VII. Price Adjustment

A. The contract unit price per liter of dutiable heating oil will consist of two components – the current index rate and a margin inclusive of all contractor markups. The unit price is expressed as follows:

Unit Price Per Liter = Current Index Rate + Contractor Margin ___€ (per 1000 liters)

Index Rate: Contractor shall propose the current index rate(s) to be used for this contract and provide supporting documentation and website to verify the current index rate. This index rate shall be based on the current rate 1 day prior to the proposal due date. This rate will be used for purposes of calculating the total evaluation price.

The total unit price per liter of fuel will depend upon the individual delivery date, as the index rate fluctuates. The applicable index rate will be the rate in effect on the delivery date.

Contractor Margin: The Contractor Margin is fixed and includes all markups above the index rate. This includes, but is not limited to: delivery charge (including labor and transportation), overhead, profit, etc. The margin is fixed and will not fluctuate with changes to the index rate.

B. The Contractor may not request an adjustment under this clause after final payment has been made under this contract.

C. The U.S. Government will make no adjustments in contract price due to currency devaluations or fluctuations in exchange rates.

VIII. Value Added TAX

Value Added Tax (VAT) is not included in the CLIN rates. Instead, it will be priced as a separate Line Item in the contract and on Invoices. Local law dictates the portion of the contract price that is subject to VAT; this percentage is multiplied only against that portion. It is reflected for each performance period.

DESCRIPTION/SPECIFICATIONS/WORK STATEMENT

I. Scope of Work

For each year of the contract, the U.S. Government guarantees a minimum order of 10,000 liters of dutiable heating oil. The maximum amount of fuel ordered under each year of the contract shall not exceed 40,000 liters.

The minimum quantity of heating oil per delivery is 1,000 liters. It should be noted however, that there may be an occasion where the tank capacity of a residence is less than 1,000 liters. In such a case, the contractor will use a smaller truck to cover our requirements.

The fuel provided will be high grade heating oil, sulfur 0.1% for the Greek territory. For supply and delivery of the fuel, the contractor shall be paid the fixed price per unit as listed above. This price is not to exceed any official rate, as set by laws enacted by the government of Greece.

II. Ordering:

The Embassy representative is responsible for calling the Contractor from 0900 am to 1500 pm Monday through Friday and for placing order(s) mentioning the Building ID Number assigned by the U.S. Government, required quantity, date and time. The U.S. Government's representative will combine orders if possible, around the same directional route and hand them collectively to the Contractor.

The Contracting Officer is responsible for:
Orders
All requests for performance of individual jobs under this contract shall be issued via an order placed by the Contracting Officer. This task order will contain the following information:

a. Supplier's Name
b. Date of Delivery
c. Task Order Number
d. Property Address, Building Id Number (BIN), Resident's name or authorized person to accept delivery

e. Quantity

Orders may be placed orally initially but must be followed up in writing within 48 hours via issuance of a task order. Only a Contracting Officer may place an order, either orally or in writing.

III. Delivery:

The contractor shall deliver heating fuel by tanker truck. Delivery must be executed within 48 hours from the date placing the order, between the hours of 09.00 to 14.00, Monday through Friday, except Saturday, Sunday and all Greek holidays. In case of emergencies, the contractor shall deliver heating fuel within 24-hour advance notification, if requested. The contractor agrees to schedule the specific time of delivery and notify the ordering office one day prior to actual delivery, so that a U.S. Government employee is present during delivery.

The contractor will have all equipment necessary to deal with any special circumstances, i.e., long hose, special wrenches, etc. Deliveries should always be performed according to mutually agreed safety standards.

Any contractor personnel involved with the delivery of the oil shall comply with the U.S. Government regulations for receiving supplies and should be courteous and trained to communicate in English. The Contracting Officer's Representative (COR) will be responsible for instructing contractor personnel at the time deliveries are made and shall have the right to inspect the product at the time of delivery and to refuse to accept the product which is not properly marked. The driver of the tanker truck must provide a delivery ticket specifying quantity, location and date, at the time any delivery is made to the person receiving the product(s). The person receiving the product(s) will then write his/her full name, sign the delivery ticket, and retain one copy. If the driver attempts to short a delivery, the contractor agrees to remove him from any deliveries to Embassy housing, if requested. **In case of quantity discrepancy, the U.S. Government's representative shall make a remark on the delivery ticket stating the actual quantity of heating fuel delivered (see also Invoicing).**

Damage to U.S. Government property caused by the contractor due to the fault or negligence during the life of this contract shall result in the contractor being held liable for repair or replacement thereof at the option of the U.S. Government.

In the event the contractor's personnel encounter any problems during deliveries, they must immediately contact the Embassy representative at phone 210-693-4133.

IV. Guarantee and Environmental compliance:

a. The contractor guarantees to furnish adequate protection from damage to U.S. Government property, grounds and/or equipment occurring on account of, or in connection with, or occasioned by, or resulting from the furnishing and delivery of fuel oil under this contract and shall be liable for any damages for which its employees are responsible.

b. This liability includes but is not limited to oil spills occurring during delivery. The contractor shall provide constant surveillance during delivery by having a person in attendance at all times at the point of transfer.

c. The contractor will have spill kits on hand upon all deliveries and take immediate spill recovery and containment actions required to protect the environment. All shall be done in accordance with all applicable Greek government laws and regulations.

d. Contractor shall be liable for all oil/fuel spill recovery costs and all required reparations.

V. Invoicing:

The Embassy Accounting Department is responsible for:

- Ensuring that all transactions are properly authorized.
- Processing payments for invoices on a timely basis to avoid late payment charges.

The Electronic invoicing is the preferred means for submitting invoices for payment to the Embassy. The invoice must be submitted in PDF format to email VournazouPS@state.gov. **CAUTION: The PR number must be stated on the invoice, or it may be returned for correction.**

Payment shall be made in local currency by Electronic Funds Transfer (EFT) within 30 calendar days after receipt of the proper statement. Payments may be made directly to any bank account established by the Contractor to receive payments. If there is a wire fee for the wire transfer, this fee is the responsibility of

the beneficiary. **All inquiries regarding payment should be made directly via email or via phone at telephone number 210-693-4773.**

VI. COR Responsibilities:

In case of inaccuracies, it shall be the COR who will interact with the Contractor on any invoice problems.

Invoices will be checked, matched with respective delivery tickets and order letter, and processed for payment to the Embassy's Finance Office. If delivery ticket is missing, the Contractor agrees to provide a copy, when requested. If the Embassy is unable to verify or electronically trace that a heating oil delivery has been ordered, the Contractor agrees that payment will not be processed, and the invoiced quantity will be credited and added back to the heating oil held in the Embassy's name.

In case of quantity discrepancy, the Government reserves the right to reject it as improper and return it to the Contractor within 15 calendars days. The Contractor must then issue a credit note for the quantity discrepancy and the U.S. Government will reimburse the Contractor **only** for the quantity received and noted in the remark.

VII. Key Personnel:

The Project Manager must be able to converse in English and Greek. The Contractor shall assign to this contract the following key person:

POSITION/FUNCTION NAME AND PHONE

_____ _____ **(Offeror to add)**

The Project Manager will be responsible for addressing broad contract issues and requests brought to them by the COR. The Project Manager must have the authority and competence to address and correct any issues related to the implementation and operation of the contract. The contractor shall notify the COR in writing fifteen (15) business days prior to the assignment of a new Project Manager.

VIII. Price Adjustment:

a) The unit price per liter of heating fuel may be adjusted based on increases or decreases in the official price of heating oil, mandated by the government of Greece.

b) To request an adjustment in price, the Contractor must provide written notification of the price change(s) to the Contracting Officer at least once a week stating the price(s) that were effective during past week. The price changes are based on Hellenic Petroleum G.O. issued on a daily basis (see also Page 5, Section VII. Price Adjustment). This notification must be accompanied by a copy of the official announcement of the price change, showing the new price and its effective date. The officer or general partner of the Contractor having overall responsibility for the Contractor's affairs shall certify the submission by written signature.

c) The U.S. Government will make no adjustment to the contract price that relates to any wages, overhead, fixed costs, general and administrative expenses, materials, or profit. Only the amount which is a direct result of an increase or decrease in the price of oil to be delivered under this contract shall be considered by the U.S. Government as the basis for contract price adjustments.

d) The Contractor may not request an adjustment under this clause after final payment has been made under this contract.

e) This clause shall only apply to laws enacted by the government of Greece which meet the criteria set forth above. The U.S. Government will make no adjustments in contract price due to currency devaluations or fluctuations in exchange rates.

