Attachment IV
Solicitation Provisions

FAR Provisions

The following FAR Provision is hereby incorporated in this solicitation:

FAR 52.252-1 Solicitation Provisions Incorporated by Reference (FEB 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this address:

https://www.acquisition.gov/

(End of provision)

The Offeror shall comply with the FAR provisions in the table below that the Contracting Officer has indicated as being incorporated in this solicitation by reference to implement provisions of law or Executive orders applicable to acquisitions of commercial products and commercial services:

☒	52.240-90 Security Prohibitions and Exclusions Representations and Certifications	AUG 2025

The provision at 52.212-1, Instructions to Offerors—Commercial Products and Commercial Services is supplemented as follows:

Paragraph (a) Quote Submission Instructions

Company Information: The offeror must provide their company name, physical address, Unique Entity ID (UEI) from SAM.gov, Point of Contact (name, phone, and email), and a statement certifying that the quote remains valid for a minimum of **60 calendar days** from the submission deadline.

SAM Registration: Offerors must be actively registered and in good standing on SAM.gov at the time of quote submission to be eligible for award.

General Notice to Offerors

1. **Single Source for All Items:** Offerors must submit a quote for both CLIN 0001 and CLIN 0002. Split awards will not be made.

2. **Acceptance of Terms:** Submission of a quote in response to this RFQ constitutes acceptance of all terms, conditions, specifications, and provisions outlined in this solicitation.
3. **Late Submissions:** Quotes received after the exact date and time specified in paragraph (a) of this provision are considered "late" and will not be considered for evaluation unless the Contracting Officer determines it is in the best interest of the Government to do so.
4. **Submission Email Address:** Email quotes directly to the Contracting Officer, Micha A. Wisniewski, at Micha.A.Wisniewski@uscg.mil, and carbon copy (cc) the Contract Specialist, Dennis S. Kokoskie, at Dennis.S.Kokoskie@uscg.mil.
5. **Quote Submission Deadline:** All quotes must be received no later than **August 26, 2026, at 1:00 PM Eastern Time (ET)**.
6. **Questions Deadline:** Any questions regarding this solicitation must be submitted in writing via email to the CO and Contract Specialist no later than **August 19, 2026, at 1:00 PM Eastern Time (ET)**. Questions received after this time may not be answered.
7. **Quote Structure and Organization:** To be considered for award, the offeror's quote must be complete an d organized into two (2) separate volumes as outlined below. Each volume must be submitted as an attached PDF or Microsoft Word/Excel file, clearly labeled with the solicitation number, project name, and the offeror's name.

    - Volume I: Technical
    - Volume II: Price

8. By submitting a quote, the offeror acknowledges and accepts all terms, conditions, and provisions included in the solicitation and any solicitation amendments, unless otherwise stated.
9. No Past Performance information needs to be submitted. See the Evaluation Provision below for a description of how Past Performance will be evaluated.
10. The following is information necessary to evaluate the factors contained in the provision at 52.212-2.

Volume I: Technical Submission

The technical volume must contain no pricing information. It must include all technical literature to demonstrate compliance with the solicitation requirements.

1. Prime Mover (Road Truck)(CLIN 0001)

The offeror must state the exact manufacturer model, year, and trim of the vehicle being proposed.

- **If proposing the baseline Brand Name (Ford F-350):** The offeror must submit standard manufacturer brochures and data sheets confirming the vehicle configuration (Crew Cab, 4x4, Diesel Engine, Standard Bed).
- **If proposing an "Or Equal" model:** The offeror must submit standard technical specifications, engineering datasheets, and/or official manufacturer literature that clearly demonstrates the proposed vehicle meets or exceeds every salient characteristic listed below:
    - **Towing Capacity:** Minimum certified towing capacity of **30,000 lbs**.

  - **Cab Configuration: Crew Cab** (4-door, full second-row seating).
  - **Drivetrain: 4-wheel drive (4x4)**.
  - **Engine Type: Diesel** engine.
  - **Cargo Bed: Standard Bed** length (minimum 6.75 feet).
  - **Hitch Assembly:** Ball hitch with multiple sizes (Typically called a tri-ball mount or multi-ball hitch).
  - **Exterior Color: White**.
- **In-Country Support (Philippines)**
  - **Authorized Local Service Facility Identification:** Provide the company name, physical address, point of contact, and capability statement of at least one (1) manufacturer-authorized dealership or certified service facility in the Philippines that is fully equipped to perform diagnostics, repairs, and engine servicing on the specific vehicle model being proposed.

Note: The burden of proof is on the offeror to establish that an alternative model is equal to the Ford F-350. Incomplete or ambiguous specifications may result in no award.

2. Two-Year Scheduled Maintenance Package (CLIN 0002)

The offeror must submit a detailed, itemized Bill of Materials (BOM) for the OEM-recommended consumables, filters, and spare parts required for 2 years of scheduled maintenance corresponding to the specific vehicle model offered under CLIN 0001. The BOM must clearly list:

1. The Original Equipment Manufacturer (OEM) genuine part numbers.
2. The description of each item (e.g., fuel filters, oil filters, cabin filters, air filters, gaskets, belts, hoses).
3. The quantity provided for each item.
4. The specific OEM preventative maintenance interval each item supports over a 2-year / 24,000-mile period.

