	The purpose of this Amendment is to provide answers to questions. Period of Performance: 10/01/2026 to 03/31/2032				

140R4026R0009 RGSM Spawning and Egg Monitoring.
Amendment 1

Questions / Answers

1. **REFERENCE:** Solicitation 140R4026R0009 (attached) - Page 23/ SOW/ Optional Task 1/ Timing of Schedule: "The period of utilizing the MEC boat shall occur within the same overall timeframe as Task 1 (mid-April to mid-June), and NTE more than eight (8) uses per field collection time period."

   QUESTION: Please verify that this means NTE 8 field days (i.e., uses = days) of sampling effort using the MEC Boat during the annual field season. If so, we'll prepare our technical and price quotations accordingly

   Answer: That is correct in that the MEC boat sampling effort during the annual field season should not exceed 8 field days/uses.

2. **REFERENCE:** Solicitation 140R4026R0009 - Page 23/ SOW/ 5.0 Deliverables / Task 1: Spawning Monitoring in River Channel / item 2): ..."The draft report shall be submitted by August 15th to the Reclamation Contracting Officer's Representative (COR)." And

   Page 24 / item 4): "After receipt of comments, the Contractor shall either make revisions to the draft report or specify why comments were not incorporated (or partially incorporated) on the standard comment template sheet and provide a final report to the Reclamation COR by September 30th."

   QUESTION: The current contract 140R4021C0007, which was updated for 2021-2026, allows for slightly more time for Contractor and USBR/MRGESCP during the busy field season: "The draft report shall be submitted by August 31st (or if on a weekend day, on the next business day), to the Reclamation COR." And "After receipt of comments, the Contractor shall either make revisions to the draft report or specify why comments were not incorporated (or partially incorporated) on the standard comment template sheet and provide a final report to the Reclamation COR by October 31st (or if on a weekend day, on the next business day)."

   Please verify that the current contract language (Draft: August 31st; Final: October 31st) could be used for the solicitation (Pages 23/24: Task 1 and Optional Task 1), or if the change to the solicitation language was intentional and should be followed?

Answer: The current contract language (Draft: August 31st; Final: October 31st) could be used for the solicitation
