Miscellaneous text in this section has been modified to:

AMENDMENT 0001

Western Upstate NY FY26 UPGRADES

Solicitation No. W912DS26QA017

The purpose of this amendment is to answer the following question(s) regarding / incorporate the following revision(s) to the subject solicitation:

1. Which recruiting station, military branch, and project location correspond to each CLIN, as the Solicitation and the Scope of Work contain discrepancies for several line items?

See revised SOW and CLIN Schedule.

2. Which is the correct project address for the Greece, NY facility, as the Solicitation and the Scope of Work reference different addresses?

The correct address for Greece is 1522-1524 Ridge Road West Greece, NY 14615

3. Which wage determination applies to each CLIN/project location? The solicitation includes a wage

determination package that appears to contain Service Contract Act wage determinations rather than Davis-Bacon wage determinations for construction work.

The work is not classified as construction. Service Contract Act wage determination applies.

4. Are the existing PoE switches, CAT6 cabling, NVR, power supplies, and security cabinet intended to remain in service, or are they included for replacement under the Scope of Work?

If these need to update for the upgrade, it is included.

5. If existing door or frame conditions require modifications beyond the installation of the specified Adams Rite 8000 Series electrified push bar, how will that additional work be addressed under the contract?

If the doors need modification this will be included.

6. The SOW identifies ten (10) recruiting station locations, while the Solicitation/Bid Schedule identifies nine (9) location CLINs with different recruiting services and addresses. Please confirm the correct project locations, corresponding CLINs, and which document governs for bidding purposes.

See revised SOW and CLIN Schedule.

7. Who is responsible for obtaining permits, scheduling required inspections, and paying associated permit and inspection fees required by the Authorities Having Jurisdiction (AHJs)?

Contractor will be responsible for all permits, scheduling and inspections.

8. Who is responsible for obtaining property owner/landlord approvals required to perform work at leased recruiting facilities?

USACE has made contact to Lessor for all work to be completed.

9. Is the Contractor responsible for relocating, storing, protecting, and reinstalling existing furniture and Government-furnished equipment as required to complete the work, or will these activities be performed by the Government?

Contractor will be responsible for all moving furniture etc while work is being completed and will need to be returned to its original location.

10. How will unforeseen concealed conditions encountered during demolition that differ from the existing conditions represented in the contract documents be addressed?

If a problem arises contact Joshua Coburn immediately and directions will be given.

See Attachment 3 for REVISED CLIN SCHEDULE
