5. Evaluation Criteria IAW RFO 52.212-2 and 12.203

The Government intends to award to the responsible offeror whose proposal is **most advantageous** to the Government.

1. Technical Capability
2. Price
3. Delivery Schedule

1. Proposals will be evaluated for technical acceptability on an Acceptable/Unacceptable basis. To be eligible for award. The offeror must receive a rating of "Acceptable" on all non-price factors. Award will be made to the most advantageous and responsible offeror.

ACCEPTABLE - The proposal meets the requirements in the PWS
UNACCEPTABLE – The proposal does not meet the requirements of the PWS

2. Proposals must include a completed copy of Attachment 5. Fill out the unit price for each CLIN. On the "Bases of Estimate" tab, enter the price element supporting information. Provide a comprehensive BOW that justifies all the proposed prices, demonstrating a thorough understanding of the requirements and sound price estimation.

3. Price information submitted will be subject to evaluation to determine if the proposed prices are fair and reasonable IAW RFO 15.404. Proposed prices must correspond to the PWS requirements and awards will not be made to proposals that are not determined to be fair and reasonable.

4. The Government will evaluate the offeror's proposed delivery schedule to determine its feasibility and alignment with the Government's required timelines. An offeror's ability to meet or exceed the Government's requested delivery date may be deemed technically acceptable. Offers that propose a delivery schedule extending beyond the deadline may be deemed technically unacceptable.
