DEPARTMENT OF THE NAVY

NAVSUP WSS

5450 Carlisle Pike | PO Box 2020 | Mechanicsburg, PA 17055-0788

Justification for Other Than Full & Open Competition

1. Contracting Activity

Contracting Activity	NAVSUP WSS - Mechanicsburg			**Type**	A1
Folder #	23341-0026			**PD #**	N0010424X1243
Item Manager	Edmondson, Amanda	**Work Function**		**Phone**	**Code** INACTIVE
Technician	Cline, Jacob	**Work Function**	Reprocurement Technician	**Phone** [redacted]	**Code** [redacted]
Buyer	Youngblood, Scott	**Work Function**	Contract Specialist	**Phone** [redacted]	**Code** [redacted]

2. Description of the Action Being Approved

Description Negotiation and award of a contract through other than full and open competition.

3. Description of Supplies/Servies

This J&A covers the acquisition of the following

☐ Spares ☑ Repair/Overhaul ☐ Modification ☐ Management ☐ Piece Parts ☐ Data Report

Nomenclature	FIRING VLV W MUFFLR	**Quantity**	10
NSN	7HH 4820 016611527 L1	**Cage Code**	
P/N	280912-1005	**Unit Price**	[redacted]
Option	N	**Option %**	**Days**
Estimated Value	[redacted]		
Ship To			
Period of Performance: Expected Final Delivery Date	07/31/2029		

Line of Accounting 97 00 XX XX 4930 NC1A 000 81004 0 050120 7R 000000 8PMS00000000

4. Statutory Authority Permitting Other Than Full & Open Competition

This J&A is based upon the authority of 10 USC 3204(A) (1), only one or a limited number of responsible sources will satisfy agency requirements.

5. Rationale Justifying Use of Cited Authority

A/RMC 3

Acquire, for the second or subsequent time, directly from the actual manufacturer.

A/RMSC R

The Government does not own the data or the rights to the data needed to purchase / contract repair of this part from additional sources. It has been determined to be uneconomical to buy the data or rights to the data. It is uneconomical to reverse engineer the part. This code is used when the Government did not initially purchase the data and/or rights. If only one source has the rights or data to manufacture/repair this item, A/RMCs 3, 4, or 5 are valid. If two or more sources have the rights or data to manufacture/repair this item, A/RMCs 1 or 2 are valid.

This acquisition will be solicited to

Marotta 99657 Marotta 99657 is the OEM for the part(s) mentioned above and is the only source that possesses the unique expertise and knowledge required for its continued support and maintenance. The Government does not own the necessary data or data rights required to [purchase] [contract for the repair of] this part from additional sources. Marotta 99657 retains exclusive rights to the technical data, manufacturing/repair processes, and design information (e.g., proprietary drawings, software code, manufacturing/repair specifications) for these parts. A comprehensive analysis has determined that it is uneconomical to purchase the required data and/or data rights from Marotta 99657. The cost of acquiring these rights would significantly exceed the cost of the Repair from the approved source. Based on the factors outlined above, it is concluded that Marotta 99657 is the only responsible source capable of performing the necessary repairs, given the Government's lack of data rights and the uneconomical nature of data acquisition or reverse engineering. An Other Than Full & Open procurement is necessary to maintain operational readiness and avoid unacceptable cost, schedule, and performance risks.

6. Description of Efforts Made To Solicit Offers From as Many Offerors as Practicable

15 MAR 2019 Class Waiver of the Requirement to Post a Request for Information or Sources Sought Notice applies to this requirement

The proposed contract action was synopsized on the government-wide point of entry on 08/11/2025

and as a result no other firms expressed interest.

Market research was conducted in accordance with far part 10. The results of the market research conducted (or the reason(s) market research was not conducted) are as follows

Market Research was conducted in the following databases: ITIMP (Integrated Technical Item Management & Procurement) System, EB Single Parts Master, TDP Tool, CDMD-OA (Configuration Data Managers Database-Open Archives), CITIS (Contractor Integrated Technical Information System), NSEDR (Naval Ships Engineering Drawing Repository), EIS (Engineering Information System), E-LAR's (Engineering Liaison Action System), LAR's, ERP/ORACLE/FMT, and FLIS. The Government failed to Procure adequate technical data necessary for these complex items, which must meet operational, and Reliability requirements. Marotta 99657 possesses the necessary data rights to provide the required level of performance needed to meet fleet requirements. “A review of the data bases listed in the market research did not reveal nor identify any known distributors”.

Source Validation Review

7. Determination of Fair And Reasonable Cost

The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. Actions to Remove Barriers to Future Competition

To promote competition, NAVSUP WSS will continue to encourage vendors with the expertise to manufacture/repair the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority per the (WSS) guidelines. Also, future requirements will be advertised on the government-wide point of entry. For reasons set forth in Paragraph (5 & 6), NAVSUP WSS has no plans at this time to compete future contracts for the subject item covered by this document. If another potential manufacturing source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible. Also, future requirements will be advertised on the government-wide point of entry.

Previous J&A No Previous J&A - Previously awarded under the SAT
