COMBINED SYNOPSIS/SOLICITATION

HULL REPAIRS ON NOAA SHIP RAINIER'S SMALL BOATS, RA3 AND RA4, IN NEWPORT, OREGON

(I) This is a combined synopsis/solicitation for commercial items prepared in accordance with RFO Part 12. This announcement constitutes the only solicitation. Offers are being requested and no other written solicitation will be issued.

(II) This solicitation is issued as a request for quotation (RFQ). Submit written quotes on RFQ Number 1305M226Q0231.

(III) This solicitation is being issued as a total small business set-aside. The associated NAICS code is 336611. The small business size standard is 1,300 employees.

(IV) This combined solicitation/synopsis is for the following commercial services:

Line Item 0001 Services, non-personal, to provide all labor, equipment and materials (unless otherwise provided herein) necessary to perform repair services on Rainier Small Boat RA3 in Newport, Oregon in accordance with the attached, incorporated Statement of Work.
1. Pick Up and Delivery charge
2. Hull Inspection
3. Hull Repair
4. Hull Painting
5. Replace motor mounts
6. Fire and Safety Inspection

Line Item 0002 Services, non-personal, to provide all labor, equipment and materials (unless otherwise provided herein) necessary to perform repair services on Rainier Small Boat RA4 in Newport, Oregon in accordance with the attached, incorporated Statement of Work.
1. Pick Up and Delivery charge
2. Hull Inspection
3. Hull Repair
4. Hull Painting
5. Replace motor mounts
6. Fire and Safety Inspection

(V) Description of requirements is as follows:

See attached Statement of Work which applies to the line items in Section (IV). Offerors must provide separate pricing for each task listed in the Statement of Work. Lump sum pricing will not be accepted.
Turnaround time must be provided on quote.
Wage Determination # 2015-5575 Revision 33 is applicable and may be viewed at www.SAM.gov.

(VI) Place of Performance: Offeror's facility. Offeror to pick up and re-deliver small boats to NOAA facility located at 2002 SE Marine Science Drive, Newport, OR 97365

Period of Performance shall be: date of award through 09/30/2026 or sooner- both small boats must be onsite at the Newport, OR facility no later than 09/30/2026.

(VII) Defense Priorities and Allocations System (DPAS) and assigned rating does not apply.

(VIII) Quotes are required to be received in the contracting office no later than 5:00 P.M. MDT/MST on Aug 14, 2026. All quotes must be emailed to the attention of Michelle Walton. The email address is michelle.walton@noaa.gov

(IX) Any questions regarding this solicitation should be directed to Michelle Walton, phone: 757-605-7411, email: michelle.walton@noaa.gov

Per NOAA Deviation 2025-02/03: System updates may lag policy updates. The System for Award Management (SAM) may continue to require entities to complete representations based on provisions that are not included in agency solicitations. Contracting officers will not consider those representations when making award decisions or enforce requirements. Entities are not required to, nor are they able to, update their entity registration to remove these representations in SAM.

UTILIZATION OF FEDCONNECT® FOR CONTRACT ADMINISTRATION

The Department of Commerce will utilize the FedConnect® web portal in administering this award. The contractor must be registered in FedConnect® and have access to the FedConnect® website located at https://www.fedconnect.net/Fedconnect/. For assistance in registering or for other FedConnect® questions please call the FedConnect® Help Desk at (800) 899-6665 or email at support@fedconnect.net. There is no charge for registration in or use of FedConnect®.

(End)

.

Site Visit Location: NOAA Marine Operations Center-Pacific, 2002 SE Marine Science Dr, Newport, OR 97365
Site Visit Points of Contact: Vendors must contact Dale Morrison at 541-351-4634 or email: dale.d.morrison@noaa.gov and Peter Jennings at 228-355-3000 or email: peter.jennings@noaa.gov to make site visit appointments.

All Offerors are strongly encouraged to make a site visit to inspect all proposed work and to acquire all necessary site information to properly prepare their Quote. Failure of the Offeror to visit the site and acquire all necessary site information to properly prepare the quote shall not be acceptable cause to justify a later request for additional costs after Contract Award. Any questions that come up at the site visit must be provided to Michelle Walton via email at michelle.walton@noaa.gov no later than Aug 12, 2026 at 12:00 P.M. MDT/MST. No questions will be answered on site.

STATEMENT OF WORK

1. **Scope:**

1.1. Inspect and repair the hull of hydro survey launches (HSL) RA3 & RA4.

1.2. Replace RA3 & RA4 engine mounts.

1.3. Renew RA3 & RA4 hull paint.

1.4. Conduct fire and safety inspection of RA3 & RA4 fixed and portable fire systems.

2. **Period of Performance:**

2.1. 1 Day after award to 1600, 30 September 2026.

3. **Point(s) of Contact:**

3.1. Technical Point of Contact(TPOC): PROVIDED AT TIME OF AWARD

4. **General Requirements:**

4.1. References:

4.1.1. American Boat and Yacht Council (ABYC) Standards and Technical Information Reports for Small Craft

4.1.2. NOAA Small Boat Standards and Procedures Manual, 4.2 Edition, January 05, 2024.

4.1.3. OMAO Supplement to the NOAA Small Boat Standards and Procedures Manual, Version 3.0, Feb 2022.

4.1.4. Cummins Operation and Maintenance Manual QSC8.3 and QSL9 Engine Owner’s Manual, Bulletin 4021571, 02 March 2021.

4.2. Requirements:

4.2.1. Following completion of work and prior to acceptance, all work areas shall be restored to the same condition of cleanliness and serviceability as they were upon the boat's arrival.

4.2.2. **Condition Found Reports:**

a. A Condition Found Report (CFR) shall be prepared and submitted by the Contractor to the TPOC on all of the following occasions:

1. Whenever specifically required by this or other documents.

2. Whenever the Contractor determines or notes that additional work or material or other deviation is necessary in order to produce a reliable or complete repair.

3. Whenever defect or deficiencies are noted in Government-furnished Property, or on government equipment or components.

4. Whenever measurements, tests or inspections are required by other specifications or procurement documents, the results and findings shall be documented on a CFR.

b. Condition Found Reports shall contain, as a minimum, the following:

1. Name of the ship or boat.

2. Contract number and related work item number.

3. Detailed description of conditions observed, including a record of all measurements taken and other supporting data.

4. Recommendations of additional work and materials deemed to be needed, if any, including the contractors proposed cost for time and material incidental to the recommendation.

5. Estimate of the impact on the completion of the contract, if any.

c. Submit Condition Found Reports to the TPOC within twenty-four hours after completing the measurements, inspections, or tests, or after the need for additional work or material is noted.