IX. QUALITY ASSURANCE AND SURVEILLANCE PLAN (QASP)

This plan provides an effective method to promote satisfactory contractor performance. The QASP provides a method for the Contracting Officer's Representative (COR) to monitor Contractor performance, advise the Contractor of unsatisfactory performance, and notify the Contracting Officer of continued unsatisfactory performance. The Contractor, not the Government, is responsible for management and quality control to meet the terms of the contract. The role of the Government is to monitor quality to ensure that contract standards are achieved.

(End of clause)

ADD THE FOLLOWING CLAUSE IN FULL TEXT:

52.229-12 TAX ON CERTAIN FOREIGN PROCUREMENTS—NOTICE AND REPRESENTATION (FEB 2021)

(a) *Definitions.* As used in this clause—

Foreign person means any person other than a United States person.

United States person, as defined in 26 U.S.C. 7701(a)(30), means–

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 7701(a)(31)); and

(5) Any trust if-

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) This clause applies only to foreign persons. It implements 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c)

(1) If the Contractor is a foreign person and has only a partial or no exemption to the withholding, the Contractor shall include the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, with each voucher or invoice submitted under this contract throughout the period in which this status is applicable. The excise tax withholding is applied at the payment level, not at the contract level. The Contractor should revise each IRS Form W-14 submission to reflect the exemption (if any) that applies to that particular invoice, such as a different exemption applying. In the absence of a completed IRS Form W-14 accompanying a payment request, the default withholding percentage is 2 percent for the section 5000C withholding for that payment request. Information about IRS Form W-14 and its separate instructions is available via the internet at www.irs.gov/w14.

(2) If the Contractor is a foreign person and has indicated in its offer in the provision 52.229-11, Tax on Certain Foreign Procurements—Notice and Representation, that it is fully exempt from the withholding, and certified the full exemption on the IRS Form W-14, and if that full exemption no longer applies due to a change in circumstances during the performance of the contract that causes the Contractor to become subject to the withholding for the 2 percent excise tax then the Contractor shall–

(i) Notify the Contracting Officer within 30 days of a change in circumstances that causes the Contractor to be subject to the excise tax withholding under 26 U.S.C. 5000C; and

(ii) Comply with paragraph (c)(1) of this clause.

(d) The Government will withhold a full 2 percent of each payment unless the Contractor claims an exemption. If the Contractor enters a ratio in Line 12 of the IRS Form W-14, the result of Line 11 divided by Line 10, the Government will withhold from each payment an amount equal to 2 percent multiplied by the contract ratio. If the Contractor marks box 9 of the IRS Form W-14 (rather than completes Lines 10 through 12), the Contractor must identify and enter the specific exempt and nonexempt amounts in Line 15 of the IRS Form W-14; the Government will then withhold 2 percent only from the nonexempt amount. See the IRS Form W-14 and its instructions.

(e) Exemptions from the withholding under this clause are described at 26 CFR 1.5000C-1(d)(5) through (7). Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue.

(f) Taxes imposed under 26 U.S.C. 5000C may not be—

(1) Included in the contract price; nor

(2) Reimbursed.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to https://www.irs.gov/help/tax-law-questions.

(a) *Definitions*. As used in this clause:
Artificial Intelligence (AI): The term "artificial intelligence" has the meaning provided in Section 238(g) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019.
i. This definition of AI encompasses, but is not limited to, the AI technical subfields of machine learning (including deep learning as well as supervised, unsupervised, and semi-supervised approaches), reinforcement learning, transfer learning, and generative AI.
ii. This definition of AI does not include robotic process automation or other systems whose behavior is defined only by human-defined rules or that learn solely by repeating an observed practice exactly as it was conducted.
iii. For this definition, no system should be considered too simple to qualify as covered AI due to a lack of technical complexity (e.g., the smaller number of

parameters in a model, the type of model, or the amount of data used for training purposes).
iv. This definition includes systems that are fully autonomous, partially autonomous, and not autonomous, and it includes systems that operate both with and without human oversight.
(b) **Disclosure of AI Use in Contract Performance.** When the Contractor or any of its subcontractors, vendors, or agents intends to incorporate AI into the performance of the contract, the Contractor shall provide the following disclosures in its offer:
Disclose the intended use of AI and provide a description of the AI system or capability and its purpose within the contract scope; specify whether the system was developed internally, acquired from a third party, or is publicly/commercially available; indicate if the AI system will process PII or be used in ways that may affect privacy, civil rights, safety, or public interaction; detail the governance, oversight, and human-in-the-loop mechanisms to be applied; and describe any applicable testing, evaluation, risk management, or bias mitigation measures that have been or will be implemented.
These disclosures must be updated promptly to the Contracting Officer during the period of performance upon any new use of AI or significant material change to the existing AI capability, its functionality, its use case, or its data inputs/outputs during the life of the contract.
The Government reserves the right to review the proposed AI use, request additional safeguards or controls, and/or disallow its use if it is deemed inconsistent with agency policy, legal requirements, or federal AI governance standards.

(End of Clause)

DOSAR 652.239-802 VENDOR LOCK-IN PROVISION (DEVIATION) (SEP 2025)

(a) Definitions. As used in this provision-
Vendor Lock-In-The term vendor lock-in refers to a situation in which the Government's ability to operate, maintain, or transition a system, data, software, or related capability is limited due to dependency on proprietary technologies, formats, or services controlled by a specific contractor. This includes restrictions on access to models, training data, source code, documentation, or technical interfaces that would prevent or burden the Government's ability to transition to alternative solutions or providers.

(b) Vendor Lock-In Mitigation. The Government requires that offers submitted in response to this solicitation that incorporate AI technologies include terms that reduce vendor lock-in risk, such as requirements regarding knowledge transfer, clear data and model portability practices, clear licensing terms, and pricing transparency.

This applies to all prime contractors and subcontractors performing AI-related work under this contract and must be flowed down accordingly.

(End of Provision)

DOSAR 652.239-803 ARTIFICIAL INTELLIGENCE CLAUSE (DEVIATION) (SEPT 2025)

Artificial Intelligence (Sep 2025)
(a) Definitions. As used in this clause Artificial Intelligence (AI): The term "artificial intelligence" has the meaning provided in Section 238(g) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019.

i. This definition of AI encompasses, but is not limited to, the AI technical subfields of machine learning (including deep learning as well as supervised, unsupervised, and semi-supervised approaches), reinforcement learning, transfer learning, and generative AI.

ii. This definition of AI does not include robotic process automation or other systems whose behavior is defined only by human-defined rules or that learn solely by repeating an observed practice exactly as it was conducted.

iii. For this definition, no system should be considered too simple to qualify as covered AI due to a lack of technical complexity (e.g., the smaller number of parameters in a model, the type of model, or the amount of data used for training purposes).
iv. This definition includes systems that are fully autonomous, partially autonomous, and not autonomous, and it includes systems that operate both with and without human oversight.

AI Incident: The term “AI incident” refers to a violation or immediate threat of violation of AI policies, acceptable use policies for the AI system or service, or standard AI practices. Examples of AI incidents include:

i. An AI system malfunctions due to a bug or development flaw, creating a potential harm to an individual's rights or safety, a potential harm to property, or a potential disruption to the management and operation of critical infrastructure;
ii. An AI service generates harmful, false, inappropriate, or erroneous outputs, impacting or potentially impacting individuals or a group of people; and
iii. A user employs an AI system in ways that violate ethical guidelines or Department acceptable use policies, such as using a facial recognition system for unauthorized surveillance.

Non-Public Information-Non-Public Information refers to any data, materials, or knowledge that is not publicly available or accessible, including but not limited to proprietary business information, technical data, personally identifiable information (PII), trade secrets, internal communications, and any information protected under applicable laws and regulations. Significant Modification-The term significant modification refers to an update to an AI application or to the conditions or context in which it is used, such as through changing its functionality, underlying structure, or performance, that meaningfully alters the AI's impact, rendering prior evaluations, training, or documentation misleading to users, overseers, or individuals affected by the system. This includes significantly changing the context, scope, or intended purpose in which the AI is used. In case there is any doubt or ambiguity as to whether an event constitutes a significant modification for purposes of this clause, the contractor will present the issue to the contracting officer, whose decision on the matter will be final.

