RFP

PART 1 – BIDDER INSTRUCTIONS

1. INTRODUCTION

On behalf of the California Air Resources Board (CARB), this solicitation is being conducted under the authority of the California Department of Technology (CDT) pursuant to Public Contract Code (PCC) §6611 which provides the authority to use a competitive negotiation process when the State's business need or the purpose of a procurement or contract is known, but negotiation is necessary to ensure that the State is receiving the best value or the most cost-efficient goods, services, information technology, and telecommunications.

This solicitation contains the instructions governing the requirements for fixed-price deliverable-based proposals to be submitted by Bidders. Also included in this solicitation is the required format and materials Bidders must follow when responding to this solicitation. This solicitation also addresses the requirements that Bidders must meet to be eligible for consideration, as well as Bidders' responsibilities before and after award.

The following terms are used interchangeably throughout the solicitation documents: (1) "Contract" and "Agreement"; (2) "response" and "proposals".

1.1. PURPOSE OF RFP

The purpose of this Request for Proposal (RFP) (hereafter referred to as "solicitation") is to obtain proposals from qualified Bidders to provide CARB and the State of California (hereafter referred to as "State") with the Building Embodied Carbon Reporting Tool (hereafter referred to as "BECRT"). BECRT will:

1. Construct a comprehensive software system for reporting embodied carbon emissions from building materials by regulated parties to CARB. Regulated parties include building material manufacturers, importers, and builder-owners.
2. Allow recordkeeping, analysis, and tracking of embodied carbon in building materials to ensure secure data submission, robust validation mechanisms, and dynamic CARB data analysis.
3. Incorporate features such as custom data entry template creation, regulated entity fee calculation and payment functionality, an environmental accounting system or "ledger" for carbon emissions, and an audit trail system to ensure process transparency and data quality.

The Contract Award, if made, will be to the single Bidder in accordance with the methodology defined in

SECTION 6. EVALUATION

1.2. BACKGROUND

The California Air Resources Board (CARB) was established in 1967 to improve and protect California's air quality by limiting pollution from cars, trucks, fuels, factories, and manufactured products. Its efforts focus on reducing harmful emissions that cause smog, contribute to climate change, and are toxic air contaminants. The reduction of embodied carbon in building materials represents a new area of focus for the agency as a part of CARB's ongoing efforts to implement climate change programs.

Reporting and analyzing greenhouse gas (GHG) emissions contributing to climate change from embodied carbon in building materials refers to a lifecycle assessment (LCA) of GHG emissions resulting from the extraction, manufacturing, transportation, installation, maintenance, use, and disposal of building materials.

Current LCAs for construction materials often lack consistent standards across industries and practitioners. Those involved in developing LCAs use various methodologies, creating challenges for establishing an accurate construction materials GHG emissions database. In addition, smaller manufacturers and builders may lack the technical expertise to conduct LCAs without guidance or standardized tools.

Assembly Bill (AB) 2446 (Holden, 2022) was the original statute adopted for the development of a framework for quantifying and reducing the average carbon intensity of building materials. Carbon intensity refers to GHG emissions, often referred to as carbon dioxide equivalents (CO₂e), as a function of material mass, energy consumed, industrial activity, or economic activity. AB 43 (Holden, 2023) added to and amended AB 2446. The final goals, processes, and outcomes as defined in AB 2446 and AB 43 are codified in Health and Safety Code (HSC) sections 38561.3 and 38561.6. These statutes direct CARB to develop a framework for measuring the average carbon intensity of materials used in new construction as defined in the regulation and implement a strategy for reducing GHG emissions from such building materials by 40 percent no later than December 31, 2035, relative to a year 2026 baseline. Establishing a 2026 baseline is a component of the overall implementation framework to be developed by CARB but is not a product of BECRT. The baseline will be established using a different approach.

With California's commitment to significantly expanding much-needed housing availability in the coming years, addressing embodied carbon emissions in new construction is urgent. Advancing knowledge

regarding emissions of embodied carbon in building materials through development and implementation of BECRT furthers CARB's emerging role in developing low-carbon construction standards and supports the State's commitment to achieving carbon neutrality by 2045 and advancing California's climate goals.

1.3. TERM OF CONTRACT

Effective upon approval of CDT, Office of Statewide Technology Procurement (OSTP), the base term of the Contract is three (3) years.

The State, at its sole discretion, may exercise its option to execute five (5), one-year extensions to perform software functional updates, maintenance and operations, and ongoing support for a maximum contract term of eight (8) years.

The Contractor shall not be authorized to deliver goods or commence performance of services described in this Agreement prior to the effective date. Any delivery of goods or performance of services by the Contractor that is commenced prior to the effective date shall be at no cost to the State.

The State is not obligated to use any or all of these options. The Agreement is of no effect unless approved by CDT and no work shall begin before full execution of the Agreement.

1.4. CURRENT AND PROPOSED ENVIRONMENTS

1.4.1. CURRENT ENVIRONMENT

CARB is currently working on a rule-making process to enable AB 2446 and AB 43 statutory mandates. The regulation process is currently in process and there are no existing CARB applications at this time.

1.4.2. PROPOSED ENVIRONMENT

This section is intended to present an overview of the proposed system and, as such, will not specify any detailed technical requirements. A more detailed description of the proposed environment and overall project requirements for BECRT are included in [EXHIBIT A: STATEMENT OF WORK](#). Details of the solicitation requirements are included in [EXHIBIT B: FUNCTIONAL AND NON-FUNCTIONAL REQUIREMENTS](#).

BECRT shall:

1. Establish a reporting system that allows electronic registration for regulated entities (building material manufacturers, importers, and builder-owners) so that they can efficiently report embodied carbon emissions from building materials.
2. Facilitate product tracking, data analysis, and automate communication between CARB and regulated entities.
3. Enable secure data submission, robust validation mechanisms, and dynamic CARB data analysis capabilities to support informed decision-making.
4. Incorporate features such as Excel, CSV, XML, and JSON custom data entry template creation, regulated entity fee payment functionality, an environmental accounting system for carbon emissions, and an audit trail system to ensure process transparency and data quality.

The registration function of BECRT allows building material manufacturers, importers, and owner-builders, to register for the program, emphasizing rigorous validation, notifications, secure password management, and flexible user role assignments. Streamlining data submission and reporting, the system provides user-friendly interfaces and allows CARB to create and disseminate custom templates and forms that users of the system can fill out to provide additional data tied to past inputs into the system. Once the data has been submitted in BECRT, the regulated entity would receive an invoice and have the ability to pay the fee via CARB's payment portal. BECRT will allow staff to track invoices and payment.

BECRT will allow for within-the-system correspondence, where registered users can initiate correspondence in BECRT and respond to correspondence from CARB, submit attachments and text to CARB, and allow CARB to respond to correspondence or to initiate correspondence directly with registered users in BECRT. BECRT incorporates a secure, scalable database, confirming successful data submission and featuring a system where calculations can be performed based on CARB-defined equations from a variety of reported input variables and reference tables.

Additionally, the following will be accomplished with BECRT:

1. Data visualization and reporting: includes a dashboard for a high-level overview of data submission for external users, internal user geographic mapping, and internal user export options for collaborative data analysis.
2. System governance: prioritizes transparency through a comprehensive audit trail and process flows based on the sale or transfer of materials from one registered entity to another.
3. Ledger system: an environmental accounting system that allows for internal user calculations and monitoring of material, GHGs, and cost balances across registered entities over time, can help

establish a limited chain of custody affiliated with specific products, and can generate automated alerts for signaling significant material accounting deviations, all of which will enhance the credibility and reliability of reported data.

1.5. AMERICANS WITH DISABILITIES ACT (ADA)

To comply with the nondiscrimination requirements of ADA, it is the policy of the State of California to make every effort to ensure that its programs, activities, and services are available to all persons, including persons with disabilities.

For persons with a disability needing a reasonable accommodation to participate in the procurement process or for persons having questions regarding reasonable accommodations of the procurement process, you may contact the Procurement Officer identified in [SECTION 2.2.1. PROCUREMENT OFFICER](#). You may also contact the State of California at the telephone numbers listed below.

Important: To ensure that we can meet your needs, it is best that we receive your request for reasonable accommodations at least ten (10) working days before the scheduled event, e.g., meeting, conference, workshop, etc., or deadline due date for procurement documents.

Question and answer sets will be posted to Cal eProcure and will not identify the submitters. At the sole discretion of the State, questions may be paraphrased by the State for clarity.

If a Bidder desires clarification or further information on the content of the solicitation, but whose questions relate to the proprietary aspect of its proposal and disclosure exposes its proposal to other Bidders, the question may be submitted using the same criteria above with the notation, "CONFIDENTIAL." The Bidder must explain why the question is sensitive in nature. If the State concurs that the disclosure of the question or the answer would expose the proprietary nature of the proposal, the question will be answered and both the question and answer will be confidentially maintained. If the State does not concur with the proprietary nature of the question, the Bidder will be notified and may withdraw the question. If the question is not withdrawn, the question and response will not be confidentially maintained.

Only questions submitted in writing and answered in writing by the Procurement Officer shall be binding and official.

2.2.3. INTENT TO BID

Bidders that wish to participate in the solicitation should submit a completed [ATTACHMENT 2: INTENT TO BID FORM](#) by the date specified in [SECTION 2.3. KEY ACTION DATES](#).

It shall be the Bidder's responsibility to notify the Procurement Officers regarding any change to its Intent to Bid or the contact information. The State shall not be responsible for proposal correspondence not received by the Bidder if the Bidder fails to notify the State, in writing, of any change pertaining to the designated contact person.

2.2.4. REQUEST INVITATION TO STATE'S FILE-SHARING SITE

The Bidder must e-mail the Procurement Officer by the due date specified in [SECTION 2.3. KEY ACTION DATES](#) no more than two (2) contacts who will have access to the State's file sharing site to electronically upload Bidder's proposal. Once provided, an invitation to the State's file sharing site will be sent to those

individuals. It is the Bidder's responsibility to confirm receipt of the invitation with the Procurement Officer.