4.2.3. **Protective Coverings:**

a. Utilize foreign material exclusion barriers (FMEs) or protective coverings to protect all compartments, machinery, equipment, deck coverings, furnishings, insulation, glass, cables, piping systems, coatings, structures, and other vessel components from damage and from entry of dust, dirt, grit, sand, and other foreign particles.

b. All damage and contamination resulting from failure to provide adequate protection shall be repaired and cleaned by the Contractor at the Contractor’s expense to re-establish the condition which existed at the start of the work.

c. After completion of all other work, remove and dispose of all protective coverings along with any adhesive residue used to hold coverings in place

4.2.4. **Interferences and Restoration:**

a. Remove all interferences and obstructions necessary to complete the required work. This shall include the disassembly and removal of machinery, piping, ducts, cable, wiring, insulation, structures, and anything else which interferes with the proper accomplishment of work. Except as otherwise specified, this does not include relocations made necessary by new installations which physically prevent an interference from being returned to its existing location.

b. Whenever an interference to be removed involves a structural strength member, temporary supports shall be provided to compensate for the strength loss. Whenever watertight integrity is violated by a removed interference, provide a temporary means of maintaining watertight integrity, except when work is actually being performed.

c. Restore all interferences to their existing configuration and condition. Install new gaskets and fasteners. In place of material which is rendered unsuitable for reinstallation during removal or storage, provide and install new materials which are equal in composition, strength, design, type, and size as existed prior to removal. All insulation removed or damaged shall be renewed with new insulation.

d. Align and conduct strength, tightness, and operational tests to ensure that the reinstalled interferences safely perform their normal functions.

e. The Contractor shall be responsible for identifying all interferences involved in accomplishing required work. Interferences are not normally identified in the detail specifications of the work item.

4.2.5. **Gaskets, Packing, and Seals:**

a. Whenever the Contractor performs work which disturbs existing gaskets, packing, or seals, new gaskets, packing, and seals of same material as existing shall be installed unless otherwise specified.

4.2.6. Sea Trials and Testing

a. Upon completion of work, all systems that were worked on shall be tested per manufacturer’s recommendation and to demonstrate satisfactory system performance in normal operating conditions. Timeline for completion of this testing will vary based upon when the vessel will next be in the water and operators will be available.

STATEMENT OF WORK

END OF ITEM

5. **Base Work Items:**

5.1. HSL Pick up & Delivery:

5.1.1. References:

a. None

5.1.2. Requirements:

a. Pick Up:

1. Provide over the road shipping for two (2) HSLs to transport from the NOAA facility to the contractor's facility. The weight of each HSL is 15,500 Lbs.

a) Pick up address is:

NOAA Marine Operations Center - Pacific

2002 SE Marine Science Dr

Newport OR, 97365

b) Coordinate pick up date a minimum of 5 days in advance with the point(s) of contact to coordinate crane to load the HSLs on a truck. NOTE: NOAA will be responsible for coordinating the crane.

b. Delivery:

1. Provide over the road shipping for two (2) HSLs to transport from the contractor's facility to the NOAA facility. The weight of each HSL is 15500 Lbs.

a) Delivery address is:

NOAA Marine Operations Center - Pacific
2002 SE Marine Science Dr
Newport OR, 97365

b) Coordinate pick up date a minimum of 5 days in advance with the point(s) of contact to coordinate crane to off load the HSLs on a truck. NOTE: NOAA will be responsible for coordinating the crane.

5.1.3. Quality Assurance:

a. None.

5.1.4. Deliverables:

a. None.

5.1.5. Notes:

a. None.

End of Item

5.2. Repair HSL RA3 (2803) Hull

5.2.1. Scope:

a. Inspect, repair and paint the hull.

b. Replace motor mounts.

c. Conduct fire system inspection.

5.2.2. References:

a. 28′ HYDROGRAPHIC LAUNCH Drawing 107050-100-1 – "Lines"

b. 28′ HYDROGRAPHIC LAUNCH Drawing 107050-101-1 – "Outboard Profile"

c. 28′ HYDROGRAPHIC LAUNCH Drawing 107050-101-3 – "General Arrangement"

d. 28′ HYDROGRAPHIC LAUNCH Drawing 107050-111-1 – "Shell Framing and Plating"

e. 28′ HYDROGRAPHIC LAUNCH Drawing 107050-116-1 – "Inboard Structural Profile"

f. 28′ HYDROGRAPHIC LAUNCH Drawing 107050-117-1 – "Midship and Typical Sections"

g. 28′ HYDROGRAPHIC LAUNCH Drawing 107050-131-1 – "Deck Structural Plans"

5.2.3. Requirements:

a. Perform an as arrived inspection of the HSL's condition.

b. Hull inspection:

1. Provide a Certified Commercial Marine Inspector to:

a) Identify signs of material degradation, cracks, and corrosion.

b) Conduct a corrosion analysis to identify pitting, exfoliation, and "white powder" deposits indicating active corrosive cells.

c) Check structural integrity for deformation and hairline fractures in welds, especially near the bow and engine mounts.

d) Inspect sacrificial anodes and check the continuity of the hull's bonding system.

2. Provide services of a non-destructive test (NDT) organization perform ultrasonic thickness (UT) measurements of hull plating and structural members, and conduct ultrasonic shear wave inspections on suspect weld seams.

3. Submit an inspection report with the UT measurements and areas requiring repairs via CFR to the TPOC within 3 working days of completion.

c. Hull repair:

1. Extract or drain fuel.

2. Provide labor to disconnect and remove interferences as necessary in way of hull repairs such as, but not limited to:

a) Electrical systems and batteries.

b) Fuel tank(s).

c) Engine & transmission linkages.

d) Fuel-water separators.

3. Provide welding, labor and materials to repair the hull:

a) Crop out up to three (3) 18” x 18” areas requiring repair identified from the UT inspection. If additional repairs are required submit a CFR to the TPOC withing 24 hours.

b) Prep the hull for either a 6” diameter or 18” x 18” area insert(s).

c) Fit up and weld insert(s). Hull material is 5000 series marine aluminum.

d) Perform non-destructive dye-penetrant testing to verify the absence of porosity or hairline fractures in the new weld.

4. Fill and sand smooth interior hull and propeller tunnel pitting with a hard epoxy.

5. Reinstall removed interferences and reconnect linkages and electrical connections.

d. Hull painting:

1. Remove all existing bottom paint down to the bare aluminum.

2. Fill and sand smooth non-corroded pits and dings with a hard epoxy.

3. Apply two coats of primer, two coats of epoxy and two coats of anti-fouling paint.

4. Install new sacrificial anodes and zinc to the hull.

e. Engine mount replacement:

1. Provide labor and material to replace the engine mounts.

f. Fire and Safety Inspection:

1. Complete annual fire inspection and testing, including certification of the following Work Boat fire equipment. Submit conditions found report (CFR) to TPOC for deficiencies found:

a) Portable fire extinguishers.

b) Fixed fire suppression system, including cylinders and components

5.2.4. Quality Assurance:

a. Upon completion of all the above items, vendor shall coordinate a final sea trial with the TPOC.