(b) Use of Government Data and AI Outputs. The Contractor shall ensure that its employees, subcontractors, affiliates, and agents do not use any nonpublic information, data, or content provided by the Government under this contract—whether inputted by the agency into an AI-enabled system or generated as an output of such a system—to train, fine-tune, or improve any publicly or commercially available AI system or model, including but not limited to foundation models, large language models (LLMs), or general-purpose AI tools without written authorization from the Contracting Officer in consultation with the AI Investment Management Group (AIM Group).

(c) Privacy Compliance in AI Systems Involving Personally Identifiable Information (PII). The Contractor shall ensure full compliance with all applicable Federal privacy laws, regulations, executive orders, and agency-specific privacy policies when developing, deploying, operating, or maintaining any AI system or service under this contract that will create, collect, use, process, store, maintain, disseminate, disclose, or dispose of Federal information containing personally

identifiable information.

1. Incident Reporting. During the performance of this contract, the Contractor must comply with 12 FAM 550 Security Incident Program. Additionally, the Contractor shall report all AI incidents to CIRT@state.gov. CIRT will review and assess to determine if the reported event is a potential cybersecurity and/or AI incident. Based on the cause of the event, nature and scope
of the potential threat, and other operational impacts, the event may be classified as a cybersecurity and/or serious AI incident and escalated for subsequent reporting, analysis, and the coordination of incident response actions, which will require the Contractor to provide additional details regarding the reported incident. In all AI incidents, contractors must notify the Responsible AI Official via RAIO@state.gov and follow Incident Response Processes. In instances when PII is involved in actual or suspected AI incidents, contractors are also responsible for adhering to 5 FAM 465. Contractors must report the AI incident to the Privacy Office using the Department's Breach Incident Form (access to this online form will be provided after contract award) or contacting PRVIncidents@state.gov

(e) Evaluation and Monitoring of AI System Performance. The Contractor shall allow the agency to perform quarterly or biannual evaluations of AI system performance, risks, and effectiveness.

1. The Government anticipates that independent testing will use internal datasets to reflect real-world operational use cases as closely as possible. These datasets:
• Will remain confidential and will not be shared with the Contractor; and
• Will be used solely for the purpose of evaluating system performance.

2. Within 10 business days of the Government's notice to conduct independent testing, the Contractor shall provide the agency with access to necessary

documentation, system resources and operational time. If testing is performed by the Contractor, the Government reserves the right to: -

• Review and access all test methodologies and outcomes to ensure transparency and accuracy.

3. Within 10 business days of a Government request, the Contractor shall provide detailed documentation of internal testing procedures and collaborate with the agency to ensure alignment with evaluation objectives. The Government anticipates issuing these requests no more than two times per year. The Contractor agrees that testing results and methodologies
may be used internally by the agency for performance assessments and operational improvements, while safeguarding proprietary information and intellectual property.

(f) Performance Monitoring and Remediation Requirements. The Contractor shall regularly:

1. Monitor the AI system's performance in operational environments;
2. Identify and rectify unacceptable system behavior;

The Vendor shall disclose whether the Artificial Intelligence (AI) system provided under this Agreement was developed and is maintained entirely within the United States. If any portion of the AI system was developed or is maintained outside the United States, the Vendor shall disclose the foreign jurisdiction(s) involved and describe the nature and extent of such development or maintenance activities. This disclosure shall be provided to ensure compliance with federal policies governing AI systems and applicable. National security requirements pursuant to OMB Memorandum M-25-22, Section 3(c).

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals–

(1) □ Are, □ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) □ Have, □ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) □ Are, □ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) □ Have, □ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined*. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment*. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples*.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. 52.229-11 TAX ON CERTAIN FOREIGN PROCUREMENTS—NOTICE AND REPRESENTATION (JUN 2020)

(a) *Definitions.* As used in this provision—
Foreign person means any person other than a United States person.
Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.
United States person as defined in 26 U.S.C. 7701(a)(30) means—
(1) A citizen or resident of the United States;
(2) A domestic partnership;

(3) A domestic corporation;

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at ***www.irs.gov/w14***. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that—

(1) It [__]is [__]is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that—I am claiming on the IRS Form W-14 [____] a full exemption, or [____] partial or no exemption [*Offeror shall select one*] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then—

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in

accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. **For questions relating to the interpretation of the IRS regulations go to *https://www.irs.gov/help/tax-law-questions***.