A separate file location will be created for each Bidder accessible only to the Bidder Contact(s).

The file sharing site does not allow access from outside the Continental United States.

It is highly recommended that Bidders upload a test MS Word, MS Excel, and PDF file to each folder at least five (5) calendar days prior to the due date to test access to the State's file sharing site. Upon successful upload, notify the Procurement Officer and the test file will be deleted. It is the Bidder's responsibility to gain access to the file-sharing site to submit their proposal.

The file sharing site will provide a primary folder for each Bidder to submit their proposal. Each Bidder's folder will contain subfolders: Volume 1, Volume 2.

The Bidder contacts will be required to upload a complete copy of the Bidder's proposal to the appropriate folders.

If a Bidder fails to request access to the file sharing site by the due date specified in the Key Action Dates, the State cannot guarantee access to the site prior to the proposal submittal due date and no other submissions outside of the file sharing site will be considered.

COST:

- The Bidder Contacts will be required to upload a complete copy of the Bidder's **EXHIBIT D: COST WORKBOOK** in the appropriate cost folder.
- The Bidder's **EXHIBIT D: COST WORKBOOK** file shall be titled with the *[Bidder's Name]* and Project Name - *[CDT 2526053 - EXHIBIT D: COST WORKBOOK]*, and deposited in the folder labeled "Volume 2".
- The Bidder's Cost Workbook shall be in MS Excel format (version 2019 or higher).
- Prior to submission, Bidders MUST apply an encryption password to the Cost Workbook.
- The Bidder will be required to e-mail the encryption password to the Procurement Officer and Secondary Procurement Officer at the same time the Bidder uploads their cost workbook.

If a file is uploaded in error to a file sharing site folder, the Bidder may submit a request by e-mail to the Procurement Officer prior to the last day to submit responses. **Do not upload compressed files (.zip files) onto the file sharing site.**

Proposals must be received no later than the date and time specified in [SECTION 2.3. KEY ACTION DATES](#). Late receipt of a proposal may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

2.2.5. CLOUD COMPUTING SERVICES

Per the State's Cloud Computing Policy, whenever feasible, agencies/state entities will utilize the CalCloud services provided by CDT. These service options include Software-as-a-Service (SaaS), Platform as a Service (PaaS), and Infrastructure as a Service (IaaS). Vendors are required to host their proposed solution in a manner that complies with the requirements identified in [EXHIBIT B: FUNCTIONAL AND NON-FUNCTIONAL REQUIREMENTS](#).

2.2.6. BIDDERS' LIBRARY

The Bidders' Library is an online repository of information intended to help bidders develop their proposal. Throughout the solicitation, the State will make available a Bidders' Library containing reference and supporting documentation that Bidders may review and use to prepare their proposals. Bidders are encouraged to review the information in the Bidders' Library to gain a thorough understanding of the BECRT Project.

Example content includes:

- Approved Technology Stack
- Architecture Standards
- Enterprise Data Questionnaire

To obtain access to the Bidders' Library, Bidders must e-mail a request to the Procurement Officers listed in [SECTION 2.2.1. PROCUREMENT OFFICER](#) and sign and submit [ATTACHMENT 2: INTENT TO BID FORM](#), [ATTACHMENT 6: CONFIDENTIALITY STATEMENT FORM](#), and [ATTACHMENT 3: FOLLOW-ON CONTRACT DISCLOSURE FORM](#). It is the Bidder's responsibility to provide the Procurement Officer with all the required documentation to obtain access to the Bidder's Library. The e-mail should include the names, titles, phone numbers, and e-mail addresses of no more than two (2) contacts. Once the required forms are received, access information will be emailed to the Bidder's single point of contact as specified in the Bidder's Intent to Bid form within three (3) State business days of receipt. Bidders are not allowed to share or provide this information with or to anyone.

The State will upload documents to the Bidders' Library as it becomes available during the course of the procurement. Additions to the Bidders' Library may be made without requiring solicitation addenda or notification to the Bidders. It is each Bidder's responsibility to check frequently for updates to the Bidders' Library as notification of updates will not be provided.

The State will provide updated information as it becomes available during the course of the solicitation. The State will ensure the latest documents are provided in the Bidders' Library.

2.3. KEY ACTION DATES

Key Action Dates provides the key action dates and times by which actions must be taken or completed. If the State finds it necessary to change these dates or times, it will be accomplished via an addendum to this solicitation with the exception of dates listed after the Bidder's submission of proposal. Dates listed after the Bidder's submission of proposal are estimated and may be adjusted without addendum to this solicitation. All times listed are for Pacific Time. 2.4.1. FINAL PHASE

The final phase consists of a proposal (Mandatory) and, if requested by the State, a Best and Final Offer (BAFO).

The purpose of the final phase is to obtain proposals that are responsive in every respect. The proposal is a mandatory step for all Bidders; all other steps are optional unless otherwise stated in [SECTION 2.3. KEY ACTION DATES](#).

The proposal must be complete, and include all cost information, required signatures, contract changes issued by the State via an addendum and corrections made to those defects noted by the State in its review of the draft proposal, if any. Bidders that submitted proposals meeting the criteria identified in

[SECTION 7. NEGOTIATIONS](#) will be eligible to receive an invitation to negotiate with the State.

The State, at its sole discretion, may request a BAFO from those Bidders that participated in the Negotiation Process as identified in [SECTION 7. NEGOTIATIONS](#) .

2.4.2. DISPOSITION OF PROPOSALS

All materials submitted in response to this solicitation will become the property of the State of California. All phases of the proposal shall be retained for official files and will become a public record after the Notification of Award is posted.

2.4.3. WITHDRAWAL AND RESUBMISSION/MODIFICATION OF PROPOSALS

A Bidder may withdraw its Final Proposal at any time prior to the Final Proposal submission date and time specified in [SECTION 2.3. KEY ACTION DATES](#), by submitting a written notification of withdrawal signed by an authorized representative of the Bidder in accordance with [SECTION 2.6.10. SIGNATURE OF PROPOSAL](#). The Bidder may thereafter submit a new or modified proposal prior to the respective proposal submission date and time specified in [SECTION 2.3. KEY ACTION DATES](#). Modification offered in any other manner, oral or written, will not be considered. Other than as allowed by law, Final Proposals cannot be changed or withdrawn after the deadline date and time designated for receipt, except as provided in the solicitation.

2.5. ALTERNATIVE PROTEST PROCESS

This solicitation is being conducted under (PCC) §6611 et seq; protests are not applicable to this solicitation.

2.6. RULES GOVERNING COMPETITION

This solicitation, the evaluation of responses, and the award of any resultant Contract shall be made in conformance with current competitive bidding procedures as they relate to the procurement of IT goods and services or telecommunications by public bodies in the State of California.

2.6.1. IDENTIFICATION AND CLASSIFICATION OF SOLICITATION REQUIREMENTS

The State has established certain requirements with respect to proposals to be submitted by prospective Contractors. The use of “shall,” “must,” or “will” (except to indicate simple futurity) in the solicitation indicates a requirement or condition which is mandatory.

Non-compliance with any mandatory requirement will disqualify a Bidder from further participating in Evaluation, Negotiations and Contract Award.

The words “should” or “may” in the solicitation indicate desirable attributes or conditions, but are non-mandatory in nature.

2.6.2. SOLICITATION DOCUMENTS

This solicitation document includes, in addition to an explanation of the State’s requirements which must be met, instructions which prescribe the format and content of proposals to be submitted and the model of the Contract to be executed between the State and the successful Bidder.

If a Bidder discovers any ambiguity, conflict, discrepancy, omission, or other error in this solicitation document, the Bidder shall immediately notify the Procurement Officer identified in [SECTION 2.2.1. PROCUREMENT OFFICER](#), of such error in writing and request clarification or modification of the document.

If the solicitation document contains an error known to the Bidder, or an error that reasonably should have been known, the Bidder shall bid at its own risk. If the Bidder fails to notify the State of the error prior to the date fixed for submission of proposals, and is awarded the Contract, the Bidder shall not be entitled to additional compensation or time by reason of the error or its later correction. Modifications will be made by addenda issued pursuant to [SECTION 2.6.7. ADDENDA](#) .

2.6.3. EXAMINATION OF THE WORK

The Bidder should carefully examine the entire solicitation document and any addenda thereto, and all related materials and data referenced in the solicitation document or otherwise available to the Bidder, and should become fully aware of the nature and location of the work, the quantities of the work, and the conditions to be encountered in performing the work.

2.6.4. EXCLUSION FOR CONFLICT OF INTEREST

No consultant shall be paid out of State funds for developing recommendations on the acquisition of telecommunication, information technology (IT) products or services or assisting in the preparation of the project approval lifecycle documents (stages 2, 3, or 4), while in effect, if that consultant is to be a source of such acquisition or could otherwise directly and/or materially benefit from State adoption of such recommendations or the course of action recommended in the project approval lifecycle documents (stages 2, 3, or 4). Further, no consultant shall be paid out of State funds for developing recommendations on the disposal of State surplus IT products if that consultant would directly and/or materially benefit from State adoption of such recommendations.

A consultant shall not be eligible to serve as the Prime Contractor or subcontractor pursuant to this solicitation if the Contractor/subcontractor is currently working on the solicitation in an Independent Verification and Validation (IV&V) role.

The Bidder must complete and submit [ATTACHMENT 3: FOLLOW-ON CONTRACT DISCLOSURE FORM](#) with its proposal.

2.6.5. CONFIDENTIALITY

Bidder material becomes public only after the Notification of Award is released. If material marked “confidential,” “proprietary,” or “trade secret” is requested pursuant to the Public Records Act, the State will make an independent assessment whether it is exempt from disclosure. If the State disagrees with the Bidder, the State will notify the Bidder and give them a reasonable opportunity to justify their position or obtain a court order protecting the material from disclosure.

The Bidder should be aware that marking a document “confidential” or “proprietary” in a proposal may exclude it from consideration for award and will not keep that document from being released after notice of award as part of the public record, unless a court has ordered the State not to release the document.

The content of all working papers and discussions relating to the Bidder’s proposal shall be held in confidence indefinitely, unless the public interest is best served by an item’s disclosure because of its direct pertinence to a decision, agreement or the evaluation of the proposal.

Any disclosure of confidential information by the Bidder may be the basis for rejecting the Bidder’s proposal and ruling the Bidder ineligible to further participate. Any disclosure of confidential information by

a State employee is a basis for disciplinary action, including dismissal from State employment, as provided by Government Code §19570 et seq. Total confidentiality is paramount; it cannot be over emphasized.

2.6.6. BONDS

The State reserves the right to require a performance bond or other security document as specified in the solicitation from the Bidder in an amount not to exceed the amount of the Contract. In the event the State requires a surety bond that has not been expressly required by the solicitation, the State will reimburse the Bidder as an addition to the purchase price in an amount not exceeding the standard premium on such bond.

2.6.7. ADDENDA

The State may modify the solicitation at any time prior to submission of proposal by issuing an addendum. Addenda will be numbered consecutively and released to all Bidders via Cal eProcure.

The Bidder is allowed five (5) working days to submit written questions regarding the addendum according to the instructions contained in [SECTION 2.2.2. QUESTIONS REGARDING THE SOLICITATION DOCUMENT](#).

2.6.8. COST FOR DEVELOPING PROPOSAL

Costs for developing proposals are the responsibility entirely of the Bidder and shall not be chargeable to the State.

2.6.9. DISCOUNTS

When a provision is made for a testing period preceding acceptance by the State, the date of delivery shall mean the date the supplies or equipment are accepted by the State during the specified testing period. Payment is deemed made, for the purpose of earning the discount, on the date of mailing the State warrant or check.

Cash discounts offered by bidders for the prompt payment of invoices will not be considered in evaluating offers for award purposes; however, all offered discounts will be taken if the payment is made within the discount period, even though not considered in the evaluation of offers.

2.6.10. SIGNATURE OF PROPOSAL

A cover letter shall be considered an integral part of the Final Proposal and any proposal form requiring signature, must be signed by an individual who is authorized to bind the bidding firm contractually. The signature block must indicate the title or position that the individual holds in the firm. An unsigned Final Proposal may be rejected.

The draft proposal, if applicable, must also contain the cover letter, including the title of the person who will sign, but need not contain the signature.

2.6.11. IRREVOCABLE OFFER

Bidder's response to this solicitation shall constitute a firm offer, which shall remain irrevocable for not less than 120 calendar days following the Contract Award date specified in [SECTION 2.3. KEY ACTION DATES](#). In the event of a delay in Contract Award, a Bidder may extend the expiration date of its firm offer an additional 30 calendar days by written notice to the State.

This expiration date may be further extended by mutual agreement between the State and the Bidder, in order to accommodate processing time for required approvals and other solicitation-related reviews.

2.6.12. FALSE OR MISLEADING STATEMENTS

Proposals that contain false or misleading statements, or provide references that do not support an attribute or condition claimed by the Bidder, may be the basis for rejecting the Bidder's proposal. If, in the opinion of the State, such information was intended to mislead the State in its evaluation of the proposal, and the attribute, condition, or capability is a requirement of this solicitation document, may be the basis for rejecting the Bidder's proposal.

More information regarding the Small Business Preference may be found at: <https://www.dgs.ca.gov/PD-OSDS>

3.2.15.5. NON-SMALL BUSINESS SUBCONTRACTOR PREFERENCE (O)

A five percent (5%) proposal preference is available to Bidders who qualify as a non-small business claiming at least 25% California-certified small business subcontractor participation. If claiming the non-small business subcontractor preference, the Bidder's response must include a list of the small businesses with which the firm commits to subcontract in an amount of at least 25% of the net proposal price with one (1) or more California-certified small businesses. Each listed certified small business must perform a "commercially useful function" in the performance of the Contract as defined in Government Code §14838(b)(1)(2).

The preference to a non-small business firm that commits to small business or microbusiness subcontractor participation of 25% of its net proposal price shall be given five percent (5%) of the highest responsive firm's total score. A non-small business that qualifies for this preference, may not take an award away from a certified small business.

If the Bidder is claiming a non-small business using small business subcontractors, the Bidder must complete and submit the following with its proposal for each SB Subcontractor:

1. [ATTACHMENT 7: BIDDER DECLARATION GSPD 05-105](#);
2. [ATTACHMENT 8: BIDDING PREFERENCES AND INCENTIVES](#); and,
3. [ATTACHMENT 10: COMMERCIALLY USEFUL FUNCTION \(CUF\) CERTIFICATION](#).

3.2.15.6. COMMERCIALLY USEFUL FUNCTION (M, if applicable)

All certified small business, micro business, and/or DVBE Contractors, subcontractors or suppliers must meet the commercially useful function requirements under Government Code Section 14837 (for SB), Military and Veterans Code Section 999 (for DVBE), and Title II California Code of Regulations, Section 1896.4 and 1896.62.

A Contractor, subcontractor, or supplier will not be considered to perform a commercially useful function if the Contractor's, subcontractor(s), or supplier's role is limited to that of an extra participant in the transaction, the awarded Contract, or project through which funds are passed to obtain the appearance of small business or micro business participation.

The Bidder must complete [ATTACHMENT 10: COMMERCIALLY USEFUL FUNCTION \(CUF\) CERTIFICATION](#) for each Small Business and/or DVBE (prime and/or subcontractor(s)). All Bidders and subcontractors identified in the proposal response to fulfill the requirements for one (1) or more of the socio-economic programs (DVBE and small business) must perform a commercially useful function (CUF) in the resulting Contract. CUF is defined pursuant to Military and Veterans Code §999(b)(5)(B) and Government Code §14837(d)(4)(A) for the DVBE and small business programs, respectively.

Bidder(s) may be required to submit additional written clarifying information regarding CUF on [ATTACHMENT 10: COMMERCIALLY USEFUL FUNCTION \(CUF\) CERTIFICATION](#). Failure to submit the requested written information as specified may be the basis for rejection of the Bidder's proposal.

3.2.15.7. TARGET AREA CONTRACT PREFERENCE ACT (TACPA) (O)

Target Area Contract Preference Act (TACPA) will be granted to California-based firms in accordance with Government Code §4530 whenever contracts for goods or services are in excess of \$100,000 and the Bidder meets certain requirements as defined in the California Administrative Code (Title 2, §1896.30 et seq.) regarding labor needed to produce the goods or provide the services being procured. The TACPA is optional on the part of the Bidder (not mandatory), is for proposal evaluation purposes only, and does not alter the amount of the awarded Contract.

Bidders wishing to take advantage of this preference will need to review the [DGS TACPA website](#) and submit the required applications/forms listed with its proposal as [ATTACHMENT 11: TACPA PREFERENCE REQUEST FORMS](#). The Bidder's proposal may omit these if there is no intention to claim this preference.

The required applications/forms are as follows:

1. TACPA (Std. 830)
2. Bidder's Summary of Contract Activities and Labor Hours (DGS/PD 525)
3. Manufacturer Summary of Contract Activities and Labor Hours (DGS/PD 526)

3.3. QUALIFICATION REQUIREMENTS

The Bidder is expected to have a proven record of success and be responsible for all aspects of the service, including any subcontractors and the project team/Key Staff proposed.

The Bidder must meet the minimum Bidder Qualification and Key Staff Qualification Requirements. Failure to meet any of the minimum requirements may be considered non-responsive and may be the basis for rejecting the Bidder's Best and Final Offer (BAFO).

3.3.1. BIDDER QUALIFICATIONS (M) (DS)

The Bidder must complete and submit as part of the proposal response, [ATTACHMENT 13: BIDDER QUALIFICATIONS FORM](#), to confirm that the Bidder's experience meets all the minimum requirements identified in [ATTACHMENT 13: BIDDER QUALIFICATIONS FORM](#). It is incumbent upon the Bidder to provide enough detail in proposal for the state to evaluate the Bidder's ability to meet the requirements and perform the services as described in this solicitation. Refer to [ATTACHMENT 12: BIDDER QUALIFICATIONS FORM - INSTRUCTIONS: BIDDER QUALIFICATIONS FORM - INSTRUCTIONS](#) for further requirements and instructions.

The Bidder must provide information for a minimum of three (3) projects. A separate [ATTACHMENT 13: BIDDER QUALIFICATIONS FORM](#) must be submitted for every project used to meet the minimum required experience. Any given project may meet multiple requirements, but at least three (3) projects and not more than six (6) completed projects supporting the necessary areas of expertise must be provided to meet the requirements in [ATTACHMENT 13: BIDDER QUALIFICATIONS FORM: BIDDER QUALIFICATIONS FORM](#). If more than six (6) Bidder Qualification Forms are submitted, only the first six

(6) in the order presented in the proposal will be evaluated.

Unless stated otherwise, the experience required, as evidenced by a minimum of three (3) and a maximum of six (6) completed projects supporting the necessary areas of expertise must have occurred within seven (7) years prior to the solicitation release date for all projects and must have been completed in the US. There is no required minimum number of additional projects beyond the three (3) to six (6) projects supporting the necessary areas of expertise within the seven (7) years prior to the solicitation release date. Points will be awarded based on desirable experience in accordance with [SECTION 6. EVALUATION](#).

3.3.2. BIDDER REFERENCES (MS)

The Bidder must complete and submit as part of proposal, [ATTACHMENT 14: BIDDER REFERENCE FORM](#) for each of the projects cited on the corresponding [ATTACHMENT 13: BIDDER QUALIFICATIONS FORM](#).

The purpose of the Bidder reference requirement is to provide the State the ability to evaluate the Bidder's experience in providing similar or relevant services to other organizations through a satisfaction rating provided by the Bidder's previous project clients. The description of their projects must be detailed and comprehensive enough to permit the State to assess the similarity of those projects to the work anticipated for the Contract resulting from this solicitation.