5.2.5. Deliverables:

a. Submit a final service report detailing inspections, repairs, preservation and testing to the TPOC via CFR within 3 working days after completion.

b. Submit fire and safety certificate to the TPOC via CFR within 3 working days after completion.

5.2.6. Notes:

a. Survey Boat Hull Registration Number (HRN) 2803 common name is (RA-3):

Builder: All American Marine
Model: 30 HSL
HIN: NOAA2803
Year Built: 2008
LOA: 28′
Beam: 10′67″
Load "A": 15000 lbs
Load "B": 18000 lbs
Boat Capacity: 10 People
Hull Material: Aluminum
Engine Make: Cummins
Engine Model: QSB6.7480GSI
Engine Serial Number: 46899168
Fuel Type: Diesel
Transmission Make: ZF Marine
Transmission Model: ZF305-3A
Transmission Serial No: 20261214
Boat Drive Type: Bobtail.

End of Item

5.3. Repair HSL RA4 (2801) Hull

5.3.1. Scope:

a. Inspect, repair and paint the hull.

b. Replace motor mounts.

c. Conduct fire system inspection.

5.3.2. References:

a. 28′ HYDROGRAPHIC LAUNCH Drawing 107050-100-1 – "Lines"

b. 28′ HYDROGRAPHIC LAUNCH Drawing 107050-101-1 – "Outboard Profile"

c. 28′ HYDROGRAPHIC LAUNCH Drawing 107050-101-3 – "General Arrangement"

d. 28′ HYDROGRAPHIC LAUNCH Drawing 107050-111-1 – "Shell Framing and Plating"

e. 28′ HYDROGRAPHIC LAUNCH Drawing 107050-116-1 – "Inboard Structural Profile"

f. 28′ HYDROGRAPHIC LAUNCH Drawing 107050-117-1 – "Midship and Typical Sections"

g. 28′ HYDROGRAPHIC LAUNCH Drawing 107050-131-1 – "Deck Structural Plans"

5.3.3. Requirements:

a. Perform an as arrived inspection of the HSL's condition.

b. Hull inspection:

1. Provide a Certified Commercial Marine Inspector to:

a) Identify signs of material degradation, cracks, and corrosion.

b) Conduct a corrosion analysis to identify pitting, exfoliation, and "white powder" deposits indicating active corrosive cells.

c) Check structural integrity for deformation and hairline fractures in welds, especially near the bow and engine mounts.

d) Inspect sacrificial anodes and check the continuity of the hull's bonding system.

2. Provide services of a non-destructive test (NDT) organization perform ultrasonic thickness (UT) measurements of hull plating and structural members, and conduct ultrasonic shear wave inspections on suspect weld seams.

3. Submit an inspection report with the UT measurements and areas requiring repairs via CFR to the TPOC within 3 working days of completion.

c. Hull repair:

1. Extract or drain fuel.

2. Provide labor to disconnect and remove interferences as necessary in way of hull repairs such as, but not limited to:

a) Electrical systems and batteries.

b) Fuel tank(s).

c) Engine & transmission linkages.

d) Fuel-water separators.

3. Provide welding, labor and materials to repair the hull:

a) Crop out up to three (3) 18” x 18” areas requiring repair identified from the UT inspection. If additional repairs are required submit a CFR to the TPOC withing 24 hours.

b) Prep the hull for either a 6” diameter or 18” x 18” area insert(s).

c) Fit up and weld insert(s). Hull material is 5000 series marine aluminum.

d) Perform non-destructive dye-penetrant testing to verify the absence of porosity or hairline fractures in the new weld.

4. Fill and sand smooth interior hull and propeller tunnel pitting with a hard epoxy.

5. Reinstall removed interferences and reconnect linkages and electrical connections.

d. Hull painting:

1. Remove all existing bottom paint down to the bare aluminum.

2. Fill and sand smooth non-corroded pits and dings with a hard epoxy.

3. Apply two coats of primer, two coats of epoxy and two coats of anti-fouling paint.

4. Install new sacrificial anodes and zinc to the hull.

e. Engine mount replacement:

1. Provide labor and material to replace the engine mounts.

f. Fire and Safety Inspection:

1. Complete annual fire inspection and testing, including certification of the following Work Boat fire equipment. Submit conditions found report (CFR) to TPOC for deficiencies found:

a) Portable fire extinguishers.

b) Fixed fire suppression system, including cylinders and components

5.3.4. Quality Assurance:

a. Upon completion of all the above items, vendor shall coordinate a final sea trial with the TPOC.

5.3.5. Deliverables:

a. Submit a final service report detailing inspections, repairs, preservation and testing to the TPOC via CFR within 3 working days after completion.

b. Submit fire and safety certificate to the TPOC via CFR within 3 working days after completion.

5.3.6. Notes:

a. Survey Boat Hull Registration Number (HRN) 2801 common name is (RA-4):

Builder: All American Marine

Boat Drive Type: Bobtail.

End of Item

Appendix A: Definitions

Inspect: Visually evaluate the specified surface, item, part or component for evidence of contamination, damage, excessive wear, scoring, and other conditions which could interfere with proper operation, functioning, or reliability.

Install: Place the specified item in position for service and make all connections needed to ensure proper use, service, appearance, and operation. This shall include the following, unless otherwise specified:

Provide a new foundation or modify the existing foundation. Securely mount equipment and components to the foundation using new fasteners. Align connected equipment and components to meet manufacturer's specifications.

Make all electrical connections. Provide new electric cable runs between controllers and motors of new equipment. In other applications, existing cables may be reused. Renew cables which are too short and less than 20 feet long. Junction boxes may be used to increase the cable run length where the existing cable runs are longer than 20 feet.

Modify new piping to suit the new equipment including re-routing existing piping and adding new piping as needed to properly connect new equipment and components. Piping modifications greater than five feet from the equipment are not required. New piping is required only to the extent necessary to accommodate modifications of existing piping.

Piping: A system of pipe, fittings, tube, elbows, tees, valves, couplings, and other fittings.

5.4. **Overhaul:**

Restore to a condition of reliability equivalent to new, as follows:

a. Disassemble

b. Clean

c. Inspect for damage, deterioration, or defects that may affect operation of the equipment.

d. Repair (welding, machining, etc. or replace non wear components as needed)

e. Re-assemble, using new wear parts such as bearings, gaskets, o-rings, and seals

f. Calibrate

g. Test (Non-destructively (NDT), hydrostatically and/or operationally)

Components and parts shall meet the manufacturer's rebuild specifications

Rebuild: (see Overhaul)

Reinstall: Return an item which was temporarily removed to its original configuration and location.

Replace, Renew:

Provide and install a new item in place of an existing or previously removed item.

