ADDENDUM NO. #3**REQUEST FOR QUALIFICATIONS (RFQ) NOTICE NUMBER #05A3042**

Independent Cost Estimator (ICE) and Construction Scheduler in support of CMGC
Project Development and Construction Services

The purpose of this Addendum is to provide responses to proposer questions.

Question 1:

Please confirm that DIR Public Works Contractor Registration is not required for a consultant performing professional A&E ICE, scheduling and management services described in the Scope of Work.

Department Response:

DIR Public Works Contractor Registration is not required.

Question 2:

Section III.C states that Prime and Subconsultants may propose on other Caltrans on-call contracts. However, Section O states that for projects performed under this Agreement, the Consultant is prohibited from bidding on 'any other services... for the project or projects.' Could you provide a clear definition of 'projects' in this context? Does this prohibition apply only to the specific Antelope Grade project, or to all CMGC projects in District 5 that this contract might be used for?

Department Response:

Section III. Part D Projects mean the specific project(s) identified in the Task Order(s) for on-call contracts or the specific project(s) stated in the Scope of Work for the project-specific contracts. Consultant shall identify the conflict of interest as described in the SOQ Instructions Section VI. CONFLICT OF INTEREST CONCERNING CONSULTANT(S) "Prospective consultants shall disclose any financial, business or other relationship with the State of California, Caltrans, the California Transportation Commission, local government agencies, and/or contractors that may have an impact upon the outcome of the contract."

Question 3:

I am writing in response to event 05a3042. We are interested in submitting a Statement of Qualifications (SOQ) for the scheduler role, but we do not provide cost estimation services. Could you please let us know if we can submit an SOQ solely for the scheduler portion?

Department Response:

Per the Request for Qualifications (RFQ), page 06, Section A. Purpose of Work

“The Consultant shall perform consultation, professional and technical services required for Independent Cost Estimator (ICE) and Scheduler related Project Development and Construction Support Services including, but not limited to, analysis, reports, and work related to Independent Cost Estimate, and Scheduler for the Department of Transportation (Caltrans)...”

The Prime Consultant is responsible for forming a team to provide all required services outlined in the RFQ.

All other terms and conditions of the original RFQ Notice dated 08/14/2026 and any addenda are unchanged.

Please contact Adam Matheny at Adam.Matheny@dot.ca.gov for questions concerning this addendum.
