ADDENDUM NO. #2**REQUEST FOR QUALIFICATIONS (RFQ) NOTICE NUMBER #05A3042**

Independent Cost Estimator (ICE) and Construction Scheduler in support of CMGC
Project Development and Construction Services

The purpose of this Addendum is to provide responses to proposer questions.

Question 1:

Consultant Contract Manager (Section D.11, Personnel Requirements Section I.1): The RFQ requires 5 years of experience specifically as a Contract Manager on similar Roadway Construction Services contracts, and states that Project Manager, Design Manager, and Lead Designer experience will not qualify. Could you clarify whether this 5-year Contract Manager experience must have been gained on Caltrans contracts specifically, or whether comparable Contract Manager experience on other state DOT or federal roadway/highway construction services contracts would also be counted?

Department Response:

Specific Contract Management experience must have been gained on Caltrans contracts only.

Question 2:

Consultant Task Order Manager and Responsible Person (Personnel Requirements Section I.2-3): The RFQ accepts either an "A – General Engineering Contractor" license, a Registered Professional Engineer license, or (for the Responsible Person role) a licensed contractor. For a candidate holding an active Professional Engineer license from a state other than California, would that license satisfy this requirement, or is California-specific PE registration required for this role?"

Department Response:

The Scope of Work requires that the Consultant Contract Manager, shall be a Registered Professional Engineer licensed in the State of California.

All other terms and conditions of the original RFQ Notice dated 08/14/2026 and any addenda are unchanged.

Please contact Adam Matheny at Adam.Matheny@dot.ca.gov for questions concerning this addendum.