The new item must be comparable in material, performance and configuration to the item removed.

Checkpoint: Instances that have the verbiage "*CHECKPOINT*" in the SOW require the contractor to verify, or inspect, the work performed with the COR or Port Engineer. Any section that does not include "*CHECKPOINT*" does not preclude the contractor from obtaining TPOC approval, or verification, before proceeding work.

Standard Language UTILIZATION OF FEDCONNECT FOR CONTRACT ADMINISTRATION

The Department of Commerce will utilize the FedConnect® web portal in administering this award. The contractor must be registered in FedConnect® and have access to the FedConnect® website located at

https://www.fedconnect.net/Fedconnect/. For assistance in registering or for other FedConnect® questions please call the FedConnect® Help Desk at (800) 899-6665 or email at support@fedconnect.net. There is no charge for registration in or use of FedConnect®.

RFO 52.212-1 INSTRUCTIONS TO OFFERORS-COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES. (SEP 2023) (Deviation JAN 2026)

NOTICE TO OFFERORS: Instructions for submitting quotations under this request for quote must be followed. Failure to provide all information to aid in the evaluation may be considered non-responsive. Offers that are non-responsive may be excluded from further evaluation and rejected without further notification to the offeror.

The offeror will submit a quote for the items in section (IV).

1. Submit PDF or Microsoft Word format quotations to the office specified in this solicitation at or before the time specified in the solicitation. Email quotes are required and can be sent to michelle.walton@noaa.gov.

2. Offeror shall have an active registration in the System for Award Management (SAM found at https://sam.gov/content/home) in order to provide a quote and be eligible for award. Must provide their UEI #/CAGE CODE with their quote.

3. Provide all evaluation criteria in accordance with RFO 52.212-2 in this package. Offerors who do not provide all evaluation criteria will not be accepted.

4. Offerors shall assume that the Government has no prior knowledge of them or their capability.

5. Quote shall include at least three references for similar services including the phone number, full address, and e-mail address. References will be checked. The Government will use its discretion to determine the sources of past performance information used in the evaluation, and the information may be obtained from references provided by the offeror, the agency's knowledge of offeror's performance, other government agencies or commercial entities, or past performance databases, and will be based on responsiveness, quality, and customer services.
The following minimum information shall be provided within offeror submitted references:
• Contract Number/Order Number
• Date of Contract Award
• Name and Address of the Government Agency or Commercial Entity
• Contract Type
• Annual Contract Cost
• Period of Performance
• Description of Work
• Valid name, phone number and e-mail address of Contracting Officer, Contracting Officer's Representative or Prime Contractor (if company was subcontracted).
• In the description of work, quotes should provide a detailed explanation demonstrating the similarity of the contract, in terms of scope and size to the requirements of the solicitation for purposes of the relevancy review. Additionally, offerors should provide a brief description of work performed and results achieved; description of the methodology, tools, and processes utilized.

Offerors are cautioned that the Government reserves the right to obtain information for use in the evaluation of past performance from any sources including sources outside of the Government. The Government may obtain whatever information it deems most relevant to the required effort by telephonic and/or written inquiry. This information may include CPARS reports, SAM.gov information or past performance information from any source.

6. If proposed subcontractor past performance is provided as part of the three (3) of its most relevant contracts or efforts and type of work to be done by the subcontractor on the solicitation requirement must be stated. The offeror's submittal shall clearly detail the aspects of the work in the solicitation that the subcontractor is proposed to perform. A Past Performance example which does not clearly detail the aspects of the work in the solicitation that the subcontractor is proposed to perform will not be evaluated.
If the prime offeror or intended subcontractor/partner submits a past performance example in which it served as a subcontractor, the prime/sub/partner shall clearly detail the work that it performed and the size (dollar value) of that subcontracted work only. A Past Performance example that does not differentiate between the overall contract effort and the subcontractor effort will not be evaluated. Subcontractor performance (either the offeror's own subcontractor experience or proposed subcontractor's experience) of major or critical aspects of this requirement will be considered the same as prime contractor past performance information for the offeror. Failure of offerors to provide the required information and level of specificity will result in the contract reference not being evaluated.

"THE GOVERNMENT DOES NOT ACCEPT RESPONSIBILITY FOR NON-RECEIPT OF QUOTES. IT IS THE OFFEROR'S RESPONSIBILITY TO REQUEST AND RECEIVE A CONFIRMATION OF THE QUOTE RECEIPT".

(End of provision)

RFO 52.212-2 EVALUATION-COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES. (NOV 2021) (Deviation JAN 2026)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. Paragraph (a) is hereby completed as follows: Evaluation will be based on the following pass/fail criteria;

1. **Technical Approach/Capability.**
   The offeror's overall technical approach will be evaluated to assess the Government's level of confidence in the offeror's understanding of, approach to, and ability to successfully perform the requirements as described in the Statement of Work. Provide a detailed description of the company's experience performing similar services. A detailed technical approach write-up describing how the offeror will perform this service is required to be submitted with the quote regardless of whether a site visit was made or not. The technical approach write-up must not be a reiteration of the Statement of Work but how your company plans on performing the tasks listed in the attached Statement of Work. i.e. performance checklists, anticipated number of janitors, anticipated hours at the facility and/or confirmation of supplies being provided, etc. Offerors must have experience with similar vessels (length/tonnage/specs listed in the Statement of Work). Turnaround completion date is 09/30/2026. Offerors must provide

turnaround time on quote and turnaround time will be evaluated as Pass/Fail.

2. **Past Performance**
   Quote shall include at least three references for similar and relevant services including the phone number, full address, and e-mail address to demonstrate the offeror's capability to successfully perform the services listed in the Statement of Work. The offeror's past performance on related contracts will be evaluated to determine, as appropriate, successful performance of contract requirements, quality and timeliness of delivery of goods and services, cost management, communications between contracting parties, proactive management and customer satisfaction. The Government will use its discretion to determine the sources of past performance information used in the evaluation, and the information may be obtained from references provided by the Offeror, the agency's knowledge of Offeror performance, other government agencies or commercial entities, or past performance databases, and will be based on responsiveness, quality, and customer services. Offerors lacking relevant past performance history, or for whom past performance information is either not available or has not been submitted to the Government, will receive a neutral rating for past performance.

3. Price

The Government intends to award a low priced, technically acceptable, single firm fixed-price purchase order on an all or none basis with payment terms of Net 30.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

RFO 52.252-1 Solicitation Provisions Incorporated by Reference. (FEB 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es): https://www.acquisition.gov/far-overhaul

(End of provision)

RFO 52.252-2 Clauses Incorporated by Reference. (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es): https://www.acquisition.gov/far-overhaul

(End of clause)

RFO 52.252-5 Authorized Deviations in Provisions. (NOV 2020)

(a) The use in this solicitation of any Federal Acquisition Regulation (48 CFR chapter 1) provision with an authorized deviation is indicated by the addition of (DEVIATION) after the date of the provision.