[ATTACHMENT 14: BIDDER REFERENCE FORM](#) must be completed in its entirety and dated by a reference that performed a management or supervisory role on the reference project to be considered responsive. The [ATTACHMENT 14: BIDDER REFERENCE FORM](#) must be returned to the Bidder for submission with proposal. No information corrections or changes may be made on the reference form by the Bidder. Forms with alterations or changes to the entered information may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

References may be contacted to validate submitted responses based on customer satisfaction in accordance with [SECTION 6. EVALUATION](#). References must be external to a Bidder's organization and corporate structure. Failure to provide verifiable references may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

References must meet the following criteria:

- Must not have been from a prior project with the California Air Resources Board, if manager has been a member of the Evaluation Team, for this project to avoid a conflict of interest.
- Must be from the company (customer) or Agency for which the project was developed and/or services provided.
- Must be someone who performs a management or supervisory role on the referenced project.
- Must be external to the Bidder's organization and corporate structure.
- Must not be from employees or individuals who have or are currently working for the Bidder.
- Amendments to contracts shall not be considered separate and distinct contracts and cannot be used as separate projects.
- Must be able to provide an objective evaluation of the proposed Bidder and/or Key Staff's performance.

If the reference is not allowed either legally or by company/organization policy to sign the reference form, the reference must type in its full name.

Prior to the Bidder using a current State employee as a reference, the Bidder shall contact the State Procurement Officer identified in [SECTION 2.2.1. PROCUREMENT OFFICER](#), to ensure the current State employee is not a member of the Evaluation Team.

3.3.3. KEY STAFF QUALIFICATIONS (M)(DS)

The Bidder must complete and submit Key Staff Qualification forms. The Bidder must provide complete information to confirm that each of the five (5) proposed Key Staff possess the experience and qualifications as specified for their project role. Refer to [ATTACHMENT 15: KEY STAFF QUALIFICATIONS FORM – INSTRUCTIONS](#) for further requirements and instructions.

Each cited project for each Key Staff must be submitted separately on the appropriate form. It is incumbent upon the Bidder to provide enough detail in the response for the State to evaluate the Bidder's proposed Key Staff's ability to meet the requirements and perform the services as described in this solicitation and the SOW.

The Bidder's proposed Key Staff must meet all the mandatory minimum qualification requirements. All experience used to meet the minimum requirements must have occurred within the last five (5) years prior to the proposal due date. The same resource cannot be assigned to meet multiple roles. Points will be awarded to Bidders that meet the criteria set forth in the desirable experience qualifications as specified in

SECTION 6. EVALUATION.

The following Key Staff are required to perform the services as described in [EXHIBIT A: STATEMENT OF WORK](#):

1. Project Manager
2. Business Analyst
3. Solution Architect
4. Lead Developer
5. Testing/Quality Assurance Lead

3.3.3.1. FULL-TIME/PART-TIME MONTH EQUIVALENTS DEFINITION

For each experience requirement (marked by “x”) that is met or partially met on the referenced project, specify the number of full-time month equivalent (FTE) experience that the Staff accrued on the referenced project. For each period in which the Staff performed work applicable to the claimed experience for a minimum of twenty (20) workdays of a minimum total of one hundred sixty (160) hours (the minimum required to represent working full-time), the Staff accrues one (1) full-time month equivalent experience.

To calculate and report the full-time month equivalents experience for Staff who worked part-time (partial) on a referenced project, use the following calculation:

If the Staff worked half ($\frac{1}{2}$) time on a referenced project, experience should be pro-rated to one-half ($\frac{1}{2}$) or 0.5 month full-time month equivalent experience for each period in which the staff person worked a minimum of eighty (80) hours over twenty (20) State Business Days in a month.

For each experience requirement that the Staff's work on a referenced project addresses, report the total number of full-time month equivalents' experience the Staff's work represents using the calculations as previously described in this section, which depend upon the time period (calendar period) during which the Staff worked on the referenced project and whether he/she worked on a full-time or some other basis.

Refer to the details in [SECTION 6. EVALUATION](#) on how the requirements will be scored as part of the overall evaluation.

3.3.4. KEY STAFF REFERENCES (MS)

The Bidder must complete and submit as part of its proposal Key Staff Reference Forms at least one (1) reference for each of the projects cited on the corresponding Key Staff Qualifications Form.

The purpose of the Key Staff reference requirement is to provide the State the ability to evaluate the proposed Key Staff person's experience in providing similar or relevant services to other organizations through a satisfaction rating provided by the Key Staff person's previous project clients. The description of their projects must be detailed and comprehensive enough to permit the State to evaluate the work performed on the project meets the requirement(s).

Key Staff Reference Form must be completed in its entirety and dated by a reference that performed a management or supervisory role on the referenced project to be considered responsive. The Key Staff Reference Form must be returned to the Bidder for submission with proposal.

No information corrections or changes may be made on the reference form by the Bidder. Forms with alterations or changes to the entered information may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

References may be contacted to validate submitted responses based on customer satisfaction in accordance with [SECTION 6. EVALUATION](#). Failure to provide verifiable references may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

References must meet the following criteria:

- Must not have been from a member of the Evaluation Team for this project to avoid a conflict of interest*.
- Must be from the company (customer) or Agency for which the project was developed and/or services provided.
- Must be someone who performs a management or supervisory role on the referenced project.
- Must be external to the Bidder's organization and corporate structure.
- Must not be from employees or individuals who have or are currently working for the Bidder.
- A contract and all amendments to it are considered as one project. Amendments to a contract cannot be submitted as separate projects.
- Must be able to provide an objective evaluation of the proposed Key Staff's performance.

If the reference is not allowed either legally or by company/organization policy to sign the reference form, the reference must type in its full name.

*Prior to the proposed Key Staff person using a current State employee as a reference, the Bidder shall contact the State Procurement Officer identified in [SECTION 2.2.1. PROCUREMENT OFFICER](#), to ensure the current State employee is not a member of the Evaluation Team.

3.4. SOLUTION REQUIREMENTS

This section contains the detailed functional and non-functional requirements, deliverables and milestones requirements, and narrative response requirements pertaining to the proposed system that must be met in order to be considered responsive to this solicitation. In addition to meeting these requirements, the Bidder must adhere to [EXHIBIT A: STATEMENT OF WORK](#).

3.4.1. FUNCTIONAL AND NON-FUNCTIONAL REQUIREMENTS (M) (MO) (DS)

The Bidder must complete and submit as part of its proposal, [EXHIBIT B: FUNCTIONAL AND NON-FUNCTIONAL REQUIREMENTS](#). The Bidder must indicate compliance and confirmation to each of the requirements by marking “Yes” or “No” in the column labeled “Will Solution Meet Requirement? Yes/No.” A blank or “NO” answer in this column may be considered non-responsive and may be the basis for rejecting the Bidder's proposal. Tab 1, Instructions, provides a description of each column and the instructions for completing [EXHIBIT B: FUNCTIONAL AND NON-FUNCTIONAL REQUIREMENTS](#). The Bidder must not alter the structure or content of [EXHIBIT B: FUNCTIONAL AND NON-FUNCTIONAL REQUIREMENTS](#).

Refer to [SECTION 6. EVALUATION](#) for details on how the requirements will be scored as part of the overall evaluation.

3.4.2. DELIVERABLES AND MILESTONES TABLE (M)

The Bidder must complete and submit as part of its proposal, [EXHIBIT C: DELIVERABLES AND MILESTONES TABLE](#). The Bidder must indicate compliance and confirmation to each of the deliverables by marking “Yes” or “No” in the column labeled “Bidder Agrees to Produce and Meet? Yes/No.” A blank or “NO” answer in this column may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

The Bidder must not alter the structure or the content of [EXHIBIT C: DELIVERABLES AND MILESTONES TABLE](#).

Refer to the details in [SECTION 6. EVALUATION](#) on how the requirements will be scored as part of the overall evaluation.

Refer to [SECTION 6. EVALUATION](#) for details on how the requirements will be scored as part of the overall evaluation.

4. COST

Cost is a primary evaluation criterion weighted at 40% of the total points.

This section contains the mandatory scored cost requirements that must be met in order to be considered responsive to this solicitation. All proposed costs for all line items must be all-inclusive, thereby including the cost of any and all services required in this solicitation.

The intent is to structure the cost format in order to facilitate a straightforward comparison among all Bidders and foster competition to obtain the best cost. Therefore, the Bidder is advised that failure to comply with the instructions, such as submission of an incomplete proposal, use of alternative cost structures or different formats than the one required, may be the basis for rejection of the Bidder's proposal.

It is imperative that no cost information be included in the body of the proposal. Cost information must only be submitted in the Bidder's Volume 2, Cost in accordance with [SECTION 5. PROPOSAL/BID FORMAT AND SUBMISSION REQUIREMENTS](#).

4.1. COST WORKBOOK (MS)

The Bidder must submit a completed [EXHIBIT D: COST WORKBOOK](#) separately in Volume 2, as part of their response, in accordance with the requirements specified in this section.

Services, features, equipment, and costs included in [EXHIBIT D: COST WORKBOOK](#) are those that the Bidder must provide for the term of the Contract as identified in the [EXHIBIT A: STATEMENT OF WORK](#), which includes all optional years.

4.2. COST WORKBOOK INSTRUCTIONS

The cost workbook includes multiple cost worksheets that must be completed by the Bidder and submitted with its Final Cost Proposal to be considered responsive. The cost workbook lists all cost elements required.

The Bidder is required to enter all cost data in the format prescribed by the cost workbook, even if there are no costs for the item indicated on the worksheet(s). In these instances the Bidder must indicate the cost as a zero (\$0). In addition, if any character other than a numeral is used (e.g., a dash), the State will assume the cost of the item to be zero (\$0). Items submitted with no price will be considered as offered at no cost. Costs cannot exceed two (2) decimal places.

The Bidder's completed Cost Workbook must be submitted separately with its proposal no later than the date and time identified in [SECTION 2.3. KEY ACTION DATES](#) to be considered responsive. The Cost Workbook shall list all cost elements required to implement, maintain, and operate the proposed services in support of the BECRT.

See [SECTION 5.3. DELIVERY OF SUBMITTALS](#) for details surrounding the Cost Workbook submission.

Unless specified, all other fields must not be modified. If the cost workbook is modified or cells are left blank, the State may be considered non-responsive and may be the basis for rejecting the Bidder's proposal. The cost workbook must be filled out completely or the State may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

The State has populated some of the cells with formulas, however it is the responsibility of the Bidder to ensure worksheets and calculations are correct and accurate. The State will not assume responsibility for any cost figures that do not calculate properly. Cells highlighted in yellow, indicate the cells in which the Bidders must enter its cost.

A detailed description of each worksheet is provided in the [EXHIBIT D: COST WORKBOOK](#).

- Tab 1: Worksheet 1, Instructions

- Tab 2: Worksheet 2, Minimum Value of Contract
- Tab 3: Worksheet 3, Mandatory Optional
- Tab 4: Worksheet 4, Total Costs
- Tab 5: Worksheet 5, Unanticipated Tasks

Refer to the [EXHIBIT D: COST WORKBOOK](#) for additional Cost Workbook instructions.

4.3. PROJECT PAYMENT TERMS

In accordance with Public Contract Code, §12112, the State will withhold, from each invoiced payment amount to the Contractor, an amount equal to ten percent (10%) of the payment per [EXHIBIT A: STATEMENT OF WORK](#) Section 40.5. Payment Withhold.

4.4. SALES TAX

Sales tax is not to be included in [EXHIBIT D: COST WORKBOOK](#). If awarded the Contract, sales tax, if applicable, should be added at time of invoicing. The sales tax rate applied should be based on the rate of the area where the service is to be provided. See California Department of Tax and Fee Administration Regulation 1502 (f) (1) (D).

5. PROPOSAL/BID FORMAT AND SUBMISSION REQUIREMENTS

These instructions identify the mandatory proposal format and the approach for the development and presentation of proposals. The format instructions must be followed, all requirements and questions in the solicitation must be completed, and all requested data must be supplied. The Bidder shall carefully examine the solicitation and be satisfied with the compliance conditions prior to submittal.

Bidder shall upload an electronic copy of its proposal, including the Cost Workbook, as specified in [SECTION 5.5. PROPOSAL CONTENT AND STRUCTURE](#). It is important that Bidder's electronic files that comprise its proposal are clearly labeled, or they may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

The State will not be liable for any costs incurred by any Bidder in responding to this solicitation, regardless of whether the State awards the Contract through this process, decides not to move forward with the project, cancels this solicitation for any reason, or Contracts for the project through other processes or by issuing another solicitation.

5.1. PREPARATION

Proposals are to be prepared in such a way as to provide a straightforward, concise delineation of capabilities to satisfy the requirements of this solicitation document. High-definition graphics, multi-colored content, promotional materials, etc., are not necessary or desired. Emphasis should be concentrated on conformance to the solicitation document instructions, responsiveness to the solicitation document requirements, and completeness and clarity of content.

5.2. COMPLETION OF PROPOSALS

Proposals must be complete in all respects as required. A proposal may be rejected if it is conditional, includes assumptions, includes exceptions that conflict with requirements or the intent of the effort, includes modifications to requirements, or if it contains any alterations of form or other irregularities of any kind. A proposal may be considered non-responsive and may be the basis for rejecting the Bidder's proposal if any such defect or irregularity from the solicitation document requirements. The proposal must contain all costs as required in [SECTION 4. COST](#) and [SECTION 5. PROPOSAL/BID FORMAT AND SUBMISSION REQUIREMENTS](#).

5.3. DELIVERY OF SUBMITTALS

The Bidder must email the Procurement Officer by the due date specified in [SECTION 2.3. KEY ACTION DATES](#), no more than two (2) contacts who will have access to the State's file sharing site to electronically upload the Bidder's proposal. Once provided, an invitation to the State's file sharing site will be sent to those individuals. It is the Bidder's responsibility to confirm receipt of the invitation with the Procurement Officer. A separate file location will be created for each Bidder accessible only to the Bidder Contact(s).

The file sharing site does not allow access from outside the Continental United States.

It is highly recommended that Bidders upload a test MS Word, MS Excel, and PDF file to each folder at least five (5) calendar days prior to the due date to test access to the State's file sharing site. Upon successful upload, notify the Procurement Officer and the test file will be deleted. It is the Bidder's responsibility to gain access to the file-sharing site to submit their proposal.

The file sharing site will provide a primary folder for each Bidder to submit their proposal. Each Bidder's folder will contain subfolders: Volume 1 and Volume 2.

The Bidder contacts will be required to upload a complete copy of the Bidder's proposal to the appropriate folders. If a Bidder fails to request access to the file sharing site by the due date specified in the Key Action Dates, the State cannot guarantee access to the site prior to the proposal submittal due date and no other submissions outside of the file sharing site will be considered.

COST:

1. The Bidder Contacts will be required to upload a complete copy of the Bidder's [EXHIBIT D: COST WORKBOOK](#) in the appropriate cost folder.
2. The Bidder's [EXHIBIT D: COST WORKBOOK](#) file shall be titled with the *[Bidder's Name]* and Project Name - *[BECRT 2526053 - EXHIBIT D: COST WORKBOOK]* and deposited in the folder labeled "Volume 2".
3. The Bidder's Cost Workbook shall be in MS Excel format (version 2019 or higher).
4. Prior to submission, Bidders MUST apply an encryption password to the Cost Workbook.
5. The Bidder will be required to email the encryption password to the Procurement Officer and Secondary Procurement Officer at the same time the Bidder uploads their cost workbook.

If a file is uploaded in error to a file sharing site folder, the Bidder may submit a request by email to the Procurement Officer prior to the last day to submit responses. **Do not upload compressed files (.zip files) onto the file sharing site.**

Proposals must be received no later than the date and time specified in [SECTION 2.3. KEY ACTION DATES](#). Late receipt of a proposal may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

5.4. FORMATTING

It is Bidder's responsibility to ensure its proposal is submitted in a manner that enables the State to easily locate all response descriptions and exhibits for each requirement of this solicitation.

5.4.1. SOFT COPY

Soft copy files must be submitted in searchable portable document file (PDF) format (Acrobat v. 6.0 or higher), with the exception of the following items, which must be submitted in MS Excel format (version 2013 or higher):

1. [EXHIBIT B: FUNCTIONAL AND NON-FUNCTIONAL REQUIREMENTS](#)
2. [EXHIBIT C: DELIVERABLES AND MILESTONES TABLE](#)
3. [EXHIBIT D: COST WORKBOOK](#) (to be submitted separately)

4. Electronic copies of the proposal must be in Microsoft Office version 2019 or higher (e.g., MS Word, MS Excel, MS Visio, etc.). The Bidder may include a PDF version of its proposal; however, the Bidder must ensure PDF versions are identical in content and pagination. **The content of all PDF files must be searchable.**
5. PDF versions of documents shall be used for those submissions of the proposal that require

signature.

6. The Bidder must ensure that no cost information of any type is included outside of the Cost Workbook. The inclusion of cost in any part of the proposal, except for Volume 2, may be the basis for rejection of the Bidder's proposal.
7. Bidders must ensure their proposal is submitted in the applicable SharePoint folders.
8. As stated in [SECTION 2.6.5. CONFIDENTIALITY](#), proposals marked "confidential" or "proprietary" may exclude the Bidder from consideration for award.

6. EVALUATION

This section details the evaluation process and scoring procedures the State will follow when evaluating proposals submitted in response to this solicitation. The evaluation process is a multi-step review of each Bidder's proposal to determine that it is responsive, and provides a "value effective" solution to the State. The value effective proposal is the proposal that best meets all requirements set forth in this solicitation and any State negotiated items.

The State reserves the right to modify or cancel this procurement in its entirety or in part at any time.

6.1. EVALUATION TEAM

This procurement is being conducted under the guidance of a Procurement Officer from CDT OSTP (refer to [SECTION 2.2.1. PROCUREMENT OFFICER](#)). The Procurement Officer will serve as the Bidder's point of contact for questions and clarification, and will identify the rules governing this procurement.

The State will establish an evaluation team consisting of State employees only, including management and staff, to review and evaluate proposals. The State Procurement Officer will provide guidance and oversight to the evaluation team. The State may engage additional qualified individuals or subject matter experts (SME) during the evaluation process to assist the State in gaining a better understanding of technical, financial, legal, contractual, or program issues. These individuals/SME do not have voting privileges or responsibility for the evaluation process and will serve solely in an advisory capacity.

6.2. PROPOSAL EVALUATION

This section identifies how the State will evaluate and award points for each proposal in a manner that preserves the integrity of the competitive procurement process. All Bidders should read this section carefully to understand how points and scores are assigned.

Proposals will be evaluated using a combination of mandatory Pass/Fail and numerically scored criteria. Proposals will be evaluated based on compliance with all requirements, with points allocated sixty percent (60%) for scored qualification and solution requirements. The remaining points allocated forty percent (40%) for Cost. The evaluation methodology and distribution and allocation of maximum points possible for each proposal component is provided in Table 6.2-1: Evaluation Scoring and Point Distribution.

A proposal may be rejected if it is conditional or incomplete, contradicts the requirements, contains alterations of any form, or contains other irregularities of any kind, including alterations to any terms and conditions.

Evaluation scoring will be made by consensus of the Evaluation Team members. There are 4,622 points available (2,773 non-cost points and 1,849 cost points), excluding preferences and incentives. All point calculations will be rounded to the nearest hundredth (two (2) decimal places).

6.2.1. VALIDATION AGAINST REQUIREMENTS

The State will review each proposal in detail to determine its compliance with the solicitation requirements. The State reserves the right to use multiple means to validate and determine the Bidder's response to a requirement. This may be through details in its description and/or supporting documentation provided or material that is publicly available, that may either support or contradict the Bidder's claim of intended compliance.

During the Proposal evaluation, the State may request the Bidder clarify any area of the proposal that the State determines to be unclear in accordance with [SECTION 6. EVALUATION](#).

If a Bidder's proposal fails to meet a mandatory requirement, it will be considered a deviation in accordance with [SECTION 2.6.1. IDENTIFICATION AND CLASSIFICATION OF SOLICITATION REQUIREMENTS](#).

