly reports for the MSGR kitchen and dining areas. These requirements shall meet or exceed established FDA, USDA requirements. MSGR kitchens shall be inspected on a routine basis or as determined by the individual sanitation history and the potential risk associated with the number of personnel eating at a single site. The Contractor's Food Service employees shall receive periodic refresher training and a medical records review of new employees. The Contractor's food service employees shall be medically cleared prior to returning to work after receiving medical care.

11.2Standard Operating Procedures (SOP)

The Contractor will develop MSG kitchen usage food, and water inspection SOPs and, upon COR approval of the SOPs, apply the SOPs during periodic site inspections. The contractor shall provide monthly quality control reports and perform overall trending by facility and contractor to the DOSDOS COR. All phases of food service operations shall be evaluated against contractual requirements. Provide monthly reports on QA/QC, inspection findings and notification to DOS when follow-up action is needed, or a health hazard is identified during data analysis.

11.2.1 Medical Evaluation of Food Service Employees

The Contractor's Food Service personnel who seek medical treatment must be medically cleared prior to returning to work. In the event there is a communicable disease, appropriate health recommendations shall be elevated to DOS onsite supervisors and the facility manager.

11.3 Reporting Plan

Performance Data System

The Contractor will keep DOS informed of performance through deliverables, reports, and regular meetings with DOS representatives. The contractor shall capture and record resource changes against contract requirements to track schedules. Contractor shall also monitor resource allocation and performance data to determine whether sufficient resources are applied to required tasks, or whether reductions in work warrant corresponding reductions in staff. Analysis of labor, material, and equipment expenditures to work order and job code levels enables the COR and Program manager to track key data to verify that requirements are met to cost and schedule, and to identify and correct variances. The Contractor shall coordinate with the COR to enforce project controls at the site level. The Contractor's systems should be flexible, scalable, and adaptable to each requirement offering DOS real-time performance data upon request with minimal risk of information exposure.

Business Systems

The Contractor's business systems shall provide the support structure needed to input and track data for Quality Assurance/Quality Control (QA/QC) and performance management; personnel management; contract management; and to share deliverables and reports upon request.

The Contractor shall enhance program consistency, transparency, and accountability by maintaining detailed, Government-recognized processes and procedures for all MSG Detachment Cook duties.

These systems shall interface and feed information into a program management information system to provide near real-time reporting of performance status through a secure web-based portal/dashboard. This portal integrates programs, systems, and plans, and consolidates recruiting information, personnel management data, time and labor tracking, cost, and performance data by scheduled value. It shall provide a reporting mechanism to produce required deliverables, personnel manning information, and employee performance report status.

The Contractor shall collaborate with DOS and identify specific needs from requirements regarding the appropriate structuring and information needed for reporting. Contractor reports are directly related to an approved invoice system and human resource management system.

During performance, Contractor shall document work progress against the schedule. The Contractor shall measure performance against planned tasks weekly and monthly and develop a series of schedule performance metrics. The Contractor shall submit reports via electronic messaging to the COR, followed by hard copies as requested.

11.4 Quality Control Plan

This plan provides an effective method to promote satisfactory contractor performance. The QASP provides a method for the Contracting Officer's Representative (COR) to monitor Contractor performance, advise the Contractor of unsatisfactory performance, and notify the Contracting Officer of continued unsatisfactory performance. The Contractor, not the Government, is responsible for management and quality control to meet the terms of the contract. The role of the Government is to monitor quality to ensure that contract standards are achieved.

Performance Objective	Scope of Work Para	Performance Threshold
Services. Performs all Cook/Meal Preparation services services set forth in the scope of work.	1 through 11	All required services are performed and no more than one (1) customer complaint is received per month. (2) All required services are 90% adherence to ServSafe quality standards

11.1 SURVEILLANCE. The COR will receive and document all complaints from Government personnel regarding the services provided. If appropriate, the COR will send the complaints to the Contractor for corrective action.

11.2 STANDARD**.** The performance standard is that the Government receives no more than one (1) customer complaint per month. The COR shall notify the Contracting Officer of the complaints so that the Contracting Officer may take appropriate action to enforce the inspection clause (FAR 52.212-4, Contract Terms and Conditions-Commercial Items), if any of the services exceed the standard.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals–
(1) □ Are, □ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) □ Have, □ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;
(3) □ Are, □ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and
(4) □ Have, □ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.
(i) Taxes are considered delinquent if both of the following criteria apply:
(A) *The tax liability is finally determined*. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.
(B) *The taxpayer is delinquent in making payment*. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.
(ii) *Examples*.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.
(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). 52.229-11 TAX ON CERTAIN FOREIGN PROCUREMENTS-NOTICE AND REPRESENTATION (JUN 2020)

(a) *Definitions.* As used in this provision—

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

United States person as defined in 26 U.S.C. 7701(a)(30) means—

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(5) Any trust if—

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at ***www.irs.gov/w14***. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that—

(1) It [__]is [__]is not a foreign person; and