3. Proposed Delivery Schedule

The offeror must submit a firm, binding delivery timeline (in calendar days after receipt of order (ARO) for the vehicle (CLIN 0001) and maintenance package (CLIN 0002) to the Point of Origin for government inspection and transportation pick up.

Volume II: Price Submission

Offeror must submit a Firm Fixed Price quote by filling out all unit and extended prices for all CLINs listed in Attachment II Pricing Schedule.

Offerors must submit a priced duplicate of the Bill of Materials (BOM) proposed in Volume I. This sheet must list the unit price and extended total price for every maintenance part. The total sum of this itemized list must mathematically equal the lump-sum price quoted for CLIN 0002.

End of Supplement

The following FAR provisions are hereby incorporated in this solicitation in full text:

FAR 52.212-2, Evaluation—Commercial Products and Commercial Services (AUG 2025) (DEVIATION 25-21)

Paragraph (a) of this provision is deleted in its entirety and replaced with the following:

(a) In accordance with FAR 12.203, the Government will evaluate quotations using comparative evaluation. The Government will award a contract resulting from this solicitation to the responsible quoter whose conforming quotation represents the Best Value to the Government, price and other factors considered.

The Government reserves the right to accept other than the lowest-priced quote if the technical advantages, superior in-country support network, or accelerated delivery timeline of a higher-priced quote justify the price premium. The Government will not use formal scoring, competitive range determinations, or formal evaluation plans.

The Government intends to conduct this acquisition in an efficient and minimally burdensome fashion. The Government will consider all quotations that the agency receives on time. Furthermore, the Contracting Officer will exercise good business judgment in deciding whether to accept a quotation received after the due date or time, in accordance with the solicitation.

The Contracting Officer has broad discretion in establishing how to evaluate quotations. The evaluation procedures for this procurement are not subject to FAR Part 15 or FAR Part 14. The Government will evaluate quotes by comparing them directly to one another to determine which quote provides the best overall value. The Contracting Officer does not need to create formal evaluation plans, score quotations, or establish a competitive range before communicating with quoters or soliciting revised quotations.

While the Government intends to evaluate quotes and make an award without initial communications, the Contracting Officer reserves the right to communicate with the apparent awardee, quoters, or solicit revised quotations if the Contracting Officer determines it necessary.

For the quote to be determined technically acceptable it must meet the following requirements:

Factor I: Technical

Subfactor 1.1: CLIN 0001 — Prime Mover (Road Truck) Specifications

The Government will evaluate the proposed vehicle's technical specifications to verify compliance with the required salient characteristics.

- **Compliance standard:** The proposed vehicle must meet or exceed all minimum salient characteristics (30,000 lbs towing, Crew Cab, 4x4, Diesel engine, Standard Bed, Ball Hitch assembly, and White color).

- **Qualitative Value Add:** Proposals for vehicles demonstrating capabilities exceeding the minimums (such as higher certified towing capacities or enhanced payload frames) may be rated more favorably.
- **In-Country Support:** The quote must state if the brand of vehicle is supported in the Philippines and provide proof.

Subfactor 1.2: CLIN 0002 — Two-Year Scheduled Maintenance Package completeness
The Government will evaluate the non-priced Bill of Materials (BOM) for compliance with OEM recommendations.

- The BOM will be evaluated to ensure it is complete and contains genuine OEM parts and consumables matching the exact vehicle model proposed in CLIN 0001.
- The quantities and part types will be evaluated to ensure they are sufficient to support the vehicle for a full 2-year or 24,000-mile period. Missing or generic parts will result in a lower rating.

Subfactor 1.3: Delivery Schedule

- The Government will evuate the timeline proposed by the offeror for both the vehicle (CLIN 0001) and the maintenance package (CLIN 0002).
- A shorter delivery timeline may be more favorably and may be a major differentiator in the best value tradeoff analysis.

Factor II: Past Performance

The Government will evaluate Quoter's past performance to assess the risk of unsuccessful contract performance. The Government will review relevant Contractor Performance Assessment Reporting System (CPARS) records, perform a Federal Awardee Performance and Integrity Information System (FAPIIS) check, and may utilize data obtained from other sources.

Factor III: Price
The overall price will be evaluated to determine if it is fair and reasonable.

(b) Options is deleted in its entirety as no options are included in this solicitation.

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

<u>A Note to Offerors Regarding Entity Changes in SAM</u>:

System updates may lag policy updates. The System for Award Management (SAM) may continue to require entities to complete representations based on provisions that are not included in this solicitation. Contracting officers will rely on representations from offers based on provisions in the solicitation. Entities are not required to, nor are they able to, update their entity registration to remove these representations in SAM.

(End of Provision)

(End of FAR Provisions)

Homeland Security Acquisition Regulation (HSAR) Provisions

The following HSAR provisions are hereby incorporated into this solicitation in full text with supplements attached as necessary:

3052.212-70 Contract Terms and Conditions Applicable to DHS Acquisition of Commercial Items (JUL 2023)

The Offeror agrees to comply with any provision that is incorporated herein by reference to implement agency policy applicable to acquisition of commercial items or components. The provision in effect is based on the applicable regulation cited on the date the solicitation is issued applies unless otherwise stated herein. The following provisions are incorporated by reference as checked by the Contracting Officer:
