- A. In accordance with the provisions of Labor Code Sections 1770 - 1776, the bidder and their proposed subcontractor(s) shall adhere to the payment of prevailing wages as determined by the California Department of Industrial Relations (DIR) if the bidder's total bid amount exceeds \$1,000.00. The prevailing wage rate determinations can be downloaded from the DIR's internet website at: <http://www.dir.ca.gov>. Additional questions regarding prevailing wage determinations shall be referred to the DIR's Division of Labor Statistics and Research, Prevailing Wage Unit, at: <http://www.dir.ca.gov>.

The bidder shall email alternative manufacturer/brand requests to the contact person identified on the cover page of this IFB no later than the date and time specified in the Schedule of Events for submitting written questions regarding this IFB. The DMV's consideration of any alternative manufacturer/brand shall not be deemed as advance acceptance by the DMV. A non-responsive bid is one that does not meet the basic bid requirements.
- D. Bidders are responsible for ensuring the accessibility and legibility of the submitted documents. Bids that are not accessible or legible may be rejected.
- E. All documents requiring a signature must bear an original signature of a person authorized to bind the bidding firm.
- F. Bids must be submitted for the performance of all the services described herein. Any deviation from the work specifications shall not be considered and shall cause a bid to be rejected.
- G. Costs for developing bids in anticipation of award of the contract are entirely the responsibility of the bidder and shall not be charged to the DMV.
- H. An individual who is authorized to bind the bidding firm contractually shall sign the Bid/Bidder Certification Sheet (Attachment 1). The signature must indicate the title or position that the individual holds in the firm. An unsigned bid may be rejected.

- L. Bidders are cautioned to not rely on the DMV during the evaluation to discover and report to the bidder any defects and errors in the submitted documents. Bidders, before submitting their documents, should carefully proof them for errors and adherence to the IFB requirements.
- M. Where applicable, bidders should carefully examine work sites and specifications. Bidders shall investigate conditions, character, and quality of surface or subsurface materials or obstacles that might be encountered. No additions or increases to the contract amount shall be made due to a lack of careful examination of work sites and specifications.
- N. All documents submitted in response to this solicitation will become the property of the State of California and may be subject to the California Public Records Act (Government Code section 6250 et seq.). This includes any contact information within the documents, including that of references. Additionally, to the extent that a bidder believes its bid contains trade secret or proprietary information intended to be confidential, it is the bidder's responsibility to identify and redact such information. A separate redacted copy of the bid must be submitted along with the original unredacted bid, and it will be the bidder's responsibility to defend any redactions should a requester dispute them under the Public Records Act. In the absence of a pre-redacted bid, the DMV will treat the entire bid as a public record, except any information the DMV is required to redact under California law.

9. Bid Opening

- A. If you plan to attend the public bid opening, you must email the contact person indicated on the cover page of this IFB no less than 24 hours prior to the bid opening date and time. The contact person will email the bid opening information, held virtually through Microsoft Teams.

10. Disposition of Bids

- A. All documents submitted in response to this IFB shall become the property of the State of California, and shall be regarded as public records under the California Public Records Act (Government Code Section 6250 et seq.). However, the contents of all proposals, draft bids, correspondence, agenda, memoranda, working papers, or any other medium which discloses any aspect of a bidder's bid, shall be held in the strictest confidence until notice of award is released. The content of all working papers and discussions relating to a bid shall be held in confidence indefinitely, unless the public's interest is best served by an item's disclosure because of its direct pertinence to a decision, agreement, or evaluation of a bid.

11. Evaluation and Selection

- A. Each bid shall be checked for the presence or absence of required information in conformance with the submission requirements of this IFB.
- B. The DMV shall put each bid through a process of evaluation to determine its responsiveness to the DMV's needs.
- C. A bidder may be deemed not responsible and their bid may be rejected if they have previously been terminated for cause/breach for the same or similar services at the location designated in this IFB.
- D. All bids may be rejected whenever the DMV determines that the cost is not reasonable or otherwise in the best interest of the DMV. There is no requirement to award a contract if, in the opinion of the DMV, no bids were received containing a reasonable contract price or if there is another business-based reason not to make an award.
- E. Following the time of the bid opening, and prior to award of the contract, the DMV reserves the right to request that any bidder submit substantiation data to verify that the materials, products, items, and equipment to be incorporated into the work by the bidder shall equal or exceed the class or quality of the materials, products, items, and equipment that are designated within Exhibit A. When requested by the DMV, a bidder shall provide the DMV with all requested substantiation data within two (2) calendar days following DMV's request. The DMV reserves the right to reject any bidder proposed materials, products, items, and equipment that the DMV has determined does not equal or exceed the class or quality of the materials, products, items, and equipment that are designated in Exhibit A.
- F. Bids that contain false or misleading statements, or which provide references that do not support an attribute or condition claimed by the bidder, may be rejected. If, in the opinion of the DMV, such information was intended to mislead the DMV in its evaluation of the bid, and the attribute, condition, or capability is a requirement of this IFB, it shall be the basis for rejection of the bid.
- G. A bid may be rejected if it is conditional or incomplete. The DMV may reject any or all bids and may waive any immaterial deviation in a bid. The DMV's waiver of immaterial defect shall in no way modify the IFB document or excuse the bidder from full compliance with all requirements if awarded the contract.

