52.217-8 Option to Extend Services. (Nov 1999)

Option to Extend Services (Nov 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 60 days of period of performance expiring.

(End of clause)

52.217-9 Option to Extend the Term of the Contract. (Mar 2000)

Option to Extend the Term of the Contract (Mar 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 60 days; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days days[*60days unless a different number of days is inserted*] before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 5 years and 6 months.

(End of clause)

52.219-14 Limitations on Subcontracting. (Deviation 2026-O0038) (Feb 2026)

Limitations on Subcontracting (Feb 2026) (Deviation 2026-O0038)

(a) This clause does not apply to the unrestricted portion of a partial set-aside.

(b) Definition. Similarly situated entity, as used in this clause, means a first-tier subcontractor, including an independent contractor, that-

(1) Has the same small business program status as that which qualified the prime contractor for the award (e.g., for a small business set-aside contract, any small business concern, without regard to its socioeconomic status); and

(2) Is considered small for the size standard under the North American Industry Classification System (NAICS) code the prime contractor assigned to the subcontract.

(c) Applicability. This clause applies only to-

(1) Contracts that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(2) Part or parts of a multiple-award contract that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(3) Contracts that have been awarded on a sole-source basis in accordance with sections 19.105, 19.106, 19.107, and 19.108;

(4) Orders expected to exceed the simplified acquisition threshold and that are set aside for small business concerns under multiple-award contracts, as described in 8.4 and 16.5;

(5) Orders, regardless of dollar value, that are set aside in accordance with sections 19.105, 19.106, 19.107, and 19.108 under multiple-award contracts, as described in 8.4 and 16.5; and

(6) Contracts using the HUBZone price evaluation preference to award to a HUBZone small business concern unless the concern waived the evaluation preference.

(d) Independent contractors. An independent contractor shall be considered a subcontractor.

(e) By submission of an offer and execution of a contract, the Contractor agrees that in performance of a contract assigned a North American Industry Classification System (NAICS) code for-

(1) Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for contract performance to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract;

(2) Supplies (other than procurement from a nonmanufacturer of such supplies), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. These services are listed in attachment 1. PWS (UST and AST), Mission-Essential Contractor Services, dated 24 June 2026 REV NO 3.

The Contractor's notice shall include the Contractor's proposal for an equitable adjustment and any data supporting the increase or decrease in the form prescribed by the Contracting Officer. An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the offeror, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public. An "established market price" is a current price, established in the usual course of ordinary and usual trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or offeror;

(4) The offeror uses the same compensation (wage and fringe benefits) plan for all service employees performing work under the contract as the offeror uses for these employees and for equivalent employees servicing commercial customers.

(b) Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services. If the offeror certifies to the conditions in paragraph (a) of this provision, and the Contracting Officer determines in accordance with FAR 22.1002-1(f)(3) that the Service Contract Labor Standards statute-

(1) Will not apply to this offeror, then the Service Contract Labor Standards clause in this solicitation will not be included in any resultant contract to this offeror; or

(2) Will apply to this offeror, then the clause at FAR 52.222-53, Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services-Requirements, in this solicitation will not be included in any resultant contract awarded to this offer, and the offeror may be provided an opportunity to submit a new offer on that basis.

(c) If the offeror does not certify to the conditions in paragraph (a) of this provision-

(1) The clause of this solicitation at 52.222-53, Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services-Requirements, will not be included in any resultant contract to this offeror; and

(2) The offeror must notify the Contracting Officer as soon as possible if the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation.

(d) The Contracting Officer may not make an award to the offeror, if the offeror fails to execute the certification in paragraph (a) of this provision or to contact the Contracting Officer as required in paragraph (c) of this provision.

Evaluation Factors for Award

Section M -Evaluation Factors for Award

RFO 52.212-2 Evaluation- Commercial Items

ADDENDUM RFO 52.212-2

a. Basis for Contract Award: This is a Lowest Price Technically Acceptable (LPTA)award decision conducted in accordance with Federal Acquisition Regulation (FAR) and as supplemented by the Defense Federal Acquisition Regulation Supplement (DFARS). These regulations are available electronically at https://www.acquisition.gov/browse/index/far. The Government will select the lowest priced offer that meets the specific technical requirements of this solicitation.

ADDENDA TO RFO 52.212-2 Evaluation - Commercial Items

1.Resposive factor: All proposals received will be reviewed to ensure that the proposal received is signed and meets all solicitation requirements, such as terms and conditions, representations and certifications, and technical requirements, in addition to those identified as factors or sub factors. The proposals received must include a completed provision RFO 52.212-3, Offeror Representations and Certifications -Commercial Items, a completed "Supplies or Services & Prices or Costs" Section (Please also add in the total price of the proposal below the final CLIN price), completed labor worksheet and signed copy of any amendments issued. It is the sole discretion of the contracting officer to either request any missing documentation or decide whether the Offeror is ineligible for award. All responsive proposals will be included in the competitive range from low to high.

2. Technical factor: The lowest price proposal will be evaluated. The Government's technical evaluation shall consist of offers being acceptable or unacceptable. An "Unacceptable" rating will render the entire quote unacceptable and, therefore, not awardable. To be technically acceptable Offerors shall provide documentation of contractor qualifications along with proof of state licenses, training and certification documentation for technicians that shows that they are certified by the appropriate federal and state regulatory agencies to meet federal and local certification requirements in the PWS and in the field of, maintenance, repair and testing of commercial Above and Underground equipment as applicable to this requirement. **OFFERORS MUST PROVIDE DOCUMENTATION OF THIS TECHNICAL PERFORMANCE. OFFERORS WHO FAIL TO PROVIDE THIS DOCUMENTATION WILL RENDER THEIR PROPOSAL UNACCEPTABLE** and the next lowest proposal will be considered for award and evaluated. The lowest price technical acceptable Offeror' s Mission Essential Plan will be reviewed by the technical evaluators. If the evaluators find the plan lacking in some area, the contracting officer will request the Offeror to address the issues and submit a revised plan.

3. Price factor: The lowest price technically acceptable proposal will be validated to ensure the pricing is mathematically correct. The price will be analyzed to determine if the prices are unbalanced per RFO 15.404-6(b). An offer may be rejected if the contracting officer determines that the lack of balance poses an unacceptable risk to the Government and the next lowest technically acceptable proposal will be considered for award. The contracting officer will evaluate the pricing to determine if the prices are fair and reasonable.

4: Responsible factor: A contract may be awarded to the offeror who is deemed responsible in accordance with the RFO Part 9.1, as supplemented, whose quote conforms to the solicitation's requirements (to include all stated terms, conditions, representations, certifications, and all other information required by this solicitation) and is judged to represent the lowest price technically acceptable proposal. Therefore, the lowest price technically acceptable Offeror will be requested to provide documentation to support responsibility. If the contracting officer cannot determine the Offeror is responsible, the next lowest technically acceptable proposal will be considered for award.