(b) The use in this solicitation of any Commerce Acquisition Regulation (48 CFR chapter 1352) provision with an authorized deviation is indicated by the addition of (DEVIATION) after the name of the regulation.

(End of provision)

RFO 52.252-6 Authorized Deviations in Clauses. (NOV 2020)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of (DEVIATION) after the date of the clause.

(b) The use in this solicitation or contract of any Commerce Acquisition Regulation (48 CFR Chapter 1352) clause with an authorized deviation is indicated by the addition of (DEVIATION) after the name of the regulation.

(End of clause)

CAR 1352.215-72 Inquiries. (APR 2010)

Offerors must submit all questions concerning this solicitation in writing to michelle.walton@noaa.gov. Questions should be received no later than 12 calendar days after the issuance date of this solicitation. Any responses to questions will be made in writing, without identification of the questioner, and will be included in an amendment to the solicitation. Even if provided in other form, only the question responses included in the amendment to the solicitation will govern performance of the contract.

(End of clause)

CAR 1352.233-70 Agency protests. (APR 2010)

(a) An agency protest may be filed with either: (1) The contracting officer, or (2) at a level above the contracting officer, with the appropriate agency Protest Decision Authority. See 64 FR 16,651 (April 6, 1999).

(b) Agency protests filed with the Contracting Officer shall be sent to the following address: Michelle Walton; Michelle.Walton@noaa.gov

(c) Agency protests filed with the agency Protest Decision Authority shall be sent to the following address: Eastern Acquisition Division
ATTN: Dawn Dabney, NOAA Simplified Acquisition Branch Chief
Dawn.Dabney@noaa.gov

(d) A complete copy of all agency protests, including all attachments, shall be served upon the Contract Law Division of the Office of the General Counsel within one day of filing a protest with either the Contracting Officer or the Protest Decision Authority.

(e) Service upon the Contract Law Division shall be made as follows: U.S. Department of Commerce, Office of the General Counsel, Chief, Contract Law Division, Room 5893, Herbert C. Hoover Building, 14th Street and Constitution Avenue, NW., Washington, DC 20230. FAX: (202) 482-5858.

(End of clause)

CAR 1352.233-71 GAO and Court of Federal Claims protests. (APR 2010)

(a) A protest may be filed with either the Government Accountability Office (GAO) or the Court of Federal Claims unless an agency protest has been filed.

(b) A complete copy of all GAO or Court of Federal Claims protests, including all attachments, shall be served upon (i) the Contracting Officer, and (ii) the Contract Law Division of the Office of the General Counsel, within one day of filing a protest with either GAO or the Court of Federal Claims.

(c) Service upon the Contract Law Division shall be made as follows: U.S. Department of Commerce, Office of the General Counsel, Chief, Contract Law Division, Room 5893, Herbert C. Hoover Building, 14th Street and Constitution Avenue, NW., Washington, DC 20230. FAX: (202) 482-5858.

(End of clause)

CAR 1352.246-70 Place of acceptance. (APR 2010)

(a) The Contracting Officer or the duly authorized representative will accept supplies and services to be provided under this contract.

(b) The place of acceptance will be:

NOAA Marine Operations Center-Pacific
2002 SE Marine Science Dr
Newport, OR 97365

(End of clause)

CAR 1352.271-88 Guarantees. (APR 2010)

(a) In the event any work performed or materials furnished by the contractor under this contract prove defective or deficient within 30 days from the date of redelivery of the vessel, the contractor, as directed by the Contracting Officer and at its own expense, shall correct and repair the deficiency to the satisfaction of the Contracting Officer.

(b) The Government shall be entitled to rely upon any guarantee secured by the contractor or any sub-contractor covering work done or materials furnished which exceeds the 30day period until its expiration.

(c) With respect to any individual work item identified and listed as incomplete at the redelivery of the vessel, the guarantee period shall run from the date of completion of such item.

(d) If and when practicable, the Government shall afford the contractor an opportunity to effect such corrections and repairs.

(1) If the Contracting Officer determines it is impracticable or is otherwise not advisable to return the vessel to the contractor, or the contractor fails to proceed promptly with any such repairs as directed by the Contracting Officer, the Contracting Officer may direct that the repairs be performed elsewhere, at the contractor's expense.

(2) Where corrections and repairs are to be made by other than the contractor due to nonreturn of the vessel to the contractor, the contractor's liability may be discharged by an equitable deduction in the price of the contract.

(e) The contractor's liability shall only extend for an additional 30 day guarantee period on those defects or deficiencies which it corrected. However, this clause does not limit the responsibility or relieve the liability of the contractor under the Liability and Insurance clause.

(f) At the Contracting Officer's option, defects and deficiencies may be left in their uncorrected condition. In that event, the contractor and the Contracting Officer shall agree on an equitable deduction in the contract price. Failure to agree upon an equitable reduction shall constitute a dispute under the Disputes clause of this contract.

(g) The rights and remedies of the Government provided in this clause are in addition to and do not limit any rights afforded to the Government by any other clause of the contract. If a defect or deficiency that exists at the time of redelivery of the vessel was not discovered by a reasonable inspection and is discovered after the expiration of the time frame stated in this clause, it is not subject to the time limitations stated in this clause.

(End of clause)

CAR 1352.271-90 Insurance requirements. (APR 2010)

(a) The contractor shall procure and thereafter maintain the following insurance:

(1) Ship contractor's legal liability insurance to insure the risks described in paragraph (b) of clause 1352.271-79. This insurance shall be for $1,000,000.00.

(2) Comprehensive general liability insurance and automobile insurance to insure the risks described in paragraph (c) of clause 1352.271-79. This insurance shall be for $1,000,000.00 on account of any one accident or occurrence with respect to each vessel, boat, and/or barge upon which work is performed. The contractor shall cause the Government to be named as an additional insured under any and all liability insurance policies.

(3) Full coverage in accordance with the State Worker's Compensation law; and

(4) Full coverage in accordance with the United States Longshoremen's and Harbor Worker's Act.

(b) As evidence that it has obtained the insurance specified in paragraph (a) of this clause, the contractor shall furnish the Contracting Officer with a certificate or certificates executed by an agent of the insurer authorized to execute such certificates. Such certificates shall be furnished prior to commencement of the work. Each certificate shall state that (name of insurer) has insured (name of contractor) awarded contract number [ ] for repair/alteration of (name of vessel) in accordance with the Liability and Insurance clause and the Insurance Requirements clause contained herein. Each certificate shall set forth that each policy of insurance represented thereby will expire on (APR 2010) and that each such policy contains the following clause:

"It is agreed that in the event of cancellation or any material change in the policy adversely affecting the interest of the Government in this insurance, 30 days prior written notice will be given to the Contracting Officer."

(End of clause)

NOAA Acquisition Manual 1330-52.222-70 NOAA SEXUAL ASSAULT AND SEXUAL HARASSMENT PREVENTION AND RESPONSE POLICY (MAY 2018)

In accordance with NOAA Administrative Order (NAO) 202-1106, NOAA Sexual Assault and Sexual Harassment Prevention and Response Policy, it is the policy of NOAA to maintain a work environment free from sexual assault and sexual harassment. NOAA prohibits sexual assault and sexual harassment by or of any employee, supervisor, manager, contractor, vendor, affiliate, or other individual with whom NOAA employees come into contact by the virtue of their work for NOAA.

(a) Definitions.

Contractor Employees - The term “contractor employees,” as used in this solicitation and contract language, refers to employees of the prime contractor or its subcontractors, affiliates, consultants, or team members.

Sexual Assault - The term sexual assault, as used in this solicitation and contract language, means any conduct proscribed by state or federal sexual abuse laws, including, but not limited to, those defined in chapter 109A of title 18 of the U.S. Code (sexual abuse), and assaults committed both by offenders who are strangers to the victim and by offenders who are known or related by blood or marriage to the victim.

Sexual Harassment - As defined by the Equal Employment Opportunity Commission, sexual harassment is a form of sex discrimination that violates Title VII of the Civil Rights Act of 1964. It includes unwelcome sexual advances, requests for sexual favors, and other verbal, non-verbal, or physical conduct of a sexual nature when any of the following are true:

● Submission to such conduct is made either explicitly or implicitly as a term or condition of an individual's employment;

● Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual;

● The conduct unreasonably interferes with an individual's work performance or creates an intimidating, hostile, or offensive working environment.

The main characteristics of sexual harassment are that the harasser's conduct is targeted against the recipient's sex, gender identity, or sexual orientation, and is unwelcome to the recipient. It may include, but is not limited to: offensive jokes, slurs, epithets or name calling, undue attention, physical assaults or threats, unwelcome touching or contact, intimidation, ridicule or mockery, insults or put-downs, constant or unwelcome questions about an individual's identity, and offensive objects or pictures.

(b) Requirements.

1. It is the responsibility of the contractor to ensure that contractor employees maintain the highest degree of conduct and standards in performance of the contract. In support of this, NOAA urges its contractors to develop and enforce comprehensive company policy addressing sexual assault and sexual harassment.

2. The contractor shall include wording substantially the same as this solicitation and contract language in every subcontract so that it is binding upon each subcontractor.

3. If a contractor employee observes or is the object of sexual assault or sexual harassment, he or she is highly encouraged to report the matter, as soon as possible, to their immediate supervisor, the COR, subset of the COR (e.g. Task Manager or Assistant COR), or contracting officer (CO) if a COR is not assigned to the contract. The contract employee may also contact the NOAA Civil Rights Office to obtain guidance on reporting instances of sexual assault or sexual harassment. If deemed necessary, the contractor employee may also report such instances to local law enforcement. In the case where the incident occurs while performing at a remote location, such as at sea or in the field (at a field camp or other isolated location) where the above referenced individuals are unavailable, the contractor employee should follow the reporting procedure set forth in NAO 202-1106, Section 6.07, Reporting from Remote Locations.

4. Swift reporting allows NOAA and the contractor to take the appropriate measures to ensure that offensive behavior stops and the complainants' needs are addressed.

5. The COR (if assigned), CO, and contractor, where applicable, will work together to ensure appropriate action is taken in accordance with applicable laws and regulations, contract terms and conditions, and the contractor's written policy (where applicable).

6. The contractor shall provide all contractor employees assigned to perform under this contract with mandatory sexual assault and sexual harassment prevention and response training in compliance with the requirements of NAO 202-1106, Section 5, Prevention Training and Awareness, as part of their initial in-processing and on an annual basis thereafter. The initial training shall be completed within [ ] business days (30 unless a different number is inserted) of contract award or the date a contractor employee is assigned to perform under the contract, as applicable.

Evidence of initial training by name and date completed for each contractor employee, shall be submitted to the COR or contracting officer (if no COR assigned) within 10 business days of completion.

Evidence of annual training by name and date completed for each contractor employee shall be submitted to the COR or contracting officer (if no COR assigned) no later than March 1st of each calendar year of contract performance.

7. The mandatory sexual assault and sexual harassment training provided by the contractor shall include the required elements set forth by NOAA's Workplace Violence Program Manager. A link to the website including the required elements of the training is provided at https://www.noaa.gov/organization/acquisition-grants/noaa-workplace-harassment-training-for-contractors-and-financial. The website will also provide training materials and resources to assist the contractor in conducting the training. The contractor may provide training that solely addresses the NOAA required elements or may supplement existing company sexual assault and sexual harassment training in a manner that ensures all of the elements are adequately addressed.

8. The required elements of the training and resources available to the contractor for the training may be updated by NOAA periodically. The contractor is responsible for monitoring the website and incorporating any changes to the NOAA required elements into the contractor provided training.

9. NOAA's Workplace Violence Program Manager, COR, or CO may periodically review the contractor's training outline to ensure all required elements are included and, if necessary, any appropriate adjustments are made to the training by the contractor.

10. Contractor employees performing on assignments in a remote location, such as at a field camp or other isolated locations, are subject to receiving the same briefing on the parameters of the order provided to NOAA employees as set forth in Section 6 of NAO 202-1106.

11. The contractor shall provide a copy of this solicitation and contract language and NAO 202-1106 to contractor employees.

(c) Sexual Assault/Sexual Harassment (SASH) Helpline.

For NOAA employees, affiliates, and contractors who have experienced sexual assault or sexual harassment, NOAA has established the NOAA Sexual Assault/Sexual Harassment (SASH) helpline. This helpline is designed to provide crisis intervention, referrals, and emotional support to those who are victims and/or survivors of sexual harassment or sexual assault within the workplace. Contractor employees may use the helpline to receive live, confidential, one-on-one support in an occurrence of sexual harassment or assault by a Federal Government employee.

All services are anonymous, secure, and available worldwide, 24 hours a day, seven days a week. The NOAA SASH helpline is accessible through a variety of channels, including:

● Phone: 1-866-288-6558

● Website & Online Chat: https://www.noaasashhelpline.org/

● Mobile App: NOAA SASH Helpline (available via iOS and Android App Stores)

● Text: (202) 335-0265

(d) Confidentiality.

Any party receiving information from the filing of a complaint alleging sexual assault or sexual harassment, or while performing an investigation into such a complaint, shall keep the information confidential. “Confidentiality” means that the information shall only be shared with others who have a need to know the information to conduct their official duties.

(e) Remedies.