- H. A bid may be rejected if it contains any alterations of form or other irregularities of any kind. The DMV does not accept alternate contract language from prospective contractors. Bids with such language shall be considered a counter proposal and shall be rejected. The State's General Terms and Conditions (GTC) are not negotiable. The GTC may be viewed on the internet at: <http://www.dgs.ca.gov>.
- I. The final selection shall be made on the basis of the lowest responsible responsive bid. In the event there is tie, each of the tied bidders shall be contacted by the contact person indicated on the cover page of this IFB regarding a date and time for a flip of a coin. The bidder whose bid was received first shall make the call. Bidders or their authorized representative(s) are allowed to be present for the flip of the coin.

- B. Services shall be available on the expressed date set by the DMV and the awarded contractor after all approvals have been obtained and the contract is fully executed.
- C. All performance under the contract shall be completed on or before the termination date of the contract.

- A. Prior to approval of the contract, unless otherwise specified below, the awarded contractor shall provide the DMV with all of the following required documents within **ten (10)** calendar days after the contract has been forwarded to the awarded contractor for signature. If the awarded contractor fails to provide the DMV with all of the following required documents within the above specified number of calendar days after the contract has been forwarded to the awarded contractor for signature, the DMV may deem the awarded contractor as non-responsive and may rescind the contract award:

(1). Contractor Certification Clauses

- a. The awarded contractor shall sign and submit to the DMV, page one (1) of the Contractor Certification Clauses (CCC) which can be found on the Internet at: <http://www.dgs.ca.gov>.

The awarded contractor shall maintain statutory workers compensation and employer's liability coverage for all of its employees who will be engaged in the performance of the contract. If the awarded contractor does not employ any person, in any manner, so as to not become subject to the Workers' Compensation laws of California, the awarded contractor shall contact the DMV Contract Administrator to request a Workers' Compensation Exemption Certification form. This form shall be completed by the awarded contractor and submitted to the DMV prior to approval of the contract.
- B. The awarded contractor's workers compensation insurance policy shall be endorsed with a waiver of subrogation in favor of the State of California in the event the awarded contractor employs any person, in any manner, that is subject to the Workers Compensation Laws of California.

(3). Payment Bond

2. Whenever the contractor or any subcontractor subcontracts a portion of the work, it shall physically include in each subcontract of \$5,000 or more the nondiscrimination clause in this contract directly or through incorporation by reference. Any subcontract for work involving a construction trade shall also include the Standard California Construction Contract Specifications, either directly or through incorporation by reference.
3. The Contractor shall implement the specific nondiscrimination standards provided in paragraphs 6(a) through (e) of these specifications.
4. Neither the provisions of any collective bargaining agreement nor the failure by a union with whom the Contractor has a collective bargaining agreement to refer either minorities or women, shall excuse the contractor's obligations under these specifications, Government Code, Section 12990, or the regulations promulgated pursuant thereto.
5. In order for the nonworking training hours of apprentices and trainees to be counted, such apprentices and trainees must be employed by the contractor during the training period, and the contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor or the California Department of Industrial Relations.

The evaluation of the contractor's compliance with these specifications shall be based upon its effort to achieve maximum results from its actions. The contractor must be able to demonstrate fully its efforts under Steps a. through e. below:
 - a. Ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites, and at all facilities at which the contractor's employees are assigned to work. The contractor, where possible, will assign two or more women to each construction project. The contractor shall specifically ensure that all foremen, superintendents, and other on-site supervisory personnel are aware of and carry out the contractor's obligations to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.
 - b. Provide written notifications within seven days to the director of DFEH when the union or unions with which the Contractor has a collective bargaining agreement has not referred to the Contractor a minority person or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.
 - c. Ensure all personnel making management and employment decisions regarding hiring, assignment, layoff, termination, conditions of work, training, rates of pay or other employment decisions, including all supervisory personnel, superintendents, general leadpersons, on-site leadpersons, etc., are aware of the Contractor's equal employment opportunity policy and obligations and discharge their responsibilities accordingly.
 - e. Ensure that seniority practices, job classifications, work assignments, and other personnel practices, do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the equal employment opportunity policy and the Contractor's obligations under these specifications are being carried out.
7. Contractors are encouraged to participate in voluntary associations which assist in fulfilling their equal employment opportunity obligations. The efforts of a contractor association, joint contractor-union, contractor-community, or other similar group of which the Contractor is a member and participant, may be asserted as fulfilling any one or more of its obligations under these specifications provided that the Contractor actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the program are reflected in the Contractor's minority and female workforce participation, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of the Contractor. The obligation to comply, however, is the Contractor's.

Consequently, the Contractor may be in violation of the Fair Employment and Housing Act (Gov. Code, Section 12990 et seq.) if a particular group is employed in a substantially disparate manner.
9. Establishment and implementation of a bona fide affirmative action plan pursuant to Section 8104(b) of this Chapter shall create a rebuttable presumption that a contractor is in compliance with the requirements of Section 12990 of the Government Code and its implementing regulations.
10. The Contractor shall not use the nondiscrimination standards to discriminate against any person because of race, color, religious creed, sex, national origin, ancestry, disability (including HIV and AIDS), medical condition (cancer), age, marital status, or denial of family and medical care leave and denial of pregnancy disability leave.
11. The Contractor shall not enter into any subcontract with any person or firm decertified from state contracts pursuant to Government Code Section 12990.
12. Any Contractor who fails to carry out such sanctions and penalties shall be in violation of these specifications and Government Code Section 12990.

Payees who do not wish to complete the STD 204 may elect not to do business with the state. If the payee does not complete the STD 204 and the required payee data is not otherwise provided, payment may be reduced for federal and state backup withholding. Amounts reported on Information Returns (Form 1099) are in accordance with the Internal Revenue Code (IRC) and the California Revenue and Taxation Code (R&TC).

If further verification is necessary, the DMV will obtain additional information to verify the above requirements.