6.2.2. ERRORS IN THE FINAL PROPOSAL

An error in the proposal may cause the rejection of that proposal; however, the State may at its sole option retain the proposal and make certain corrections. In determining if a correction will be made, the State will consider the conformance of the proposal to the format and content required by the solicitation, and any unusual complexity of the format and content required by the solicitation. If appropriate, errors may be corrected in accordance with the following:

1. If the Bidder's intent is clearly established based on review of the complete proposal submittal, the State may at its sole option correct an error based on that established intent.
2. If the State discovers obvious clerical or arithmetic errors, the State may, at its sole option, correct such errors. If the mathematical correction results in significant changes to the Bidder's response, the State will provide the Bidder the opportunity to validate the resulting correction.
3. It is essential that Bidders carefully review the cost elements in their proposals since they may not be provided the opportunity to correct errors after submission.
4. In the event an ambiguity or discrepancy between any of the State's solicitation documents, is detected after review of the bids, the State reserves the right to seek clarification and acceptance from the Bidder.
5. The Bidder is required to thoroughly review the solicitation to ensure that its proposal is fully responsive with the solicitation requirements and thereby avoid the possibility of being ruled non-

responsive. It is the Bidder's responsibility to utilize the question and answer process to clarify any ambiguities in the solicitation requirements to ensure that the Bidder is submitting a responsive proposal.

6. At the State's sole discretion, it may declare all proposals to be Draft Proposals. Bidders may not protest the State's determination of all Proposals being declared Draft Proposals. If all proposals are declared to be Draft Proposals, the State may issue an addendum to this solicitation. Should this occur, confidential discussions may be held with Bidders that wish to remain under consideration. Each Bidder will be notified of the due date for the submission of a new Proposal to the State. This submission must conform to the requirements of the original RFP or as modified by an addendum. The new proposals will be evaluated as required by [SECTION 6. EVALUATION](#).

6.2.2.1. BIDDER RESPONSE CLARIFICATION

The State may request that a Bidder clarify any area of their response that the State determines to be unclear. The State may also request clarification for areas that may render the proposal non-responsive to the requirements and provide Bidders the opportunity to resubmit a responsive proposal by the date and time specified by the State. However, if the Bidder does not resubmit a responsive proposal to the areas identified by the date and time specified by the State, the Bidder's proposal will be rendered non-responsive, and ineligible to proceed to the next phase of the solicitation process. Clarifications may be requested via writing or confidential discussion.

6.3. ADMINISTRATIVE REQUIREMENTS EVALUATION

All [SECTION 3.2. ADMINISTRATIVE REQUIREMENTS](#) labeled with (M) are mandatory, whereas Administrative Requirements labeled with (O) are optional. Bidders are not required to respond to optional requirements. Review of the proposals will begin with ensuring that the Bidder has responded to all mandatory Administrative Requirements. Unless otherwise required, e-Signatures or copies of an original signature are acceptable.

Administrative Requirements will be evaluated as a Pass/Fail. If a Proposal fails to meet any mandatory requirement specified in [SECTION 3.2. ADMINISTRATIVE REQUIREMENTS](#), it may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

6.4. QUALIFICATION EVALUATION

All [SECTION 3.3. QUALIFICATION REQUIREMENTS](#) labeled with (M), (MS), and (MO) are mandatory, whereas Qualification Requirements labeled with (DS) are optional. Bidders are not required to respond to optional requirements. Review of the proposals will begin with ensuring that the Bidder has responded to all mandatory Qualification Requirements.

Qualification Requirements will be evaluated as a Pass/Fail and, if applicable, points will be awarded. If a proposal fails to meet any mandatory requirement specified in [SECTION 3.3. QUALIFICATION REQUIREMENTS](#), it may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

6.4.1. BIDDER QUALIFICATIONS EVALUATION

The State will evaluate Bidder qualifications using the information contained in the completed [ATTACHMENT 13: BIDDER QUALIFICATIONS FORM](#). Descriptions of experience must be clear, concise, and apply directly to the requirements.

To aid the State in evaluating Bidder qualifications, the Bidder should use a MM/DD/YYYY format when indicating project start and end dates. If a Bidder submits a proposal using any other date format, the State will count only the whole months or years between the start and end dates specified. For example, Bidder "A" cites start and end dates for a project as <02/15/2025 to 01/01/2026>. The Bidder or Key Staff member would only be credited with <eleven (11)> months of experience.

If a project end date is ongoing or exceeds the proposal due date, then the Bidder will receive credit for only the experience acquired up to the proposal due date specified in [SECTION 2.3. KEY ACTION DATES](#). In this instance, Bidders are instructed to use the proposal due date as the end date of ongoing projects. Concurrent project timeframes (overlapping dates) will only count once for calculating the number of years and months of qualification experience.

If the number of years and months for a project was not indicated on the Bidder Qualification form "Experience gained on this cited Project" and the Bidder checked "yes" to meeting the total experience on the project cited, then the Bidder will only receive experience credit for the minimum number of years required for that requirement **OR** will receive the number of years indicated on the start/end date of the Bidder Qualification form, whichever is less.

Bidders that do not complete and submit all required Bidder qualification forms with their proposal may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

6.4.2. BIDDER REFERENCES EVALUATION

The State will evaluate the Bidder's references using the information provided in each [ATTACHMENT 14: BIDDER REFERENCE FORM](#).

Bidders that do not return the required reference forms may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

Reference scores will be calculated by totaling the Satisfaction Ratings from each reference form submitted. The aggregate rating for all reference forms submitted will be divided by the number of reference forms submitted to determine the Bidder's average rating score. For example, if three (3) references are submitted with total rating scores of 30, 27, and 24 from three (3) projects, the aggregate rating scores equal 81. The aggregate score (81) will be divided by the number of reference forms submitted (3) to determine the final rating of 26.67 points.

If a reference form Satisfaction Rating item receives an "N/A" rating, that item will receive zero (0) points and included in the total point rating.

References that have a rating of "unsatisfactory" for ANY question or if a question is not answered, will result in that reference form having a 0 score for that reference form.

If the State wishes to validate the claimed information and experience listed on a Bidder Reference Form, the State will make two (2) attempts via email or phone to the reference contact identified on the Bidder Reference Form. The Bidder should ensure that its Bidder Reference Form contacts are available for validation during the evaluation period identified in [SECTION 2.3. KEY ACTION DATES](#).

If the State has not received a response from the reference contact after the first contact attempt, a second attempt will be made. If no response is received after the second contact attempt, the State will seek assistance from the Bidder requesting the reference to respond to the State within forty-eight (48) hours of the second contact attempt.

If the State remains unable to contact the reference, the Bidder's proposal may be considered non-responsive and may be the basis for rejecting the Bidder's proposal for failure to provide a verifiable

reference.

6.4.3. KEY STAFF QUALIFICATIONS EVALUATION

The State will evaluate Key Staff Qualifications and experience using the information contained in the Bidder's Key Staff qualification forms.

To aid the State in evaluating Key Staff qualifications, the Bidder should use a MM/DD/YYYY format when indicating project start and end dates on the Key Staff Qualification forms. If a Bidder submits a response using any other date format, the State will count only the whole months or years between the start and end dates specified.

If a project end date is ongoing or exceeds the proposal due date, then the Key Staff member will receive credit for only the experience acquired up to the proposal due date, as shown on [SECTION 2.3. KEY ACTION DATES](#).

Concurrent project timeframes (overlapping dates) will only count once for calculating the number of years and months of qualification experience for Key Staff.

Bidders that fail to submit a completed Key Staff Qualification form together with all required completed corresponding Key Staff reference forms may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

For each Key Staff, the Evaluation Team will first evaluate the completed [ATTACHMENT 15: KEY STAFF QUALIFICATIONS FORM – INSTRUCTIONS](#) for compliance with the instructions specified in the form and in [SECTION 3.3.3. KEY STAFF QUALIFICATIONS \(M\)\(DS\)](#). The State will evaluate Key Staff experience and award points as applicable using the Bidder's response to the mandatory and desirable requirements.

If the State is unable to validate that the information supplied qualifies for any desirable scored experience points, no points will be awarded for such experience.

6.4.4. KEY STAFF REFERENCES EVALUATION

The Bidder must complete and submit one (1) Key Staff Reference form using the applicable Attachment for each Key Staff project cited in the Key Staff Qualification Forms.

Each Key Staff reference form must be from a reference contact who performed a management or supervisory role on the cited project.

All Key Staff Reference Forms must be returned with the proposal response. Proposals that do not include the required Key Staff reference forms may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

The Evaluation Team will validate claimed Key Staff experience specified in the Key Staff Qualification Forms using the corresponding Key Staff Reference Form for each project cited to meet the mandatory (M) experience and, Mandatory Scored (MS) experience. If the State is unable to validate the claimed experience that meets the (M) and (MS) requirements, the response may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

References will be scored based upon the ratings provided by the reference(s). Any conflicting information may result in the offer being deemed non-responsive.

Reference scores will be calculated by totaling the Satisfaction Ratings from each reference form submitted. The aggregate rating for all reference forms submitted will be divided by the number of reference forms submitted to determine the Bidder's average rating score. For example, if three (3) references are submitted with total rating scores of 30, 27, and 24 from three (3) projects, the aggregate rating scores equal 81. The aggregate score (81) will be divided by the number of reference forms submitted (3) to determine the final rating of 26.67 points.

References that are returned with an unsatisfactory rating for any question will receive zero (0) points for that reference form and be deemed non-responsive. If a question is not answered, the Bidder will receive a 0 rating score for that question.

If the State validates a Key Staff qualification, the State will make two (2) attempts to the reference contact identified on the Key Staff Reference Form to validate the claimed information and experience. The Bidder should ensure that its Reference Form contacts are available for validation during the evaluation period identified in [SECTION 2.3. KEY ACTION DATES](#). Reference Contacts listed on the Reference Forms must be the same contact person listed on each Bidder Qualification Form.