In addition to other remedies available to the Government, contractor employee violations of Federal requirements (e.g., law, statutes, executive orders, code, rules, regulations) applicable to sexual assault and sexual harassment and/or failure to complete the mandatory training set forth in this solicitation and contract language, may result in:

1. Requiring the contractor to remove a contractor employee or employees from the performance of the contract;

2. Requiring the contractor to terminate a subcontract;

3. Suspension of contract payments until the Contractor has taken appropriate remedial action;

4. Termination of the contract for default or cause, in accordance with the termination clause of this contract;

5. Suspension or debarment; or

6. Other appropriate action.

(End of solicitation and contract language)

NOAA Acquisition Manual 1330-52.232-71 ELECTRONIC SUBMISSION OF PAYMENT REQUESTS (FEB 2023)

The Contractor must submit payment requests electronically through the U.S. Department of the Treasury's Invoice Processing Platform System (IPP). The Contractor must use the IPP website to register, access, and submit payment requests. The IPP website address is https://www.ipp.gov.

"Payment request" means any request for contract financing payment or invoice payment to the Contractor. To be considered proper, invoices must be prepared in accordance with, and contain all elements specified in, the contract payment clause (e.g., FAR 52.212-4(g), FAR 52.232-25(a)(3), FAR 52.232-26(a)(2), FAR 52.232-27(a)(2)).

The Contractor must include the following documents as attachments to payment requests submitted through the IPP: [Contracting Officer list required invoice attachment(s); none if left blank].

If the Contractor is unable to comply with the requirement to submit payment requests through the IPP due to a threat to national security; a matter of unusual or compelling urgency; or because the political, financial, or communications infrastructure of a foreign country does not support access to the IPP, the Contractor must request an exception in writing. Contact the Contracting Officer for more information about requesting an exception.

(End of solicitation and contract language)

NOAA Acquisition Manual 1330-52.237-70 CONTRACTOR COMMUNICATIONS

(a) A contractor employee shall be identified both by the individual's name and the contractor's name when:

● Included in NOAA's locator, and

● When submitting any type of electronic correspondence to any NOAA employee or stakeholder.

(b) Any written correspondence from a contractor or any contractor employee shall be printed on company/organization letterhead or otherwise clearly identify the sender as an employee of the company or organization and shall identify the contract number.

(c) Contractors and/or contractor employees shall clearly identify themselves as such in any verbal communications, whether in informal discussion or a formal meeting.

(End of solicitation and contract language)

NOAA Acquisition Manual 1330-52.237-71 NOAA GOVERNMENT-CONTRACTOR RELATIONS - NON-PERSONAL SERVICES CONTRACT (SEPT 2017)

(a) The Government and the contractor understand and agree that the services to be delivered under this contract by the contractor to the Government are non-personal services as defined in FAR Part 37, Service Contracting, and the parties recognize and agree that no employer-employee relationship exists or will exist under the contract between the Government and the contractor's personnel. It is, therefore, in the best interest of the Government to afford both parties an understanding of their respective obligations.

(b) Contractor personnel under this contract shall not:

1. Be placed in a position where they are under relatively continuous supervision and control of a Government employee.

2. Be placed in a position of command, supervision, administration, or control over Government personnel or over personnel of other contractors performing under other NOAA contracts.

(c) The services to be performed under this contract do not require the contractor or the contractor's personnel to exercise personal judgment and discretion on behalf of the Government. Rather, the

contractor's personnel will act and exercise personal judgment and discretion on behalf of the contractor.

(d) Rules, regulations, directives, and requirements that are issued by the Department of Commerce and NOAA under its responsibility for good order, administration, and security are applicable to all personnel who enter the Government installation and facilities, who are provided access to Government systems, or who travel on Government transportation. This is not to be construed or interpreted to establish any degree of Government control that is inconsistent with a non-personal services contract.

(e) Both parties are responsible for monitoring contract activities for indications of improper employee-employer relationships during performance. In the event a situation or occurrence takes place inconsistent with this contract language, the following applies:

1. The contractor shall notify the contracting officer in writing within 5 business days from the date of any situation or occurrence where the contractor considers specific contract activity to be inconsistent with the intent of this contract language. The notice must include the date, nature and circumstance of the situation or occurrence, the name, function and activity of each Government employee or contractor employee involved or knowledgeable about the situation or occurrence, provide any documents or the substance of any oral communications related to the activity, and an estimated date by which the Government is recommended to respond to the notice in order to minimize cost, delay, or disruption of performance.

2. The contracting officer will review the information provided by the contractor, obtain additional information (if needed), and respond in writing as soon as practicable after receipt of the notification from the contractor. The contracting officer's response will provide a decision on whether the contracting officer determines the situation or occurrence to be inconsistent with the intent of this contract language and, if deemed necessary, will specify any corrective action(s) to be taken in order to resolve the issue.

(End of solicitation and contract language)

FAR Deviations 52.222-55 Minimum Wages for Contractor Workers Under Executive Order 14026. [DEVIATION (OCT 2023)]

(a) Definitions. As used in this clause—

"United States" means the 50 states, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, Johnston Island, Wake Island, and the outer Continental Shelf as defined in the Outer Continental Shelf Lands Act (43 U.S.C. 1331, et seq.).

"Worker"—

(1)(i) Means any person engaged in performing work on, or in connection with, a contract covered by Executive Order 14026, and —

(A) Whose wages under such contract are governed by the Fair Labor Standards Act (29 U.S.C. chapter 8), the Service Contract Labor Standards statute (41 U.S.C. chapter 67), or the Wage Rate Requirements (Construction) statute (40 U.S.C. chapter 31, subchapter IV);

(B) Other than individuals employed in a bona fide executive, administrative, or professional capacity, as those terms are defined in 29 CFR part 541; and

(C) Regardless of the contractual relationship alleged to exist between the individual and the employer.

(ii) Includes workers performing on, or in connection with, the contract whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(c).

(iii) Also includes any person working on, or in connection with, the contract and individually registered in a bona fide apprenticeship or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship.

(2)(i) A worker performs on a contract if the worker directly performs the specific services called for by the contract; and

(ii) A worker performs in connection with a contract if the worker's work activities are necessary to the performance of a contract but are not the specific services called for by the contract.

(b) Executive Order minimum wage rate. (1) The Contractor shall pay to workers, while performing in the United States, and performing on, or in connection with, this contract, a minimum hourly wage rate of $15.00 per hour beginning January 30, 2022.

(2) The Contractor shall adjust the minimum wage paid, if necessary, beginning January 1, 2023, and annually thereafter, to meet the applicable annual E.O. minimum wage. The Administrator of the Department of Labor's Wage and Hour Division (the Administrator) will publish annual determinations in the Federal Register no later than 90 days before the effective date of the new E.O. minimum wage rate. The Administrator will also publish the applicable E.O. minimum wage on https://www.sam.gov (or any successor Web site), and a general notice on all wage determinations issued under the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, that will provide information on the E.O. minimum wage and how to obtain annual updates. The applicable published E.O. minimum wage is incorporated by reference into this contract.

