

CONTRACT # C26925007
ADDENDUM NUMBER 2
August 24, 2026
PAGE 1 OF 2

PROJECT: C26925007 "San Onofre Sewer Tank & Sand Trap Vault Pumping" in Orange County, California

THIS ADDENDUM 1 IS TO:

1. QUESTIONS AND ANSWERS

Question #1: Can the State provide the bid results and awarded pricing from the previous San Onofre Sewer Tank & Sand Trap Vault Pumping contract, including the name of the awarded contractor?

Answer #1: Yes this can be provided on request.

Question #2: Can the State provide the capacity (gallons) of each sewer holding tank and each shower sand trap vault identified in the specifications? The specifications identify twenty-eight (28) sewer holding tanks and sixteen (16) shower sand trap vaults but do not provide capacities.

Answer #2: Capacities are not relevant, the State's representative will identify how many gallons and what vaults need to be pumped out, however Bluffs 16 Restrooms are 1500 gallons, the two dump stations are 2500 gallons, the camp host site is a 1000 gallons, round house office is 500 gallons, Life Guard tower is 1500 gallons and Surf Beach vaults are 2500 gallons. The sand traps are approximately 600 gallons, these traps are the only ones that need to be completely pumped due to the contract scope.

Question #3: Will the State provide an onsite laydown/staging area for a roll-off bin or similar container to collect and temporarily store sand removed from the shower sand trap vaults during servicing?

Answer #3: All material will need to be removed off site, no lay down area.

Question #4: Is this contract subject to California prevailing wage requirements?

Answer #4: Because this is strictly a service contract Prevailing Requirements do not apply.

Question #5: Is this contract subject to California apprenticeship requirements?

Answer #5: Apprenticeship requirements do not apply.

Question #6: Is this contract subject to Skilled and Trained Workforce (STW) requirements?

Answer #6: Skilled and Trained Workforce requirements do not apply.

PAGE 2 OF 2

Question #7: Please confirm whether this solicitation is being procured as a service contract or a public works contract?

Answer #7: Service Contract.

Question #8: The specifications require a San Diego County Sanitation Waste Haulers Permit. If the subcontractor performing the pumping, transportation, and disposal holds the required permit, would that satisfy the solicitation requirement, or must the prime contractor also independently hold this permit?

Answer #8: The prime contractor does not need its own San Diego County Sanitation Waste Haulers Permit if the subcontractor performing the regulated pumping, transportation, and disposal holds the required current permit.

Question #9: For the required automobile and pollution liability coverage associated with the pumping and hauling operations, may the subcontractor performing those services maintain the applicable operational coverage, or is the prime contractor required to carry all listed insurance coverages directly?

Answer #9: The Prime Contractor must meet the State's insurance requirements as outlined in the Solicitation.

ALL OTHER REQUIREMENTS, TERMS, AND CONDITIONS SHALL REMAIN THE SAME.
THERE ARE NO OTHER CHANGES AT THIS TIME.