If the State has not received a response from the reference contact after the first contact attempt, a second attempt will be made. If no response is received after the second contact attempt, the State will seek assistance from the Bidder requesting the reference to respond to the State within forty-eight (48)

hours of the second contact attempt.

If the State remains unable to contact the reference, the Bidder's proposal may be considered non-responsive and may be the basis for rejecting the Bidder's proposal for failure to provide a verifiable reference.

6.4.5. BIDDER AND STAFF REFERENCE CHECKS

If needed to verify either the Bidder or key staff's qualifications, the State will make two (2) attempts via phone or email to the reference contact identified on the Bidder or Staff Reference Form, to validate the claimed information and experience. The Bidder should ensure that its reference contacts are available for validation during the evaluation period identified in [SECTION 2.3. KEY ACTION DATES](#)

If the State has not received a response from the reference contact after the first attempt, a second attempt will be made. If no response is received after the second attempt, the State will contact the Bidder and request that the Bidder assist the State by having the reference respond to the State within a 48-hour period from the second attempted contact. If the evaluators are still unable to contact the reference, the Bidder's proposal may be deemed non-responsive for failure to provide verifiable references, and the Bidder may be disqualified.

6.5. SOLUTION REQUIREMENTS EVALUATION

All [SECTION 3.4. SOLUTION REQUIREMENTS](#) labeled with (M), (MS), and (MO) are mandatory, whereas Solution Requirements labeled with (DS) are optional. Bidders are not required to respond to optional requirements. Review of the proposals will begin with ensuring that the Bidder has responded to all mandatory Solution Requirements.

Solution Requirements will be evaluated as a Pass/Fail and, if applicable, points will be awarded. If a proposal fails to meet any mandatory requirement specified in [SECTION 3.4. SOLUTION REQUIREMENTS](#), it may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

6.5.1. FUNCTIONAL AND NON-FUNCTIONAL EVALUATION

The functional and non-functional requirements identified in [EXHIBIT B: FUNCTIONAL AND NON-FUNCTIONAL REQUIREMENTS](#) consist of Mandatory (M), Mandatory Optional (MO), and Desirable

Scored (DS) requirements. The Bidder must provide complete responses to each (M), (MO), and (DS) requirement.

The State will evaluate each functional and non-functional requirement, including any reference materials to which the State is specifically directed for additional information to determine whether the response fully addresses the requirements in accordance with the following criteria: The Bidder must indicate the solution's ability to meet the requirement by selecting "Yes" or "No" in the column titled "Will Solution Meet Requirement?"

Failure to indicate how the solution will meet the requirement (Column F in Functional tab and Column H in Non-Functional tab) may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

The Bidder must not modify the format, add columns or include explanatory text to its response or otherwise change the format or content of [EXHIBIT B: FUNCTIONAL AND NON-FUNCTIONAL REQUIREMENTS](#).

The following provides a description of each column and the instructions for completing [EXHIBIT B: FUNCTIONAL AND NON-FUNCTIONAL REQUIREMENTS](#).

I - Priority - Indicates the Priority Classification for the requirement (Mandatory/Mandatory Optional/Desirable)

J - Maximum Points - Indicates the evaluation of the requirement as pass/fail or maximum points

6.5.2. DELIVERABLES AND MILESTONES EVALUATION

The State will evaluate the [EXHIBIT C: DELIVERABLES AND MILESTONES TABLE](#), which lists deliverables. A "Yes" response in the "Yes/No" column indicates the Bidder agrees to produce and meet each deliverable and milestone identified therein. The Evaluation Team will evaluate the Bidder's

responses to confirm compliance.

A “No” response to any of the Mandatory or Mandatory Optional items may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

The Bidder must not modify the format, add columns, or include explanatory text to its response or otherwise change the content of [EXHIBIT C: DELIVERABLES AND MILESTONES TABLE](#).

6.5.3. NARRATIVE RESPONSE EVALUATION

Using the information contained in the completed [ATTACHMENT 16: NARRATIVE RESPONSE](#), the State will evaluate each narrative response in accordance with the following criteria:

1. Mandatory Scorable (MS) requirements:

The Bidder must provide a complete response to each (MS) requirement. The evaluation team will evaluate the Bidder's response to determine whether the response fully addresses the (MS) requirements and will determine points awarded utilizing the scoring criteria as shown in Table 6.5.3-2: Narrative Scoring Criteria.

Bidders can receive up to 2,200.00 points for the Mandatory Scorable (MS) Narrative Response Requirements, broken out as follows.

Table 6.5.3-1: Narrative Response Points

Narrative Response Number	Title/Category	Maximum Points
1	Understanding of the Project and Regulatory Context	300.00
2	Technical Approach and System Architecture	400.00
3	User Experience and Stakeholder Engagement	400.00
4	Data Management and Integration	300.00
5	Project Management and Implementation Strategy	300.00

6	Risk Identification and Mitigation	300.00
7	Innovation and Long Term Sustainability	200.00
TOTAL POINTS		2,200.00

Points will be awarded for the narrative responses as detailed in Table 6.5.3-2: Narrative Scoring Criteria. Points will be awarded based on percentages of the total possible points for each Narrative Requirement.

Table 6.5.3-2: Narrative Scoring Criteria

SCORING CRITERIA	RATING	PERCENTAGE OF POINTS POSSIBLE
• Responsive to all of the areas listed in the requirement; • Demonstrates a thorough understanding by providing such detail that the State is confident that Bidder understands and has the ability to meet the criteria listed; • Provides a detailed description of how Bidder will meet critical aspects of the requirement; • Demonstrates major strengths and few, if any, minor weaknesses.	Excellent	100%

• Responsive to all of the areas listed in the requirement; • Demonstrates a strong understanding of the requirement, although some areas may lack full details or clarity; • Provides a generally clear description of how Bidder will meet the critical aspects of the requirement; • Demonstrates strengths that outweigh weaknesses, with no significant concerns.	Good	75%
• Responsive to all of the areas listed in the requirement; • Demonstrates an acceptable understanding of the requirement, though minor ambiguities exist; • Provides sufficient description of how Bidder will meet critical aspects of the requirement; • Response strengths outweigh weaknesses.	Acceptable	50%
• Responsive to a majority of the areas listed in the requirement; • Demonstrates a minimal understanding of the requirement and includes ambiguities or inaccuracies; OR • Provides insufficient detail of how Bidder will meet the requirement; OR • Response weaknesses outweigh strengths.	Inadequate	25%
• Response lacks an understanding of the requirement; OR • No response provided.	Deficient	0%

Any Narrative response receiving zero (0) points will not result in the proposal being deemed non-responsive.

6.6. CALCULATE BIDDER PROPOSAL NON-COST SCORE

The Bidder's non-cost score is the sum of the following:

1. [ATTACHMENT 13: BIDDER QUALIFICATIONS FORM](#) (maximum 50 points)
2. [ATTACHMENT 14: BIDDER REFERENCE FORM](#) (maximum 30 points)
3. [ATTACHMENT 15.1: PROJECT MANAGER — QUALIFICATIONS FORM](#) (maximum 50 points)
4. [ATTACHMENT 15.2: BUSINESS ANALYST — QUALIFICATIONS FORM](#) (maximum 50 points)
5. [ATTACHMENT 15.3: SOLUTIONS ARCHITECT — QUALIFICATIONS FORM](#) (maximum 75 points)
6. [ATTACHMENT 15.4: LEAD DEVELOPER — QUALIFICATIONS FORM](#) (maximum 75 points)
7. [ATTACHMENT 15.5: TESTING/QUALITY ASSURANCE LEAD – QUALIFICATIONS FORM](#) (maximum 30 points)
8. [ATTACHMENT 15.6: PROJECT MANAGER — REFERENCE FORM](#) (maximum 30 points)
9. [ATTACHMENT 15.7: BUSINESS ANALYST — REFERENCE FORM](#) (maximum 30 points)
10. [ATTACHMENT 15.8: SOLUTION ARCHITECT — REFERENCE FORM](#) (maximum 30 points)
11. [ATTACHMENT 15.9: LEAD DEVELOPER/TECHNICAL LEAD - REFERENCE FORM](#) (maximum 33 points)

13. [EXHIBIT B: FUNCTIONAL AND NON-FUNCTIONAL REQUIREMENTS](#) (maximum 60 points)
14. [ATTACHMENT 16: NARRATIVE RESPONSE](#) (maximum 2,200 points)

The table below is an illustration of this process.

Table 6.6-1: Bidder Proposal Non-Cost Score Calculation

Hypothetical Bidder	Hypothetical Bidder Qualification and Reference Requirement Score (80 Points maximum)	Hypothetical Staff Qualifications and Reference Requirement Score (433 points maximum)	Hypothetical Bidder Solution Requirements Score (2,260 Points maximum)	Hypothetical Bidder Proposal Non Cost Score Summation (2,773 Points maximum)

A	5.00	195.00	2,000	2,200.00
B	50.00	250.00	2,100	2,400.00
C	80.00	400.00	2,200	2,680.00

NOTE: Point values in the example explain the calculations and have no other significance.

6.7. COST EVALUATION

After [SECTION 3. PROPOSAL REQUIREMENTS](#) have been evaluated, the evaluation team will evaluate the cost workbook (Bidder's response to Volume 2) for those Bidders whose proposals have been deemed responsive. If a Bidder is determined non-responsive, its cost workbook will remain unopened.

If a Bidder's cost workbook fails to meet the password protection requirement, the State may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

The Total Cost points are weighted at forty percent (40%) of the maximum available points for this solicitation. All proposed costs for all line items must be all-inclusive, thereby including the cost of any and all associated services and deliverables required in this solicitation to implement and maintain the full solution through the term of the Agreement.

The intent is to structure the pricing format to facilitate a straightforward comparison among all Cost submissions and foster competition to obtain the best market pricing. Consequently, California Air Resources Board requires that each Bidder's cost information be in the format identified in [EXHIBIT D: COST WORKBOOK](#). Bidders are advised that failure to comply with the instructions listed, such as submission of incomplete proposals or use of alternative pricing structures or different formats than the one requested, may result in the rejection of Bidder's proposal.