(3)(i) The Contractor may request a price adjustment only after the effective date of the new annual E.O. minimum wage determination. Prices will be adjusted only for increased labor costs (including subcontractor labor costs) as a result of an increase in the annual E.O. minimum wage, and for associated labor costs (including those for subcontractors). Associated labor costs shall include increases or decreases that result from changes in social security and unemployment taxes and workers' compensation insurance, but will not otherwise include any amount for general and administrative costs, overhead, or profit.

(ii) Subcontractors may be entitled to adjustments due to the new minimum wage, pursuant to paragraph (b)(2). Contractors shall consider any subcontractor requests for such price adjustment.

(iii) The Contracting Officer will not adjust the contract price under this clause for any costs other than those identified in paragraph (b)(3)(i) of this clause, and will not provide duplicate price adjustments with any price adjustment under clauses implementing the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute.

(4) The Contractor warrants that the prices in this contract do not include allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(5) A pay period under this clause may not be longer than semi-monthly, but may be shorter to comply with any applicable law or other requirement under this contract establishing a shorter pay period. Workers shall be paid no later than one pay period following the end of the regular pay period in which such wages were earned or accrued.

(6) The Contractor shall pay, unconditionally to each worker, all wages due free and clear without subsequent rebate or kickback. The Contractor may make deductions that reduce a worker's wages below the E.O. minimum wage rate only if done in accordance with 29 CFR 23.230, Deductions.

(7) The Contractor shall not discharge any part of its minimum wage obligation under this clause by furnishing fringe benefits or, with respect to workers whose wages are governed by the Service Contract Labor Standards statute, the cash equivalent thereof.

(8) Nothing in this clause shall excuse the Contractor from compliance with any applicable Federal or State prevailing wage law or any applicable law or municipal ordinance or any applicable contract establishing a minimum wage higher than the E.O. 14026 minimum wage. However, wage increases under such other laws or municipal ordinances are not subject to price adjustment under this subpart.

(9) The Contractor shall pay the E.O. minimum wage rate whenever it is higher than any applicable collective bargaining agreement(s) wage rate.

(10) The Contractor shall follow the policies and procedures in 29 CFR 23.240(b) and 23.280 for treatment of workers engaged in an occupation in which they customarily and regularly receive more than $30 a month in tips.

(c)(1) This clause applies to workers as defined in paragraph (a). As provided in that definition—

(i) Workers are covered regardless of the contractual relationship alleged to exist between the contractor or subcontractor and the worker;

(ii) Workers with disabilities whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(c) are covered; and

(iii) Workers who are registered in a bona fide apprenticeship program or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship, are covered.

(2) This clause does not apply to—

(i) Contracts or subcontracts to which the States of Texas, Louisiana, or Mississippi, including their agencies, are a party;

(ii) Fair Labor Standards Act (FLSA)-covered individuals performing in connection with contracts covered by the E.O., i.e. those individuals who perform duties necessary to the performance of the contract, but who are not directly engaged in performing the specific work called for by the contract, and who spend

less than 20 percent of their hours worked in a particular workweek performing in connection with such contracts;

(iii) Individuals exempted from the minimum wage requirements of the FLSA under 29 U.S.C. 213(a) and 214(a) and (b), unless otherwise covered by the Service Contract Labor Standards statute, or the Wage Rate Requirements (Construction) statute. These individuals include but are not limited to—

(A) Learners, apprentices, or messengers whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(a);

(B) Students whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(b); and

(C) Those employed in a bona fide executive, administrative, or professional capacity (29 U.S.C. 213(a)(1) and 29 CFR part 541).

(d) Notice. The Contractor shall notify all workers performing work on, or in connection with, this contract of the applicable E.O. minimum wage rate under this clause. With respect to workers covered by the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, the Contractor may meet this requirement by posting, in a prominent and accessible place at the worksite, the applicable wage determination under those statutes. With respect to workers whose wages are governed by the FLSA, the Contractor shall post notice, utilizing the poster provided by the Administrator, which can be obtained at www.dol.gov/agencies/whd/government-contracts, in a prominent and accessible place at the worksite. Contractors that customarily post notices to workers electronically may post the notice electronically provided the electronic posting is displayed prominently on any Web site that is maintained by the contractor, whether external or internal, and customarily used for notices to workers about terms and conditions of employment.

(e) Payroll Records. (1) The Contractor shall make and maintain records, for three years after completion of the work, containing the following information for each worker:

(i) Name, address, and social security number;

(ii) The worker's occupation(s) or classification(s);

(iii) The rate or rates of wages paid;

(iv) The number of daily and weekly hours worked by each worker;

(v) Any deductions made; and

(vi) Total wages paid.

(2) The Contractor shall make records pursuant to paragraph (e)(1) of this clause available for inspection and transcription by authorized representatives of the Administrator. The Contractor shall also make such records available upon request of the Contracting Officer.

(3) The Contractor shall make a copy of the contract available, as applicable, for inspection or transcription by authorized representatives of the Administrator.

(4) Failure to comply with this paragraph (e) shall be a violation of 29 CFR 23.260 and this contract. Upon direction of the Administrator or upon the Contracting Officer's own action, payment shall be withheld until such time as the noncompliance is corrected.

(5) Nothing in this clause limits or otherwise modifies the Contractor's payroll and recordkeeping obligations, if any, under the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, the Fair Labor Standards Act, or any other applicable law.

(f) Access. The Contractor shall permit authorized representatives of the Administrator to conduct investigations, including interviewing workers at the worksite during normal working hours.

(g) Withholding. The Contracting Officer, upon his or her own action or upon written request of the Administrator, will withhold funds or cause funds to be withheld, from the Contractor under this or any other Federal contract with the same Contractor, sufficient to pay workers the full amount of wages required by this clause.

(h) Disputes. Department of Labor has set forth in 29 CFR 23.510, Disputes concerning contractor compliance, the procedures for resolving disputes concerning a contractor's compliance with Department of Labor regulations at 29 CFR part 23. Such disputes shall be resolved in accordance with those procedures and not the Disputes clause of this contract. These disputes include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the Department of Labor, or the workers or their representatives.

(i) Antiretaliation. The Contractor shall not discharge or in any other manner discriminate against any worker because such worker has filed any complaint or instituted or caused to be instituted any proceeding under or related to compliance with the E.O. or this clause, or has testified or is about to testify in any such proceeding.

(j) Subcontractor compliance. The Contractor is responsible for subcontractor compliance with the requirements of this clause and may be held liable for unpaid wages due subcontractor workers.

(k) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (k) in all subcontracts, regardless of dollar value, that are subject to the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, and are to be performed in whole or in part in the United States.
