Re: HSR26-07 – Industrial Door / Residential Door / Rollup Door Maintenance and Repair Services

- 1) The Contractors State Licensing Board (CSLB) C-60 License requirement is removed from this Invitation for Bid. All references to the C-60 license requirement have been removed from the agreement.
- 2) The Authority is notifying all prospective Bidders that the following language is being added to the BIDDER REQUIREMENTS AND INFORMATION section of the IFB:

21. Employment of undocumented aliens

- A. No State agency or department, as defined in PCC § 10335.7, that is subject to this code, shall award a public works contract to a bidder or contractor, nor shall a bidder or contractor be eligible to bid for or receive a public works contract, who has, in the preceding five (5) years, been convicted of violating a State or Federal law regarding the employment of undocumented aliens PCC § 6101.

22. Antitrust claims

- A. The contractor offers and agrees and will require all of his other subcontractors and suppliers to agree to assign to the awarding body all rights, title, and interest in and to all causes of action they may have under Section 4 of the Clayton Act (15 USC § 15) or under the Cartwright Act (Chapter 2 [commencing with section 16700] of Part 2 of Division 7 of the Business and Professions Code) arising from purchases of goods, services, or materials pursuant to the public works contract or subcontract. The assignment made by the contractor and all additional assignments made by the subcontractors and suppliers shall be deemed to have been made and will become effective at the time the awarding body tenders final payment to the contractor without further acknowledgment or the necessity of tendering to the awarding body any written assignments.

- B. If an awarding body receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under GC §§ 4550 – 4554, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and may, on demand, recover from the public body any portion of the recovery, including treble damages, and attributable overcharges that were paid by the assignor but were not paid by the public body as a part of the bid price, less the expenses incurred in obtaining that portion of the recovery. On demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under GC §§ 4550 – 4554 if the assignor has been or may have been injured by the violation of law for which the cause of action arose and (a) the assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action.
- 3) The Authority is notifying all prospective Bidders that the following language is being added to Exhibit D, Special Terms and Conditions of the agreement:

33. National Labor Relations Certification

- A. By signing the contract, the contractor swears under penalty of perjury that no more than one final unappealable finding of contempt of court by a federal court has been issued against the contractor within the immediately preceding two (2) year period because of the contractor's failure to comply with an order of a federal court which orders the contractor to comply with an order of the National Labor Relations Board.

34. Americans with Disabilities Act

- A. By signing this contract, the contractor assures the State that it complies with the Americans with Disabilities Act (ADA) of 1990 (42 USC § 12101 et seq.), which prohibits discrimination on the basis of disability, as well as with all applicable regulations and guidelines issued pursuant to the ADA.

35. Labor Code Certifications

- A. I am aware of the provisions of LC § 3700 which requires every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that Code, and I will comply with such provisions before commencing the performance of the work of this contract.

- B. It is hereby mutually agreed that the contractor shall forfeit to the State (enter amount from LC § 1775) dollars for each calendar day, or portion thereof, for each worker paid by him or her, or subcontractor under him or her, less than the prevailing wage so stipulated and in addition the contractor further agrees to pay to each worker the difference between the actual amount paid for each calendar day, or portion thereof, and the stipulated prevailing wage rate for the same. This provision shall not apply to properly registered apprentices.
- C. It is further agreed that the maximum hours a worker is to be employed is limited to eight (8) hours a day and forty (40) hours a week and the contractor shall forfeit, as a penalty to the State, twenty-five dollars (\$25) for each worker employed in the execution of the contract for each calendar day during which a worker is required or permitted to labor more than eight (8) hours in any calendar day or more than forty (40) hours in any calendar week, in violation of LC §§ 1810-1815, inclusive.
- D. Properly registered apprentices may be employed in the execution of the work. Every such apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade at which he or she is employed and shall be employed only at the work of the craft or trade to which he or she is registered. The contractor and each subcontractor must comply with the requirements of LC § 1777.5 and any related regulations regarding the employment of registered apprentices.