Any elements not specifically priced or identified in the Bidder's Cost Workbook, or those that are identified after Contract Award as necessary to meet the requirements of this solicitation, will be at no additional cost to the State.

NOTE: It is imperative that no cost information be included anywhere outside of [EXHIBIT D: COST WORKBOOK](#) may be considered non-responsive and may be the basis for rejecting the Bidder's proposal.

6.7.1. COST SCORE CALCULATION

All cost worksheets will be validated to verify completeness and mathematical accuracy. If appropriate, errors will be corrected in accordance with [SECTION 6.2.2. ERRORS IN THE FINAL PROPOSAL](#) . After costs have been verified for accuracy, the Bidder with the lowest proposed Total Cost will receive the maximum score of 1,849 points. All other Bidders will receive a proportionally lower score using the ratio of the lowest proposed Total Cost to the Bidder's proposed Total Cost applied to the maximum of 1,849 points, as shown in Table 6.7.1-1 below:

Table 6.7.1-1: Bidder Total Cost Score Formula

(Lowest proposed Total Cost)	X 1,849 points = Bidder Total Cost score
(Bidder's proposed Total Cost)	

The total evaluated cost score calculation in Table 6.7.1-2, Example of Bidder Total Cost Score Calculation illustrates that Bidder C proposed the lowest Total Cost and received the maximum points possible.

Table 6.7.1-2: Bidder Total Cost Score Calculation

BIDDER	BIDDER'S TOTAL COST	CALCULATION				BIDDER'S TOTAL COST SCORE
A	\$500,000	(\$300,000 / \$500,000)	X	1,849 points	=	1,109.40 points
B	\$400,000	(\$300,000 / \$400,000)	X	1,849 points	=	1,386.75 points
C	\$300,000	(\$300,000 / \$300,000)	X	1,849 points	=	1,849 points

NOTE: Point values in this example explain the calculations and have no other significance.

6.8. SOCIOECONOMIC PROGRAMS EVALUATION

Bidders who claim preference points will be evaluated to determine whether they submitted the required forms, documents, exhibits, and/or the responses necessary to validate their qualification and eligibility for

the claimed preference(s). If the State determines that the submitted information is insufficient or that the required documents do not otherwise validate the eligibility for points in any of the claimed programs, then the points for that program will not be added to the Bidder's final overall proposal score. If the State is able to validate the Bidder's claim, the qualified preference points will be applied to the Bidder's final overall proposal score as illustrated in [SECTION 6.9. BIDDER FINAL SCORE CALCULATION](#) in Table 6.9-1 Bidder Final Score Calculation provided that the Bidder's proposal is not otherwise determined to be non-responsive to any mandatory requirements.

6.8.1. DVBE INCENTIVE EVALUATION

In accordance with §999.5(a) of the Military and Veterans Code, for evaluation purposes only, the State shall provide an incentive to Bidders who provide California-certified DVBE participation that exceeds the mandatory California-certified DVBE participation goal in the amounts shown in Table 6.8.1-1 DVBE Participation Incentive Formula.

The State will verify DVBE and apply the incentive accordingly. The DVBE Incentive points are a percentage of the total possible points. The maximum incentive for this procurement is five percent (5%) of the total points available, and is based on the amount of DVBE participation confirmed. Table 6.8.1-1 below is an illustration of this calculation:

Table 6.8.1-1: DVBE Participation Incentive Formula

CONFIRMED DVBE PARTICIPATION	DVBE INCENTIVE PERCENTAGE	DVBE INCENTIVE POINTS
≥ 5%	5%	231.10 (4,622 x .05)
4% - 4.99%	4%	184.88 (4,622 x .04)
3.1% - 3.99%	3%	138.66 (4,622 x .03)
<3%	0%	0.00

6.8.2. SMALL BUSINESS PREFERENCE EVALUATION

The State will verify Small Business/Non-Small Business preference claim and apply the five percent (5%) preference accordingly. Refer to [SECTION 3.2.15.4. SMALL BUSINESS PREFERENCE \(O\)](#) and [SECTION 3.2.15.5. NON-SMALL BUSINESS SUBCONTRACTOR PREFERENCE \(O\)](#) for more information.

In accordance with Government Code §14835 et seq., Bidders who qualify as a small business will be given a five percent (5%) preference for evaluation purposes only. The five percent (5%) preference is calculated on the total number of points awarded to the highest scoring non-small business that is responsive to the proposal requirements. The rules and regulations of this law, including the definition of a small business for the delivery of goods and services, are contained in the California Code of Regulations, Title 2, § 1896 et seq.

This five percent (5%) small business preference is also available to a non-small business claiming 25% California certified small business subcontractor participation. The five percent (5%) preference is calculated on the total number of points awarded to the highest scoring non-small business that is responsive to the proposal requirements and that is not subcontracting a minimum of 25% to a small business. Non-small business Bidders claiming the five percent (5%) small business preference must commit to subcontract at least 25% of the net proposal price with one (1) or more California certified small businesses.

Completed certification applications and required support documents must be submitted to the Department of General Services Office of Small Business and DVBE Services (OSDS) no later than 5:00 p.m. on the proposal due date, and the OSDS must be able to approve the application as submitted. Questions regarding certification should be directed to the OSDS at (916) 375-4940.

For an illustration of this process, refer to the example in Table 6.8.2-1, Small Business Preference Points Calculation. Points in this example explain the calculations and have no other significance.

The preference points for Bidders A and B are based on five percent (5%) of the Bidder proposal score of Bidder C, the highest scorer of a non-small business, which is $(4529 \text{ points}) \times (.05) = 226.45$ points. Bidder C, which is neither a small business nor a non-small business subcontracting a minimum of 25 percent (25%) to a small business, receives no small business preference points.

Table 6.8.2-1: Small Business Preference Points Calculation

BIDDER	BIDDER TOTAL PROPOSAL SCORE	SMALL BUSINESS PREFERENCE CLAIM?	NON-SMALL BUSINESS PREFERENCE CLAIM?	SMALL BUSINESS PREFERENCE POINTS AWARDED

B	3786.75 points	No	Yes	226.45 points
C	4529 points	No	No	0.00 points

NOTE: Calculation is based on 5% of the Bidder with the highest “Bidder proposal score” that is a non-small business. In the example Table 6.8.2-1, Bidder C has the highest non-small business score.

6.8.3. TACPA PREFERENCE EVALUATION

The State will give preferences in accordance with the Government Code § 4530-4535.3, for Bidders that are California home based and qualify for claimed preferences under the Target Area Contract Preference Act (TACPA) by completing and returning the appropriate forms described in the solicitation. Where multiple preferences are claimed, the State will verify eligibility for the preferences and evaluate and apply preferences in accordance with the law.

Available evaluation preferences under TACPA are limited to nine percent (9%), five percent (5%) workplace of the lowest total proposal price or fifty thousand dollars (\$50,000.00), whichever is less. In addition, one percent (1%) up to four percent (4%) workforce of the lowest total proposal price or fifty thousand dollars (\$50,000.00), whichever is less. The TACPA preference is a dollar preference, applied against the Bidder’s proposed cost, before cost is evaluated and converted to points.

The maximum combined preferences and incentives resulting from a workplace preference, workforce preference, and other preferences or incentives provided under any other provision of law shall be 15% but may not in any case exceed \$100,000.00 in total.

The State will verify and apply TACPA preference accordingly. The TACPA preference does not apply when the worksite is fixed by the terms of the Contract.

6.9. BIDDER FINAL SCORE CALCULATION

The evaluation team will calculate the Bidder's final score. Table 6.9-1, Bidder Final Score Calculation, illustrates the Bidder's final score that incorporates both preference and incentive points:

Table 6.9-1: Bidder Final Score Calculation

BIDDER	BIDDER TOTAL PROPOSAL SCORE	SMALL BUSINESS PREFERENCE POINTS AWARDED	VERIFIED DVBE %	DVBE INCENTIVE POINTS AWARDED	BIDDER FINAL SCORE

C	4529 points	0.00 points	5%	231.10 points	4760.10 points

NOTE: Bidder's final score calculation in Table 6.9-1 is an example that explains the calculations and has no other significance.

6.10. PROPOSAL RANK DETERMINATION

The State will determine which Bidder has the highest combined score for the bid requirements and cost, up to the maximum points, plus any preference and/or incentive points. The State will rank all qualified proposals by the Bidder's final score. Table 6.10-1 demonstrates how the final ranking determination is made:

enhance the Bidder's proposal and potential for award. Negotiations are not intended to allow a Bidder to completely rewrite its proposal. The negotiations are exchanges between the State and the Bidder, which are undertaken with the intent of allowing the Bidder to revise its proposal only in areas determined by the State during the negotiation process. Negotiations will be conducted either orally or in writing.

The State may discuss any aspect of the Bidder's proposal that could, in the opinion of the State, be altered or explained to enhance the proposal's potential for award. However, the State is not required to discuss every area where the Bidder's proposal could be improved. The scope and extent of negotiation exchanges are the matter of the State's judgment. The State reserves the right to modify or cancel this Solicitation in its entirety or in part at any time.

At the State's discretion, the State will determine the topics for negotiation and reserves the right to revise the scoring criteria for Best and Final Offer evaluation to obtain a value effective solution.

At the discretion of the State, up to the top three (3) highest scoring, responsive Bidders will be determined eligible to participate in the negotiation process.

NOTE: In the event no responsive bids are received, the State at its discretion may proceed to negotiations with all Bidders that submitted a bid.

The negotiations may or may not result in a Contract award. At the State's discretion, the State will determine the topics for negotiation and reserves the right to revise the scoring criteria for Best and Final Offer evaluation to obtain a value effective solution.

7.2. NEGOTIATION INVITATION

The State will include a date and time for submission of the BAFO. A Bidder's BAFO is an irrevocable offer for one hundred and twenty {120} calendar days following the Contract Award date specified in [SECTION 2.3. KEY ACTION DATES](#). A Bidder may extend the offer in the event of a delay in the Contract Award.
